**[Music & Movement Program](#) - REGISTRATION NOW OPEN!**

**Our Music & Movement Program is an integrative arts enrichment program serving the special needs community. It is designed to work in strengthening and toning areas for overall stability, posture and in some cases improvement in speech. Students will participate in stretching and movement in a fun upbeat group. We will work to develop motor skills with the use of musical instruments as well as arts and crafts projects. The DDF will provide one-to-one shadows if specific students require such.**

**Program starts early summer, Sunday mornings at either 11am or 12pm.**
