

KINDERGARTEN CENTER

Erica Farrell, RN, CSN
Health Office

11/29/2023

Dear Kindergarten Center Families:

****Pink Eye Notice****

There have been a few cases of Pink eye/Conjunctivitis infections throughout the building. Please be sure to keep your child home if they wake up with a red/watery and off white/yellowish/green discharge from their eyes and see the pediatrician as soon as possible for treatment. The quicker the eye infection is treated the sooner they can return to school. Students must be on eye drops for 24 hours before returning to school and the discharge from the eyes has to have subsided. As always please obtain a note from the pediatrician for their medical file.

Please reach out to me with any questions or concerns.

Sincerely,
Erica Farrell, RN,CSN, MS
