1100 DISTRICT ORGANIZATION

The Board of Education directs the establishment and implementation of an organizational plan for the management and control of school district operations. The plan will require the identification and resolution of problems at appropriate organizational levels. All references to school district administrators in policies or regulations shall be construed to mean that administrator or his/her designee.

All members and employees of this Board are directed to observe faithfully the chain of communications established by the district organizational plan. In general, a problem should be identified and its resolution attempted at the level most immediate to the problem's origin. When a resolution cannot be found at that level, remedy may be sought through appropriate resolution and remediation procedures.

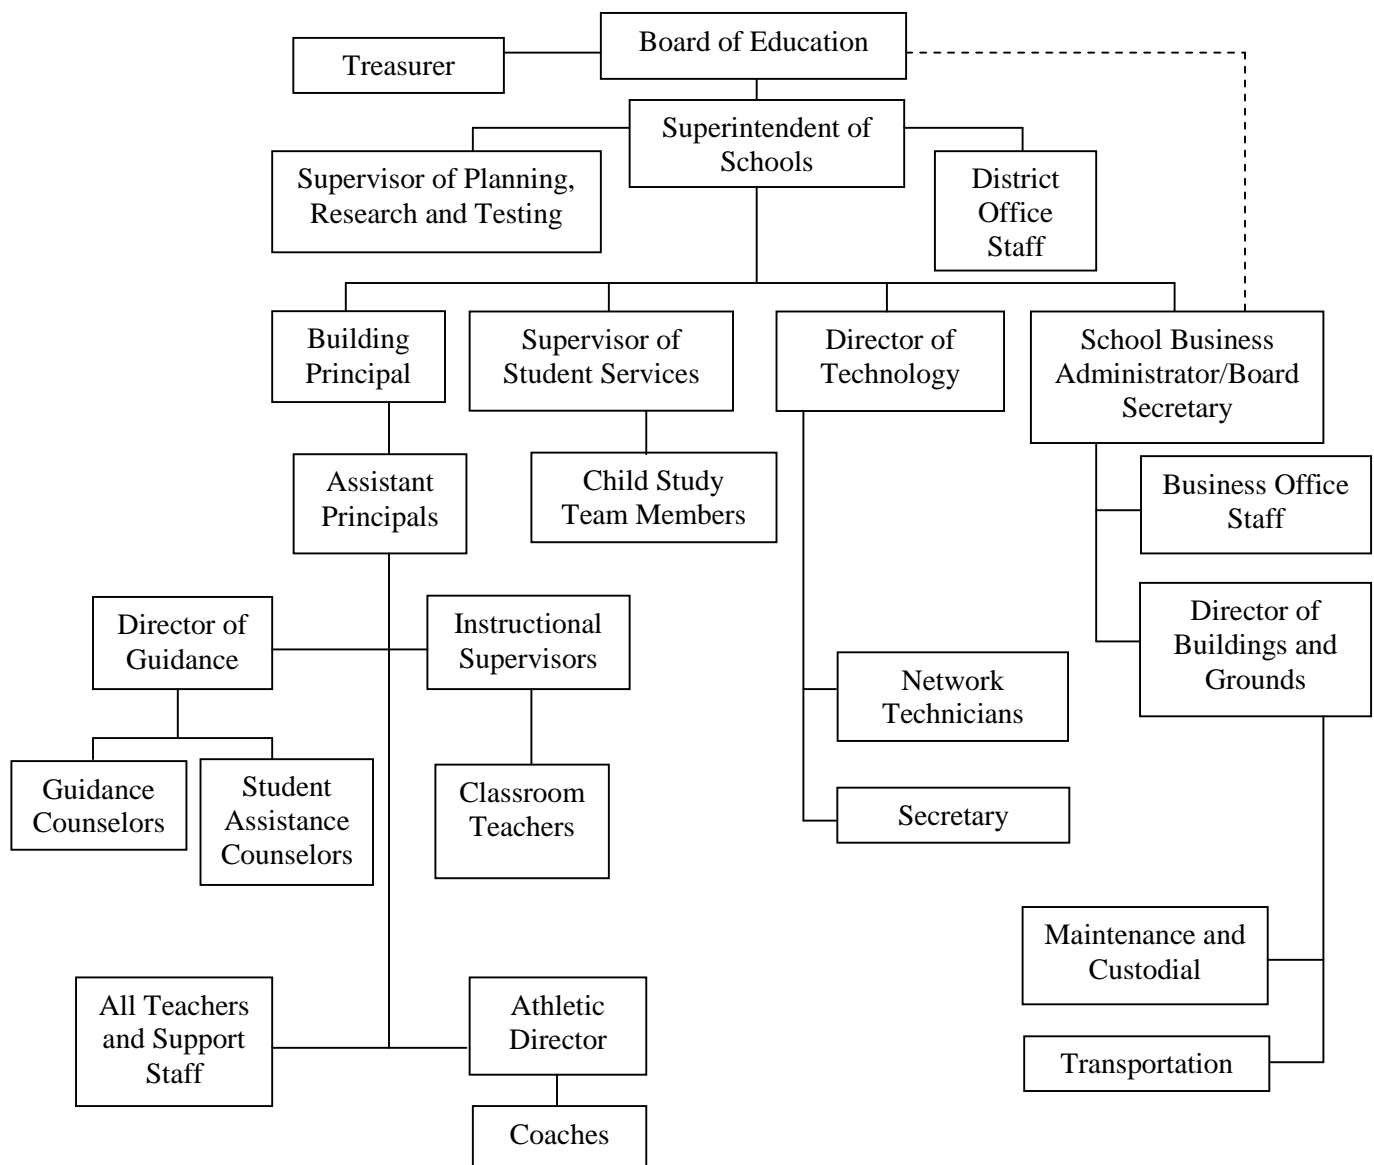

The Board expressly disapproves of any attempt to expedite the resolution of a problem by disregard of the organizational plan and the appropriate processes. A staff member's persistent disregard for the established management organization of this district in violation of this policy will be considered an act of insubordination subject to discipline.

No candidate will be discriminated against on the basis of a disability that is not directly related to the essential function of the position for which he/she has applied.

Reasonable accommodations, not directly affecting the educational and/or instructional program, will be made to accommodate employment conditions to the needs of qualified individuals with disabilities, such accommodations may include, but are not limited to: making existing facilities used by employees readily assessable to and usable by individuals with disabilities, job restructuring, part-time modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

The district, with the assistance of interested persons, who may include individuals with disabilities or members of organizations representing individuals with disabilities, or other interested community members and staff, will evaluate its current services, policies, practices, and the effects thereof with regard to the requirements of the Act and make necessary modifications to meet the Act requirements. If such modifications would result in a fundamental alteration of the nature of the affected program or activity, or undue financial or administrative burden, the district will provide access through means which would not result in a fundamental alteration or undue financial or administrative burden. 28 CFR §35.150(a)

For a period of at least three years following completion of the self-evaluation, the district will maintain on file, available for public inspection, a list of those interested persons consulted, a description of the areas examined and problems identified, and modifications made.

1570 INTERNAL CONTROLS

As a condition of receiving State aid, the school district shall establish specific policies and procedures on internal controls designed to provide management with reasonable assurance that the district's goals and objectives will be met and that meet the requirements of N.J.A.C. 6A:23A-6.5 through N.J.A.C. 6A:23A-6.13. Internal controls shall promote operational efficiency and effectiveness, provide reliable financial information, safeguard assets and records, encourage adherence to prescribed policies, and comply with law and regulation.

The specific internal controls contained in N.J.A.C. 6A:23A-6 shall be established together with other internal controls contained in N.J.A.C. 6A and other law and regulations, required by professional standards and as deemed necessary and appropriate by district management. The district may submit a written request to the Commissioner to approve an alternative system, approach, or process for implementing the internal controls required in N.J.A.C. 6A:23A-6. The application must include documented evidence that includes, but is not limited to, an independent, third-party written assessment that the alternative system, approach or process will achieve the same safeguards, efficiency, and other purposes as the specified internal control requirement(s).

The school district shall evaluate business processes annually and allocate available resources appropriately in an effort to establish a strong control environment pursuant to the requirements of N.J.A.C. 6A:23A-6.5. In accordance with the provisions of N.J.A.C. 6A:23A-6.5(b), the School Business Administrator/Board Secretary shall identify processes that, when performed by the same individuals, are a violation of sound segregation of duties and shall segregate the duties of all such processes among Business office staff based on available district resources, assessed vulnerability, and associated cost-benefit. The district shall include in the Comprehensive Annual Financial Report (CAFR) a detailed organizational chart for the Central office that tie to the district's position control logs, including but not limited to, the business, human resources, and information management functions.

The school district shall establish Standard Operating Procedures (SOPs) for each task or function of the business operations of the district by December 31, 2009. The SOP Manual shall include sections on each routine task or function as outlined in N.J.A.C. 6A:23A-6.6(b) and 6A:23A-6.6(c). A standard operating procedure shall be established that ensures office supplies are ordered in appropriate quantities, maintained in appropriate storage facilities, and monitored to keep track of inventory.

School districts with budgets in excess of \$25,000,000 or with more than three hundred employees shall maintain an Enterprise Resource Planning (ERP) System which integrates all data and processes of the school district into a unified system. The ERP system shall use multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. Districts required to maintain an ERP System that do not have an ERP System in place on July 1, 2008 shall fully implement an ERP System by the 2010-2011 school year and maintain both the existing system(s) and run a beta test ERP System during the 2009-2010 school year. Whenever considering financial systems or the automation of other services or functions, the Superintendent of Schools or School Business Administrator/Board Secretary shall notify the Executive County Superintendent in writing to see if opportunities for a shared service system exist. Access controls shall be established for key elements of financial systems to ensure that a single person does not have the ability to make system edits that would violate segregation of duties controls.

The school district shall maintain an accurate, complete, and up-to-date automated position control roster to track the actual number and category of employees and the detailed information for each. Districts are required to maintain a position control roster by December 31, 2009. The position control roster shall share a common database and be integrated with the district's payroll system, agree to the account codes in the budget software, and ensure that the data within the position control roster system includes, at a minimum, the required information as required in N.J.A.C. 6A:23A-6.8(a)3.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, an “employee” means a person who is employed for at least twelve months by the Board of Education, with respect to whom benefits are sought under N.J.S.A. 34:11C-1 et seq. – “NJ SAFE Act” for not less than 1,000 hours during the immediately preceding twelve-month period.

For the purposes of N.J.S.A. 34:11C-3 and this Policy, each incident of domestic violence or any sexually violent offense shall constitute a separate offense for which an employee is entitled to unpaid leave, provided the employee has not exhausted the allotted twenty days for the twelve-month period. The unpaid leave may be taken intermittently in intervals of no less than one day, as needed for the purpose of engaging in any of the following activities as they relate to the incident of domestic violence or a sexually violent offense:

1. Seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's child, parent, spouse, domestic partner, or civil union partner;
2. Obtaining services from a victim services organization for the employee or the employee's child, parent, spouse, domestic partner, or civil union partner;
3. Obtaining psychological or other counseling for the employee or the employee's child, parent, spouse, domestic partner, or civil union partner;
4. Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's child, parent, spouse, domestic partner, or civil union partner from future domestic or sexual violence or to ensure economic security;

5. Seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's child, parent, spouse, domestic partner, or civil union partner, including preparing for, or participating in, any civil or criminal legal proceeding related to or derived from domestic or sexual violence; or
6. Attending, participating in, or preparing for a criminal or civil court proceeding relating to an incident of domestic or sexual violence of which the employee or the employee's child, parent, spouse, domestic partner, or civil union partner, was a victim.

An eligible employee may elect, or the Board of Education may require the employee, to use any of the accrued paid vacation leave, personal leave, or medical or sick leave (in accordance with the provisions of N.J.S.A. 18A:30-1) during any part of the twenty-day period of unpaid leave provided under N.J.S.A. 34:11C-1 et seq. In such case, any paid leave provided by the Board, and accrued pursuant to established policies of the Board, shall run concurrently with the unpaid leave provided under N.J.S.A. 34:11C-1 et seq. and, accordingly, the employee shall receive pay pursuant to the Board's applicable paid leave policy during the period of otherwise unpaid leave. If an employee requests leave for a reason covered by both N.J.S.A. 34:11C-1 et seq. and the "Family Leave Act," P.L.1989, c.261 (C.34:11B-1 et seq.) or the Federal "Family and Medical Leave Act of 1993," Pub.L.103-3 (29 U.S.C. § 2601 et seq.), the leave shall count simultaneously against the employee's entitlement under each respective law.

Leave granted under N.J.S.A. 34:11C-1 et seq. and this Policy shall not conflict with any rights pursuant to the "Family Leave Act," P.L.1989, c.261 (C.34:11B-1 et seq.), the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.), or the Federal "Family and Medical Leave Act of 1993," Pub.L.103-3 (29 U.S.C. § 2601 et seq.).

Prior to taking this leave an employee shall, if the necessity for the leave is foreseeable, provide the Superintendent of Schools with written notice of the need for the leave. The notice shall be provided as far in advance as is reasonable and practical under the circumstances.

Nothing contained in N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed to prohibit the Superintendent from requiring that a period of this leave be supported by the employee with documentation of the domestic violence or a sexually violent offense which is the basis for the leave. If documentation is required, the employee shall be regarded as having provided sufficient documentation if the employee provides one or more of the following:

1. A domestic violence restraining order or other documentation of equitable relief issued by a court of competent jurisdiction;

2. A letter or other written documentation from the county or municipal prosecutor documenting the domestic violence or a sexually violent offense;
3. Documentation of the conviction of a person for the domestic violence or a sexually violent offense;
4. Medical documentation of the domestic violence or a sexually violent offense;
5. Certification from a certified Domestic Violence Specialist or the director of a designated domestic violence agency or Rape Crisis Center, stating that the employee or employee's child, parent, spouse, domestic partner, or civil union partner is a victim of domestic violence or a sexually violent offense; or
6. Other documentation or certification of the domestic violence or a sexually violent offense provided by a social worker, member of the clergy, shelter worker, or other professional who has assisted the employee or employee's child, parent, spouse, domestic partner, or civil union partner in dealing with the domestic violence or a sexually violent offenses.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, "Certified Domestic Violence Specialist" means a person who has fulfilled the requirements of certification as a Domestic Violence Specialist established by the New Jersey Association of Domestic Violence Professionals; and "designated domestic violence agency" means a county-wide organization with a primary purpose to provide services to victims of domestic violence, and which provides services that conform to the core domestic violence services profile as defined by the Division of Child Protection and Permanency in the Department of Children and Families and is under contract with the division for the express purpose of providing the services.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, "Rape Crisis Center" means an office, institution, or center offering assistance to victims of sexual offenses through crisis intervention, medical and legal information, and follow-up counseling.

The Board shall display conspicuous notice of its employees' rights and obligations pursuant to the provisions of N.J.S.A. 34:11C-1 et seq., in such form and in such manner as the Commissioner of Labor and Workforce Development shall prescribe, and use other appropriate means to keep its employees so informed.

No provision of N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed as requiring or permitting the Board to reduce employment benefits provided by the Board or required by a collective bargaining agreement which are in excess of those required by N.J.S.A. 34:11C-1 et seq. Nor shall any provision of N.J.S.A. 34:11C-1 et seq. be construed to prohibit the negotiation and provision through collective bargaining agreements of leave policies or benefit programs which provide benefits in excess of those required by N.J.S.A. 34:11C-1 et seq. This provision shall apply irrespective of the date that a collective bargaining agreement takes effect.

Nothing contained in N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed as permitting the Board to:

1. Rescind or reduce any employment benefit accrued prior to the date on which the leave taken pursuant to N.J.S.A. 34:11C-1 et seq. commenced; or
2. Rescind or reduce any employment benefit, unless the rescission or reduction of the benefit is based on changes that would have occurred if an employee continued to work without taking the leave provided pursuant to N.J.S.A. 34:11C-1 et seq.

All information and/or documentation provided to the Board or Superintendent of Schools pursuant to N.J.S.A. 34:11C-1 et seq., any information regarding a leave taken pursuant to N.J.S.A. 34:11C-1 et seq., and any failure of an employee to return to work, shall be retained in the strictest confidentiality, unless the disclosure is voluntarily authorized in writing by the employee or is required by a Federal or State law, rule, or regulation.

The Board of Education shall not discharge, harass or otherwise discriminate or retaliate or threaten to discharge, harass or otherwise discriminate or retaliate against an employee with respect to the compensation, terms, conditions or privileges of employment on the basis that the employee took or requested any leave to which the employee was entitled pursuant to N.J.S.A. 34:11C-3 or on the basis that the employee refused to authorize the release of information deemed confidential pursuant to N.J.S.A. 34:11C-3.f.

1620 ADMINISTRATIVE EMPLOYMENT CONTRACTS

The Executive County Superintendent shall review and approve for all Superintendents, Deputy Superintendents, Assistant Superintendents, and School Business Administrators in school districts, county vocational school districts, county special services school districts and other districts, except charters, within the County under the supervision of the Executive County Superintendent:

1. New employment contracts, including contracts that replace expired contracts for existing tenured and non-tenured employees;
2. Renegotiations, extensions, amendments, or other alterations of the terms of existing employment contracts that have been previously approved by the Executive County Superintendent; and
3. Provisions for contract extensions where such terms were not included in the original employment contract or are different from the provisions contained in the original approved employment contract.

In counties where there is no Executive County Superintendent or Acting Executive County Superintendent, the Assistant Commissioner for Field Services shall review and approve all above contracts.

The contract review and approval shall take place prior to any required public notice and hearing pursuant to N.J.S.A. 18A:11-11 and prior to the Board approval and execution of those contracts to ensure compliance with all applicable laws, including but not limited to N.J.S.A. 18A:30-3.5, 18A:30-9, 18A:17-15.1 and 18A:11-12.

The public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 is applicable to a Board that renegotiates, extends, amends, or otherwise alters the terms of an existing contract with the Superintendent of Schools, Deputy Superintendent, Assistant Superintendents, or School Business Administrator.

The public notice and public hearing requirements of N.J.S.A. 18A:11-11 do not apply to new contracts that replace expired contracts for existing employees in one of these positions, whether tenured or not tenured.

In connection with the Executive County Superintendent's review of the contract, the Board shall provide the Executive County Superintendent with a detailed statement setting forth the total cost of the contract for each applicable year, including salary, longevity (if applicable), benefits and all other emoluments.

The review and approval shall be consistent with the following additional standards:

1. Contracts for each class of administrative position shall be comparable with the salary, benefits and other emoluments contained in the contracts of similarly credentialed and experienced administrators in other school districts in the region with similar enrollment, academic achievement levels and challenges, and grade span.
2. No contract shall include provisions that are inconsistent with the travel requirements pursuant to N.J.S.A. 18A:11-12 and N.J.A.C. 6A:23A-7 including, but not limited to, the provisions for mileage reimbursement and reimbursement for meals and lodging in New Jersey. Any contractual provision that is inconsistent with law is superseded by the law.
3. No contract shall include provisions for the reimbursement or payment of employee contributions that are either required by law or by a contract in effect in the district with other teaching staff members, such as payment of the employee's State or Federal taxes, or of the employee's contributions to FICA, Medicare, State pensions and annuities (TPAF), life insurance, disability insurance (if offered), and health benefit costs.
4. No contract shall contain a payment as a condition of separation from service that is deemed by the Executive County Superintendent to be prohibited or excessive in nature. The payment cannot exceed the lesser of the calculation of three months pay for every year remaining on the contract with pro-ration for partial years, not to exceed twelve months, or the remaining salary amount due under the contract.
5. No contract shall include benefits that supplement or duplicate benefits that are otherwise available to the employee by operation of law, an existing group plan, or other means; e.g., an annuity or life insurance plan that supplements or duplicates a plan already made available to the employee. Notwithstanding the provisions of this section, a contract may contain an annuity where those benefits are already contained in the existing contract between the employee and the district.

6. Contractual provisions regarding accumulation of sick leave and supplemental compensation for accumulated sick leave shall be consistent with N.J.S.A. 18A:30-3.5. Supplemental payment for accumulated sick leave shall be payable only at the time of retirement and shall not be paid to the individual's estate or beneficiaries in the event of the individual's death prior to retirement. Pursuant to N.J.S.A. 18A:30-3.2, a new Board of Education contract may include credit of unused sick leave in accordance with the new Board of Education's policy on sick leave credit for all employees.
7. Contractual provisions regarding accumulation of unused vacation leave and supplemental compensation for accumulated unused vacation leave shall be consistent with N.J.S.A. 18A:30-9. Contractual provisions for payments of accumulated vacation leave prior to separation can be included but only for leave accumulated prior to June 8, 2007 and remaining unused at the time of payment. Supplemental payments for unused vacation leave accrued consistent with the provisions of N.J.S.A. 18A:30-9 after June 8, 2007 as well as unused vacation leave accumulated prior to June 8, 2007 that has not been paid, shall be payable at the time of separation and may be paid to the individual's estate or beneficiaries in the event of the individual's death prior to separation.
8. Contractual provisions that include a calculation of per diem for twelve month employees shall be based on a two hundred sixty day work year.
9. No provision for a bonus shall be made except where payment is contingent upon achievement of measurable specific performance objectives expressly contained in a contract approved pursuant to N.J.A.C. 6A:23A-3.1, where compensation is deemed reasonable relative to the established performance objectives, and achievement of the performance objectives has been documented to the satisfaction of the Board of Education.
10. No provision for payment at the time of separation or retirement shall be made for work not performed except as otherwise authorized above.
11. No contract shall include a provision for a monthly allowance except for a reasonable car allowance. A reasonable car allowance cannot exceed the monthly cost of the average monthly miles traveled for business purposes multiplied by the allowable mileage reimbursement pursuant to applicable law and regulation and NJOMB circulars. If such allowance is included, the employee cannot be reimbursed for business travel mileage nor assigned permanently a car for official district business. Any provision of a car for official district business must conform with N.J.A.C. 6A:23A-6.12 and be supported by detailed justification. No contract can include a provision of a dedicated driver or chauffeur.

12. All Superintendent contracts shall include the required provision pursuant to N.J.S.A. 18A:17-15.1 which states that in the event the Superintendent's certificate is revoked, the contract is null and void.

**1631 RESIDENCY REQUIREMENT FOR PERSON HOLDING SCHOOL
DISTRICT OFFICE, EMPLOYMENT, OR POSITION**

Every person holding an office, employment, or position in a school district shall have his or her principal residence in New Jersey in accordance with the provisions of N.J.S.A. 52:14-7.

For the purpose of this Policy, “school district” means any local or regional school district established pursuant to Chapter 8 or Chapter 13 of Title 18A of the New Jersey Statutes and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

For the purpose of this Policy, a person may have at most one principal residence and the State of a person's principal residence means the State where the person spends the majority of his or her nonworking time, which is most clearly the center of his or her domestic life, and which is designated as his or her legal address and legal residence for voting. Having a home in New Jersey is not significant enough by itself to meet the principal residence requirement of the law. The fact that a person is domiciled in New Jersey shall not by itself satisfy the requirement of principal residency.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in the school district on September 1, 2011, but does not have his or her principal residence in New Jersey on September 1, 2011, shall not be subject to this residency requirement of N.J.S.A. 52:14-7 while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

A person may request an exemption from the provisions of N.J.S.A. 52:14-7 on the basis of critical need or hardship. The request shall be made to a five-member committee established in accordance with the provisions of N.J.S.A. 52:14-7 to consider applications for such exemptions. The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within thirty days after the receipt thereof, no exemption shall be granted and the residency requirement of N.J.S.A. 52:14-7 shall be operative.

Any person holding or attempting to hold an office, employment, or position in violation of N.J.S.A. 52:14-7 shall be considered as illegally holding or attempting to hold the office, employment, or position; however, the person shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency. If such person fails to satisfy the requirement of principal residency as defined in N.J.S.A. 52:14-7 after the

The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against such person, upon the complaint of any officer or citizen of the State, provided that any such complaint shall be brought within one year of the alleged 365-day period of failure to have his or her principal residence in this State.

Notice of the residency requirements as outlined in N.J.S.A. 52:14-7 and this Policy should be provided to all existing persons holding office, employment, or a position in the school district and to candidates seeking to hold office, employment, or a position in the school district.

2230 CURRICULUM GUIDES

The Board of Education directs the preparation of a guide for each approved course of study in order to direct and assist teaching staff members toward the attainment of goals addressed by that course.

Each curriculum guide will contain, as appropriate to the course of study, content standards; objectives, concepts, and skills to be taught; attitudes and appreciations to be developed; suggested activities designed to achieve the objectives; suggested methods of instruction; performance indicators; evaluation criteria intended to test the extent to which learning objectives have been achieved; and a reading list of supplemental titles for the guidance of teachers.

The curriculum guides will be the basic instructional tool for each course of study.

Each teacher shall conduct the course of study as required by the curriculum guide. Any deviation from the content of the guide must be approved by the Superintendent or designee in advance of its implementation.

The Superintendent shall be responsible for the preparation of curriculum guides, and shall develop a plan for such preparation that includes the participation of appropriate staff members and resource personnel; the participation of members of the community; the participation of students at appropriate grade levels; continuing research in instructional methods, materials, and activities; systematic review of all curriculum guides to ensure their continuing usefulness in achieving goals set by the Board; and a system of administrative review to ensure that curriculum guides are being followed by teaching staff members to the degree of conformity desired by the Board.

All new curriculum guides and revisions of existing guides shall be submitted to the Board for approval before they are implemented.

Copies of all current curriculum guides shall be kept on file in the office of the Superintendent's office.

2240 CONTROVERSIAL ISSUES

Free discussion of controversial issues, political, economic, and social shall be encouraged in the classroom whenever appropriate for the level of the group.

Issues may be considered controversial which arouse strong reactions, based either on personal conviction or allegiance to a group. School treatment of controversial issues shall be designed to instruct students in fair and objective study techniques. The decision on whether a particular controversial issue shall become a matter for school study shall be based on the timeliness of the question, the maturity and needs of the students and the purposes of the schools. Classroom discussions on controversial questions which arise unexpectedly shall be the responsibility of the teacher, who shall provide relevant information on both sides of the question. Such discussions shall be kept free from the assumption that there is one correct answer that should emerge from a discussion and be taught authoritatively to the students.

Students shall be taught to recognize each other's right to form an opinion on controversial issues, and shall be assured of their own right to do so without jeopardizing their relationship with the teacher or the school.

The Building Principal shall have the authority to limit or suspend discussion of controversial issues pending a review of the issue/materials. Instructional materials or guest speakers not previously approved must be reviewed by the Principal before being introduced into the classroom.

1. Ensuring equal and barrier-free access to all school and classroom facilities;

civil union status, sex, pregnancy, gender identity or expression, disability, liability for military service, affectional or sexual orientation, atypical cellular or blood trait, genetic information (including the refusal to submit to genetic testing). 2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. School officials will be neutral in their treatment of religion in the school district, showing neither favoritism toward nor hostility against religious expression. Accordingly, devotional exercises will be permitted in this district. The following activities will be permitted in the school district provided the activity is consistent with current United States Supreme Court decisions regarding the relationship between government and religion: prayer during instructional time; organized prayer groups and activities; religious expression and prayer in classroom assignments; student assemblies and extra-curricular events; prayer at graduation; baccalaureate ceremonies; devotional exercises; and other prayer and/or religion related activities. The school district will not permit an activity if the activity advances or inhibits any particular religious expression that is protected by the First Amendment of the United States Constitution.

The Board believes that an understanding of religions and the contributions that religion has made to the advancement of civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, the curriculum may be developed to include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board also acknowledges the degree to which a religious consciousness has enriched the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the schools of this district frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may, therefore, be religious in nature shall not, by itself, bar their use by the district. The Board directs that teaching staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the thorough and efficient education of the children of this district, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so that they may privately accept or reject the knowledge so gained in accordance with their own religious tenets.

