

HEALTH

The board of education believes that good health is vital to successful learning. In order to help district pupils achieve and maintain good health, the board directs the chief school administrator to develop a program of pupil health services that employs professional personnel and interacts with both parents/guardians and community health agencies. The program shall include but not be limited to:

- A. Engagement of a medical inspector to perform those duties required by law, and to advise the chief school administrator on all matters affecting the health of pupils;
- B. Employment of at least one certified school nurse to assist with physical examinations; conduct biennial scoliosis screening; conduct an audiometric screening; vision screening; maintain pupil health records; observe and recommend to the principal the exclusion of pupils who show evidence of communicable disease; lecture to teachers on communicable diseases and other health concerns; train the emergency administration of epinephrine by school staff who have been designated as delegates; supervise other nursing tasks; provide appropriate response to Do Not Resuscitate (DNR) orders; maintain valid, current Cardiopulmonary Resuscitation (CPR) certification; review and summarize health and medical information for the Child Study Team; write and update annually the accommodation plan under Section 504 for any student who requires one;
- C. Provision of proper and adequate facilities, equipment and supplies for professional health personnel and other staff;
- D. Establishment of a system of pupil health records in compliance with state law;
- E. Development of appropriate curriculum in physical education, health, family life, safety, and use of drugs, alcohol, tobacco and anabolic steroids; recommendations for appropriate equipment and supplies to teach such courses;
- F. Development of rules and procedures to foster good pupil health, and dissemination of these rules and procedures to the staff at the beginning of each school year;
- G. Development of a program to provide safe drinking water and otherwise to maintain the buildings, grounds, facilities and equipment of the district in sanitary condition in accordance with law;
- H. Development and enforcement of an eye protection program as required by statute and administrative code;
- I. A regular report to the board on progress and accomplishments in the field of pupil health;

HEALTH

- J. Health services to staff that support pupil health;
- K. Provision of emergency services for injury and sudden illness;
- L. Provision for required physical examinations including an examination to certify that a pupil returning to school after suffering a contagious/infectious condition or illness is no longer a threat to the health of others;
- M. Development of all regulations and procedures necessary for evaluation of pupils suspected of being under the influence of drugs/alcohol, tobacco or anabolic steroids;
- N. Encouragement of correction of defects through fully informing pupils and parents/guardians concerning the findings of health examinations.
- O. Preparation for the potential disruption of a pandemic flu outbreak, such as avian flu, by filling out a school preparedness checklist available from [www.pandemicflu.gov](http://www.pandemicflu.gov) , with periodic reports to the school board on steps the district has already taken, as well as additional steps that need to be taken, to prepare for a flu pandemic.

The operation of the pupil health program shall be at all times in compliance with the rules and regulations of the state department of education, local board of health and the state department of health and senior services, and state department of human services. The board shall review and adopt the regulations developed to implement the district's health services.

Annual Nursing Plan

The Chief School Administrator (or his/her designee) in conjunction with the school physician and the certified school nurse shall develop an annual Nursing Services Plan that details the provision of nursing services based upon the needs of the students in this school district. The Nursing Services Plan shall be adopted annually at a regular meeting and submitted to the county superintendent of education for review and approval. The Nursing Services Plan shall include:

- A. A description of the basic nursing services provided all students;
- B. A summary of specific medical needs for individual students and the services required to address the needs;
- C. A description of how nursing services will be provided in an emergency;
- D. Detailed nursing assignments for all school buildings;
- E. The nursing services and additional medical services provided to nonpublic schools.

HEALTH

Nonpublic School Pupils

The board shall provide mandated nursing services to nonpublic school pupils as required by law. See policy 5200.
