

## School Supplies Grade K

The list below is a suggested general supply list of Items needed for this grade level.

1. Do not purchase a loose-leaf binder, they use too much room in the desk/cubby.
2. Write names on items, including outer clothing labels-use permanent marker.
3. Do not purchase backpacks on wheels, they take up too much room and will not fit in the cubbies. When left on the floor they create a hazard if we need to evacuate the building.