2310 INSTRUCTIONAL ARRANGEMENT

The Board of Education directs the assignment of students to the schools, programs, and classes of this district in a manner that is consistent with the best interests of all students and the best uses of the resources in the district.

Residency and assignment decisions are made in the office of the Superintendent, not by the individual schools. The Board of Education directs the Superintendent to determine the school attendance areas. Students who reside in an attendance area are expected to attend the designated school when assigned there by the office of the Superintendent. It is the parent's responsibility to notify the district of any change in address. Such a change may necessitate a change in school assignment.

Attendance areas notwithstanding, the Superintendent reserves the right to assign a student to any school in the district. Every effort will be made to equalize class sizes at each grade level. Toward this end, students will be assigned outside their expected attendance area when necessary to balance class sizes.

The Board of Education recognizes the fact that it may not be possible to enroll children from the same family in the same school because of variations in student populations at different grade levels and variations in the number of class sections in different schools. Assignment decisions by the Superintendent shall, therefore, not be restricted to the school in which a family member attends.

Parents who are dissatisfied with a student's school assignment may appeal to the Superintendent of Schools.

Adopted:

2312 CLASS SIZE

The Superintendent shall recommend for Board approval the number of class sections for each course or grade level. He/she shall take into consideration such factors as student needs, curriculum requirements, types of instructional setting, district finances and space or equipment limitations.

2330 HOMEWORK

Definition

Homework is an academic activity engaged in by students outside of class.

Purposes

The primary objective of homework is to foster a sense of student responsibility for the learning process through tasks requiring time-budgeting and decision making.

More specifically, homework is intended to:

1. Provide for essential practice in and reinforcement of skills;
2. Enrich and extend classroom experiences and build positive work and study habits;
3. Provide experiences in finding sources and gathering data;
4. Encourage the development of self-discipline and integrity.

Amount of Homework

The amount of time which students in the same grade will spend on homework will vary due to individual differences. In grades Kindergarten through three homework may be assigned four times a week. In grades four through twelve teachers are encouraged to coordinate assignments.

In addition, teachers will encourage parents of primary and elementary students to set aside some time on a daily basis for their children to read or be read to for pleasure.

If a student consistently states that he/she has no homework or that he/she has completed an assignment in school, parents should contact the teacher or school authority for verification.

Grading/Evaluation of Homework

In order to encourage positive student attitude toward homework, teachers will be expected to instruct their students in the proper techniques and methods of completing homework assignments.

1. The teacher checks homework and affixes a comment and/or assigns a grade when appropriate. Homework grades are a part of the report card grade.

2. The students are responsible for and expected to complete and submit each assignment on its due date. The assignments are to conform to the procedures set forth by the teacher in conjunction with the administration.
3. The teacher will notify a parent by phone or written note whenever a student consistently fails to do his/her homework. Parents are encouraged to check the Parent Portal in grades six through twelve and contact the teacher as needed.
4. In grades seven through twelve homework which is assessed in English, Science, Mathematics, Social Studies, Business, Foreign Language, and Health will count as no less than ten percent or more than fifteen percent of each marking period's grade.

Homework During Absences

All classwork and homework assignments due to absence are to be made up within a time period specified by the classroom teacher or administrator. The student is expected to show initiative in seeking out a teacher to determine what assignments were missed and when these shall be due. Work can be sent home to any student involved in an extended absence.

Adopted:

2340 FIELD TRIPS

The Board of Education recognizes that field trips, used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the school.

For purposes of this policy, a field trip shall be defined as any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom. Unless unusual circumstances warrant the Superintendent to direct otherwise, each grade level from Kindergarten through eight shall participate in at least one field trip each year.

The Board of Education shall consider field trips which are included in curriculum guides to have been approved in advance. All trips not listed in the curriculum guide must be individually approved by the Board. Times and locations of field trips shall not be posted on any district websites.

All trips must be individually approved by the Superintendent and the Board of Education.

When field trips and excursions are to be arranged, the following guidelines apply:

1. All trips, and the arrangements for them, must have advance approval. This includes whether district buses will be used; whether the district buses may be supplemented by private vehicles; the route to be followed; and parking arrangements if necessary.
2. Costs must be ascertained.
3. Each child who goes on a field trip or excursion must have written parental permission.
4. Student safety must be of prime concern, and adequate supervision must be provided by staff aided by other adult chaperones if necessary.
5. All trips must be well planned, properly timed, and related to regular learning activities, or to district goals and objectives.
6. Each field trip should be evaluated by students, teachers, and the administration.
7. All overnight field trips require the approval of the Board.

The Board may require that all or part of the cost of a field trip are borne by the students' parents with the exception of students suffering financial hardship. In determining financial hardship, the criteria used shall be the same as the eligibility criteria for free and reduced price meals under the Federal school lunch program. No student shall be denied the right to participate because of inability to pay.

The Superintendent shall develop guidelines for planning trips suitable to the various grade levels, and regulations governing frequency, distance and expense.

The Board does not endorse, support or assume liability in any way for any staff member of this district who takes students on trips not approved by the Board. No staff member may solicit students of this district for such trips within the facilities or on the school grounds of this district without Board permission.

Student Self-Administration of Medication

The Board shall permit self-administration of medication on field trips for asthma or other potentially life-threatening illness by students who are able to self-administer. All conditions established by law and Board policy shall be met.

Epinephrine shall be administered via epi-pen to students in emergencies on field trips by the school nurse, his/her designee(s), the student's parent or the student himself/herself, in accordance with Policy 5330 - Administration of Medication.

Adopted:

2340.1 OVERNIGHT FIELD TRIPS

The Board of Education recognizes that field trips are an educationally sound and important ingredient in the instructional program of the school.

For purposes of this policy, an overnight field trip shall be defined as any journey by a group of students away from the school premises that requires an overnight stay of one day or more, under the supervision of a teacher. The trip's purpose should be an integral part of an approved course of study or co-curricular activity.

When overnight field trips and excursions are to be arranged, the following guidelines apply:

- All overnight field trips, and the arrangements for them, must have advance approval by the Board of Education.
- Costs must be ascertained. The Board may require that all or part of the costs of an overnight field trip be borne by the students' parents with the exception of students suffering financial hardship. In determining financial hardship, the criteria used shall be the same as the eligibility criteria for free and reduced price meals under the Federal school lunch program. No student shall be denied the right to participate because of inability to pay.
- Each child who goes on an overnight field trip or excursion must have written parental permission.
- Student safety must be of prime concern, and staff aided by other adult chaperones if necessary must provide supervision.
- No trips outside of the continental United States will be approved.

All school rules will be in effect from school through return to school. Rules that apply to the specific overnight field trip will be distributed to students prior to the trip and will be followed throughout the entire trip. Parents will be provided with a written document describing all rules and regulations and clearly defined consequences. This document must be signed by parents and returned to the advisor at the home school prior to the trip. Students who have reached the age of majority may sign their own documentation.

The Board of Education shall designate chaperones with the responsibility to supervise students and carry out the necessary details to provide a safe trip from the time of departure to the time of return to school. Elementary students shall be attended by one chaperone per 4-6 students. Middle school students shall be attended by one chaperone per 6-8 students. High School students shall be attended by one chaperone per 8-10 students. The administration has the right to adjust the above ratio if deemed necessary.

Comprehensive and careful planning for a field trip will help ensure the overall safety of students. The teacher conducting the field trip should properly investigate the site of the field trip prior to the actual trip. Items to be investigated include, but are not limited to:

- Accessibility for physically disabled students;
- Ensuring a communication device (e.g. cell phone) is available;
- Emergency contact individuals and their telephone numbers at the site;
- Special buildings and grounds that are available for eating;
- Restrooms located in the buildings and/or on the grounds;
- Homeland Security threat level in the area of the event and areas in route to the event;
- The exact route, an alternate route and emergency contact numbers along the route should be obtained.

Additionally, the teacher should secure trip permission forms for all students on the trip and have these forms readily available to include a roster of the students on the trip with their corresponding emergency telephone contact number as well as knowledge of any special medical and/or health concerns. In case of an emergency while on a field trip (e.g., lost student(s), physical injury, medical alert, etc.), the teacher or appropriate supervising staff should adhere to the following:

- Directly attend to the immediate emergency situation. If necessary notify emergency responders via 911. Cell phones used to call 911 may not be answered by the local police department but go to the State or county police. It is important to provide the city or town you are in as well as the exact address.

- Contact the Building Principal or designee immediately when an emergency occurs.
- The person making the telephone call will provide the Principal or designee with the telephone number and location where they can be reached and a summary of the emergency situation and response procedures.
- The Principal or designee will contact the students' parents and the Superintendent of Schools to advise them of the emergency situation.
- If appropriate, the district's Crisis Management Team (CMT) will convene and activate the school's Emergency Management Plan.

Students are expected to travel in appropriate attire. The advisor will provide specific guidelines.

Prior to the trip, all students will be given an itinerary listing all events and times. Students are expected to be prompt for all events listed.

All luggage will be checked by the chaperones and should be tagged before departure. The chaperones will provide specific guidelines.

Any student taking medication of any kind must report this to the advisor before leaving the school by means of providing written approval from a parent. The role of the advisor or designee will be limited only to supervising the storage and taking of any medication by the student; not the administering of the medication. The Board shall permit self-administration of medication on overnight field trips for asthma or other potentially life-threatening illness by students who are able to self-administer. All conditions established by law and Board policy shall be met.

Epinephrine shall be administered via epi-pen to students in emergencies on overnight field trips by the school nurse, his/her designee(s), the student's parent or the student himself/herself, in accordance with Policy 5330 Administration of Medication.

In the event transportation is by plane, plane boarding passes will be given to each student. Upon arrival at the airport, students will proceed to the departure gate as announced upon arrival.

The participants will travel together and must remain together except upon specific instructions from the advisor. Alternate transportation permission will only be granted prior to the trip with the approval of the Principal.

Curfew will be strictly enforced and established prior to the trip. Each student must be in his or her room at the time designated by advisor. No one will be permitted to leave his or her room after that time. Room checks will be conducted at various times. Any student not found in his/her room must be immediately accounted for. Once located, the student's parent will be notified and the student may be sent home at the expense of the parent.

In the event of illness or a family emergency at home which would require a student to be sent home by the best available means of transportation, it will be the responsibility of the parent to accompany the student home. Financial responsibility for any transportation (student and chaperone) required, will rest with the parent of the student involved.

A student guilty of a violation of school policy, such as a drug or alcohol incident, will be held accountable to school policy and the Student Code of Conduct and be sent home by the best available means of transportation, it will be the responsibility of the parent to accompany the student home. Financial responsibility for any transportation (student and chaperone) required, will rest with the parent of the student involved.

In the case of an accident, the parent will be notified as quickly as possible. Should it be necessary that a student require hospitalization, which would require a student to be sent home after the termination of the trip, it will be the responsibility of the parent to go to the hospital and/or make arrangements for transportation home. Financial responsibility for any transportation (student and chaperone) required, will rest with the parent of the student involved.

The administration reserves the right to deny the participation of any student on any overnight field trip based upon a record of inappropriate behavior and/or poor attendance pattern.

Students individually attending programs sponsored by out-of-school groups are not subject to requirements of this policy. They shall adhere to the requirements of the sponsoring groups. The Board specifically does not assume any responsibility financial or otherwise for students attending these programs.

Broadcast Rights and Copyrights

The Board specifically retains the Broadcast rights and copyrights to all materials created by employees of the Board as part of their responsibilities to the Board. Any financial remuneration for the use of such materials shall be retained by the Board.

Privacy Rights/Personal Safety

- Users shall respect the privacy of messages that they receive and refrain from reposting messages without the approval of the sender.

- Users shall not publish private information about another individual.
- Students should never share personal information, such as phone number, address, social security number, birthday, or financial information over the Internet. Communicating over the Internet brings anonymity and associated risks, and students should carefully safeguard the personal information of themselves and others.
- Students should never agree to meet someone they meet online without parental permission. If a student sees a message, comment, image, or anything else online that makes him/her concerned for his/her personal safety, this should immediately be brought to the attention of a supervising teacher or staff member.
- It is important to keep passwords secure and private. Users should not gain or attempt to gain unauthorized access to district technology, or that of another individual. This includes going beyond authorized access, attempting to log in through another person's account, impersonating another individual or a fictional individual online, and accessing another person's files.
- Users should always use the Internet, network resources, and online sites in a courteous and respectful manner. Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use trusted sources when conducting research via the Internet. Users should be aware that once something is online it can be shared and spread in ways the student never intended.

School Furnished Electronic Devices

The district may furnish students with electronic devices such as laptop computers, tablets, notebooks, cellular telephones, or other electronic devices to use outside of school. When a student is furnished with an electronic device to use outside of school, the district shall provide the student with written or electronic notification that the device may record or collect information on the student's activity or the student's use of the device if the electronic device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device. The notification shall also include a statement that the district shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student. The parent of the student furnished with an electronic device shall acknowledge receipt of the notification. The district shall retain the acknowledgement for as long as the student retains the use of the device.

2363 STUDENT USE OF PRIVATELY-OWNED TECHNOLOGY

The Board of Education recognizes technology is always changing and as a result of increased accessibility to technology many students possess technology devices for their use during non-school hours. These privately-owned devices may be beneficial to students during school hours for approved educational purposes. Therefore, under certain circumstances and as approved by the Director of Technology and Principal of each school or his/her designee, the Board of Education may allow students to use their privately-owned technology devices under conditions outlined in this Policy.

For the purpose of this Policy, “technology” means hardware or software.

For the purpose of this Policy, “privately-owned” means technology hardware and software that is purchased, owned, and maintained by the student at no expense to the school or school district.

For the purpose of this Policy, “hardware” means any device that can store, access, retrieve, and/or communicate data or information. “Hardware” may include, but is not limited to, any type of computer device; wireless telephone; electronic reader; personal digital assistant (PDAs); video broadcasting and/or recording device; or camera.

For the purpose of this Policy, “software” means any computer program(s) or related data that provide instruction for telling a computer or other hardware device what to do and how to do it.

The use of privately-owned technology by a student in the educational program during the school day must be approved by the school teaching staff member responsible for supervising and/or providing the student’s instructional program. A teaching staff member may approve a student’s use of privately-owned technology based on the assignment(s) to the student. The teaching staff member may also prohibit the use of privately-owned technology for an assignment(s).

Teaching staff members must get prior approval from their immediate supervisor or Principal before allowing students to use privately-owned technology during instructional time.

Students who use privately-owned technology in school will not be given access to the school district’s computer server(s) or network(s). In the event the teaching staff member approves the use of privately-owned technology to access the Internet, the access must be through the privately-owned technology without the use of any school district hardware or software or network. A student granted such permission must comply with school district policies and regulations regarding acceptable use of computers and technology. Any use of privately-owned technology by a student shall be in strict accordance with the teaching staff member’s specific approval(s) and Board policies and regulations. Any violation will subject the student to appropriate discipline and/or grading consequences.

The teaching staff member, in considering the use of privately-owned technology, will ensure such approval does not provide any advantage or benefit to the student who owns such technology over the student who does not own such technology. The teaching staff member will not approve the use of privately-owned technology if the teaching staff member determines the use would be advantageous or beneficial to the student who owns such technology over the student who does not own such technology.

The school district assumes no responsibility for any privately-owned technology brought to school by a student. The student shall be responsible for the proper operation and use of any privately-owned technology brought to school. School staff members shall not be responsible for the effective use and/or technical support for any privately-owned technology.

The school district shall assume no responsibility for the security of or damage to any privately-owned technology brought to school by a student.

2411 GUIDANCE COUNSELING

The Board of Education requires that a planned program of guidance and counseling be an integral part of the educational program of the schools to assist students in making and implementing informed educational and occupational choices including academic, career and personal/social development.

A program of guidance and counseling, including developmental career guidance and exploration, shall be offered to all students in this school district and shall be conducted entirely by certified guidance personnel.

The Superintendent is directed to implement a guidance program that carries out the purposes of this policy and:

1. Involves teaching staff members at all appropriate levels;
2. Honors the individuality of each student;
3. Is integrated with the total educational program;
4. Is coordinated with available resources of the community;
5. Provides for cooperation of school staff with parents and shares parents' concern for the development of their children;
6. Provides for the means of sharing information among appropriate staff members in the student's interest;
7. Is available equitably to all students and prohibits biased counseling and the use of materials that discriminate among students on the basis of their race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability; and
8. Establishes a referral system that utilizes all the aid the schools and community offer, guards the privacy of the student, and monitors the efficacy of such referrals.

2412 HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education shall provide instructional services to an enrolled student, whether a general education student in Kindergarten through grade twelve or special education student age three to twenty-one, when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment that precludes participation in their usual education setting, whether general or special education.

A parent's request for home instruction shall include a written determination from the student's physician documenting the projected need for confinement at the student's residence or other treatment setting for more than ten consecutive school days or twenty cumulative school days during the school year. The written determination from the student's physician shall be forwarded to the school physician, who shall either verify the need for home instruction or provide reasons for denial. The parent shall be notified concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the student's physician.

The school district shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another district Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the student's confinement, during the first week of the student's confinement to the home or out-of-school setting.

The home or out-of-school instruction shall meet the minimum standards as required in N.J.A.C. 6A:16-10.1(c). The school district shall establish a written plan for delivery of instruction and maintain a record of delivery of instructional services and student progress. The teacher providing instruction shall be a certified teacher. The teacher shall provide instruction for the number of days and length of time sufficient to continue the student's academic progress and dependent upon the student's ability to participate.

For a student with disabilities, the home instruction shall be consistent with the student's Individualized Education Plan (IEP) to the extent appropriate, and shall meet the Core Curriculum Content Standards. When the provision for home instruction for a student with disabilities will exceed thirty consecutive school days in a school year, the IEP team shall convene a meeting to review and, if appropriate, revise the student's IEP.

For a student without disability, the home instruction shall meet the Core Curriculum Content Standards, and the requirements of the Board for promotion to the next grade level. When the provision for home instruction for a student without disability will exceed sixty calendar days, the school physician shall refer the student to the Child Study Team for evaluation, pursuant to N.J.A.C. 6A:14.

The Board reserves the right to withhold home instruction when the reason for the student's confinement is such as to expose a teacher to a health hazard or dangerous home situation; when a parent or other adult twenty-one years of age or older, who has been designated by the parent, is not present during the hours of instruction; or when the condition of the student is such as to preclude benefit from such instruction.

Students on home instruction will be accounted for on the attendance register as required by the Department of Education. The name of a student on home instruction will not be released at a public Board meeting or placed in a public record.

2415 NO CHILD LEFT BEHIND PROGRAMS

The No Child Left Behind Act (NCLB) of 2001 is a reauthorization of the Elementary and Secondary Education Act (ESEA)/Improving America's Schools Act (IASA) 1994, providing funds to help all New Jersey's school children achieve, at a minimum, proficiency in the State standards. NCLB embodies four key principles or pillars of education reform: accountability, flexibility, choice, and methodology. The Board of Education elects to augment the instructional program of students by projects supported by Federal funds allocated under NCLB and the district will comply with the requirements of all the programs authorized by NCLB.

The district may be eligible for several grant programs funded through NCLB, including, but not limited to, Title I through Title VI. Many of the Titles of NCLB have several parts and subparts that provide a funding source for specific purposes.

Application Procedure

The district will submit an annual No Child Left Behind Consolidated Formula Subgrant Application to the New Jersey Department of Education (NJDOE). The school district's application shall include all information required by the NJDOE and NCLB for the district to be considered for funding under NCLB.

Covered Programs

The intent of NCLB is that all children will meet State academic achievement standards to reach their potential through improved programs. The NCLB Consolidated Formula Subgrant includes the following programs:

1. Title I, Part A provides the programs and resources for disadvantaged students to meet this intent. It requires the State and the district to close the achievement gap by placing a highly qualified teacher in every classroom, improving the qualifications of paraprofessionals who work with disadvantaged students, and using instructional practices that have proven to be effective.
2. Title I, Part D serves neglected and delinquent youth in institutions, community day programs, and correctional facilities to assure they also attain high academic levels of performance.

3. Title II, Part A provides the resources for improving teacher and Principal quality and increasing the number of highly qualified teachers and Principals in classrooms and schools, thereby raising student achievement in the academic subjects. It focuses on preparing, training, and recruiting high-quality teachers and Principals and requires the State to develop plans with annual measurable objectives that will ensure all teachers teaching in core academic subjects are highly qualified by the end of the 2005-2006 school year.
4. Title II, Part D facilitates comprehensive and integrated educational technology strategies that target the specific needs of individual schools. It improves student academic achievement through the use of technology in elementary and secondary schools, while addressing the digital divide such that every student is technologically literate by the end of eighth grade. Effective integration of technology resources and systems with teacher training and curriculum development are encouraged in order to identify and showcase best practices in educational technology.
5. Title III, Part A focuses on the teaching of English to limited English proficient (LEP) children, including immigrant children and youth.
6. Title IV, Part A provides resources for fostering a safe and drug-free learning environment that supports academic achievement.
7. Title V, Part A provides a flexible source of funding to help districts in the development and implementation of various innovative reform initiatives.
8. Title VI, Part B addresses the unique needs of rural school districts.
9. Title IX covers the general provisions applicable to some/all of the programs.

Throughout NCLB, the use of solid research to improve teaching and learning as well as student behavior is required and promoted, and parent(s)/legal guardian(s) are provided with information and options to improve the educational opportunities provided for their children. The emphasis on scientifically based methodology encourages the use of teaching techniques and practices that are founded on research and proven to produce positive results.

Title I

The largest Federal program supporting elementary and secondary education is Title I. NCLB strengthens Title I requirements for the State's assessments, accountability system, and support for school improvement. The law also establishes minimum qualifications for teachers and paraprofessionals in Title I programs.

The school district must use the best available measure for identifying children from low-income families to: identify eligible school attendance areas, determine the ranking of each area, and determine allocations as identified in the Title I guidelines and regulations.

The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children.

The school district will provide the New Jersey Department of Education assurances it will provide the maximum coordination between the Title I program, the regular school program, and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, children with disabilities and limited English proficient (LEP) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I services, even if they arrive during the school year, are served.

Type of Title I Program

The school district will offer a Target Assistance Title I program.

Target Assistance Program

Schools that are not eligible for (or do not choose to operate) school-wide Title I programs must use Title I funds to provide targeted services to low-achieving students. A Target Assistance program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.

Academic Standards, Academic Assessments, and Accountability

The district will comply with the requirements as outlined in Policy 2415.01 - Academic Standards, Academic Assessments, and Accountability in accordance with the NJDOE and NCLB.

Fiscal Responsibility

The district will comply with the requirements as outlined in Policy 2415.02 Title I – Fiscal Responsibilities in accordance with the NJDOE and NCLB.

Staff

The district will comply with the requirements as outlined in Policy 2415.03 – Highly Qualified Teachers in accordance with the NJDOE and NCLB. In addition, the district will ensure all paraprofessionals meet the requirements as required by NCLB and as outlined in Policy 4125 – Employment of Support Staff Members.

Parental Involvement

The district will comply with the requirements as outlined in Policy 2415.04 – Parental Involvement in accordance with the NJDOE and NCLB.

Student Surveys, Analysis, and/or Evaluations

The Protection of Pupil Rights Amendment (PPRA) applies to school districts that receive Federal funding from the United States Department of Education. The district will comply with the requirements as outlined in Policy 2415.05 - Student Surveys, Analysis, and/or Evaluations in accordance PPRA.

Unsafe School Choice Option

In the event there is a school in the district designated as Persistently Dangerous in accordance with the Victims of Violent Criminal Offenses as outlined in NCLB, the district will comply with the requirements of Policy 2415.06 – Unsafe School Choice Option in accordance with the NJDOE and NCLB.

Property

Property acquired through Title I funds for use in public or private schools will be acquired in accordance with the Public School Contracts Law, will be held in title by the Board of Education, and will not be used for other purposes so long as it is required in the Title I program. Property no longer required for Title I purposes will be used for other, similarly funded projects or disposed of in accordance with State and Federal guidelines.

Capital Expenses

The Superintendent will assure the district abides by New Jersey's Public Contracts Law; consults appropriate private school officials prior to making any decisions regarding capital expenses; ensure funds that are received to cover capital expenses provide equitable Title I services to private school students; ensure accounts for any capital funding is separately maintained; and assure lease purchase agreements are consistent with applicable statute and administrative code.

Post-Award Requirements

The school district will maintain all project records for five years following the completion of the activity for which the funds were used. The school district will prepare and submit all reports as required by the State Department of Education in a timely manner.

Supplement, Not Supplant

Grant funds provided under Federal programs, including No Child Left Behind funding, shall supplement, not supplant other non-Federal funds that are available to provide programs and services to eligible students, unless otherwise provided in the grant program.

State Waiver from Certain Provisions of No Child Left Behind (NCLB)

The State of New Jersey may receive a waiver(s) from certain provisions of NCLB from the United States Department of Education. A waiver(s) may affect the applicability of the school district's NCLB policies and/or regulations. In the event a waiver(s) affects the applicability of Board of Education NCLB policies and/or regulations, the waiver provisions shall supersede current Board policies and/or regulations and the school district shall comply with the requirements as outlined by the New Jersey Department of Education in accordance with the waiver(s) application and approval(s) from the United States Department of Education.

Evaluation

The Superintendent will evaluate the NCLB programs as required by the United States and the New Jersey Departments of Education.

No Child Left Behind Act of 2001

Adopted:

2415.01 ACADEMIC STANDARDS, ACADEMIC ASSESSMENTS, AND ACCOUNTABILITY

The No Child Left Behind Act of 2001 (NCLB), a reauthorization of the Elementary and Secondary Education Act (ESEA), requires New Jersey to implement a single accountability system to include challenging academic content and academic achievement standards. The accountability requirements under NCLB were built on the foundation of the former Improving America's Schools Act (IASA).

To meet the Federal requirements, New Jersey has adopted the New Jersey Single Accountability System. State assessments in language arts literacy and mathematics are based on the New Jersey Core Curriculum Content Standards. All students enrolled in New Jersey public schools, plus all student subgroups, must meet the proficiency benchmarks to ensure the goal of 100% proficiency. Students must score either "proficient" or "advanced proficient" on the assessments to be counted toward meeting the benchmarks.

Schools are evaluated using adequate yearly progress (AYP) indicators. Student achievement is determined by grade span (Elementary School – grades three through five, Middle School – grades six through eight, and High School – grades nine through twelve) and in each content area. There are indicators that must be met (including participation and proficiency rates) plus a secondary indicator. A safe harbor calculation is applied to measure significant progress if the benchmark is missed. When a school does not meet AYP for two consecutive years in the same content area, it is designated as a "school in need of improvement."

AYP shall be calculated for all New Jersey schools under the provisions of NCLB. Schools that do not meet AYP as defined under NCLB are placed into one of the following categories. Title I schools in need of improvement must implement the sanctions for each category.

Year 1 – Early Warning: A school that does not make AYP for one year is placed into "early warning" status.

Year 2 – In Need of Improvement/School Choice: A school that does not make AYP for two consecutive years in the same content area is designated as a "school in need of improvement." Parents/legal guardians shall be promptly notified if their child's school has been designated as in need of improvement. For Title I schools certain interventions apply, including intradistrict school choice (or supplemental educational services if choice is not available) and development of a school improvement plan (Title I Unified

Plan). The district must offer the school technical assistance to address the areas that caused the school to be in need of improvement. Parents/legal guardians shall be notified of their right to request intradistrict public school choice and parents/legal guardians of eligible students shall be notified of the availability of supplemental educational services, if choice is not available, including the provider list Web address.

Year 3 – In Need of Improvement/Supplemental Educational Services (SES): A school that does not make AYP for three consecutive years in the same content area shall continue to be identified as a “school in need of improvement.” The Title I school must continue to offer intradistrict school choice and must also offer SES to eligible students. Technical assistance must continue to be offered by the district, parents must receive notification of the school’s status, and the school improvement plan (Title I Unified Plan) is updated annually. Parents/legal guardians of eligible students shall be notified of the availability of supplemental educational services, if choice is not available, including the provider list Web address.

