

VACATION

The Board of Education believes that it is beneficial to the district that personnel employed to work twelve months per year be given periodic relief from the responsibilities of their job without loss of compensation.

The Board reserves the right to specify the conditions when not otherwise covered by the terms of the negotiated agreement under which vacation time may be taken.

Twenty (20) working days vacation will be granted to each twelve month professional employee.

Vacations must be taken within the year of the time earned. Payment in lieu of vacation is prohibited. Compensatory time off may be granted for work performed on school holidays.
