

SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the pupils of this district.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on or away from school premises that have been approved by the principal.

Pupils who participate in approved social events and class trips are subject to district rules for pupil conduct; infractions of those rules will be subject to discipline in the same manner as are infractions of rules during the regular school program. Participation in approved social events or class trips is not a right and may be denied to any pupil who has demonstrated disregard for the school rules.

The Superintendent will develop regulations governing the conduct and safety of all participants in social events and class trips and will distribute them to pupil and adult participants.