The New Jersey Department of Education (NJDOE) offers school support by engaging a team of experienced professionals to conduct an extensive school review called Collaborative Assessment and Planning for Achievement (CAPA). The CAPA team interviews stakeholders and staff, reviews school and district documents, and conducts on-site observations to develop a report that contains recommendations for school improvement, which then becomes part of the Title I Unified Plan.

Year 4 – Corrective Action: A school that does not make AYP for four consecutive years in the same content area is identified as a school in corrective action. The Title I school must continue to offer intradistrict school choice and SES, notify parents of the school’s status, revise its school improvement plan (Title I Unified Plan), and receive technical assistance from the district and the NJDOE.

The district must take at least one of the following corrective actions:

1. Provide, for all relevant staff, appropriate, scientifically research-based professional development that is likely to improve academic achievement of low-performing students.
2. Institute a new curriculum grounded in scientifically-based research and provide appropriate professional development to support its implementation.

3. Extend the length of the school year or school day.
4. Replace the school staff who are deemed relevant to the school not making adequate progress.
5. Significantly decrease management authority at the school.
6. Restructure the internal organization of the school.
7. Appoint one or more outside experts to advise the school how to revise and strengthen the improvement plan it created while in school improvement status and how to address the specific issues underlying the school's continued inability to make AYP.

Year 5 – Planning for Restructuring: A Title I school that does not make AYP for five consecutive years in the same content area must plan to restructure. The restructuring plan is implemented at the beginning of the following school year if the school continues to miss AYP benchmarks and moves to Year 6. During the planning year, the Title I school must continue to offer intradistrict school choice and SES, notify parents of the school's status and invite parent input during the restructuring process, and receive technical assistance from the district and the NJDOE. The technical assistance design for a school being restructured emphasizes the following:

1. The importance of improving instruction by using strategies grounded in scientifically-based research so that all children in the school achieve proficiency in the core academic subjects of language arts and mathematics.
2. The importance of analyzing and applying data in decision-making.

The restructuring plan must include one of the following alternative governance systems for the school as outlined by NCLB regulations and consistent with New Jersey practice and statutes:

1. Implement any major restructuring of the school's governance that is consistent with the principles of restructuring as set forth in the No Child Left Behind Act.
2. Re-open the school as a public charter school as defined by State statute and regulation (N.J.S.A. 18A:36A-1 et seq. and N.J.A.C. 6A).

3. Replace all or most of the school staff, which may include the Principal, who are relevant to the school's inability to make adequate progress (consistent with existing contractual provisions and applicable statutory protections in Title 18A).

Year 6 – Restructuring-1: A Title I school that does not make AYP for six consecutive years in the same content area must implement the approved restructuring plan. The Title I school must continue to offer intradistrict school choice and SES, notify parents of the school's status and invite parent input and support during the implementation process, and receive technical assistance from the district and the NJDOE. Technical assistance is critical to help school staff remain focused on increasing student achievement while the school is adjusting to potentially radical changes in its administration and governance structures. A CAPA visit will occur at the school to determine the fidelity of implementation of the restructuring plans and to review the governance structure of the school.

Year 7 (and over) – Restructuring-2 (and over): If the school has not made AYP for seven or more consecutive years, the NJDOE will meet with school and district administrators to continually review implementation of the restructuring plan/Title I Unified Plan. Benchmark meetings with NJDOE staff, the school, and the district will occur twice a year to assess and support implementation of the school improvement plan.

Removal from Early Warning/Improvement Status: To be removed from early warning or improvement status, the school must make AYP for two consecutive years in the content area that caused the school to go into status, providing the school makes AYP in the other content areas. The first year of making AYP is a “hold year” and the school does not progress to the next sanction level, but must continue to implement current interventions. If the school does not make AYP the year following “hold,” the school goes back into improvement status at the level prior to the hold year.

No Child Left Behind Act of 2001, §1111

Adopted:

2415.02 TITLE I – FISCAL RESPONSIBILITIES

The Rutherford Board of Education will comply with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001.

Maintenance of Effort

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(a), the Rutherford Board of Education will maintain a combined fiscal effort per student, or aggregate expenditures, of State and local funds with respect to the provision of the free public education in the Local Education Agency (LEA) for the preceding fiscal year that is not less than ninety percent of the combined fiscal effort per student, or the aggregate expenditures, for the second preceding fiscal year.

Comparability with Multiple Schools

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(c), the Rutherford Board of Education directs the Superintendent to assign teachers, administrators, and auxiliary personnel to the schools in such a way that the equivalence of personnel is ensured among schools.

Comparability of Materials and Supplies

To be in compliance with the requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) as amended by the No Child Left Behind Act of 2001, §1120A(c), the Rutherford Board of Education directs the Superintendent to distribute curriculum materials and instructional supplies to the schools in such a way that the equivalence of such material is ensured among schools.

No Child Left Behind Act of 2001, §1120A

Adopted:

2415.03 HIGHLY QUALIFIED TEACHERS

The No Child Left Behind Act (NCLB) requires all teachers be or become highly qualified in the core academic content area(s) they teach in accordance with the United States Department of Education and the New Jersey Department of Education highly qualified teacher requirements.

Teachers who have achieved highly qualified status retain highly qualified status permanently for the teaching assignment designated on the approved highly qualified teacher forms. No teacher providing direct instruction in core content areas is grandfathered or exempt from this process.

The district shall maintain the appropriate highly qualified documentation for all teachers who provide direct instruction in core content areas. When a teacher changes teaching assignments, which requires different content expertise, additional highly qualified teacher forms must be completed and kept on file within the district. Highly qualified teacher documentation should be completed for all new teachers and for those with new teaching assignments at the beginning of each school year.

When a teacher obtains employment in a new school district, the new district must contact the previous place of employment to have the teacher's official highly qualified teacher forms sent to the new district. A teacher hired from another State must hold New Jersey certification and must meet New Jersey's highly qualified teacher requirements. Out-of-State teachers may provide documentation to support their highly qualified teacher status from the previous State in which they taught.

All Title I schools must send out a Right-to-Know letter in the beginning of every school year informing parent(s) or legal guardian(s) that they have the right to know the qualifications of their child's teacher. The letter should be sent by all Title I and non-Title I districts. In addition, in all Title I schools, the parent(s) or legal guardian(s) of students whose teacher is not yet highly qualified must be notified. Copies of these letters must be kept on file in the school.

No Child Left Behind Act of 2001, §1119

Adopted:

2415.04 TITLE I – DISTRICT-WIDE PARENTAL INVOLVEMENT

GENERAL EXPECTATIONS

The school district will put into operation programs, activities, and procedures for the involvement of parents in the school with Title I, Part A programs, consistent with Section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities, and procedures will be planned and operated with meaningful consultation with parents of participating children.

Consistent with Section 1118, the school district will work to ensure that the required school-level parental involvement policies meet the requirements of Section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with Section 1118(d) of the ESEA.

The school district will incorporate this District-Wide Parental Involvement Policy into its school district's plan developed under Section 1112 of the ESEA.

In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, the school will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Section 1111 of the ESEA in an understandable and uniform format, including alternative formats upon request, and to the extent practicable, in a language parents understand.

If the school district's plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the New Jersey Department of Education.

In the event the school district is required to reserve and spend at least one percent of the district's Title I, Part A allocation, the school district will involve the parents of children served in Title I, Part A schools in decisions about how these funds will be spent and will ensure that not less than ninety-five percent of the one percent reserved goes directly to the school.

The school district will be governed by the following statutory definition of parental involvement, and expects the Title I school will carry out programs, activities, and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving pupil academic learning and other school activities, including ensuring-

1. That parents play an integral role in assisting their child's learning;
2. That parents are encouraged to be actively involved in their child's education at school;
3. That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child; and
4. The carrying out of other activities, such as those described in Section 1118 of the ESEA.

In the event the State of New Jersey or the New Jersey Department of Education has a Parental Information and Resource Center, the school district will inform parents and parental organizations of its purpose and existence.

DESCRIPTION OF HOW THE SCHOOL DISTRICT WILL IMPLEMENT REQUIRED DISTRICT-WIDE PARENTAL INVOLVEMENT POLICY COMPONENTS

Below is a description of how the district will implement or accomplish each of the following components outlined below (Section 1118(a)(2), ESEA):

1. The district will take the following actions to involve parents in the joint development of its district-wide parental involvement plan under Section 1112 of the ESEA:
 - a. Convene an annual meeting, at a convenient time, to which all parents of participating pupils shall be invited and encouraged to attend, to inform parents of their school's participation and the requirements of the Policy and the right of the parents to be involved;

The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The school district will use the findings of the evaluation about its Parental Involvement Policy and activities to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of parents) its parental involvement policies.

PPRA requires written consent from parents/legal guardians and students who are eighteen years old or emancipated minor students before minor students are required to participate in a survey, analysis, or evaluation funded in whole or in part by a program of the United States Department of Education that concerns one or more of the following nine areas referred to as “protected information surveys”:

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as with lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or parents;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program); or
9. Social security number.

This consent requirement also applies to the collection, disclosure or use of student information for marketing purposes, referred to as “marketing surveys”, and for certain physical examinations and screenings.

Inspection

The parents and eligible students, upon request and before administration or use, have the right to inspect:

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

The Superintendent shall be responsible for obtaining the consent, annual direct notification to parents and eligible students at the start of each school year and after any substantive changes of the “opt a student out” rights and the inspection rights provisions of PPRA and this Policy. 2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the Electronic Violence and Vandalism Reporting System (EVVRS) to identify PDS on or before July 31 of each year.

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State's ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district's timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing its corrective action plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school's progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan. A school receiving an "early warning" notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing its school safety plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.

A school that meets the criteria for PDS for a third consecutive year will be designated persistently dangerous and will be required to submit for approval a corrective action plan on or before September 30 of that year, which will apply to the respective school year and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

School buildings and districts that do receive Federal funds under ESSA, but meet any one of the criteria for PDS will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan on or before September 30 of the respective year. The school safety plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the *Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13*, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

- a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and
- b. One or more of the following applies:
 - (1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or
 - (2) The offender(s) has received sanctions in accordance with the Board of Education's Code of Student Conduct; or
 - (3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or
 - (4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State's ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

- a. Homicide [N.J.S.A. 2C:11-2] - A student is a victim of a homicide when he or she is the child, sibling or other relative of a decedent, resulting from someone purposely, knowingly or recklessly causing the death of the student's parent, sibling, or relative in or on school grounds.

- c. Sexual Assault [N.J.S.A. 2C:14-2] - A student is a victim of a sexual assault when the student is a victim of an act of sexual contact when the victim is less than thirteen years old and the actor is at least four years older than the victim, or the student is a victim of an act of sexual penetration under any of the following circumstances:

- (1) The victim is less than thirteen years old.
 - (2) The victim is at least thirteen, but less than sixteen years old; and the actor is at least four years older than the victim.
 - (3) The victim is at least sixteen years old, but less than eighteen years old; and the actor has supervisory or disciplinary power over the victim.
 - (4) The actor uses physical force or coercion.
 - (5) The victim is one whom the actor knew or should have known was physically helpless, mentally defective, or mentally incapacitated.
- d. - (1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (2) Knowing that the conduct constituting the offense would cause a victim or a group of specified victims to be intimidated because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (3) Under circumstances that caused any victim of the underlying offense to be intimidated and the victim, considering the manner in which the offense was committed, reasonably believed either that:
 - (a) The offense was committed with a purpose to intimidate the victim or any person or entity in whose welfare the victim is interested because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or

- (b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.
- e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).
- f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.

- h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

The transfer will be temporary and will be in effect as long as the student's original school is identified as persistently dangerous.

2. Charter School Transfer Option

While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school's "equal opportunity" selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public local education agencies (LEA's), pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.

4. Special Education Students

The district will provide transferred special education students with the program required by the student's Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district is not required to transfer the student to a school outside the school district.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

New Jersey Department of Education 1/26/07 Memorandum – No Child Left Behind Complaint Policy and Procedure

Adopted:

2415.30 TITLE I – EDUCATIONAL STABILITY FOR CHILDREN IN FOSTER CARE

The Federal Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), initiated protections for children in foster care that further enhanced the requirements of the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). These provisions require school districts to work with child welfare agencies to ensure the educational stability of children in foster care. New Jersey statutes support and implement Federal legislation and require New Jersey's child welfare agencies and school districts to collaborate and to keep children placed in foster care in the same school when their living placements change if remaining in that school is in the child's best interest. The educational stability of children in foster care is the joint responsibility of both the educational and child welfare systems.

The Educational Stability Liaison shall be designated as the Board of Education's point of contact person for all matters related to the educational stability for children in foster care. The point of contact person for the school district shall not be the same person designated as the school district liaison for the education of homeless children.

For the purpose of this Policy, "child welfare agency" shall be the New Jersey Department of Children and Families.

For the purpose of this Policy, "foster care" means twenty-four hour substitute care for children placed away from their parents and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes.

For the purpose of this Policy, "school of origin" is the school district in which the child is enrolled at the time of placement in foster care or the school district of residence as per N.J.S.A. 30:4C-26 and N.J.S.A. 18A:7B-12.

A child in foster care shall remain in his/her school of origin if it is determined to be in the best interest of the child for the duration of time in foster care.

If a student attending the school district in accordance with the provisions of N.J.S.A. 18A:38-1 et seq. is placed in foster care, the school district contact person will collaborate with child welfare agencies to determine whether it is in the child's best interest to remain in the school district taking into consideration all factors relating to the child's best interest. These factors shall include the appropriateness of the current educational setting and proximity of placement (ESEA Section 1111(g)(1)(E)(i)). These factors may include, but are not limited to:

Title I – Educational Stability for Children in Foster Care

1. Preferences of the child;
2. Preferences of the child's parent(s) or educational decision maker(s);
3. The child's attachment to the school, including meaningful relationships with staff and peers;
4. The proximity of the resource family home to the child's present school;
5. The age and grade level of the child as it relates to the other best-interest factors;
6. The needs of the child, including social adjustment and well-being;
7. The child's performance, continuity of education, and engagement in the school the child presently attends;
8. The child's special education programming if the child is classified;
9. The point of time in the school year;
10. The child's permanency goal and likelihood of reunification;
11. The anticipated duration of the placement;
12. Placement of the child's sibling(s);
13. Influence of the school climate on the child, including safety;
14. The availability and quality of the services in the school to meet the child's educational and socioemotional needs;
15. History of school transfers and how they have impacted the child;
16. How the length of the commute would impact the child, based on the child's developmental stage;
17. Whether the child is a student with a disability under the Individuals with Disabilities Act (IDEA) who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and

18. Whether the child is an English language learner (ELL) and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin, consistent with Title VI and the Equal Educational Opportunities Act of 1974 (EEOA).

The school district's point of contact person will discuss these factors and will make every effort to gather meaningful input and participation from the relevant parties, including appropriate school personnel, in the best-interest determination.

Eligible students with disabilities retain their right to receive a free appropriate public education in the least restrictive environment. When making a best-interest determination regarding the educational placement of a student with a disability under IDEA and Section 504, the Board must ensure that all required special education and related services are provided in the least restrictive placement where the child's unique needs, as described in the student's Individualized Education Program (IEP) or Section 504 Plan, can be met. The school district will identify and assess all potential ELL students and provide all ELL students, including ELL students in foster care, with a language assistance program that is educationally sound and proven successful. When a best-interest determination is made for an ELL student in foster care, the Board of Education will comply with its obligations under Title VI and the EEOA.

To the extent feasible, a child shall remain in his/her school of origin until a final best-interest determination is made. The child welfare agency will notify the school district of origin of the child's school placement after collaboration with the Board of Education's point of contact person and after the child's best-interest determination has been made. If a change of school is recommended by the child welfare agency, the new school shall immediately contact the school of origin to obtain relevant academic and other records of the foster care child. The financial responsibility for the payment of tuition for a foster care child placed outside the school district of origin and attending school outside the school district of origin shall be determined by the Commissioner of Education in accordance with N.J.S.A. 18A:7B-12 – Determination of District of Residence.

A foster care child who has been placed in this district and exits foster care during the school year will be permitted to continue in this school district for the remainder of the school year.

In the event there is a disagreement regarding school placement for a child in foster care, the school district will comply with the legal requirements for resolving the dispute. A parent can appeal a best-interest determination whenever the child changes schools.

Children placed in foster care outside the school district of origin, attending a school in that district, will be provided transportation to and from school in accordance with N.J.A.C. 6A:27-6.1 et seq. and the Transportation Policy of that district. The district of origin is financially responsible for transportation costs to and from school.

Children placed in foster care outside the school district of origin, but remaining in a school within the school district of origin, shall receive transportation to and from school on a “cost-efficient” manner and in accordance with Section 475(4)(A) of the Social Security Act for the duration of the time the child is in foster care. The district of origin is financially responsible for transportation costs to and from school.

The cost of transportation shall not be considered when determining the best interest of the child.

Section 475(4)(A) of the Social Security Act provides guidance on “cost-effective” transportation as it relates to the cost of reasonable travel for foster care children placed outside the school district of origin to their school of origin indicating: the child may be dropped off at a bus stop just within the school district of origin to be transported to a school in the district of origin; the school district may offer a public transportation option; the foster care parents or other families may be willing to drive the child to school in the school district of origin; the school district may utilize pre-existing bus routes or stops close to the out-of-district foster care placement that cross school district boundaries; or the foster care child may be eligible for transportation under other Federal or State requirements.

In the event there is a disagreement regarding transportation for a child in foster care, the school district will comply with the New Jersey Department of Education requirements for resolving the dispute. The Board of Education shall provide or arrange for adequate and appropriate transportation for foster care children while any disputes are being resolved.

In all cases regarding student data and records, the Board of Education will comply with all statutory requirements to protect student privacy, including Family Education Rights and Privacy Act (FERPA), and all other privacy requirements under Federal laws, State statutes, and administrative codes.

The primary focus of the CCCS is the development of knowledge and skills that influence healthy behaviors within the context of self, family, school, and the local and global community. The mission of the CCCS for comprehensive health and physical education is knowledge of health and physical education concepts and skills to empower students to assume lifelong responsibility to develop physical, social, and emotional wellness.

The CCCS incorporate New Jersey statutes related to health and well-being of students in New Jersey schools. The following statutes incorporated into the CCCS include, but are not limited to, the following requirements:

The programs shall be based upon the curriculum guidelines established by the Commissioner of Education and shall be included in the curriculum for each grade in such a manner as to provide a thorough and comprehensive treatment of the subject.

The instruction shall inform students that, beginning five years from the date of enactment of P.L.2008, c.48 (C.26:6-66 et al.), the New Jersey Motor Vehicle Commission will not issue or renew a New Jersey driver's license or personal identification card unless a prospective or renewing licensee or card holder makes an acknowledgement regarding the donor decision pursuant to Section 8 of P.L.2008, c.48 (C.39:3-12.4). The Commissioner of Education, through the non-public school liaison in the Department of Education, shall make any related instructional materials available to private schools educating students in grades nine through twelve, or any combination thereof. Such program shall be adapted to the age and understanding of the students and shall be emphasized in appropriate places of the curriculum sufficiently for a full and adequate treatment of the subject.
- 13. Stress Abstinence (N.J.S.A. 18A:35-4.19 through N.J.S.A. 18A:35-4.22), also known as the "AIDS Prevention Act of 1999," requires sex education programs to stress abstinence. Any sex education that is given as part of any planned course, curriculum, or other instructional program and that is intended to impart information or promote discussion or understanding in regard to human sexual behavior, sexual feelings and sexual values, human sexuality and reproduction, pregnancy avoidance or termination, HIV infection or sexually transmitted diseases, regardless of whether such instruction is described as, or incorporated into, a description of "sex education," "family life education," "family health education," "health education," "family living," "health," "self esteem," or any other course, curriculum program, or goal of education, and any materials

including, but not limited, to handouts, speakers, notes, or audiovisuals presented on school property concerning methods for the prevention of acquired immune deficiency syndrome (HIV/AIDS), other sexually transmitted diseases, and of avoiding pregnancy, shall stress that abstinence from sexual activity is the only completely reliable means of eliminating the sexual transmission of HIV/AIDS and other sexually transmitted diseases and of avoiding pregnancy.

14. Suicide Prevention (N.J.S.A. 18A:6-111) requires instruction in suicide prevention in public schools. Instruction in suicide prevention shall be provided as part of any continuing education that public school teaching staff members must complete to maintain their certification; and inclusion of suicide prevention awareness shall be included in the CCCS in Comprehensive Health and Physical Education.

Instruction shall be provided in cardiopulmonary resuscitation and the use of an automated external defibrillator to each student in a public school that includes grades nine through twelve prior to graduation as part of the district's implementation of the CCCS in Comprehensive Health and Physical Education. The instruction provided shall be modeled from an instructional program established by the American Heart Association, American Red Cross, or other nationally recognized association and shall include a hands-on learning component.
16. Other Statutory or Administrative Codes. The Board will incorporate into its health and physical education curriculum any other requirements of the New Jersey Department of Education's CCCS in Comprehensive Health and Physical Education.

In accordance with the provisions of N.J.S.A. 18A:35-4.7, any student whose parent presents to the Principal a signed statement that any part of the instruction in health, family life, or sex education is in conflict with his/her conscience or sincerely held moral or religious beliefs shall be excused from that portion of the course where such instruction is being given and no penalties as to credit or graduation shall result.

A copy of the CCCS for Comprehensive Health and Physical Education and all related curriculum/course guides and instructional material shall be available for public inspection in each school.

2423 BILINGUAL AND ESL EDUCATION

The Board of Education will provide programs of bilingual education, English as a second language (ESL), and English language services for English language learners (ELLs) as required by law and rules of the State Board of Education. ELLs are those students whose native language is other than English and who have varying degrees of English language proficiency in any one of the domains of speaking, reading, writing, or listening and is synonymous with limited English speaking ability pursuant to N.J.S.A. 18:35-15 to 26.

Identification of ELLs

The Board will conduct a screening process to determine the native language of each ELL at the time of enrollment in the school district. A census shall be maintained of all identified students whose native language is other than English. The English language proficiency of each student whose native language is not English shall be determined by a screening process that includes the administration of a New Jersey Department of Education-approved English language proficiency test, an assessment of the student's level of reading in English, a review of the student's previous academic performance including their performance on standardized tests in English, and a review of the input of teaching staff members responsible for the educational program for ELLs.

Program Implementation

The district shall provide the following programs:

1. An English language services program to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program;
2. An ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district; and
3. A bilingual education program whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. Where the age range, grade span, and/or geographical location of eligible students makes a full-time bilingual program impractical, the Board may annually offer an instructional program alternative, provided a waiver for the alternative program has been requested and approval has been granted by the Department of Education. The Board may establish a program in bilingual education for any language classification with fewer than twenty students.

All teachers in these programs shall be appropriately certified in accordance with the requirements as outlined in N.J.A.C. 6A:15-1.9. Every student participating in a bilingual, ESL, or English language services program shall be entitled to continue such participation for a period of three years pursuant to N.J.S.A. 18A:35-19.

Bilingual, English as a Second Language, and English Language Services Program Enrollment, Assessment, Exit, and Re-entry

Students enrolled in a bilingual, ESL, or English language services program shall be assessed annually using a New Jersey Department of Education-approved English language proficiency test to determine their progress in achieving English language proficiency goals and readiness for exiting the program. ELLs enrolled in a bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to function successfully in the English-only program. The process to determine the readiness or inability of the individual student to function successfully in the English-only program shall be initiated by the student's level of English proficiency as measured by a New Jersey Department of Education-established standard on an English language proficiency test. The readiness of the student shall be further assessed on the basis of multiple indicators that shall include, at a minimum: classroom performance; the student's reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.

In accordance with provisions of N.J.S.A. 18A:35-22.1, a parent may remove a student who is enrolled in a bilingual education program at any time; except that during the first three years of a student's participation in a bilingual education program, the parent may only remove the student at the end of each school year. If during the first three years of a student's participation in a bilingual education program, a parent wishes to remove the student prior to the end of each school year, the removal must be approved by the Executive County Superintendent of Schools. The parent may appeal the Executive County Superintendent's decision to the Commissioner of Education.

Newly exited students who are not progressing in the mainstream English program may be considered for re-entry to bilingual and ESL programs in accordance with the provisions of N.J.A.C. 6A:15-1.10(e)1 through (e)5.

When the review process for exiting a student from a bilingual, ESL, or English language services program has been completed, the student's parent shall be informed by mail of the placement determination. A parent or teaching staff member who disagrees with the proposed placement may appeal the decision in writing to the Superintendent of Schools or designee, who

will provide a written explanation for the decision within seven working days. The complainant may appeal this decision in writing to the Board within seven calendar days of receiving the Superintendent's or designee's written explanation of the decision. The Board will review the appeal and respond in writing to the parent within forty-five calendar days of the Board's receipt of the parent's written appeal to the Board. A complainant not satisfied with the Board's determination of the appeal may appeal to the Commissioner of Education.

Parental Involvement

The parents of ELLs will be notified in accordance with the provisions of N.J.A.C. 6A:15-1.13 that their child has been identified as eligible for enrollment in a bilingual, ESL, or English language services program. Notice shall be in writing and in the language in which the parent(s) possesses a primary speaking ability, and in English. The notice must also include a statement that the parents have the option of declining their child's enrollment in a bilingual program, and shall be given an opportunity to do so if they choose.

The district will notify the parents of ELLs by mail within thirty days of the child's identification.

Parents shall receive progress reports of students enrolled in bilingual, ESL, or English language services programs in the same manner and frequency as progress reports are sent to parents of other students enrolled in the district.

The Superintendent or designee will provide for the maximum practical involvement of parent(s) of ELLs in the development and review of program objectives and dissemination of information to and from the district Boards of Education and communities served by the bilingual, ESL, or English language services education programs. A school district that implements a bilingual education program shall establish a parent advisory committee on bilingual education of which the majority membership will be parents of ELLs.

Graduation

ELLs will qualify for graduation from high school in accordance with N.J.A.C. 6A:8-5.1(a) and Policy 5460.

Program Plan

The Superintendent shall prepare and submit a plan for a bilingual, ESL, or English language services program every three years to the Board and the New Jersey Department of Education for approval in accordance with the provisions of N.J.A.C. 6A:15-1.6.

2431 ATHLETIC COMPETITION

The Board of Education recognizes the value of a program of athletic competition for both boys and girls as an integral part of the total school experience. Game activities and practice sessions provide opportunities to learn the values of competition and good sportsmanship. Programs of athletic competition, both intrascholastic and interscholastic, offer students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that offered by the class or school or school district alone, and an opportunity for career and educational development.

For purpose of this Policy, programs of athletic competition include all activities relating to competitive sports contests, games, events, or sports exhibitions involving individual students or teams of students when such events occur within or between schools within this district or with any schools outside this district. The programs of athletic competition shall include, but are not limited to, high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, and/or intramural athletic programs within a school or among schools in the district and any cheerleading program or activity in the school district.

Eligibility Standards

A student who wishes to participate in a program of athletic competition must submit, on a form provided by the district, the signed consent of his/her parent. The consent of the parent of a student who wishes to participate in a program of athletic competition will include an acknowledgment of the physical hazards that may be encountered in the activity.

Student participation in a program of athletic competition shall be governed by the following eligibility standards:

1. To be eligible for participation in the interscholastic athletic program of a New Jersey State Interscholastic Athletic Association (NJSIAA) member school, all high school students must meet, at a minimum, all the eligibility requirements of the Constitution, Bylaws, and Rules and Regulations of the NJSIAA.

3. A student in any grade who fails to observe school rules for student conduct may forfeit his/her eligibility for participation in school district sponsored programs of athletic competition.

Notice of the school district's eligibility requirements shall be available to students.

Required Examinations – Interscholastic or Intramural Team or Squad

Students enrolled in grades six to twelve must receive a medical examination, in accordance with the provisions of N.J.S.A. 18A:40-41.7, prior to participation on a school-sponsored interscholastic or intramural team or squad and any cheerleading program or activity.

