

TUITION INCOME

The Board of Education shall determine tuition rates annually according to state regulations for regular classroom instruction and special classroom instruction.

Tuition rates shall be determined and approved annually by the Board and shall represent the cost per pupil in average daily enrollment. Rates will be published to the sender before the beginning of the school year or before the pupil's attendance commences.

The Board Secretary/Business Administrator shall be responsible for the assessment and collection of tuition. Tuition billing will be made in advance of the period for which the billing is made. A pupil who attends more than two weeks in any billing period of one month will be charged for the full period.

Educational services will be terminated for any pupil whose tuition payment is more than ten-days overdue.