The examination shall be conducted within 365 days prior to the first day of official practice in an athletic season with examinations being conducted at the medical home of the student. The "medical home" is defined as a health care provider and that provider's practice site chosen by the student's parent for the provision of health care. If a student does not have a medical home, the school district shall provide the examination at the school physician's office or other comparably equipped facility. The parent may choose either the school physician or their own private physician to provide this medical examination. The medical examination required prior to participation shall be in accordance with the requirements as outlined in N.J.A.C. 6A:16-2.2(h)1 and Regulation 2431.2 and shall be documented using the Preparticipation Physical Evaluation form required by the Department of Education.

Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent shall prepare and present to the Board for its approval procedures for the emergency treatment of injuries and disabilities that occur in the course of any athletic program or activity. Emergency procedures shall be reviewed not less than once in each school year and shall be disseminated to appropriate staff members.

Interscholastic Standards

The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.

The Superintendent shall annually prepare, approve, and present to the Board for its consideration a program of interscholastic athletics that includes a complete schedule of athletic events and shall inform the Board of changes in that schedule.

2431.3 PRACTICE AND PRE-SEASON HEAT-ACCLIMATION FOR INTERSCHOLASTIC ATHLETICS

The Board of Education adopts this Policy as a measure to protect the safety, health and welfare of students participating in school-sponsored interscholastic athletic programs. The Board believes practice and pre-season heat-acclimation guidelines for student-athletes will minimize injury and enhance the student-athlete's health, performance, and well-being.

For the purposes of this Policy, "practice time," means the time a player engages in physical activity. Warm-up, stretching, conditioning, weight training, and "cool-down" periods shall be calculated in practice time.

For the purposes of this Policy "walk-through" means practice time where no protective equipment or strenuous activity is permitted and only balls and field markers (cones) may be used.

The first five days of the Board approved pre-season practice shall consist of no more than three hours of practice time. This three-hour practice time during the first five days may be divided into multiple sessions, but total practice time shall not exceed three hours. Full protective gear required for any athletic program may only be worn by student-athletes on the third day of practice and thereafter. Activities during the first two days of practice will be limited to those activities where full protective gear is not needed or required. Protective headgear may be worn on the first two days. Full equipment shall not be worn for any practice that is held before the NJSIAA official start of practice date.

A student-athlete shall not be permitted to participate in a scrimmage for any sport until he/she has completed six complete days of practice.

An athletic team may not practice for more than six consecutive days and one twenty-four hour rest period must be included within a seven-day period. After the fifth day of practice, the maximum allotted time per day for practice shall not exceed five hours. The five-hour practice time may be divided into multiple sessions but total practice time in any day shall not exceed five hours. A five-hour practice day may not be followed by a practice day greater than three hours. Therefore, practice days may follow a 3-5-3-5 format. A minimum of a three-hour recovery period shall be provided after any session of greater than two hours in length and a three-hour recovery period should be provided before a walk-through.

The Superintendent of Schools may reduce the practice times in this Policy in the event the weather and/or temperature warrants such action.

School personnel (Athletic Trainer, School Nurse, Coach, etc.) may consult with school/team physician after medical clearance is given from student-athletes physician.

Graduated Return to Competition and Practice Protocol

- A. After written medical clearance is given the student-athlete stating that they are asymptomatic, the student-athlete may begin a graduated individualized return-to-play protocol such as:
1. Step 1: No Activity, complete physical and cognitive rest. The objective of this step is recovery;
 2. Step 2: Light aerobic exercise, which includes walking, swimming, or stationary cycling, keeping the intensity less than 70% maximum percentage heart rate: no resistance training. The objective of this step is increased heart rate;

Temporary Accommodations for Student-Athletes with Sports Related Head Injuries

- A. Consideration of the cognitive effects in returning to the classroom is also an important part of the treatment of sports related concussions and head injuries.
- B. Mental exertion increases the symptoms from concussions and affects recovery.
- C. To recover, cognitive rest is just as important as physical rest. Reading, studying, testing, texting, even watching movies if a student is sensitive to light, can slow down a student's recovery.

2432 SCHOOL SPONSORED PUBLICATIONS

The Board of Education sponsors student publications as important elements of the instructional program. Students are encouraged to develop skills of written and verbal communication and to exercise the right to express their opinions freely and responsibly.

The rights of free speech, and free expression of students in public schools pursuant to the First Amendment, are not automatically coextensive with the rights of adults in other settings and shall be applied in light of the special characteristics of the school environment. The Board of Education reserves the right to exercise prepublication control over school-sponsored publications through administrative staff and faculty. Students shall have the right to appeal the exercise of censorship by school district staff to the Board of Education.

Student expression may be restricted, if it can be determined that such expression is inconsistent with the basic educational mission of the school district and when censorship action is reasonably related to legitimate educational concerns.

For the purposes of this policy, "printed materials" include any written or printed cards, letters, circulars, books, pamphlets, notices, newspapers, and similar materials, but do not include any publication that is sponsored by this Board.

Certain printed materials are not protected by a student's right of free expression because they violate the rights of others. The Board may identify and prohibit the distribution on school premises of printed materials that are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender; libel any person or persons; seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other; advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students; contain obscenity or material otherwise deemed to be harmful to impressionable students; incite violence, advocate the use of force, or urge the violation of law or school regulations; advertise goods or services for the benefit of profit-making organizations; fail to identify the student responsible for distribution and the agent responsible for reproduction; solicit funds for non-school organizations when such solicitations have not been approved by the Board; or promote, favor, or oppose any candidate for election or the adoption of any bond issue, proposal, or questions submitted at any election.

No printed materials may be distributed on school premises that have not been submitted to the Principal for review in advance of their distribution. Where the Principal cannot show, within two school days, why the materials are unprotected, or where unprotected material is so modified as to be no longer unprotected, the printed material may be distributed. Appeal from the determination of the Principal may be made in accordance with Board policy on student grievance.

The Board requires that the distribution of printed material take place only at the places and during the times established by rule in order not to disrupt the orderly operation of the educational program.

Students who violate this policy by expression, publication or distribution of any materials which are biased or prejudiced, vulgar or profane, unsuitable for immature audiences, or which do not meet the school district's high standards of learning and propriety consistent with its educational goals and objectives may be subject to appropriate discipline.

This policy shall be implemented in accordance with regulations to be developed by the Superintendent. The regulations shall:

1. Identify school district staff responsible for student publications;
2. Establish procedures for prepublication review; and
3. Specify procedures for appeal by students to the Board of Education with provisions for prompt decisions to be made at each level.

Electronic Media

All electronic media as well as school-sponsored websites are also subject to this policy and to the same regulatory constraints as are print publications.

2435 NJSIAA RANDOM TESTING FOR INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the use of harmful performance enhancing substances seriously threatens the health, safety, and welfare of student-athletes that participate in interscholastic athletics. This district's secondary school is a member of the New Jersey State Interscholastic Athletic Association (NJSIAA). It is a violation of NJSIAA's sportsmanship rule for any student-athlete to possess, ingest, or otherwise use any substance on NJSIAA's list of banned substances, without written prescription by a fully licensed physician, recognized by the American Medical Association, to treat a specific medical condition. Therefore, NJSIAA, in accordance with Executive Order 72, will test a random selection of student-athletes who have qualified, as individuals or as members of a team, for NJSIAA sanctioned State championship competition.

The list of banned substances, for the purposes of this Policy, shall be prepared and published by NJSIAA. Before participating in interscholastic sports, the student-athlete and their parent or guardian shall consent to random testing in accordance with NJSIAA's Steroid Testing Policy by completing and submitting to the school district NJSIAA's Consent To Random Testing Form. NJSIAA's list of banned substances shall be attached to the consent form and the consent form must be signed each school year. The failure to sign the consent form shall render the student-athlete ineligible to participate in all interscholastic sports until the form is signed. The signed Consent To Random Testing Forms shall be maintained in the Building Principal's office.

Student-athletes will be selected to be tested on a random basis from all athletes participating in championship competition in accordance with NJSIAA procedures. The test will analyze a urine sample. The methodology for taking and handling samples shall be in accordance with current legal standards and tests shall be administered by a certified laboratory designated by NJSIAA. No test shall be considered a positive result unless the approved laboratory reports a positive result and NJSIAA's medical review officer confirms there was no medical reason for the positive result. The sample will be split when taken and shall be available in the event of an appeal. A positive test result may be appealed in accordance with NJSIAA's appeal procedures. Results of all tests shall be considered confidential and shall only be disclosed to the individual, his or her parent(s) or legal guardian(s), and his or her school.

It is NJSIAA's Policy that any person who tests positive in an NJSIAA administered test, or any person who refuses to provide a testing sample when identified, or any person who reports his or her own violation, shall immediately forfeit his or her eligibility to participate in NJSIAA competition for a period of one year from the date of the test. Any such person shall also forfeit any individual honor earned while in violation. No person who tests positive, refuses to provide a sample, or who reports his or own violation shall resume eligibility until he or she has undergone counseling and produced a negative test result. NJSIAA's Policy shall not prevent the school district from disciplining a student for violating the district's substance abuse policies or practices and a violation of a school district's testing program will not be reported to NJSIAA.

NJSIAA's Executive Committee shall annually compile and report the results of the Steroid Testing Policy and determine whether the Policy shall be renewed or discontinued.

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student's name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student's parent(s) or legal guardian(s).

2467 SURROGATE PARENTS AND FOSTER PARENTS

Federal and State laws require the Board ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14-2.2 when:

1. The parent, as defined according to N.J.A.C. 6A:14-1.3, cannot be identified;
2. The parent cannot be located after reasonable efforts;
3. An agency of the State of New Jersey has guardianship of the student and that agency has not taken steps to appoint a surrogate parent for the student;
4. The student is a ward of the State and no State agency has taken steps to appoint a surrogate parent for the student;
5. No parent can be identified for the student in accordance with N.J.A.C. 6A:14-1.3 except a foster parent, the foster parent does not agree to serve as the student's parent, and no State agency has taken steps to appoint a surrogate parent for the student; and
6. The student is an unaccompanied homeless youth and no State agency has taken steps to appoint a surrogate parent for the student.

Qualifications and Selection

The district will make reasonable efforts to appoint a surrogate parent within thirty days of its determination that a surrogate parent is required for a student. If the district fails to appoint a surrogate parent for a ward of the State, a judge may appoint a surrogate parent if the judge determines a surrogate parent is necessary for such student.

The person serving as a surrogate parent shall:

1. Have no interest that conflicts with those of the student he/she represents;
2. Possess knowledge and skills that ensure adequate representation of the student;
3. Not be replaced without cause;

4. Be at least eighteen years of age;

When a student (who is or may be a student with a disability) is in the care of a foster parent, and the foster parent is not the parent of the student as defined in N.J.A.C. 6A:14-1.3, the district where the foster parent resides shall contact the student's case manager at the Division of Child Protection and Permanency (DCP&P) in the Department of Children and Families to determine whether the parent retains the right to make educational decisions and determine the whereabouts of the parent.

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Surrogate Parent Coordinator shall obtain all required consent from and provide written notices to the parent.

If the district cannot ascertain the whereabouts of the parent, the foster parent, unless that person is unwilling to do so, shall serve as the parent pursuant to N.J.A.C. 6A:14-1.3. If there is no foster parent, or if the foster parent is unwilling to serve as the student's parent, the Surrogate Parent Coordinator shall consult with the student's case manager at DCP&P to assist in identifying an individual to serve as a surrogate parent and appoint a surrogate parent and obtain all required consent from, and provide written notices to, the surrogate parent.

Training

4. Providing the surrogate parent an opportunity to confer with the student's case manager to discuss the student; and
5. Other information and resources to provide the surrogate parent the knowledge and skills to ensure adequate representation of the student.

Rights of the Surrogate Parent

2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An “independent educational evaluation” is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district’s evaluation is appropriate, the parent still has the right to an IEE, but not at the school district’s expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:
 - a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and
 - b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.
2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).

Additional criteria for an IEE shall be as follows:

1. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from same:
 - a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. In instances where no applicable certification/license exists, the evaluator must provide the Board with documentation of extensive and recent training and experience related to the assessment of the known or suspected disability;

- b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2. below;
 - c. The independent evaluator must be free from any conflict of interest;
 - d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services;
 - e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the student in the classroom or other educational setting, as applicable; and
 - f. The independent evaluator shall make at least one contact with the student's case manager for the purpose of determining how the student is progressing in his/her current programming.
2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.
- a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board's judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district's maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.

Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district's evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.

2510 ADOPTION OF TEXTBOOKS

The Board of Education believes that textbooks should support and enrich the curriculum and make possible the achievement of the district's instructional goals. The Superintendent shall develop procedures for continual review of new texts being offered and evaluation of those already in use to ensure that the textbooks used in this district are up to date in the factual matter they present and further the district's instructional goals. Textbooks and instructional materials should be judged by additional standards which shall include, but not be limited to:

1. Does the material reflect the district's affirmative action/equity policy, which prohibits the teaching or encouragement of bias based on any categories listed in law or Board policy?
2. Does it help students develop abilities in critical reading and thinking?
3. Does it provide effective basic or advanced education for the students for whom it is intended?

The review process shall:

1. Be conducted by teaching staff members, particularly those teachers who will be using the materials as an integral part of the instructional program;
2. Include a written review of the material which shall reflect the consensus of the teaching staff;
3. Provide an opportunity for public inspection of the recommended text.

The Superintendent shall develop administrative rules outlining a procedure for the selection of instructional materials that meets the above criteria. Instructional materials used within the district should be sufficient in quantity and scope to meet the needs of every student in the district.

The Board, by law, makes the final textbook selection decision. However, prior to final adoption, the recommendations resulting from each review will be given thorough consideration.

Any citizen who objects to the final selections made by the Board should follow the procedures outlined in Board Policy.

2520 INSTRUCTIONAL SUPPLIES

The Board believes that personnel and materials appropriate to the needs of the school program must be available to each student and teacher.

To be in compliance with the requirements of Federal law, the Board of Education directs the Superintendent to distribute curriculum materials and instructional supplies to the schools in such a way that equivalence of such materials is ensured among the schools. Staff assignments shall comply with this directive.

The Board will endeavor to provide the supportive resources and personnel necessary for teachers to implement the approved curriculum in their classrooms and work effectively with children.

The Board expressly exempts from this policy such clothing or personal equipment as may be required by the Board for reasons related to the safety and health of students or the protection of school property and are individualized or non-reusable and any materials used in the construction, manufacture, or preparation of useful or decorative items that students are permitted to retain, except that no student will be denied participation in any course of study or school sponsored activity because of financial inability to bear the cost of such clothing, equipment, or materials.

The Board may require that students provide certain supplies for the conduct of co-curricular activities.

It will be the administration's responsibility to set up and maintain such central services for curriculum materials, including audiovisual materials, as are needed, and appropriate channels through which teachers and students will be supplied with these resources.

In addition, there will be a media resource center and media specialist to offer children instruction and teachers assistance in selecting and using learning resources.

Such materials include reference books, other supplementary titles, maps, library print and non-print materials, and other sources of information for use by students that are not designated as textbooks.

The Superintendent shall be responsible for the selection and maintenance of all resource materials, in accordance with the following standards:

1. Material will be suited to the varied interests, abilities, reading levels, and maturation levels of the students to be served;
2. Wherever possible, materials will provide major opposing views on controversial issues so that students may develop under guidance the practice of critical reading and thinking;
3. Wherever possible, materials will represent the many religious, ethnic, and cultural groups and their contribution to American heritage;
4. Materials will be factually accurate and of genuine literary or artistic value;
5. Materials will be of a quality and durability appropriate to their intended uses and longevity;
6. Materials will relate to, support, and enrich the courses of study adopted by the Board.

The Superintendent will develop regulations for the selection of resource materials that provide for the effective consultation of teaching staff members at all appropriate levels; ensure that the Board's budgetary allotment for resource materials is efficiently spent and wisely distributed throughout the instructional program and the district; and ensure an inventory of resource materials that is well balanced and well rounded in coverage of subject, types of materials, and variety of content.

The Superintendent will evaluate the continuing effectiveness and utility of resource materials and recommend to the Board the removal of those materials that no longer meet the standards set forth in this policy. Any request for the removal of resource materials will be governed by Policy No. 9130 on public complaints.

2531 USE OF COPYRIGHTED MATERIALS

The Board recognizes that Federal law makes it illegal to duplicate copyrighted materials without authorization of the holder of the copyright, except for certain purposes.

Severe penalties may be imposed for unauthorized copying or using of audiovisual or printed materials and computer software, unless the copying or using conforms to the "fair use" doctrine.

Under the "fair use" doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship or research. If duplicating or changing a product is to fall within the bounds of fair use, these five standards must be met for any of the foregoing purposes:

1. The purposes in this section cover any material printed or available electronically that is covered by a copyright.
2. The purpose and character of the use - The use must be for such purposes as teaching or scholarship.
3. The nature of the copyrighted work - Staff may make single copies of: book chapters for use in research; instruction or preparation for teaching; articles from periodicals or newspapers; short stories; essays or poems; and charts, graphs, diagrams, drawings, cartoons or pictures from books, periodicals or newspapers in accordance with these guidelines.
4. The amount and substantiality of the portion used - Copying the whole of a work cannot be considered fair use; copying a small portion may be allowed if adopted procedures are followed.
5. The effect of the use upon the potential market for or value of the copyrighted work - If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials may be an infringement, and making multiple copies presents the danger of greater penalties.

While the district encourages its staff to enrich the learning programs by making proper use of supplementary materials, it is the responsibility of district staff to abide by the district's copying procedures and obey the requirements of the law. In no circumstances shall it be necessary for district staff to violate copyright requirements in order to perform their duties properly. The district cannot be responsible for any violations of the copyright law by its staff.

Any staff member who is uncertain as to whether reproducing or using copyrighted material complies with the district's procedures or is permissible under the law should contact the Superintendent or the person designated as the copyright compliance officer. The latter will also assist staff in obtaining proper authorization to copy or use protected material when such authorization is required.

The Superintendent, copyright compliance officer or designee shall file with Federal Copyright Office, and post the same information on the district's website, his or her designation as the district's agent, in the district's role as an Internet service provider, to receive notifications that claim that users of the district's Internet network have infringed copyright.

District-owned instruments will be available to students, in the order in which requests are made, until the supply is exhausted. If necessary, instruments will be redistributed among schools to satisfy the demand.

Instruments will be loaned only to those students whose parent(s) or legal guardian(s) have agreed in writing to assure the safe return of the instrument and to bear the cost of necessary repairs.

A teacher or other qualified adult must assume primary responsibility for the animal, its nourishment, and its sanitary living conditions. The staff member in charge must make proper arrangements for the animal's care and feeding over weekends, holidays, and school vacation periods.

No experiment that deprives a living animal of nourishment or exposes the animal to harm shall be conducted.

A student in Kindergarten through grade twelve may refuse to dissect, vivisect, incubate, capture, or otherwise harm or destroy animals or any parts thereof as part of a course of instruction. In the event the school program will require any such activities, the school will notify the student and parent(s) or legal guardian(s) at the beginning of each school year of the right to decline participation in such activities. Within two weeks of the receipt of the notice from the school, the parent(s) or legal guardian(s) shall notify the school if the right to decline participation in such activities will be exercised. Any student who chooses to refrain from participation in or observation of such activities shall be offered an alternative education project for the purpose of providing the student with the factual knowledge, information, or experience required by the course of study. A student may refuse to participate in an alternative education project which involves or necessitates any harmful use of an animal or animal part(s). 2622 STUDENT ASSESSMENT

The Commissioner of Education, in accordance with N.J.S.A. 18A:7C-1 et seq. and 18A:7E-2 and 3, may implement assessments of student achievement in any grade(s) and by such assessments as he or she deems appropriate. The Commissioner shall report to the State Board of Education the results of such assessments.

The Commissioner shall implement a system and related schedule of Statewide assessments to evaluate student achievement of the New Jersey Student Learning Standards (NJSLS). The Commissioner, with the approval of the State Board of Education, shall define the scope and level of student performance on Statewide assessments that demonstrate thorough understanding of the knowledge and skills delineated by the NJSLS at grade levels three through twelve. After consultation with the Commissioner, the State Board of Education shall establish by resolution uniform Statewide criteria defining adequate school district progress toward meeting the NJSLS.

State assessments provide parents with important information about their child's progress; detailed diagnostic information about each individual student's performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student's level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

Pursuant to N.J.A.C. 6A:8-4.1(b) and (c), all students at grade levels three through twelve, and at any other grade(s) designated by the Commissioner pursuant to N.J.A.C. 6A:8-4.1(a), shall take all appropriate Statewide assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

Statewide Assessment System

The Superintendent of Schools shall develop and annually present to the Board for its approval an assessment program that complies with the rules of the State Board of Education.

The Board of Education shall, according to a schedule prescribed by the Commissioner, administer the applicable Statewide assessments, including the following major components: the elementary assessment component for grades three through five; the middle school assessment component for grades six through eight; the high school end-of-course PARCC assessments; and the alternative assessment for students with disabilities; and provide notification to each student entering grades three through twelve of the Statewide assessment schedule.

The Department of Education shall implement the middle school component of the Statewide assessment of the NJSLs consisting of the following: continued administration of mathematics and English language arts in grades six, seven, and eight; and of science in grade eight.

The Department of Education shall implement a high school assessment program component of the NJSLs that assesses, at a minimum, English language arts, mathematics, and science with the exception that students may receive a waiver from the Board of Education from taking the high school end-of-course PARCC assessment in ELA 11 due to the student's participation in another English language/literature college placement assessment during the same school year.

The Board shall provide appropriate accommodations or modifications to the Statewide assessment system as specified by the Department of Education for English Language Learners (ELLs) and students with disabilities as defined in N.J.A.C. 6A:14-1.3 or eligible under Section 504 of the Rehabilitation Act as determined by the IEP or 504 Team in accordance with N.J.A.C. 6A:8-4.1(d)1. The Board may administer the Statewide assessments in mathematics to ELLs in their native language, when available, and/or English. The Board of Education shall have the option for a first-year ELL of substituting a Department of Education-approved language proficiency test only for the English language arts section of the elementary or middle school component of the Statewide assessment, when the student has entered the United States after July 1 of the calendar year prior to the test administration.

The Board of Education shall ensure students with disabilities as defined in N.J.A.C. 6A:14-1.3 participate in Statewide assessments in accordance with N.J.A.C. 6A:14-4.10.

At specific times prescribed by the Commissioner of Education, the Board of Education shall administer the alternative assessment for students with disabilities to students with severe disabilities who cannot participate in other assessments due to the severity of their disabilities. The Department of Education shall implement the alternative assessment for students with

disabilities according to the schedules in N.J.A.C. 6A:8-4.1(c)1, 2, and 3. The alternative assessment for students with disabilities measures the progress of students who have been determined eligible for the alternative assessment for students with disabilities by the IEP team in accordance with N.J.A.C. 6A:14-4.10.

The Boards of Education shall implement alternative ways for students to demonstrate graduation proficiency in accordance with N.J.A.C. 6A:8-5.1(f).

2631 NEW JERSEY QUALITY SINGLE ACCOUNTABILITY CONTINUUM
(QSAC)

The Board of Education and Superintendent of Schools will work with the New Jersey Department of Education to comply with the requirements of the New Jersey Quality Single Accountability Continuum (QSAC) system in accordance with the provisions of N.J.A.C. 6A:30-1.1 et seq. QSAC is the New Jersey Department of Education monitoring and evaluating system for public school districts. Public school districts in New Jersey are evaluated in five key component areas of school effectiveness – instruction and program, personnel, fiscal management, operations, and governance – to determine the extent to which the school district is providing a thorough and efficient education.

Weighted quality performance indicators established by the Department of Education shall be used by the Commissioner of Education to assess school district performance and capacity during the comprehensive reviews pursuant to N.J.A.C. 6A:30-3.1 through 3.4, the in-depth evaluation pursuant to N.J.A.C. 6A:30-5.3, and monitoring of an approved QSAC district improvement plan pursuant to N.J.A.C. 6A:30-5.6. The weighted quality performance indicators shall also be used by the Commissioner in determining whether to initiate intervention activities pursuant to N.J.A.C. 6A:30-6.2, withdrawal from intervention pursuant to N.J.A.C. 6A:30-7.1, and initial placement of Level II, Level III, and State-Operated School Districts on the performance continuum pursuant to N.J.A.C. 6A:30-8.3.

The Commissioner shall conduct a comprehensive review of each public school district every three years. In the intervening years, the Commissioner shall assess the school district's performance to determine whether conditions exist in the school district that significantly and negatively impact the educational program or operations of the school district.

The Superintendent shall be responsible for completing the District Performance Review in accordance with the requirements as outlined in N.J.A.C. 6A:30-3.2. The District Performance Review and a Statement of Assurance prepared in accordance with N.J.A.C. 6A:30-3.2(e) shall be approved by the Board of Education by resolution and submitted to the Executive County Superintendent of Schools in accordance with the provisions of N.J.A.C. 6A:30-3.2(f) and (g). The district's District Performance Review and the Statement of Assurance will be reviewed and evaluated in accordance with the requirements of N.J.A.C. 6A:30-3.3. The Commissioner shall issue a final determination of the school district's performance and initial placement on the performance continuum in accordance with N.J.A.C. 6A:30-4.1.

The district will be required to commence improvement activities as set forth in N.J.A.C. 6A:30-5.3 through 5.7 in the event it satisfies less than eighty percent of the weighted quality performance indicators in one or more key components of school district effectiveness. Where appropriate, pursuant to the factors as outlined in N.J.A.C. 6A:30-6.2, the Commissioner may seek forms of partial or full intervention in a school district as outlined in N.J.A.C. 6A:30-6.1 et seq. Withdrawal from partial or full State intervention shall be in accordance with the provisions of N.J.A.C. 6A:30-7 et seq.

No provision of N.J.A.C. 6A:30 – Evaluation of the Performance of School Districts, shall limit the ability of the Department to monitor public school districts’ practices by, among other things, conducting on-site visits to observe instructional practices and school facilities or take other such action as in the judgment of the Commissioner or his/her designee that may be warranted to ensure the satisfaction of any statutory or constitutional obligation.

3111 CREATING POSITIONS

The Board of Education recognizes its authority to create and fill teaching staff member positions to implement a thorough and efficient system of free public schools.

The Board shall, upon the Superintendent's recommendation, create new positions as required and approve job titles and job descriptions. The job description shall outline the background experiences and personal qualities, if any, to be required of candidates or preferred among applicants for a particular position.

The Superintendent shall recommend to the Board such new positions or additions to existing employment categories as may be required by the specific instructional needs of students of the district and each school within the district.

In accordance with the provisions of N.J.A.C. 6A:9B-5.5, titles assigned to teaching staff members shall be recognized by the New Jersey Department of Education. The Department of Education shall maintain and make available a list of approved job titles with corresponding authorized certificates. In the event the Board desires to use an unrecognized title, or if a previously established unrecognized title exists, the Board, prior to appointing a candidate, shall submit to the Executive County Superintendent a written request, including a detailed job description, for permission to use the proposed title. The Executive County Superintendent shall exercise discretion regarding approval of the request and shall determine the appropriate certification and title for the position.

The Executive County Superintendent shall review annually all previously approved unrecognized position titles and shall determine whether the titles will be continued for the next school year. Decisions rendered by the Executive County Superintendent regarding titles and certificates for unrecognized positions shall be binding upon future seniority determinations on a case-by-case basis.

3112 ABOLISHING POSITIONS

The Board of Education will provide the professional staff necessary for the economical and efficient implementation of the educational program of the district. The Board reserves the right to abolish positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of students, or other good cause so warrant. The Superintendent shall continually review the efficiency and effectiveness of the district organization and recommend to the Board the abolishment of positions and the reallocation of duties and positions.

3125 EMPLOYMENT OF TEACHING STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that teaching staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every teaching staff member employed by this district.

No teaching staff member shall be employed unless he/she is a holder of a valid certificate in accordance with the New Jersey Department of Education and applicable statutes and administrative codes. The Superintendent shall require proof of any candidate's certification or pending application for certification.

The Board will employ substitutes for absent teachers in order to ensure continuity in the instructional program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent teaching staff member.

In accordance with the provisions of N.J.S.A. 18A:16-1.1, the Board of Education will provide written notice to a teaching staff member, other than a per diem substitute, of his/her designation as a replacement when the teaching staff member has been designated or appointed by the Board to act in place of any officer or employee during an absence, disability, or disqualification of any such officer or employee subject to the provisions of N.J.S.A. 18A:17-13. Per diem substitutes shall also be informed in their notice of approval that their employment is as a replacement staff member.

The Board may use a private contractor to secure a substitute teacher in accordance with N.J.A.C. 6A:9B-7.1(f).

The Board shall approve the employment, fix the compensation, and set the term of employment for each person employed in a summer school program. The Board will employ only those candidates recommended by the Superintendent. Service as a summer school teacher will not count toward the accrual of tenure or seniority.

The Superintendent shall recommend to the Board the employment of qualified coaches for the district's interscholastic and/or intramural athletic programs. The Board will employ as athletic coaches only those persons who have experience in and knowledge of the specific sport, are properly certified, and possess the personal characteristics that qualify them to serve as role models to students.

In accordance with the provisions of N.J.A.C. 6A:9B-5.16(a), any teaching staff member in the employ of the Board of Education shall be permitted to organize public school students for purposes of coaching or for conducting games, events, or contests in physical education or athletics. The Superintendent may recommend to the Board the employment of a qualified candidate for an interscholastic athletic coaching position who is a holder of either a New Jersey teaching certificate or a substitute credential, pursuant to N.J.A.C. 6A:9B-5.16(b), to work in the interscholastic athletic program provided the position has been advertised. The twenty day limitation noted in N.J.A.C. 6A:9B-7.4(a) shall not apply to coaching situations.

An athletic coach employed by this district who is not a regular employee of this district shall be employed only for the duration of the specific sport season. He/She shall be paid the stipend and no out-of-district athletic coach shall be eligible for tenure or for employment benefits.

An athletic trainer shall possess an educational services certificate issued by the State Board of Examiners pursuant to N.J.S.A. 18A:26-2.4 and 18A:26-2.5.

The Board of Education shall not employ for pay or contract for the paid services of any teaching staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A teaching staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

An individual against whom tenure charges are certified shall file a written response to the charges in accordance with the provisions of N.J.A.C. 6A:3-5.3 et seq. Any withdrawal, settlement, or mooted of tenure charges shall be in accordance with the provisions of N.J.A.C. 6A:3-5.6.

3144.12 CERTIFICATION OF TENURE CHARGES - INEFFICIENCY

In accordance with the provisions of N.J.S.A. 18A:6-17.3 and notwithstanding the provisions of N.J.S.A. 18A:6-11 or any other section of law to the contrary, in the case of a teacher, Principal, Assistant Principal, and Vice Principal, the Superintendent shall promptly file with the Secretary of the Board of Education a charge of inefficiency whenever the employee is rated ineffective or partially effective in an annual summative evaluation and the following year is rated ineffective in the annual summative evaluation.

If the teacher, Principal, Assistant Principal, or Vice Principal is rated partially effective in two consecutive annual summative evaluations or is rated ineffective in an annual summative evaluation and the following year is rated partially effective in the annual summative evaluation, the Superintendent shall promptly file with the Secretary of the Board of Education a charge of inefficiency, except that the Superintendent upon a written finding of exceptional circumstances may defer the filing of tenure charges until after the next annual summative evaluation. If the employee is not rated effective or highly effective on this next annual summative evaluation, the Superintendent shall promptly file a charge of inefficiency.

Within thirty days of the filing, the Board of Education shall forward a written charge to the Commissioner of Education, unless the Board of Education determines the evaluation process has not been followed.

Notwithstanding the provisions of N.J.S.A. 18A:6-16 or any other section of law to the contrary, upon receipt of a charge pursuant to N.J.S.A. 18A:6-17.3.a, and this Policy, the Commissioner of Education shall examine the charge. The individual against whom the charges are filed shall have ten days to submit a written response to the charges to the Commissioner of Education. The Commissioner of Education shall, within five days immediately following the period provided for a written response to the charges, refer the case to an arbitrator and appoint an arbitrator to hear the case, unless the Commissioner determines the evaluation process has not been followed.

The only evaluations which may be used for purposes of N.J.S.A. 18A:6-17.3 are those evaluations conducted in accordance with a rubric adopted by the Board of Education and approved by the Commissioner of Education pursuant to P.L.2012, c.26 – N.J.S.A. 18A:6-117 et seq.

3144.3 SUSPENSION UPON CERTIFICATION OF TENURE CHARGE

Upon certification of any tenure charge to the Commissioner of Education, the Board of Education may suspend the person against whom such charge is made, with or without pay. However, if the determination of the tenure charge by the arbitrator is not made within one hundred twenty calendar days after certification of the tenure charges, excluding all delays which are granted at the request of such person, then the full salary (except for said one hundred and twenty days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made.

Should the tenure charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. Should the tenure charge be dismissed at any stage of the process and the suspension be continued during an appeal, then the full pay or salary of such person shall continue until the determination of the appeal. However, the Board of Education shall deduct from said full pay or salary any sums received by such employee or officers by way of pay or salary from any substituted employment assumed during such period of suspension.

Should the charge be sustained on the original hearing or an appeal, and should such person appeal from the same, then the suspension may be continued unless and until such determination is reversed, in which event the employee or officer shall be reinstated immediately with full pay from the date of such suspension.

3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

3150 DISCIPLINE

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; a date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

3151 ASSESSMENT OF PAY

The Board of Education believes that the instructional program cannot commence and students cannot be taught at prescribed times without the punctual and reliable attendance of teaching staff members. The proper performance of a teaching staff member's professional duties relies in part on the punctual commencement and proper completion of all assigned services.

The Superintendent shall assess the following penalties when a teaching staff member fails to render or only partially renders services for which the Board has contracted:

1. Any unexcused absence during the working day will result in a wage deduction equal to the ratio of the periods missed to the total periods scheduled, times one-two-hundredths of the employee's annual salary.

The Superintendent shall determine whether a teaching staff member's tardiness or absence is excused or unexcused. A record of instances of tardiness and absences will be maintained in each teaching staff member's personnel file.

3152 WITHHOLDING AN INCREMENT

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide he/she would have achieved had the increment or increments not been withheld.

REPORTING RESPONSIBILITIES

All certificate holders shall report their arrest or indictment for any crime or offense to the Superintendent of Schools within fourteen calendar days of the arrest or indictment in accordance with the provisions of N.J.A.C. 6A:9B-4.3. For purposes of this policy, “certificate holders” shall include all individuals who hold certificates, credentials, certificates of eligibility (CEs), and certificates of eligibility with advance standing (CEASs) issued by the State Board of Examiners. The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the certificate holder. Failure to comply with these reporting requirements may be deemed “just cause” for revocation or suspension of certification pursuant to N.J.A.C. 6A:9B-4.4. The school district shall make these reporting requirements known to all new employees upon initial employment and to all employees on an annual basis.

The Superintendent of Schools shall notify the New Jersey State Board of Examiners when:

Teaching Staff Member/School District Reporting Responsibilities

In the event the New Jersey State Board of Examiners issues an order to show cause based on the information that the school district provided about the certificate holder, it shall be the responsibility of the school district to cooperate with the Board of Examiners in any proceeding arising from the order to show cause.

This notification requirement shall not apply in instances where the employee's contract is not renewed. The Superintendent of Schools will comply with the additional notice requirements to the New Jersey State Board of Examiners in the event it is subsequently determined by disciplinary grievance arbitration, a court, or an administrative tribunal of competent jurisdiction that the basis for the dismissal did not constitute misconduct in office. In addition, whenever the Superintendent of Schools notifies the New Jersey State Board of Examiners of an employee's dismissal for reasons of misconduct in accordance with the provisions of N.J.S.A. 18A:16-1.3, the employee shall receive a simultaneous copy of the notifying correspondence.

The Board of Education requires each candidate for employment who receives a conditional offer of employment to undergo a physical examination(s) to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA).

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include, but not limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

A Mantoux tuberculosis test shall be given to all student teachers, school bus drivers on contract with the district, and contractors or volunteers who have contact with students.

All staff members' medical and health records, including computerized records, will be secured, stored, and maintained separately from other personnel files. The information contained in medical records will be kept confidential. Only the staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual employee. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5. 3161 EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any teaching staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any teaching staff member whose physical or mental conditions so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within three working days of the receipt of the notice.

A teaching staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The teaching staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the teaching staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a teaching staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the teaching staff member.

If the teaching staff member's request is denied, or if the teaching staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the teaching staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association.

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I -- Commitment to the Student

The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator--

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.
2. Shall not unreasonably deny the student access to varying points of view.
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.

5. Shall not intentionally expose the student to embarrassment or disparagement.
6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social or cultural background, or sexual orientation, unfairly--
 - a. Exclude any student from participation in any program
 - b. Deny benefits to any student
 - c. Grant any advantage to any student
7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

Principle II -- Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator--

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent his/her professional qualifications.
3. Shall not assist entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.

4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.
5. Shall not assist a non educator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.
7. Shall not knowingly make false or malicious statements about a colleague.
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

3211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

The Board of Education recognizes teaching staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a teaching staff member serves as a paid consultant, the teaching staff member is not permitted to use normal work hours for any paid consulting activities. The teaching staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The teaching staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted:

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

N.J.S.A. 18A:27-4; 18A:28-5; 18A:30-1 et seq.

Adopted:

3214 CONFLICT OF INTEREST

No staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the staff member's duties.

No staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board encourages that staff members instruct their students to express their appreciation by means other than gifts.

Staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual staff member when special circumstances warrant.

N.J.S.A. 18A:6-8; 18A:11-1

Adopted:

3216 DRESS AND GROOMING

The Board of Education expects staff conduct to be that of appropriate role models for students.

The Board expects all staff members to be neatly groomed and dressed in clothing suitable for the subject of instruction, the work being performed, or the occasion.

The personal life of an employee is not an appropriate concern of the Board except as it may directly prevent the employee from performing his/her properly assigned functions during the work day or affect his/her professional relationship with students.

The Board retains the authority to specify the following dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process. All staff members shall, when assigned to district duty:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

If a staff member feels that an exception to this policy would enable him/her to carry out assigned duties more effectively, a request shall be made to the Superintendent.

N.J.S.A. 18A:27-4

Adopted:

3217 USE OF CORPORAL PUNISHMENT

The Board of Education cannot condone an employee's resort to force or fear in the treatment of students, even those students whose conduct appears to be open defiance of authority. Each student is protected by law from bodily harm and from offensive bodily touching.

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law, but may remove students from the classroom or school by the lawful procedures established for the suspension and expulsion of students.

A teaching staff member who:

1. Uses force or fear to discipline a student except as such force or fear may be necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of a student, to act in self-defense, or to protect persons or property;
2. Touches a student in an offensive way even though no physical harm is intended;
3. Permits students to harm one another by fighting; or
4. Punishes students by means that are cruel or unusual;

will be subject to discipline by this Board and may be dismissed.

N.J.S.A. 18A:6-1; 18A:37-1

Adopted:

3218 SUBSTANCE ABUSE

The Board of Education recognizes a teaching staff member who reports to work under the influence of drugs or alcohol poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any teaching staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district. A teaching staff member is prohibited from possession, use, distribution, or being under the influence of any substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities.

For the purposes of this Policy, “substance” or “substances” means alcoholic beverages, any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4, and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any teaching staff member who reports to work or attends a school-sponsored function where the teaching staff member has assigned job responsibilities under the influence of or in possession of any substance will be subject to appropriate discipline, which may include termination of a non-tenured teaching staff member or the filing of tenure charges for a tenured teaching staff member in accordance with law.

A teaching staff member shall be required to submit to an immediate medical examination to include a substance test if the Principal or designee has reasonable suspicion to believe a teaching staff member is under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities. Refusal of a teaching staff member to consent to the medical examination and substance test will be determined to be a positive result.

In the event a teaching staff member’s medical examination and substance test results are negative for a substance, any documents or records pertaining to the requirement for the examination and test and results will not be maintained by the school district. Any required examination and testing shall be paid for by the Board. The teaching staff member will be afforded the opportunity to have any test results confirmed using acceptable test confirmation practices. 3230 OUTSIDE ACTIVITIES

The Board of Education recognizes that teaching staff members enjoy a private life outside their job responsibilities in the school district. The Board believes the role of the teaching profession is such that teachers exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the teaching staff member's job responsibilities interfere with their professional performance and the discharge of the member's responsibilities to the students of this district.

All teaching staff members are advised to be governed in the conduct of personal activities by the following guidelines:

1. Teaching staff members shall not devote time during their work day to an outside private enterprise, business, or business organization. They shall not solicit or accept customers for a private enterprise, business, and/or business organization on school grounds during their work day without the express permission of the Superintendent;
2. The Board does not endorse, support, or assume liability in any way for any staff member of this district who takes students on trips not approved by the Board or Superintendent, and shall not be liable for the welfare of students who travel on such trips. Any staff member who takes students of this district on a trip not approved by the Board or Superintendent shall clearly and concisely inform the parent(s) of any student solicited and/or attending such a trip that the trip is not endorsed, supported, approved, or authorized by the Board of Education. A staff member shall not solicit students on school grounds for trips not approved by the Board or Superintendent;
3. The Board does not endorse, support, or assume liability in any way for any teaching staff member of this district who conducts a private activity in which students or employees of this district participate;
4. Teaching staff members shall not send campaign literature home with students, or request, direct, or have students distribute campaign literature on behalf of any candidate for local, State, or national office or for any bond issue, proposal, or any public question submitted at any general, municipal, or school election. No student shall be requested or directed by any teaching staff member to engage in any activity which tends to promote, favor, or oppose any such candidacy, bond issue, proposal, or public question;

3231 OUTSIDE EMPLOYMENT AS ATHLETIC COACH

The Board of Education will permit, in accordance with this Policy, staff members of this school district to serve as an athletic coach in another school district providing the responsibilities in the other district do not interfere with the performance of the staff member's professional responsibilities in this district.

A staff member who wishes to accept employment as an athletic coach in another school district must request and receive permission to do so from the Superintendent of this district if the staff member may need to request any special accommodation(s) from this school district to fulfill their coaching responsibilities in another school district. A special accommodation may be consideration for a requested duty assignment(s), a temporary work schedule adjustment and/or other considerations. A special accommodation will not be considered if it would violate any provisions of any collective bargaining agreement within the district. 3232 TUTORING SERVICES

The Board recognizes that the discharge of its responsibility to provide a thorough and efficient system of education for each child in the district may require special help or additional instruction for some students beyond the regular classroom program. Tutorial instruction shall be interpreted to mean individualized instruction additional to, and in support of, regular classroom instruction.

Wherever possible within the working day, each teaching staff member shall assist assigned students in the remediation of individual learning difficulties. Teachers shall also provide assistance and extra help instruction after school hours when requested by the student or parent.

In certain cases where extra help or supplemental instruction is desired and the parents request such assistance, a teacher or administrator may recommend that the parents secure private services for the student.

To avoid placing any teacher in a position where he/she may have a conflict of interest, teachers shall not tutor or provide supplemental instruction for a fee to students enrolled in their classes or upon whose evaluation or assignment they may be called upon to pass. Nor shall any employee of the Board make a commitment to perform services for extra pay when he/she has been instrumental in recommending the need for those services.

In the event that a teacher has a private instructional arrangement with a student before the student is enrolled in the teacher's class, the teacher shall immediately notify the school Principal. Continuation of the private arrangement shall be at the discretion of the Principal.

Teachers shall not privately tutor any student for pay during regular working hours or on school premises.

3233 POLITICAL ACTIVITIES

The Board of Education recognizes and encourages the right of all citizens, including teaching staff members, to engage in political activity. The Board prohibits the use of school premises and school time, however, for partisan political purposes.

The following guidelines are adopted by the Board to help clarify and therefore avoid situations in which the employee's expression could conflict with the district's interests. In situations in which the teacher is not engaged in the performance of professional duties he/she should:

1. State clearly that his/her expression represents personal views and not necessarily those of the school district.
2. Not direct his/her expression toward any individual(s) with whom he/she would normally be in daily contact in the performance of duties, in order to avoid the disruption of cooperative relationships.
3. Refrain from expressions that would disrupt harmony among co-workers or interfere with the maintenance of discipline by school officials.
4. Not make abusive or personally defamatory comments about co-workers, administrators or officials of the district.
5. Refrain from making public expressions which he/she knows to be false or are made without regard for truth or accuracy.
6. Not make threats against co-workers, supervisors or district officials.

Violations of these guidelines may result in disciplinary action up to and including dismissal.

A certificated staff member employed by this district who is a member of the Senate or General Assembly of the State of New Jersey shall be entitled to time off from school district duties, without loss of pay, during the periods of his/her attendance at regular or special sessions of the legislature and hearings or meetings of any legislative committee or commission.

A certificated staff member employed by this district who is a member of the Board of Chosen Freeholders of any county of New Jersey shall be entitled to time off from his/her duties, without pay, during the periods of his/her attendance at regular or special meetings of the Board and of any committee thereof and at such other times as he/she shall be engaged in performing the necessary functions and duties of his/her office as a member of the Board.

3281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

Inappropriate Staff Conduct

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Building Principal will investigate all reports with a final report to the Superintendent of Schools. The Building Principal or the Superintendent may, at any time after receiving a report, take such appropriate action as necessary and as provided for in the law. This may include, but is not limited to, notifying law enforcement, notifying the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1, and/or any other measure provided for in the law.

This Policy will be distributed to all school staff and provided to staff members at any time upon request.

3282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence; and
6. Shall not use social networking sites which would be detrimental to the mission and function of the district.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING
STAFF MEMBERS AND STUDENTS

"Electronic communications," for the purpose of this policy, means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular phone, computer, computer network, personal data assistant, or pager. Electronic communications include, but are not limited to, e-mails, instant messages, and communications made by means of an Internet website, including social media and social networking websites. The Superintendent and/or Principals will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the on-line, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process.

The annual orientation and reminder will give special emphasis to improper fraternization with students using electronic communications:

1. School employees may not list current students as "friends" on networking sites without written approval of the school Principal;
2. When possible, electronic contacts with students should be through the district's computer and telephone systems;
3. All electronic contacts by coaches and extracurricular advisors with team members and members of extracurricular activities shall, as a general rule, be sent to all team members and activity participants;
4. Electronic communications that are inappropriate and therefore prohibited include but are not limited to:
 - a. Items with sexual content;
 - b. Items exhibiting or advocating use of drugs, alcohol or other illegal activities;
 - c. Any content that significantly affects the employee's ability to perform his/her job or disrupts the educational environment;
 - d. Any content that would violate district policies and procedures.

6. Staff shall have no expectation of privacy when using district technology, the district network and/or public social media venues;
7. The district shall monitor for improper staff electronic communications on district computers, other school issued technology, and the district computer network;
8. Staff shall be informed of the consequences that may result from inappropriate electronic communications up to and including dismissal from employment.

The Superintendent or designees may periodically conduct Internet searches to see if staff members have posted inappropriate materials online. When inappropriate use of computers and Internet websites is discovered, the school Principals and Superintendent will seek to preserve the problematic or offensive material and will seek to maintain storage and chain of custody of the evidence.

Cell Phones

As a general rule, school staff shall not contact students' cell phones unless directed to do so by the parent or student. 2. Scheduling appointments for school related conferences and/or extra help;
3. Clarifying classroom expectations and/or assignments;
4. Notifications related to classroom, club or sports schedules, events, trips, assignments, and deadlines.

Cell phone contact with students shall be as brief and direct as possible. When brief contact is not sufficient and/or feasible to resolve the matter, where appropriate, teachers shall schedule face-to-face conferences during regular classroom and extra-help periods to confer with the student.

Text Messages

Any text messages by staff members, coaches and volunteers shall, as a general rule, be sent to the entire class, team, club or organization and not to any student individually. Exceptions may include situations involving confidential medical issues, emergencies or individual issues not involving the entire group. Staff shall not send messages containing material that:

1. Personnel shall not reveal district issued passwords to others. If a staff member believes that a password has been lost or stolen, or that email has been accessed by someone without authorization, he/she must contact the Director of Technology or the Principal;
2. Email shall be retained for the period of time specified by the Destruction of Public Records Law and Board Policy 8310 Public Records (retained three years for external correspondence and one year for internal correspondence);
3. Federal copyright laws shall be observed;

4. Staff shall not send messages that contain material that:
 - a. May be perceived as profane, obscene, racist, sexist or promote illicit, illegal or unethical activity;
 - b. Violates the district's affirmative action policies;
 - c. Is personal in nature and not related to the business of the district;

6. Employees learning of any misuse of the email systems shall notify the Director of Technology, Principal, or Superintendent immediately.
7. IT department members may review files and communications to maintain system integrity and insure that users are using the system responsibly. Any type of information stored on district electronic devices becomes the property of the Rutherford School District, and as such the Rutherford School District can periodically review and monitor all files and data stored on district electronic devices. The Rutherford School District can edit or remove any material, which the system administrators, in their sole discretion, believe to be inappropriate. Access to and review of such files is not limited to probable cause. Privacy is neither implied nor granted, nor should it be expected.

Online Education

An online classroom is still a classroom. Though courses and/or assigned programs of home instruction may be online, appropriate classroom behavior is still mandatory. Respect for the participants is essential for learning and student achievement.

Electronic Communications Between Teaching Staff
Members and Students

Staff communications with students during online education will be limited to legitimate school business as set forth under cell phones, text messages and electronic communication, above. Professional standards and etiquette shall be observed at all times.

Adopted:

3310 ACADEMIC FREEDOM

The curriculum adopted by the Board of Education is designed to address the educational goals established for this school district and to meet the needs of students. The course guides prepared for each course of study describe the material to be covered in each course and, in general, the approach to be employed by the teaching staff member responsible for the course.

The Board recognizes that some deviation from the course guide is necessary to the free exchange of ideas within the classroom. Exposure to a wide range of ideas encourages the spirit of inquiry that is essential to the learning process; the thorough examination of those ideas aids students in developing powers of reasoning and in acquiring habits of academic discipline.

The Board directs that the discussion of any issue not specifically covered by the course guide be conducted in an unprejudiced and dispassionate manner. The Board will not condone classroom discussion that is unrelated to the educational goals of this district or to the subject of the course of study, disrupts the educational process, does not match the maturity level of the students, neglects to inform students of various responsible points of view on the subject under discussion, or fails to take into account the sensibilities of the community.

Adopted:

3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND RESOURCES BY TEACHING STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow teaching staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by teaching staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes.

The Board also recognizes that telecommunications will allow teaching staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. The Board retains the right to restrict or terminate teaching staff member's access to the computer network(s)/computers at any time, for any reason. Any individual engaging in the following actions declared unethical, unacceptable or illegal when using computer network(s)/computers shall be subject to discipline or legal action:

Illegal activities are defined as activities which violate Federal, State, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the network(s). Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
2. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

Acceptable Use of Computer Network(s)/Computers and
Resources by Teaching Staff Members

Individuals violating this policy shall be subject to appropriate disciplinary actions as defined by Policy No. 3150, Discipline which includes but are not limited to:

1. Use of the network(s)/computers only under direct supervision;
2. Suspension of network privileges;
3. Revocation of network privileges;
4. Suspension of computer privileges;

Acceptable Use of Computer Network(s)/Computers and
Resources by Teaching Staff Members

5. Revocation of computer privileges;

3322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/
OTHER COMMUNICATION DEVICES

The Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or break periods and is made outside the presence of students.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

An electronic communication by a teaching staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the teaching staff member is performing assigned school district responsibilities.

The Board of Education is not responsible if a teaching staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted:

3324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

Adopted:

3362 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the United States Equal Employment Opportunity Commission or the New Jersey Division of Civil Rights. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation No. 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees and agents of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

29 C.F.R. 1604.11

Adopted:

3370 TEACHING STAFF MEMBER TENURE

The Board of Education recognizes that the benefit of tenure is conferred by law on teaching staff members who have completed the requisite period of probationary service in this school district. The Board also recognizes that certain service does not qualify the teaching staff member who performs that service for the grant of tenure.

Tenure in any administrative or supervisory position as listed in N.J.S.A. 18A:28-5 shall accrue only by employment in that administrative or supervisory position. Tenure so accrued will not extend to any other administrative or supervisory position and nothing shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.A. 18A:28-6.

The Board specifically directs that service in the following positions will not accrue toward the tenure status and will be performed only under contract renewable at the discretion of the Board:

1. Substitute teacher acting in the absence of another employee;
2. Summer school teacher;
3. Co-curricular advisor;
4. Athletic coach; and
5. Department chairperson other than a supervisor.

Nothing in this policy will be deemed to confer tenure on any employee who serves in a position not listed above and for whom tenure is not provided by law.

provided that the period of employment in such new position shall be included in determining the tenure and seniority rights in the former position held by such teaching staff member, and in the event the employment in such new position is terminated before tenure is obtained therein, if he/she then has tenure in the district or under the Board of Education, such teaching staff member shall be returned to his/her former position at the salary which he/she would have received had the transfer or promotion not occurred together with any increase to which he/she would have been entitled during the period of such transfer or promotion. In order to receive tenure pursuant to N.J.S.A. 18A:28-6.b, a teacher, Principal, Assistant Principal, and Vice Principal shall be evaluated as effective or highly effective in two annual summative evaluations within the first three years of employment in the new position. For purposes of N.J.S.A. 18A:28-6.b, "effective" or "highly effective" means the employee has received an annual summative evaluation rating of "effective" or "highly effective" based on the performance standards for his/her position established through the evaluation rubric adopted by the Board of Education and approved by the New Jersey Commissioner of Education.

3381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;
2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

Any employee who qualifies for work related disability pay under this policy will be entitled to receive full pay during the period he/she is on disability leave of absence, for up to twelve consecutive months.

3425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – TEACHING STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

3431 UNCOMPENSATED LEAVE

All leaves of absence, except as otherwise herein provided, shall be without pay. Except as otherwise required by law, no benefits will be provided during a leave of absence.

Employees may be required to provide a physician's certificate, where appropriate, in support of a request for a leave of absence. If an employee wishes to return to work early from a leave of absence, the Board will consider whether an early return would result in an undue hardship (e.g. if the employment of a temporary employee must be continued). Where the early return will not result in undue hardship, the employee will be allowed to return to work early.

Whenever any leave of absence is requested for a condition or disability which has been voluntarily incurred or self-imposed, except disability leave due to pregnancy, such leave of absence, if approved, shall not be chargeable to sick leave. Neither shall the Board of Education be required to make any payments on account of condition or disability unless payments are payable under the provisions of any policy or policies of insurance in effect, in which event, the provisions of such policy or policies shall govern.

Leaves of absence will not be granted for the purpose of moving to be with a spouse who has relocated.

Employees are entitled to family leave pursuant to the State Family Leave Act, N.J.S.A. 34:11-B-1 et seq., and the Federal Family and Medical Leave Act, 29 U.S.C. 2601 et seq.

An employee shall be eligible for State family leave once he or she has worked for at least twelve months, for at least 1,000 hours. An employee shall be eligible for Federal leave after he or she has worked for at least twelve months, for at least 1,250 hours.

An eligible employee is entitled to leave pursuant to the Federal Act for the birth or adoption of a child, the serious health condition of a family member or the employee's own serious health condition.

An employee who takes leave pursuant to the State Act is entitled to twelve weeks of leave in a twenty-four month period. An employee who takes leave pursuant to the Federal Act is entitled to twelve weeks of leave in a twelve month period. The leave pursuant to both Acts shall be without pay, but, health benefits, if any, shall be continued.

Child Rearing Leave

Employees shall have the right to apply for child rearing leave beyond that to which they are statutorily entitled. In cases where both husband and wife are teachers in the district, only one of said persons shall be entitled to such leave.

Applications for child rearing leave shall be filed at least three months before the anticipated birth of the child. The dates for the commencement and termination of child rearing leaves shall in all cases be subject to and based upon a finding and determination by the Board that such leaves will not substantially interfere with the administration of the school or with the education of pupils. Where a child rearing leave is requested the teacher requesting such leave shall not be permitted to return to the school system following such leave during the last month of the school year.

3431.3 NEW JERSEY'S FAMILY LEAVE INSURANCE PROGRAM

Board of Education employees are eligible to apply for benefits under New Jersey's Family Leave Insurance Program administered by the State of New Jersey – Department of Labor and Workforce Development. New Jersey's Family Leave Insurance Program (NJFLI) may provide up to six weeks of family leave insurance benefits payable to covered employees from either the New Jersey State Plan or an approved employer-provided private plan.

A benefit provided through the NJFLI will be for the employee to bond with a child during the first twelve months after the child's birth, if the covered individual or the domestic partner or civil union partner of the covered individual is a biological parent of the child, or the first twelve months after the placement of the child for adoption with the covered individual. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI must provide the Superintendent of Schools written notice thirty calendar days prior to beginning the leave. Failure to provide this thirty-day notice may result in a reduction in the employee's maximum family leave insurance benefits. Intermittent leave to bond with a newborn or newly adopted child must be agreed to by the Superintendent of Schools and the employee and, if agreed to, must be taken in periods of seven days or more.

A benefit provided through the NJFLI will also be to care for a family member with a serious health condition supported by a certification provided by a health care provider. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI for consecutive leave must provide the school district reasonable and practical notice unless the time of the leave is unexpected or the time of the leave changes for unforeseen reasons. An employee who intends to apply for benefits under this provision of the NJFLI for intermittent leave must provide the school district with a written notice at least fifteen calendar days prior to beginning the leave.

For the purposes of this Policy, "family member" means a child, spouse, domestic partner, civil union partner, or parent of a covered individual. "Child" means a biological, adopted, or foster child, stepchild, or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, who is less than nineteen years of age or is nineteen years of age or older but incapable of self-care because of mental or physical impairment.

3435 ANTICIPATED DISABILITY

Any employee who anticipates undergoing a state of disability such as, but not limited to, surgery, hospital confinement, medical treatment, pregnancy, etc., may apply for a leave of absence based upon said anticipated disability in accordance with provisions hereinafter set forth, in which instance such leave of absence shall be chargeable to the sick leave account of said employee.

All employees anticipating a state of disability shall notify the Superintendent through their Principal of the condition expected to result in disability as soon as the condition that may result in disability is known.

A. Request for Leave Based on Claim of Anticipated Disability

1. Any employee who desires to continue in the performance of his or her duties during a period expected to lead to a state of disability shall be permitted to do so provided said employee produces a statement of his or her physician stating that said employee is physically capable of continuing to perform his or her duties and further stating up to what date, in the opinion of said physician, the employee is capable of performing said duties.
2. In the event the physician of an employee who anticipates a state of disability shall be of the opinion that said employee is capable of performing his or her duties up to a specified date but the medical examiner of the Board of Education shall be of a contrary opinion, then the employee and the Board shall mutually agree upon the appointment of an impartial third physician whose medical opinion shall be conclusive and binding on the issue of medical capacity to continue in the performance of duties. In the event of the inability of the employee and the Board to agree upon the appointment of the third physician, such appointment shall be made by the Bergen County Medical Society. The expense of any examination by an impartial third physician shall be shared equally by the employee and the Board.
3. In no event shall the Board be obligated to permit an employee anticipating a state of disability to continue in the performance of his or her duties where the performance of said employee has substantially declined from that performance demonstrated by said employee at the time immediately prior to the time when notification was given of the state of anticipated disability.
4. All policies, practices, rules and regulations applicable to employees who are granted sick leave pursuant to the provisions of N.J.S.A. 18A:30-1 et seq. shall be applicable to all employees applying for leave under section A of this policy. Such employees shall receive no lesser consideration than any other employees nor shall they receive any greater consideration.

5. The employee requesting a leave under the provisions of section A shall specify in writing the date on which he or she wishes to commence said leave and the date on which he or she wishes to return to employment following recovery from said disability. Such requests shall be consistent with the foregoing provisions. However, no employee shall be permitted to return for a month or less at the start or end of a school year.
6. The Board shall have the right to require any employee who has been on a disability leave and who desires to return to his or her duties by a fixed date following recovery from disability to produce a certificate from his or her physician stating that he or she is capable of resuming duties. In the event of a difference of opinion between the employee's physician and the Medical Examiner of the Board relative to the resumption of duties by said employee, the provisions of paragraph A. 2 shall be inapplicable as to the method of resolving such disagreement.
7. Whenever, in the opinion of the Board, the dates for the commencement of an anticipated disability leave and/or the dates for the resumption of duties would substantially interfere with the administration of the school or with the education of the children, the requested dates may be changed by the Board.
8. Ordinarily, an employee who has undergone hospital confinement shall be expected to resume his or her duties, subject to the provisions of paragraph A. 7 within fifteen days of the date of discharge from the hospital, provided, that such resumption of duties is not medically contraindicated. However, in the case of pregnancy, the presumed period of disability is one month prior to the anticipated delivery date and one month after the anticipated delivery date. Disability leave for pregnancy is separate and apart from family and/or child rearing leave.
9. Where disability leaves have been approved, the commencement or termination dates thereof may be further extended or reduced for medical reasons upon application by the employee to the Board. Such extensions or reductions shall be granted by the Board for additional reasonable periods of time provided, however, that the Board may alter the requested dates upon a finding that such extension or reduction would substantially interfere with the administration of the school or with the education of the students, and provided further that such change by the Board is not medically contraindicated. All extensions of such leaves shall in any event be subject to the provisions of N.J.S.A. 18A:30-1 et seq. and specifically N.J.S.A 18A:30-6 and 18A:30-7.

10. The provisions of this policy shall not be deemed to impose on the Board any obligation to grant or extend a leave of absence of any non-tenured employee beyond the end of the contract school year in which the leave is obtained.
11. Where the anticipated disability leave is for pregnancy reasons, pregnant employees applying for leaves of absence under the provisions of this section may simultaneously make application for Family and Child Rearing Leave in accordance with the provisions of Board policy.

B. Request for Leaves Not Based on Onset of Claims of Disability

1. An employee who desires to commence a leave of absence without regard to the onset of any claim of disability as set forth in section A, ante, shall be permitted to do so in accordance with the provisions hereinafter set forth, but such leaves of absence, shall be without pay.
2. Employees requesting a leave under the provisions of this section prior to the actual onset of a state of disability shall specify in writing the date on which he or she wishes to commence said leave and the date on which he or she wishes to return to employment after the termination of disability.
3. Should there be any question as to the medical condition of any employee who desires to resume his or her duties by a specified date, then the provisions of paragraphs A. 2 and 6 of this policy and regulation shall be applicable.
4. The provisions of paragraphs A. 3, 5, 7, 9, 10 and 11 are hereby made applicable to the provisions of this section of this policy and are incorporated herein by reference as though set forth at length.

The contract will include a provision for the termination of the nontenured support staff member's contract on two weeks notice duly given by either party.

In the event the salary entered on the written contract differs from that formally approved by the Board, the salary approved by the Board shall be the salary paid.

4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that support staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board will employ substitutes for absent support staff members in order to ensure continuity in a program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent support staff member.

The Board may use a private contractor to secure a substitute support staff member.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of *No Child Left Behind Act of 2001*, paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;
2. Obtained an associate's (or higher) degree; or
3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must have met one of the criteria listed above by the end of the 2005-2006 school year. The Superintendent will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board will transfer support staff members only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval of the transfer for arbitrary and capricious reasons.

In considering any transfer, the Superintendent shall base the choice on the employee's success in former positions, the employee's attitude toward change, the employee's length of service in the district, the recommendation of the employee's supervisor, and the operational efficiency advanced by the proposed transfer. When two or more employees are employed in the same classification of employment in which a position is abolished, the employee shall be reemployed who has demonstrated greater competence.

When, as the result of the abolishment of a position, an employee is demoted in position, the employee shall receive the salary of the position to which he/she has been assigned.

4146 NONRENEWAL OF NONTENURED SUPPORT STAFF MEMBER

The Board will renew the employment contract of a nontenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. A nontenured support staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

When the nontenured support staff member's performance does not meet the standards of the district, the Superintendent shall recommend not to renew the support staff member's contract. Prior to notifying the nontenured support staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the support staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board meeting. In the event the Board is notified in executive session, the Superintendent will comply with the requirements of the Open Public Meetings Act and provide reasonable notice to the nontenured support staff member their employment will be discussed in executive session in order for the support staff member to exercise their statutory right to request a public discussion.

The Superintendent shall notify each nontenured support staff member to whom reemployment will not be offered in writing in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. Paraprofessionals continuously employed since the preceding September 30 as a school aide or classroom aide in a school district that receives funding under Title I of the Federal Elementary and Secondary Education Act of 1965 shall be notified of renewal or nonrenewal on or before May 15 in each year in accordance with the provisions of N.J.S.A. 18A:27-10.2.

A nontenured support staff member whose contract is not renewed shall have the right to a written statement of the reasons for nonrenewal, provided the request for the statement of reasons is made within fifteen days of the Superintendent's written notification of nonrenewal to the support staff member. The statement of reasons shall be provided to a nontenured support staff member within thirty days after the receipt of the request.

Whenever a nontenured support staff member has requested in writing and received a written statement of reasons for non-reemployment, the nontenured support staff member shall have the right to an informal appearance before the Board to permit the support staff member an opportunity to convince the members of the Board to offer reemployment, provided that a request for such an appearance is received within ten days after the support staff member receives the statement of reasons provided by the Superintendent. The informal appearance before the Board shall be held in accordance with the provisions of N.J.A.C. 6A:10-8.1.

The Board is not required to offer reemployment or vote on reemployment after an informal appearance with a nontenured support staff member who was not recommended for reemployment by the Superintendent. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured support staff member reemployment after the informal appearance before the Board. The support staff member will be notified of the Board's final determination within three days following the informal appearance before the Board.

The provisions as outlined in Policy and Regulation 4146 may be revised or adjusted by the Superintendent of Schools to be in accordance with the terms and timelines of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties provided the terms are not contrary to any statute, administrative code, or any management rights of the Board.

Advancement on any salary schedule shall require favorable reports covering the employee's competence and thoroughness in the performance of assigned duties as well as the employee's record of attendance and compliance with district regulations.

The Superintendent shall base a recommendation for withholding an increment on evaluations of the employee's performance and conduct. The Superintendent must also show to the satisfaction of the Board that the standards by which an employee has been evaluated are not exceptional or unusual and are expected of all employees in a similar classification.

4160 PHYSICAL EXAMINATION

The Board of Education requires each candidate for employment who receives a conditional offer of employment to undergo a physical examination(s) to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA).

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include, but not limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

A Mantoux tuberculosis test shall be given to all student teachers, school bus drivers on contract with the district, and contractors or volunteers who have contact with students.

All staff members' medical and health records, including computerized records, will be secured, stored, and maintained separately from other personnel files. The information contained in medical records will be kept confidential. Only the staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual employee. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5. The staff member may provide health-status information, including medications that may be of value to medical personnel in the event of an emergency requiring treatment. In such instances, the staff member may also choose to share with the staff member's Building Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

4161 EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any support staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any support staff member whose physical or mental condition so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within five working days of the receipt of the notice.

A support staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The support staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the support staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a support staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the support staff member.

If the support staff member's request is denied, or if the support staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the support staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

4211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that support staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from support staff members from other school districts, agencies and other entities, the Board supports sharing of its support staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a support staff member's attendance in another school district, agency or other entity without additional remuneration to the support staff member or school district, upon a written request from the agency or from the support staff member.

The Board of Education recognizes support staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a support staff member serves as a paid consultant, the support staff member is not permitted to use normal work hours for any paid consulting activities. The support staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The support staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

4212 ATTENDANCE

The regular and prompt attendance of support staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A support staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the support staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No support staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of support staff members in their attendance responsibilities, and the counseling of support staff members for whom regular and prompt attendance is a problem.

The Board is required by the high costs of absences and disrupted work schedules to give continuing attention to the maintenance of regular attendance by employees. Therefore, if an absence of an employee is not in accordance with the provisions of Board policies, a deduction in salary shall be made, unless there seems to be sufficient reason for excusing the absence in which case the matter shall be referred to the Board. A day's salary of any employee on a ten month appointment shall be considered 1/200th of one year's salary. A day's salary of any employee on an eleven month appointment shall be considered 1/220th of one year's salary. A day's salary of any employee on a twelve month appointment shall be considered 1/240th of one year's salary.

4214 CONFLICT OF INTEREST

No support staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the support staff member's duties.

No support staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No support staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No support staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the support staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to support staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that support staff members instruct students to express their appreciation by means other than gifts.

Support staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual support staff member when special circumstances warrant.

4216 DRESS AND GROOMING

The Board of Education expects staff conduct to be that of appropriate role models for students.

The Board expects all staff members to be neatly groomed and dressed in clothing suitable for the subject of instruction, the work being performed, or the occasion.

The personal life of an employee is not an appropriate concern of the Board except as it may directly prevent the employee from performing his/her properly assigned functions during the work day or affect his/her professional relationship with students.

The Board retains the authority to specify the following dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process. All staff members shall, when assigned to district duty:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

If a staff member feels that an exception to this policy would enable him/her to carry out assigned duties more effectively, a request shall be made to the Superintendent.

4218 SUBSTANCE ABUSE

The Board of Education recognizes a support staff member who reports to work under the influence of drugs or alcohol poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. A support staff member is prohibited from possession, use, distribution, or being under the influence of any substance during work hours.

For the purposes of this Policy, “substance” or “substances” means alcoholic beverages, any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4, and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any support staff member who reports to work under the influence of or in possession of any substance will be subject to appropriate discipline, which may include termination or the filing of tenure charges for a tenured support staff member in accordance with law.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member’s supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours. Refusal of a support staff member to consent to the medical examination and substance test will be determined to be a positive result.

In the event a support staff member’s medical examination and substance test results are negative for a substance, any documents or records pertaining to the requirement for the examination and test and results will not be maintained by the school district. Any required examination and testing shall be paid for by the Board. The support staff member will be afforded the opportunity to have any test results confirmed using acceptable test confirmation practices. This confirming test shall be paid for by the support staff member.

The Omnibus Transportation Employee Testing Act requires all operators of commercial motor vehicles subject to the Commercial Drivers License requirements to be tested for controlled substances and alcohol. Federal regulations of the U. S. Department of Transportation require that school bus drivers as well as drivers of private carriers of passengers contracted by the Board be required to submit to alcohol and controlled substance testing in accordance with 49 C.F.R. Part 40. The Board designates the Director of Buildings and Grounds as the Designated Employer Representative (DER) of the Board of Education. The Board may contract with a service agent to provide the testing services as required by Federal Regulations.

Categories of Testing

For the purpose of this policy, the occurrence of the following circumstances/instances shall require an employee to submit to a controlled substance and alcohol screening:

1. Pre-Employment Testing

An individual who has applied for and has been selected to operate a Board vehicle shall, before beginning employment with the Board, submit to a controlled substance screening in conjunction with any required physical examination as per Policy No. 4160. Such screening shall be conducted in accordance with the procedures set forth in this policy and 49 C.F.R. 40. No individual receiving a positive confirmed test result will be employed by the Board.

An exception to the pre-employment screening may be made if the prospective employee:

- a. Has participated in a controlled substance testing program that met the requirements of 49 C.F.R. 382 et seq. within the previous thirty days and while participating in that program either:
 - (1) Was tested for controlled substances within the past six months (from the date of application to the district), or
 - (2) Participated in the random controlled substances testing program for the previous twelve months (from the date of application to the district); and
 - (3) The DER must ensure that no prior employer, to the DER's knowledge, has records of a violation of a controlled substance testing program within the previous six months.

If an individual is so exempted, the Designated Employer Representative (DER) shall contact the alcohol and/or controlled substances testing program in which the driver participated and obtain the following information in accordance with 49 C.F.R. 382.301(c):

- a. Name and address of the program;
- b. Verification of the driver's participation;
- c. Verification that the program conforms to Federal guidelines;
- d. Verification the driver qualified and did not refuse to be tested for controlled substances;
- e. The date the driver was last tested for controlled substances; and
- f. The results of any tests taken within the last six months and any other violations.

An individual who has applied for and has been selected to operate a Board vehicle or any existing employee transferring into a new position now required to operate a Board vehicle, shall submit a written consent authorizing the district to obtain the following information from other employers who have employed the employee during any period during the two years before the date of the individual's application date or transfer into the new position. The written consent from the individual will permit the Designated Employer Representative (DER) to obtain the following information from previous DOT-regulated employers:

- a. Alcohol tests with a result of 0.04 or higher alcohol concentration;
- b. Verified positive drug tests;
- c. Refusals to be tested (including verified adulterated or substituted drug test results);
- d. Other violations of DOT agency drug and alcohol testing regulations; and
- e. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements (including follow-up tests). If this information is not available from the previous employer, the DER must seek to obtain this information from the individual.

The DER will obtain and review this information before the employee first performs and driving and/or safety-sensitive functions. If this is not feasible, the DER will not permit the individual to work after thirty days from the individual's first date of employment in the position unless the DER has obtained or made and documented a good faith effort to obtain this information.

2. Random Testing

A covered employee shall be subject to submit to a alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 C.F.R. 383.305(i). Random testing will be spread reasonable throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be 10% of the average number of drivers. The minimum rate of random controlled substances testing shall be 50% of the average number of drivers. These rates may be adjusted as determined by the FHWA (Federal Highway Administration) Administrator in accordance with 49 C.F.R. 382.305.

Drivers shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

3. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation with thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

A driver who is subject to post-accident testing shall remain readily available for such testing or be deemed to have refused to submit for testing. A driver who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing. Nothing herein shall be construed to prevent the driver from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

4. Reasonable Suspicion Testing

The DER may require a driver to submit to an alcohol and/or controlled substance test when the driver is observed by a supervisor or school official who is trained in accordance with 49 C.F.R. 382.603 and causes the observer to have reasonable suspicion to believe the driver has violated 49 C.F.R. 382 et seq. Reasonable suspicion must exist to require the driver to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the driver is required to be in compliance with the testing requirements of 49 C.F.R. 382 et seq.

Reasonable suspicion testing may be required of a driver while the driver is performing, just before the driver will perform or just after the driver has ceased performing safety-sensitive functions. If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse. The driver will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the driver's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

5. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test. The Designated Employer Representative (DER) may recommend to the Superintendent of Schools the individual's employment be terminated depending on the circumstances.

In the event the DER does not recommend termination, the DER shall ensure that before a driver returns to duty requiring the performance of a safety-sensitive function, the driver shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled-substances test with a result indicating a verified negative result for controlled-substances use as required in 49 C.F.R. 40.305.

Drivers permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a Substance Abuse Professional (SAP). These individuals must participate in an assistance program prescribed by the SAP and as required in 49 C.F.R. 40 Subpart O.

The SAP will determine a written follow-up testing plan for any individual who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six (6) unannounced, follow-up drug screening and alcohol tests over the following twelve (12) months. The testing shall not exceed sixty (60) months. Alcohol follow-up testing shall be performed only when the driver is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 C.F.R. 40.311.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a medical review officer who is a licensed physician (M.D. or D.O.) and shall designate the Medical Review Officer as the individual responsible for receiving laboratory results generated by the testing program. The medical review official shall have knowledge of substance abuse disorders and have appropriate medical training to interpret and evaluate the individuals confirmed positive test together with his/her medical history and other biomedical data. The Medical Review Officer will perform all functions and responsibilities as required in 49 C.F.R. 49 Subpart G.

Employer Notification

The Medical Review Officer may report controlled substances test results to the DER by any means of communication; however, a signed, written notification must be forwarded within three business days of the completion of the Medical Review Officer's evaluation. The Medical Review Officer must report all drug test results to the employer. The MRO may use a signed or stamped and dated legible photocopy of Copy 2 of the CCF to report test results or a written report that must include, at a minimum, the information required in 49 C.F.R. 40.163.

Split Specimen Tests

Split specimen testing will be conducted in accordance with 49 C.F.R. 40 Subpart H. Under split-sample collection procedures, the driver has seventy-two hours from the time of notification of a positive result to request the MRO to order a test of the split specimen. If the driver does not request a split specimen test within seventy-two hours, the driver may present to the MRO information documenting that serious injury, illness, lack of actual notice of the verified test result, inability to contact the MRO, or other circumstances unavoidably prevented the individual from making a timely request.

If the split specimen is unavailable or appears insufficient, the laboratory will continue the testing process of the primary specimen as the laboratory would normally. The laboratory will report the results for the primary specimen without providing the MRO information regarding the unavailable split specimen. In the event the MRO requests the split specimen be forwarded to another laboratory, the laboratory will report to the MRO the split specimen is unavailable for testing and the laboratory will provide the MRO with as much information as possible about the cause of the unavailability.

Designated Collection Facility

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 C.F.R. 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 C.F.R. 40.43.

Designated Screening Laboratory

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing laboratories must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 C.F.R. 40. The laboratory will perform all responsibilities as required in accordance with 49 C.F.R. 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a representative of the Board at a designated site. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 C.F.R. 40.211 and 49 C.F.R. 40.213.

Refusal to Submit

A driver will be deemed as refusing to take a drug test as described in with 49 C.F.R. 40.191. As per 49 C.F.R. 40.191, and individual refuses to take a drug test if he/she:

1. Fails to appear for any test (except a pre-employment test) within a reasonable time, as determined by the DER, consistent with applicable DOT agency regulations, after being directed to do so by the DER;
2. Fails to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
3. Fails to provide a urine specimen for any drug test required by this policy. An employee who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
4. Fails to permit the observation or monitoring of providing a specimen. In the case of a directly observed or monitored collection in a drug test;
5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test the DER of collector has directed the individual to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER under Sec. 40.193(d). In the case of a pre-employment drug test, the individual is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment;
8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process); or
9. If the MRO reports the driver had a verified adulterated or substituted test result.

If an individual refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation), must notify the MRO, who in turn will notify the DER. In addition, the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "refusal to test because" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the driver refuses to take a non-DOT test or to sign a non-DOT form, the driver has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Prescription Drugs

All bus drivers shall notify the DER of the use of any prescription drugs. The Board may require certification from the prescribing physician that the use of the prescription drug will not have an adverse affect on the driver's ability to properly perform safety-sensitive functions.

Consequences to Drivers Engaging in Prohibited Conduct

An employee whose screening produces a positive result for a prohibited substance:

1. Shall not be permitted to perform safety-sensitive functions;
2. Shall be advised by the DER of resources available to them in evaluating and resolving problems associated with the misuse of alcohol or the use of controlled substances;
3. Shall be evaluated by a substance abuse professional who shall determine what assistance, if any, is needed to resolve problems with alcohol or controlled substance use;

4. Undergo, before returning to duty, a return to duty alcohol test indicating a breath level of less than 0.02 if the conduct involved alcohol or a controlled substance test with a verified negative result;
5. If assistance was required, the employee must be evaluated by a substance abuse professional to determine that the driver has followed the rehabilitation program prescribed;
6. Be subject to unannounced follow up alcohol and/or controlled substance abuse testing;
7. Be subject to the disciplinary policy and regulations of the Board.

Return-to-Work Agreement

An employee who has returned to work and who fails to comply with any of the terms of the Return to Work Agreement shall be subject to termination.

The Superintendent shall develop a plan for the evaluation of support staff members. He/She shall invite the participation of employees in the development of the plan and shall assess and modify the plan as necessary.

Employees shall be grouped into position classifications based upon similarities of duties, responsibilities, and qualifications. The evaluation process shall be similar for all employees in a single classification.

The evaluation process shall provide for the recognition and commendation of effective performance, the identification and remediation of performance deficiencies, and the recommendation of discipline or dismissal when an employee fails to improve his/her performance. Evaluation procedures shall provide that each employee is informed of the specific objectives of his/her position and the standards that will be used to assess the employee's performance against those objectives.

All secretarial-clerical and custodial-maintenance personnel shall be evaluated at least once annually.

All observations of the work performances of personnel shall be conducted openly and with full knowledge of the observed. The employee shall be given a copy of any evaluation report at least two days before any conference to discuss it.

The employee who has performed in an unsatisfactory manner will be advised promptly and given a verbal evaluation. Second and further offenses will be discussed with the employee and his/her representative and a written report issued and filed. Disciplinary action may be taken if necessary. Any evaluation shall include specific suggestions as to measures which might be taken to improve performance in each of the areas wherein weaknesses have been indicated.

Employees shall be given the opportunity to improve their performance during the term of their individual employment contract. 4. An employee shall not engage in any activity in the presence of students while on school property, which activity is intended and/or designed to promote, further or assert a position(s) on labor relations issues.

4281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and school staff members shall protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

Inappropriate Staff Conduct

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Building Principal or immediate supervisor will investigate all reports with a final report to the Superintendent of Schools. 4282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

4283 ELECTRONIC COMMUNICATIONS BETWEEN SUPPORT
STAFF MEMBERS AND STUDENTS

"Electronic communications," for the purpose of this policy, means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular phone, computer, computer network, personal data assistant, or pager. Electronic communications include, but are not limited to, e-mails, instant messages, and communications made by means of an Internet website, including social media and social networking websites. The Superintendent and/or Principals will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the on-line, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process.

The annual orientation and reminder will give special emphasis to improper fraternization with students using electronic communications:

1. School employees may not list current students as "friends" on networking sites without written approval of the school Principal;
2. When possible, electronic contacts with students should be through the district's computer and telephone systems;
3. All electronic contacts by coaches and extracurricular advisors with team members and members of extracurricular activities shall, as a general rule, be sent to all team members and activity participants;
4. Electronic communications that are inappropriate and therefore prohibited include but are not limited to:

 - b. Items exhibiting or advocating use of drugs, alcohol or other illegal activities;
 - c. Any content that significantly affects the employee's ability to perform his/her job or disrupts the educational environment;
 - d. Any content that would violate district policies and procedures.

5. Examples of inappropriate behavior from other districts shall be covered and discussed, including behavior to avoid and the need for staff to use common sense in avoiding inappropriate and unprofessional behavior;
6. Staff shall have no expectation of privacy when using district technology, the district network and/or public social media venues;
7. The district shall monitor for improper staff electronic communications on district computers, other school issued technology, and the district computer network;
8. Staff shall be informed of the consequences that may result from inappropriate electronic communications up to and including dismissal from employment.

The Superintendent or designees may periodically conduct Internet searches to see if staff members have posted inappropriate materials online. When inappropriate use of computers and Internet websites is discovered, the school Principals and Superintendent will seek to preserve the problematic or offensive material and will seek to maintain storage and chain of custody of the evidence.

Cell Phones

As a general rule, school staff shall not contact students' cell phones unless directed to do so by the parent or student. 4. Notifications related to classroom, club or sports schedules, events, trips, assignments, and deadlines.

Cell phone contact with students shall be as brief and direct as possible. When brief contact is not sufficient and/or feasible to resolve the matter, where appropriate, teachers shall schedule face-to-face conferences during regular classroom and extra-help periods to confer with the student.

Text Messages

Any text messages by staff members, coaches and volunteers shall, as a general rule, be sent to the entire class, team, club or organization and not to any student individually. Exceptions may include situations involving confidential medical issues, emergencies or individual issues not involving the entire group. Staff shall not send messages containing material that:

1. May be perceived as profane, obscene, racist, sexist or promote illicit, illegal or unethical activity;
2. Violates the district's affirmative action policies;

2. Email shall be retained for the period of time specified by the Destruction of Public Records Law and Board Policy 8310 Public Records (retained three years for external correspondence and one year for internal correspondence);
3. Federal copyright laws shall be observed;

4. Staff shall not send messages that contain material that:

6. Employees learning of any misuse of the email systems shall notify the Director of Technology, Principal, or Superintendent immediately.
7. IT department members may review files and communications to maintain system integrity and insure that users are using the system responsibly. Any type of information stored on district electronic devices becomes the property of the Rutherford School District, and as such the Rutherford School District can periodically review and monitor all files and data stored on district electronic devices. The Rutherford School District can edit or remove any material, which the system administrators, in their sole discretion, believe to be inappropriate. Access to and review of such files is not limited to probable cause. Privacy is neither implied nor granted, nor should it be expected.

Online Education

An online classroom is still a classroom. Though courses and/or assigned programs of home instruction may be online, appropriate classroom behavior is still mandatory. Respect for the participants is essential for learning and student achievement.

4321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND
RESOURCES BY SUPPORT STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow support staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by support staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes.

The Board also recognizes that telecommunications will allow support staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
2. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

4322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/
OTHER COMMUNICATION DEVICES

The Board of Education recognizes a support staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the support staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the support staff member may do so provided the communication is made during the support staff member's free lunch or break periods and is made outside the presence of students.

A support staff member's personal cellular telephone or other personal communication device shall be secured by the support staff member and outside the view of others when the support staff member is performing assigned school district responsibilities.

An electronic communication by a support staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the support staff member is performing assigned school district responsibilities.

In the event the support staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the support staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a support staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted:

4324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee, or immediate supervisor.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

Adopted:

4352 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline, which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the New Jersey Division on Civil Rights or to the United States Equal Employment Opportunity Commission. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation 1530, Equal Employment Opportunity.

The Affirmative Action Officer or designee shall instruct all employees of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

4425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a support staff member disabled by accident or injury arising out of and in the course of employment. 4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – SUPPORT STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

4431 UNCOMPENSATED LEAVE

All leaves of absence, except as otherwise herein provided, shall be without pay. Except as otherwise required by law, no benefits will be provided during a leave of absence.

Employees may be required to provide a physician's certificate, where appropriate, in support of a request for a leave of absence. If an employee wishes to return to work early from a leave of absence, the Board will consider whether an early return would result in an undue hardship (e.g. if the employment of a temporary employee must be continued). Where the early return will not result in undue hardship, the employee will be allowed to return to work early.

Whenever any leave of absence is requested for a condition or disability which has been voluntarily incurred or self-imposed, except disability leave due to pregnancy, such leave of absence, if approved, shall not be chargeable to sick leave. Neither shall the Board of Education be required to make any payments on account of condition or disability unless payments are payable under the provisions of any policy or policies of insurance in effect, in which event, the provisions of such policy or policies shall govern.

Leaves of absence will not be granted for the purpose of moving to be with a spouse who has relocated.

Employees are entitled to family leave pursuant to the State Family Leave Act, N.J.S.A. 34:11-B-1 et seq., and the Federal Family and Medical Leave Act, 29 U.S.C. 2601 et seq.

An employee shall be eligible for State family leave once he or she has worked for at least twelve months, for at least 1,000 hours. An employee shall be eligible for Federal leave after he or she has worked for at least twelve months, for at least 1,250 hours.

An eligible employee is entitled to leave pursuant to the State Act for the birth or adoption of a child or for the serious health condition of a family member. An eligible employee is entitled to leave pursuant to the Federal Act for the birth or adoption of a child, the serious health condition of a family member or the employee's own serious health condition.

An employee who takes leave pursuant to the State Act is entitled to twelve weeks of leave in a twenty-four month period. An employee who takes leave pursuant to the Federal Act is entitled to twelve weeks of leave in a twelve month period. The leave pursuant to both Acts shall be without pay, but, health benefits, if any, shall be continued.

An employee on family leave shall not work full-time for another employer, unless he or she was so employed full-time prior to the commencement of the family leave. 4431.3 NEW JERSEY'S FAMILY LEAVE INSURANCE PROGRAM

Board of Education employees are eligible to apply for benefits under New Jersey's Family Leave Insurance Program administered by the State of New Jersey – Department of Labor and Workforce Development. New Jersey's Family Leave Insurance Program (NJFLI) may provide up to six weeks of family leave insurance benefits payable to covered employees from either the New Jersey State Plan or an approved employer-provided private plan.

A benefit provided through the NJFLI will be for the employee to bond with a child during the first twelve months after the child's birth, if the covered individual or the domestic partner or civil union partner of the covered individual is a biological parent of the child, or the first twelve months after the placement of the child for adoption with the covered individual. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI must provide the Superintendent of Schools written notice thirty calendar days prior to beginning the leave. Failure to provide this thirty-day notice may result in a reduction in the employee's maximum family leave insurance benefits. Intermittent leave to bond with a newborn or newly adopted child must be agreed to by the Superintendent of Schools and the employee and, if agreed to, must be taken in periods of seven days or more.

A benefit provided through the NJFLI will also be to care for a family member with a serious health condition supported by a certification provided by a health care provider. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI for consecutive leave must provide the school district reasonable and practical notice unless the time of the leave is unexpected or the time of the leave changes for unforeseen reasons. An employee who intends to apply for benefits under this provision of the NJFLI for intermittent leave must provide the school district with a written notice at least fifteen calendar days prior to beginning the leave.

For the purposes of this Policy, "family member" means a child, spouse, domestic partner, civil union partner, or parent of a covered individual. "Child" means a biological, adopted, or foster child, stepchild, or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, who is less than nineteen years of age or is nineteen years of age or older but incapable of self-care because of mental or physical impairment.

In addition, the school district administrative and related staff will comply with the State of New Jersey - Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

The Board may elect to provide employees with Family Leave Insurance benefits coverage under a private plan which must be approved by the State of New Jersey – Department of Labor and Workforce Development.

A printed notification of covered individuals' rights relative to the receipt of benefits under the NJFLI will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite. Each employee shall receive a copy of this notification in writing at the time of the employee's hiring, whenever the employee provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI, or at any time upon the first request of the employee. 4435 ANTICIPATED DISABILITY

Any employee who anticipates undergoing a state of disability such as, but not limited to, surgery, hospital confinement, medical treatment, pregnancy, etc., may apply for a leave of absence based upon said anticipated disability in accordance with provisions hereinafter set forth, in which instance such leave of absence shall be chargeable to the sick leave account of said employee.

All employees anticipating a state of disability shall notify the Superintendent through their Principal of the condition expected to result in disability as soon as the condition that may result in disability is known.

A. Request for Leave Based on Claim of Anticipated Disability

1. Any employee who desires to continue in the performance of his or her duties during a period expected to lead to a state of disability shall be permitted to do so provided said employee produces a statement of his or her physician stating that said employee is physically capable of continuing to perform his or her duties and further stating up to what date, in the opinion of said physician, the employee is capable of performing said duties.
2. In the event the physician of an employee who anticipates a state of disability shall be of the opinion that said employee is capable of performing his or her duties up to a specified date but the medical examiner of the Board of Education shall be of a contrary opinion, then the employee and the Board shall mutually agree upon the appointment of an impartial third physician whose medical opinion shall be conclusive and binding on the issue of medical capacity to continue in the performance of duties. In the event of the inability of the employee and the Board to agree upon the appointment of the third physician, such appointment shall be made by the Bergen County Medical Society. The expense of any examination by an impartial third physician shall be shared equally by the employee and the Board.
3. In no event shall the Board be obligated to permit an employee anticipating a state of disability to continue in the performance of his or her duties where the performance of said employee has substantially declined from that performance demonstrated by said employee at the time immediately prior to the time when notification was given of the state of anticipated disability.
4. All policies, practices, rules and regulations applicable to employees who are granted sick leave pursuant to the provisions of N.J.S.A. 18A:30-1 et seq. shall be applicable to all employees applying for leave under section A of this policy. Such employees shall receive no lesser consideration than any other employees nor shall they receive any greater consideration.

5. The employee requesting a leave under the provisions of section A shall specify in writing the date on which he or she wishes to commence said leave and the date on which he or she wishes to return to employment following recovery from said disability. Such requests shall be consistent with the foregoing provisions. However, no employee shall be permitted to return for a month or less at the start or end of a school year.
6. The Board shall have the right to require any employee who has been on a disability leave and who desires to return to his or her duties by a fixed date following recovery from disability to produce a certificate from his or her physician stating that he or she is capable of resuming duties. In the event of a difference of opinion between the employee's physician and the Medical Examiner of the Board relative to the resumption of duties by said employee, the provisions of paragraph A. 2 shall be inapplicable as to the method of resolving such disagreement.
7. Whenever, in the opinion of the Board, the dates for the commencement of an anticipated disability leave and/or the dates for the resumption of duties would substantially interfere with the administration of the school or with the education of the children, the requested dates may be changed by the Board.
8. Ordinarily, an employee who has undergone hospital confinement shall be expected to resume his or her duties, subject to the provisions of paragraph A. 7 within fifteen days of the date of discharge from the hospital, provided, that such resumption of duties is not medically contraindicated. However, in the case of pregnancy, the presumed period of disability is one month prior to the anticipated delivery date and one month after the anticipated delivery date. Disability leave for pregnancy is separate and apart from family and/or child rearing leave.
9. Where disability leaves have been approved, the commencement or termination dates thereof may be further extended or reduced for medical reasons upon application by the employee to the Board. Such extensions or reductions shall be granted by the Board for additional reasonable periods of time provided, however, that the Board may alter the requested dates upon a finding that such extension or reduction would substantially interfere with the administration of the school or with the education of the pupils, and provided further that such change by the Board is not medically contraindicated. All extensions of such leaves shall in any event be subject to the provisions of N.J.S.A. 18A:30-1 et seq. and specifically N.J.S.A 18A:30-6 and 18A:30-7.

10. The provisions of this policy shall not be deemed to impose on the Board any obligation to grant or extend a leave of absence of any non-tenured employee beyond the end of the contract school year in which the leave is obtained.
11. Where the anticipated disability leave is for pregnancy reasons, pregnant employees applying for leaves of absence under the provisions of this section may simultaneously make application for Family and Child Rearing Leave in accordance with the provisions of Board policy.

B. Request for Leaves Not Based on Onset of Claims of Disability

1. An employee who desires to commence a leave of absence without regard to the onset of any claim of disability as set forth in section A, ante, shall be permitted to do so in accordance with the provisions hereinafter set forth, but such leaves of absence, shall be without pay.
2. Employees requesting a leave under the provisions of this section prior to the actual onset of a state of disability shall specify in writing the date on which he or she wishes to commence said leave and the date on which he or she wishes to return to employment after the termination of disability.
3. Should there be any question as to the medical condition of any employee who desires to resume his or her duties by a specified date, then the provisions of paragraphs A. 2 and 6 of this policy and regulation shall be applicable.
4. The provisions of paragraphs A. 3, 5, 7, 9, 10 and 11 are hereby made applicable to the provisions of this section of this policy and are incorporated herein by reference as though set forth at length.

5111 ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

The Board of Education shall admit to its schools, free of charge, persons over five and under twenty years of age, pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education.

Eligibility to Attend School

The Board shall admit students eligible to attend school free of charge that are domiciled within the district as defined in N.J.A.C. 6A:22-3.1.

A child who is domiciled within the school district and resides with a parent or guardian who is a member of the New Jersey National Guard or a member of the reserve component of the armed forces of the United States who is ordered into active military service in a time of war or national emergency shall be permitted to remain enrolled in the school district in which the child is domiciled at the time of the parent or guardian being ordered into active military service, regardless of where the child resides during the period of active duty. Following the return of the child's parent or guardian from active military service, the child's eligibility to remain enrolled in the school district pursuant to N.J.S.A. 38-3.1 shall cease at the end of the current school year unless the child is domiciled in the school district.

The Board shall also admit any student that is kept in the home of a person other than the student's parent or guardian, where the person is domiciled in the school district and is supporting the student without remuneration as if the student were his or her own child in accordance with N.J.A.C. 6A:22-3.2. A student is only eligible to attend school in the district pursuant to N.J.A.C. 6A:22-3.2 if the student's parent or guardian files, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the student due to family or economic hardship and the student is not residing with the other person solely for the purpose of receiving a free public education. In addition, the person keeping the student must file, if so required by the Board of Education, a sworn statement that he or she: is domiciled within the school district; is supporting the child without remuneration and intends to do so for a time longer than the school term; will assume all personal obligations for the student relative to school requirements; and provides a copy of his or her lease if a tenant, a sworn landlord's statement if residing as a tenant without a written lease, or a mortgage or tax bill if an owner. Pursuant to N.J.S.A. 18A:38-1.c, any person who fraudulently allows a child of another person to use his or her residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of his or her child to a person in another district commits a disorderly persons offense.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.b if the student is kept in the home of a person domiciled in the school district, who is not the parent or guardian and the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency. Eligibility under this provision shall cease at the end of the current school year during which the parent or guardian returns from active military duty.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.d if the student's parent or guardian temporarily resides within the school district and elects to have the student attend the school district of temporary residence, notwithstanding the existence of a domicile elsewhere. When required by the Board of Education, the parent or guardian shall demonstrate the temporary residence is not solely for purposes of a student attending the school district of temporary residence. When one of a student's parents or guardians temporarily resides in the school district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with the criteria of N.J.A.C. 6A:22-3.1(a)1.i.

A student is eligible to attend this school district free of charge:

1. If the student's parent or guardian moves to another school district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2 - Education of Homeless Children;
2. If the student is placed by court order or by a society, agency, or institution in the home of a school district resident pursuant to N.J.S.A. 18A:38-2;
3. If the student previously resided in the school district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the student out of the school district, pursuant to N.J.S.A. 18A:38-3.b. The school district shall not be obligated for transportation costs; and
4. If the student resides on Federal property within the State pursuant to N.J.S.A. 18A:38-7.7 et seq.

Notwithstanding the provisions of N.J.S.A. 18A:38-1 or any other law, rule, or regulation to the contrary, a student who moves out of the school district as a result of domestic violence, sexual abuse, or other family crises shall be permitted to remain enrolled in the school district for the remainder of the school year in pursuant to N.J.S.A. 18A:38-1.1 and in accordance with the provisions of N.J.A.C. 6A:22-3.2(h). If the student remains enrolled in the school district for the remainder of the school year, the school district shall provide transportation services to the student, provided the student lives remote from school, and the State shall reimburse the school district for the cost of the transportation services. Nothing in N.J.S.A. 18A:38-1.1 shall be construed to affect the rights of homeless students pursuant to N.J.S.A. 18A:7B-12, N.J.S.A. 18A:7B-12.1, or any other applicable State or Federal law.

A student's eligibility to attend this school shall not be affected by the physical condition of an applicant's housing or his or her compliance with local housing ordinances or terms of lease.

Except as set forth in N.J.A.C. 6A:22-3.3(b)1, immigration/visa status shall not affect eligibility to attend school and the school district shall not condition enrollment in the school district on immigration status. A student's immigration/visa status and their eligibility to attend school shall be in accordance with N.J.A.C. 6A:22-3.3(b) and Regulation 5111.

Proof of Eligibility

The Board of Education shall accept a combination of forms of documentation from persons attempting to demonstrate a student's eligibility for enrollment in the school district in accordance with the provisions of N.J.A.C. 6A:22-3.4. The Board of Education shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form or subset of documents without regard to other evidence presented.

The Board of Education shall not condition enrollment on the receipt of information or documents protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school as outlined in N.J.A.C. 6A:22-3.4(d). The Board of Education may consider, in a manner consistent with Federal law, documents or information referenced in N.J.A.C. 6A:22-3.4(d) or pertinent parts thereof if voluntarily disclosed by the applicant. The Board of Education may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment. However, in the case of a dispute between the school district and the parent or guardian of a student in regard to the student's eligibility to enroll in the school district or to remain enrolled in the school district pursuant to the provisions of N.J.S.A. 18A:38-1, the school district may request from the New Jersey Motor Vehicle Commission the parent or guardian's name and address for use in verifying a student's eligibility for enrollment in the school district.

Registration Forms and Procedures for Initial Assessment

Registration and initial determinations of eligibility will be in accordance with N.J.A.C. 6A:22-4.1. The Board of Education shall use Commissioner-provided registration forms or locally developed forms that are consistent with the forms provided by the Commissioner. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.

When a student appears ineligible based on the information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district's determination and an intent to appeal to the Commissioner of Education. An applicant whose student is enrolled pursuant to this provision shall be notified that the student will be removed, without a hearing before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement, designated staff shall report to the school district of actual domicile or residence, or the Department of Children and Families, a potential instance of "neglect" for the purposes of ensuring compliance with compulsory education law, N.J.S.A. 9:6-1. Staff shall provide the school district or the Department of Children and Families with the student's name, the name(s) of the parent/guardian/resident, and the student's address to the extent known. Staff shall also indicate admission to the school district has been denied based on residency or domicile, and there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

Enrollment or attendance at the school shall not be conditioned on advance payment of tuition when enrollment is denied and an intent to appeal is indicated, or when enrollment is provisional and subject to further review or information. The Board of Education shall ensure the registration process identifies information suggesting an applicant may be homeless so procedures may be implemented in accordance with N.J.A.C. 6A:17-2, Education of Homeless Children. Enrollment or attendance in the school district shall not be denied based upon the absence of the certified copy of the student's birth certificate or other proof of a student's identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.

Enrollment in the school district shall not be denied based upon absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.

When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student's prior educational record. However, the applicant shall be advised the student's initial educational placement may be subject to revision upon the school district's receipt of records or further assessment of the student.

Notice of Ineligibility

When a student is found ineligible to attend the school district pursuant to N.J.A.C. 6A:22 or the student's initial application is found to be deficient upon subsequent review or investigation, the school district immediately shall provide to the applicant notice that is consistent with Commissioner-provided sample form(s) and meets requirements of N.J.A.C. 6A:22-4 et seq. Notices shall be in writing; in English and in the native language of the applicant; issued by the Superintendent; and directed to the address at which the applicant claims to reside. Notices of ineligibility shall include information as outlined in N.J.A.C. 6A:22-4.2.

Removal of Currently Enrolled Students

Nothing in N.J.A.C. 6A:22 et seq. and this Policy shall preclude the Board of Education from identifying through further investigation or periodic requests for revalidation of eligibility, students enrolled in the school district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances, or newly discovered information.

When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board of Education for the student's removal in accordance with the provisions of N.J.A.C. 6A:22-4.3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an "affidavit student" (as defined in N.J.A.C. 6A:22-1.2) has been informed of his or her entitlement to a hearing before the Board of Education. Once the hearing is held, or if the parent, guardian, adult student or resident keeping an "affidavit student", does not respond within the designated time frame to the Superintendent's notice or appear for the hearing, the Board of Education shall make a prompt determination of the student's eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board or a Board Committee, at the discretion of the full Board. If the hearing(s) is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. No student may be removed except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.

Appeal to the Commissioner

An applicant may appeal to the Commissioner of Education the school district's determination that a student is ineligible to attend its schools. Appeals shall be initiated by petition which shall be filed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 and shall proceed as a contested case pursuant to N.J.A.C. 6A:3. Pursuant to N.J.S.A. 18A:38-1.b(1), appeals of "affidavit student" eligibility determinations shall be filed by the resident keeping the student.

Assessment and Calculation of Tuition

If no appeal to the Commissioner is filed following notice of an ineligibility determination, the Board of Education may assess tuition, for up to one year of a student's ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner. Tuition will be assessed and calculated in accordance with N.J.A.C. 6A:22-6.3 et seq. If the responsible party does not pay the tuition assessment, the Board of Education may petition the Commissioner pursuant to N.J.A.C. 6A:3 for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10 through recording, upon request of the Board of Education pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.

If an appeal to the Commissioner is filed and the petitioner does not sustain the burden of demonstrating the student's right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition in accordance with the provisions of N.J.A.C. 6A:22-6.2(a). Upon the Commissioner's finding that an appeal has been abandoned, the Board of Education may remove the student from school and seek tuition in accordance with N.J.A.C. 6A:22-6.2.

Nonresident Students

The admission of a nonresident student to school free of charge must be approved by the Board. No student otherwise eligible shall be denied admission on the basis of the student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The continued enrollment of any nonresident student shall be contingent upon the student's maintenance of good standards of citizenship and discipline.

Students whose parents have moved away from the school district may not be permitted to continue their education in the Rutherford School District, unless:

- The child is in the twelfth grade in which case the student may finish the school year without payment of tuition, provided said student has completed the first semester of the senior year; or
- The child is in the eighth grade, in which case the student may finish the school year without payment of tuition, provided said student has entered the last marking period; or
- The child in any other grade has moved after April 30th.

In the case of a Remission of Tuition Student, the following shall apply:

1. A non-resident Affidavit, Affidavit of Temporary Residence and, if applicable, a Landlord Affidavit must be filled out and signed by the parents, the resident(s) accepting the child, and the Landlord, in the presence of a notary.
2. Additional documentation to verify the statements contained in the affidavits may be requested by the Board of Education and its administration.

If the Superintendent finds that the parent(s) of a student already admitted does not reside in the district or that the evidence does not support the tuition-free enrollment of an affidavit student already admitted, he/she may apply to the Board for removal or transfer of the student from the district's schools.

1. The parent(s) or the resident, where appropriate, shall be entitled to prior written notice of such an application and to a hearing before the Board to oppose the application. If the Board concludes that any of the criteria in sections 1. and 2. above have not been met, it may order the transfer or removal of the student from school.
2. The parent(s) or resident may, pursuant to law, contest the Board's decision to remove or transfer the student before the Commissioner of Education within twenty-one days of the decision date.
3. At the time of its decision, the Board shall notify the parent(s) or resident in writing of its decision and his/her their right to contest the decision within twenty-one days. No student shall be removed from school during that twenty-one day period or during the pendency of any proceeding before the Commissioner.
4. If no appeal is taken from the Board's decision, or if the Commissioner concludes that the evidence does not support a claim for tuition-free enrollment, prorated tuition shall be assessed for the period of the student's ineligible attendance in the district's schools. The Board may pursue all available legal remedies to recover assessed tuition from the student's parent(s), from the student if he/she is an adult, and/or from the Rutherford resident if an affidavit has been executed pursuant to sections 1. and 2.

Re-evaluation of Tuition-Free Enrollment Eligibility

If the Board reasonably determines that such action is warranted, it may, by Resolution, authorize the Superintendent to conduct a district-wide re-evaluation of the eligibility for tuition-free enrollment of all students currently so enrolled in the Rutherford School District. If the re-evaluation is authorized during the summer recess, all students enrolled on a tuition-free basis as of the end of the preceding school year shall be subject to re-evaluation.

Exchange Students

The Board may admit exchange students into district schools in order to promote cultural awareness and understanding among students.

Other Nonresident Students

Nonresident students may be admitted to this district on payment of tuition and availability of space. Applications for admission shall be reviewed by the Superintendent who shall forward his/her recommendation to the Board of Education. It is within the exclusive discretion of the Board whether to accept an application for admission as a non-resident tuition student. No child, otherwise eligible, shall be denied admission on the basis of the child's race, creed, color, national origin, gender, or disability.

The continued enrollment of any non-resident student shall be contingent upon the maintenance of good standards of citizenship and discipline, attendance, and performance. Eligibility shall be reviewed on an annual basis.

The Superintendent shall develop procedures for the enrollment of nonresident children that allow admission of such children only on the proper application of the parent; verify claims of residency and submission of affidavits of guardianship; deny admission where the educational program maintained for the children of this district is inadequate to meet the needs of the applicant; do not exclude any child, otherwise eligible, on the basis of such child's race, color, creed, national origin, affectional or sexual orientation, atypical hereditary cellular or blood trait of any individual or ancestry; and make continued enrollment of any nonresident student contingent upon maintaining good standards of citizenship and discipline.

5115 EXCHANGE STUDENT PROGRAMS

The Board of Education recognizes that exchange students represent a valuable addition to the student body. The Superintendent is authorized to arrange participation in student exchange programs which have been granted full listing by the Council on Standards for International Educational Travel (CSIET). The Superintendent of Schools is authorized to admit in the district, without tuition charges, exchange students who have been placed in district homes by an organization on the United States Department of State list of "Organizations to Administer a High School Exchange Visitor Program". Such programs, to be approved by the Superintendent for this purpose, must, however, send or permit the sending of local students to other countries on an equitable exchange basis.

The Board concurs with the Council on Standards for International Educational Travel and recognizes that the following aims and objectives are components for a successful exchange program experience:

- Travel and sightseeing;
- Language study and experience;
- Cultural contact;
- Study in a special field or area;
- Home stay experience.

Within a given school year, a maximum of three exchange students may be accepted at the secondary level. Exchange students shall meet the following conditions: attend for one full academic school year (no partial year programs); the educational experience at Rutherford High School shall be for the third year of high school (junior year); no more than two exchange students shall be accepted the same country; students shall not be eighteen years of age at any time during the exchange year.

The school district must be notified prior to March 15 of exchange students who intend to enter for the coming school year. Due to scheduling, all exchange students shall be accepted and enrolled no later than July 1 of the upcoming school year. Host family and the agency representative will meet with the designated high school administrator and review Exchange Program Policy prior to April 30.

No Board employee shall sign an I-20 Form at the request of the sponsoring agency. No employee will sign an F-1 visa. Exchange students must have already been granted the appropriate J-1 Visa to study in the United States before being accepted as an exchange student at the high school.

Exchange students must be placed with host families who are current residents of the district. Host families will be required to provide residency documentation as is required for all enrolling students.

Parents of district students who wish to participate in exchange programs are totally responsible for the expenses and safety of their student. Exchange students may participate in any school activities and extra-curricular activities for which they are eligible. All other policies that apply to students shall apply for exchange students. Eligibility for athletics will be based on the same process and procedures as those for students transferring from other schools.

On recommendation of the Superintendent, the Board will provide appropriate instructional materials for exchange students coming to the district, but will bear no other expense for them, nor will the Board pay any part of the expenses of district students taking part in the program.

A copy of the signed agreement will be forwarded to the Exchange Student's parents and the student by the agency representative. The Exchange Student's parents and the student will review the policy and sign the school permission forms.

The representative of the exchange program agency will confirm first hand, prior to enrollment that the exchange student has an adequate English language proficiency that will allow him/her to function successfully.

All home school's academic records and transcripts will be translated into English and provided by the home school Principal.

The transcript or a letter from the home school Principal will indicate the number of years required in the home country for the completion of secondary school. The Principal will also confirm the junior year status of the student.

Regular monthly contact and reports shall be maintained and provided by the local representative to the host family, exchange student's family and the guidance counselor of the exchange student.

Host families, exchange program representatives and student signatures on this policy statement are the confirmation, understanding, and agreement with all of the above. Furthermore, all parties clearly understand that exchange students do not receive a high school diploma, nor participate in graduation exercises as part of the exchange program experience.

At the successful conclusion of the student's academic year an official transcript will be forwarded to the student's home school Principal.

5116 EDUCATION OF HOMELESS CHILDREN

The Board of Education will admit and enroll homeless children in accordance with Federal and State laws and New Jersey Administrative Code. The Board of Education adopts this Policy to be in compliance with law and administrative code to ensure the enrollment of homeless children in school and to respond to appeals made by parents or other parties related to the enrollment of homeless children.

The Board of Education shall determine that a child is homeless when he or she resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child is also determined homeless when he or she resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles including mobile homes; tents or other temporary shelters; parks; abandoned buildings; bus or train stations; temporary shelters provided to migrant workers and their children on farm sites; and the residence of relatives or friends where the homeless child resides out of necessity because his or her family lacks a regular or permanent residence of its own. A child is also determined homeless when he or she resides in substandard housing.

The school district of residence for a homeless child is responsible for the education of the child and shall assume all responsibilities as required in N.J.A.C. 6A:17-2.3. The school district of residence for a homeless child means the school district in which the parent of a homeless child resided prior to becoming homeless.

The school district liaison designated by the Superintendent of Schools for the education of homeless children is the Homeless Liaison. The liaison will facilitate communication and cooperation between the school district of residence and the school district where the homeless child resides and shall assume all responsibilities as outlined in N.J.A.C. 6A:17-2.4(a).

When a homeless child resides in a school district, the school district liaison shall notify the liaison of the school district of residence within twenty-four hours of receiving notification from the parent, the Department of Human Services or the Department of Children and Families, a shelter director, an involved agency, or a case manager. Upon notification of the need for enrollment of a homeless child, the liaison in the school district of residence shall coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.5(b).

The Superintendent of the school district of residence or designee shall decide in which school district the homeless child shall be enrolled in accordance with the provisions of N.J.A.C. 6A:17-2.5.

Unless parental rights have been terminated by a court of competent jurisdiction, the parent retains all rights under N.J.A.C. 6A:17-2.1 et seq.

When a dispute occurs regarding the determination of homelessness or the determination of the school district of enrollment made by the school district of residence, the Superintendent(s) or the designee(s) of the involved district(s) or the child's parent(s) shall immediately notify the Executive County Superintendent of Schools, who, in consultation with the Department of Education's McKinney-Vento Homeless Education Coordinator or designee, shall immediately decide the child's status. If a dispute remains between the parent and the involved school district(s) following the Executive County Superintendent's determination, the parent or the involved district Board(s) of Education may appeal to the Commissioner of Education for determination pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

When a school district designated as the school district of residence disputes its designation as the school district of residence, or where no designation can be agreed upon by the involved school districts, the Superintendent(s) or designee(s) of the involved school districts shall immediately notify the Executive County Superintendent of Schools, who shall immediately make a determination, if possible, but no later than within forty-eight hours.

If the dispute regarding determination of district of residence does not involve the determination of homelessness and/or district enrollment, the school district disputing the Executive County Superintendent's determination may appeal to the Department of Education pursuant to N.J.A.C. 6A:23A-19.2(d), (e), and (f) and request a determination from the Division of Administration and Finance. If an appeal of a determination of district of residence also includes an appeal of the determination of homelessness and/or school district of enrollment, the appeal shall be submitted to the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

Any dispute or appeal shall not delay the homeless child's immediate enrollment or continued enrollment in the school district. The homeless child shall be enrolled in the school district in which enrollment or continued enrollment is sought by the parent, pending resolution of the dispute or appeal. Disputes and appeals involving the services provided to a homeless child with a disability shall be made pursuant to N.J.A.C. 6A:14.

Financial responsibility, including the payment of tuition for the homeless child, will be in accordance with N.J.A.C. 6A:17-2.8. The school district of residence shall list the child on its annual Application for State School Aid (ASSA) pursuant to N.J.S.A. 18A:7F-33 until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. At that time, the school district of residence shall no longer list the student on its ASSA. The State shall assume fiscal responsibility for the tuition of the child pursuant to N.J.S.A. 18A:7B-12.1 and shall pay the tuition to the school district in which the child is currently enrolled until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. under the circumstances outlined in N.J.A.C. 6A:17-2.8(c).

5120 ASSIGNMENT OF STUDENTS

The Board of Education directs the assignment of students to the schools, programs, and classes of this district consistent with the best interests of students and the best uses of the resources of this district.

Students shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a student to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interest of the student. Every effort will be made to continue a student in the same elementary school once the student has been enrolled in that elementary school.

The Superintendent shall assign incoming transfer students to the school in their attendance area of their residence provided the district's school or class size requirements can accommodate the student's enrollment. The Building Principal may assign students in his/her school to grades, classes, and groups on the basis of the needs of the student as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38.a.(1), a parent of twins or higher order multiples enrolled in the same Kindergarten through eighth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The Principal shall make the classroom placement requested in accordance with the provisions of N.J.S.A. 18A:36-38.a.(1).

In accordance with the provisions of N.J.S.A. 18A:36-38a.(2), a parent of twins or higher order multiples enrolled in the same ninth through twelfth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The placement of such children shall be made at the discretion of the Principal in the best interest of the school and its students. The parent may appeal the Principal's classroom placement decision to the Board of Education, which shall make a final determination on the placement.

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the students' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the students in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the students' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

"Higher order multiples" means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. Provisions of N.J.S.A. 18A:36-38 do not apply to a school district which maintains only a single classroom for the grade level in which twins or higher order multiples are enrolled. The parent shall be responsible for any additional student transportation costs that are incurred by the district as a result of providing the requested classroom placement, unless the district is in agreement with the placement. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a student's Individualized Education Plan.

5130 WITHDRAWAL FROM SCHOOL

The Board of Education believes that the educational goals of this district are best implemented by a student's exposure to the entire educational program and that every student enrolled in this district should be encouraged to complete the program of instruction appropriate to his/her needs. No student below the age of sixteen will be permitted to withdraw from school.

The Superintendent shall alert teaching staff members to identify those students who may consider eighth grade graduation the termination of their education. Any student who indicates that he/she may drop out of school before entry to the ninth grade should be reported to the Building Principal and be provided with counseling.

The Board directs that efforts be made to determine the underlying reason for a student's decision to withdraw from school before the completion of the instructional program. A potential dropout student will be offered counseling and an opportunity to plan an instructional program appropriate to his/her career goals. No student under the age of eighteen will be permitted to withdraw without the written consent of the student's parent(s) or legal guardian(s).

Counseling services and information regarding high school equivalency programs will be made available to any student sixteen years of age or older who decides to withdraw from school before completion of the requirements for a diploma. A student who has withdrawn from school may apply for readmission at any time prior to his/her twentieth birthday, provided application for readmission is made at the beginning of a school term.

Adopted:

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

5250 EXCUSAL FROM CLASS OR PROGRAM

The Board of Education directs that a student be excused from any part of the instructions in health education, family life education, sex education, or instruction that includes dissection of animals that the parent(s) or legal guardian(s) of the student or the adult student finds morally, conscientiously, or religiously offensive. A request for excusal must be presented in a signed statement and submitted to the Principal.

An excused student shall be assigned to an alternate program of independent study on a substitute topic within the health education, family life education, or sex education program. The parent's or legal guardian's right of excusal applies to any alternate program as well.

No excused student will be penalized by loss of credit as a result of his/her excusal, but a student will be held accountable for successful completion of any alternate program assigned.

5300 AUTOMATED EXTERNAL DEFIBRILLATORS (AEDS)

The American Heart Association estimates many lives could be saved if defibrillators were more widely available. Due to technological advances, automated external defibrillators (AEDs) may be used by lay persons without any training to provide defibrillation within the first minutes of cardiac arrest thereby increasing the victim's chances of survival. In accordance with N.J.S.A. 18A:40-41.a, the Board of Education shall ensure every school in the school district has an AED as defined in N.J.S.A. 2A:62A-24. The AED shall be made available in an unlocked location on school property with an appropriate identifying sign. The AED shall be accessible during the school day and any other time when a school-sponsored athletic event or team practice is taking place in which students of the school district are participating. The AED shall be within reasonable proximity of the school athletic field or gymnasium, as applicable.

A team coach, licensed athletic trainer, or other designated staff member if there is no coach or licensed athletic trainer, who is present during athletic events or team practices, shall be trained in cardio-pulmonary resuscitation and the use of the AED in accordance with the provisions of N.J.S.A. 2A:62A-25.a. The school district shall be deemed to be in compliance with N.J.S.A. 2A:62A-25.a, if a State-certified emergency services provider or other certified first responder is on site at the event or practice.

Each AED in the school district shall be tested and maintained according to the manufacturer's operational guidelines. Notification shall be provided to the appropriate first aid, ambulance, rescue squad, or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with N.J.S.A. 2A:62A-25.b and c.

The school district and its employees shall be immune from civil liability in the acquisition and use of AEDs pursuant to the provisions of N.J.S.A. 2A:62A-27.

In accordance with the provisions of N.J.S.A. 18A:40-41.b, the Superintendent of Schools or designee shall establish and implement an Emergency Action Plan applicable to each school in the school district for responding to a sudden cardiac event including, but not limited to, an event in which the use of an AED may be necessary. The Emergency Action Plan shall be consistent with the provisions of N.J.S.A. 18A:40-41.a and, at a minimum, shall include a list of no less than five school employees, team coaches, or licensed athletic trainers who hold current certifications from the American Red Cross, American Heart Association, or other training programs recognized by the Department of Health and Senior Services in cardio-pulmonary resuscitation and in the use of an AED. This list shall be updated, if necessary, at least once in

The Board of Education, in accordance with the requirements of N.J.S.A. 18A:40-12.22, must adopt a Policy authorizing parents, guardians, and primary caregivers to administer medical marijuana to a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event. The parent of a qualifying student patient requesting the administration of medical marijuana to the student while on school grounds, aboard a school bus, or attending a school-sponsored event must comply with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. and Policy and Regulation 5330.01.

A student enrolled in the school district must be authorized to engage in the medical use of marijuana and the primary caregiver, who may be the parent, must be authorized to administer medical marijuana to a qualifying student patient in accordance with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. The student and the primary caregiver must complete the registration process to obtain a Registry Identification Card from the New Jersey Department of Health in accordance with the requirements of N.J.S.A. 24:6I-4.

The parent of the student authorized to engage in the medical use of marijuana must submit a written request with supporting documentation to the Principal requesting approval to have a primary caregiver assist in the administration of medical marijuana to the student while on school grounds, aboard a school bus, or attending a school-sponsored event. The Principal, in consultation with the school nurse, the school physician, and the Superintendent of Schools, will review each request and upon approval will inform the parent in writing of the approval with details for the administration of medical marijuana to the qualifying student patient. The medical use of marijuana by a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event will only be authorized after the written approval from the Principal is provided to the parent.

Medical marijuana may only be administered to the qualifying student patient while the student is on school grounds, aboard a school bus, or attending a school-sponsored event by the primary caregiver in accordance with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. The prescribed medical marijuana must be in the possession of the primary caregiver at all times, except during the administration process. The primary caregiver shall comply with the requirements of the Principal's written approval for the administration of medical marijuana to the qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event.

All health records related to the administration of medical marijuana to a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event shall be maintained in accordance with the requirements of N.J.A.C. 6A:16-2.4 and N.J.A.C. 6A:32-7.4.

No person shall be subject to arrest or prosecution for constructive possession, conspiracy, or any other offense for simply being in the presence or vicinity of the medical use of marijuana as authorized under N.J.S.A. 24:6I-1 et seq. or N.J.S.A. 18A:40-12.22. No custodial parent, guardian, or person who has legal custody of a qualifying student patient who is a minor shall be subject to arrest or prosecution for constructive possession, conspiracy, or any other offense for assisting the minor in the medical use of marijuana as authorized under N.J.S.A. 24:6I-1 et seq. or N.J.S.A. 18A:40-12.22.

5330.04 ADMINISTERING AN OPIOID ANTIDOTE

New Jersey's "Overdose Prevention Act" encourages the wider prescription and distribution of an opioid antidote to prevent opioid overdose. The New Jersey Department of Education informed school districts they may develop and adopt policies and procedures to maintain and administer an opioid antidote to any student, school personnel, or other person believed to be experiencing an opioid overdose during school hours or during on-site school-sponsored activities to block the opioid's life-threatening effects.

In accordance with N.J.S.A. 24:6J-4.a.(1)(e), the school district's physician, as a health care practitioner as defined in N.J.S.A. 24:6J-3, may prescribe or dispense an opioid antidote directly or through a standing order to the school district for a school district certified school nurse to administer to overdose victims, provided the school physician deems a school district certified school nurse is capable of administering the opioid antidote to an overdose victim in an emergency. The physician's standing order must specify a school district certified school nurse is authorized to administer the opioid antidote to overdose victims.

In accordance with N.J.S.A. 24:6J-5.a.(1), the school physician issuing the standing order shall ensure that overdose prevention information is provided to the school district and the certified school nurse(s) authorized to administer an opioid antidote. Overdose prevention information shall include, but not be limited to: information on opioid overdose prevention and recognition; instructions on how to perform rescue breathing and resuscitation; information on opioid antidote dosage and instructions on opioid antidote administration; information describing the importance of calling 911 emergency telephone service for assistance with an opioid overdose; and instructions for appropriate care of an overdose victim after administration of the opioid antidote.

Each patient who is dispensed an opioid antidote must receive a copy of the overdose prevention information that has been provided to the certified school nurse pursuant to N.J.S.A. 24:6J-5(a)2. The certified school nurse must document the dissemination of the prevention information and the contact information for the person receiving the prevention information in the patient's health record or another appropriate record or log. N.J.S.A. 24:6J-5(b)2.

Upon receiving a report of a possible opioid overdose during school hours or during an on-site school-sponsored activity, the Principal, Principal's designee, or supervising staff member will immediately call 911. The certified school nurse, during school hours and if available at an on-site school-sponsored activity, will also be immediately called. In accordance with the provisions of N.J.S.A. 24:6J-4.d.(1), the certified school nurse who has received overdose prevention information pursuant to N.J.S.A. 24:6J-5.a.(1) and has been deemed capable of administering the opioid antidote by the school physician may administer the opioid antidote to a student, school personnel, or other person in an emergency if the certified school nurse believes, in good faith, that the person is experiencing an opioid overdose.

The certified school nurse and/or other school staff members shall keep the student, school personnel, or other person comfortable until emergency medical responders arrive on the scene. Any student who receives an opioid antidote by the certified school nurse or by an emergency medical responder shall be transported to the nearest hospital with a school staff member designated by the Principal, Principal's designee, or supervising staff member of the on-site school-sponsored activity.

The Principal, Principal's designee, or supervising staff member will notify the parent of any student or a family member or other contact person for a school staff member who may be experiencing a possible opioid overdose as soon as practicable. The Principal, Principal's designee, or supervising staff member of the on-site school-sponsored activity shall notify the Superintendent of Schools whenever an opioid antidote is administered by a certified school nurse or an emergency medical responder.

The certified school nurse shall be responsible to store the opioid antidote that has been prescribed by the school physician in a safe and secure location; ensure that the opioid antidote is not exposed to extreme hot or cold temperatures; monitor the on-site inventory and replacement of the opioid antidote supply; and plan for the disposal of administered opioid antidote and expired opioid antidote applicator. The opioid antidote shall be stored near an automated external defibrillator. The certified school nurse shall document the administration of Naloxone in the same manner that the administration of other medications under a non-patient specific order is documented.

Any student or school staff member who is found to be under the influence of a controlled dangerous substance shall be subject to the provisions of applicable statutes and administrative codes and Board policies and regulations regarding substance use.

In accordance with the provisions of N.J.S.A. 24:6J-4.d.(2), the school district and the certified school nurse shall not, as a result of any acts or omissions, be subject to any criminal or civil liability for administering an opioid antidote in accordance with the provisions of N.J.S.A. 24:6J-1 et seq.

Nothing in this Policy shall prohibit the administration of an opioid antidote to a student, school personnel, or other person in an emergency during school hours or during on-site school-sponsored activities by an emergency medical responder or by a person authorized to administer an opioid antidote in accordance with N.J.S.A. 24:6J-1 et seq. This Policy shall be implemented in accordance with all applicable rules under N.J.A.C. 6A:16-3. With the approval of the Board and the school physician, volunteer, unlicensed school personnel may be trained through a Department of Human Services endorsed program to administer Naloxone.

5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

The Board of Education recognizes students may have allergies to certain foods and other substances and may be at risk for anaphylaxis. Anaphylaxis is a sudden, severe, serious, systemic allergic reaction that can involve various areas of the body (such as the skin, respiratory tract, gastrointestinal tract, and cardiovascular system). Anaphylaxis is a serious allergic reaction that may be rapid in onset and may cause death. Policy 5331 has been developed in accordance with the Guidelines for the Management of Life-Threatening Food Allergies in Schools developed by the New Jersey Department of Education.

An Individualized Healthcare Plan (IHP) and an Individualized Emergency Healthcare Plan (IEHP) will be developed for each student at risk for a life-threatening allergic reaction. Self-administration of medication, the placement and the accessibility of epinephrine, and the recruitment and training of designees who volunteer to administer epinephrine during school and at school-sponsored functions when the school nurse or designee is not available shall be in accordance with N.J.S.A. 18A:40-12 and Board Policy and Regulation 5330. School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur.

The school district will develop and implement appropriate strategies and prevention measures for the reduction of risk of exposure to food allergens throughout the school day, during before- and after-school programs, at all school-sponsored activities, in the cafeteria, or wherever food is present.

A description of the roles and responsibilities of parent(s) or legal guardian(s), staff, and students to prevent allergic reactions and during allergic reactions are outlined in Regulation 5331.

Every incident involving a life-threatening allergic reaction and/or whenever epinephrine is administered throughout the school day, during before- and after-school programs, and/or at all school-sponsored activities shall be reported to the school nurse or designee. The school nurse or designee shall be responsible to notify emergency responders, the Principal or designee, the school physician, and the Superintendent of Schools. The Superintendent shall inform the Board of Education after every incident including a life-threatening allergic reaction or whenever epinephrine is administered by the school nurse or designee. In addition, in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(3), the school nurse or designee shall arrange for the transportation of a student to the hospital emergency room by emergency services personnel after the administration of epinephrine, even if the student's symptoms appear to have resolved.

There will be occasions where food and/or beverages will be served as part of a classroom experience, field trip, and/or celebration. Because the ingredients of these food and beverage products may be unknown to the food preparation person and/or server, a student with anaphylaxis to food should not consume any food products that he/she is unsure of the ingredients. The teacher will provide, whenever possible, advance notice of the classroom experience, field trip, or celebration in order for the student to bring a food or beverage product from their home so they may participate in the activity.

When a parent(s) or legal guardian(s) informs the Building Principal and the school nurse the student may have an anaphylactic reaction to a substance other than food, the Building Principal will work with school staff to determine if these substances are on school grounds. The Building Principal will inform and work with the parent(s) or legal guardian(s) and the student to avoid the student's exposure to these substances if present on school grounds.

School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse or designee will provide appropriate training to school staff to understand allergies to food and other substances, to recognize symptoms of an allergic reaction, and to know the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse will work with appropriate school staff to eliminate or substitute the use of allergens in the allergic student's meals, educational/instructional tools and materials, arts and crafts projects, or incentives.

Policy and Regulation 5331 should be annually reviewed, evaluated, and updated where needed. Policy and Regulation 5331 will be disseminated and communicated to all parent(s) or legal guardian(s) of students in the school in the beginning of each school year and when a student enters the school after the beginning of the school year.

5332 DO NOT RESUSCITATE ORDERS

Federal and State legislation entitles every student to a free, appropriate public education in the least restrictive environment. Due to the high risk of medically fragile students and students with chronic illnesses, who in the past would not have survived to be able to attend school, families, professionals, and school personnel are challenged with new issues in caring for these students in the school setting. Some families may wish not to pursue life-saving medical protocols for their child due to the lack of benefit to the student's condition or quality of life that is likely to result from following these protocols. In accordance with N.J.A.C. 6A:16-2.1(a)3, all Do Not Resuscitate (DNR) orders received for a student will be thoroughly and carefully reviewed.

"Do Not Resuscitate order" or "DNR order" means a written directive signed by the parent or legal guardian of a student who, after consultation with the student's pediatrician and other advisors, declines emergency administration of cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) to the student. "Written order" means a directive and protocol written by the student's medical home to address a healthcare need or provide a medical service for a specific student. "Medical home" means a health care provider and that provider's practice site chosen by the student's parent or legal guardian for the provision of health care.

A family desiring to pursue a DNR order must submit a written order, which should be developed after a meeting with the parent(s) or legal guardian(s), the student, if appropriate, the school physician, the school nurse, the student's family healthcare provider, and the local emergency medical services provider. The written order shall include specific written emergency orders and shall specifically meet the goals for the student. Community emergency medical services protocols must be clearly defined in the written order.

The school nurse is responsible for providing an appropriate response to DNR orders. The school nurse will coordinate the school district's review of the written order with the Building Principal or designee, the school physician, and the Superintendent of Schools or designee. The Superintendent of Schools or designee will review the written order with the Board of Education and the school Board Attorney. The school physician shall be responsible for instructing school staff in DNR orders.

The existence of a DNR written order and plan shall be referenced on the student's health form that is approved for use by the Commissioner of Education. A copy of the DNR written order shall be placed with the student's individualized health record and a copy should be kept with the local emergency medical services provider. The DNR written order shall be reviewed whenever a change occurs in the student's condition and at least once every six months.

5335 TREATMENT OF ASTHMA

The Board of Education recognizes the primary goal for children with asthma is to allow the child to live as normal a life as possible. The child should be able to participate in normal childhood activities, experience exercise tolerance similar to peers, and attend school to grow intellectually and develop socially. In accordance with N.J.A.C. 6A:16-2.1(a)5, the Board adopts this Policy that includes procedures for the treatment of asthma in the school setting.

Every school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar location. Each school nurse in the district shall receive training in airway management and in the use of nebulizers and inhalers consistent with nationally recognized standards including, but not limited to, those of the National Institutes of Health and the American Academy of Allergy, Asthma and Immunology pursuant to N.J.S.A. 18A:40-12.8(a). The school nurse, upon receiving this training, is authorized to administer asthma medication through the use of a nebulizer pursuant to N.J.S.A. 18A:40-12.8(a).

Each student authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 and Policy 5330 or a nebulizer shall have an Asthma Action Plan (AAP) prepared by the student's medical home and submitted to the certified school nurse. The AAP shall identify, at a minimum, asthma triggers and information to be included in the individualized healthcare plan and individualized emergency healthcare plan, pursuant to N.J.A.C. 6A:16-2.3(b) for meeting the medical needs of the student while attending school or a school-sponsored function.

5337 SERVICE ANIMALS

In compliance with Title II of the Americans with Disabilities Act (ADA) as amended by the ADA Amendments Act of 2008, it is the policy of the Board to permit use of a service animal by an individual with a disability in all areas of the district where the public is normally permitted: in district buildings; on district property; and on vehicles owned, leased, or controlled by the district. (28 CFR §35.136)

A. Definitions

1. “Act” means the Americans with Disabilities Act (ADA) as amended by the ADA Amendments Act of 2008.
2. “Designated administrator” means Principal or person designated by the Principal to coordinate these activities.
3. “District” means this school district.
4. “Handler” means the animal’s owner or a person, such as a trainer, assisting the owner with control of the service animal.
5. “Service animal” means a dog individually trained to do work or perform a specific job or task for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. (28 CFR §36.104)
 - a. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition.
 - b. The work or tasks performed by a service animal must be directly related to the individual's disability (e.g. navigation, alerting physical support and assistance, preventing or interrupting impulsive or destructive behaviors).
 - c. Work or tasks for the purposes of this definition do not include the provision of emotional support, well-being, comfort, therapy, companionship, or crime deterrence.

B. Generally

1. The district shall permit the use of a service animal by an individual with a disability unless:
 - a. The animal is out of control and the animal's handler does not take effective action to control it;
 - b. The animal is not housebroken.
2. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g. voice control, signals, or other effective means). (28 CFR §35.136(d))
3. If an animal is properly excluded, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises. (28 CFR §35.136(b))
4. If there are places in the district where it is determined to be unsafe for a handler and service animal, reasonable accommodations will be provided to assure the individual equal access to the activity.
5. Unless the need for a service animal is readily apparent, the handler will be required to provide the district with information that:
 - a. The service animal is required because of a disability; and
 - b. What work or task the animal has been trained to perform.
6. The district may not require documentation, including proof that the animal has been certified, trained, or licensed as a service animal; nor that the dog demonstrates its ability to perform the work or task. (28 CFR §35.136(f))
7. Individuals who have service animals are not exempt from local animal control or public health requirements.
8. Service animals must be licensed and registered in accordance with State and local laws.

C. Delegation of Responsibility

1. The district is not responsible for the care or supervision of a service animal. (28 CFR §35.136(e))

2. If the district normally charges individuals for damage they cause, an individual with a disability may be charged for damage caused by his or her service animal. (28 CFR §35.136(h))
3. The district will designate relief areas for the service animal which will be included in mobility training and orientation of students and animals new to the school.

D. Notification and Responsibilities

1. In the event a service animal will be introduced as part of the school community, the designated administrator will develop a comprehensive implementation plan prior to introduction of the service animal into the school to include:
 - a. Notification to parents of students who may be in contact with the service animal;
 - b. Appropriate etiquette regarding service animals to include:
 - (1) Never pet a service animal while it is working;
 - (2) Never feed a working service animal;
 - (3) Do not deliberately startle, tease, or taunt a service animal;
 - (4) Do not hesitate to ask the handler if he or she would like assistance regarding directions or the facility.
2. The use of a service animal introduced as part of the school community will require inclusion into the student's Individualized Education Plan (IEP) or the student's Section 504 Accommodation Plan.
3. The district will require that the owner of a service animal introduced as part of the school community and, as included in the student's IEP or Section 504 Accommodation Plan, maintain liability insurance for the service animal in the amount required by the Board of Education.

5338 DIABETES MANAGEMENT

Diabetes is a serious chronic disease and must be managed twenty-four hours a day in order to avoid the potentially life-threatening short-term consequences of blood sugar levels that are either too high or too low and the serious long-term complications of high blood sugar levels. In order to manage their diabetes, students must have access to the means to balance food, medications, and physical activity level while at school and at school-related activities.

The parent or legal guardian of a student with diabetes who seeks diabetes care for the student while at school shall inform the school nurse who shall develop an individualized health care plan and an individualized emergency health care plan for the student. The individualized health care plan and individualized emergency health care plan shall be updated by the school nurse prior to the beginning of each school year and as necessary in the event there is a change in the health status of the student.

The school nurse assigned to a particular school shall coordinate the provision of diabetes care at that school and ensure that appropriate staff members are trained in the care of students with diabetes, including staff members working with school-sponsored programs outside of the regular school day, as provided in the individualized health care plan and the individualized emergency health care plan. The school nurse shall have the primary responsibility for the emergency administration of glucagon to a student with diabetes who is experiencing severe hypoglycemia.

The school nurse shall designate, in consultation with the Superintendent of Schools or designee, additional employees of the school district who volunteer to administer glucagon to a student with diabetes who is experiencing severe hypoglycemia. The designated employees shall only be authorized to administer glucagon, following training by the school nurse or other qualified health care professional, when a school nurse is not physically present at the scene.

Upon the written request of the parent or legal guardian and as provided in a student's individualized health care plan, the student will be permitted to manage and care for his/her diabetes as needed in the classroom, in any area of the school or school grounds, or at any school-related activity provided the student has been evaluated and determined to be capable of doing so as reflected in the student's individualized health care plan.

The Principal or school nurse shall, for each student with diabetes whom a school bus driver transports, provide the driver with a notice of the student's condition, how to treat hypoglycemia, who to contact in an emergency, and parent(s) or legal guardian(s) contact information. Designated areas of the school building shall have posted, in plain view, a reference sheet identifying signs and symptoms of hypoglycemia in students with diabetes.

A student's school choice, if there is a choice option, shall not be restricted due to the fact the student has diabetes.

5339 SCREENING FOR DYSLEXIA

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Education shall ensure each student enrolled in the school district who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2. This screening shall be administered no later than the student's completion of the first semester of the second grade.

In the event a student enrolls in the district in Kindergarten through grade six and has no record of being previously screened for dyslexia or other reading disabilities, pursuant to N.J.S.A. 18A:40-5.2, the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.2. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities or, if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the district. The screenings shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, "dyslexia" means a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Education information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or other reading disabilities. The Commissioner shall provide information on the screening instruments appropriate for Kindergarten through grade two students and on screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Education guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

In accordance with the provisions of N.J.S.A. 18A:6-131, general education teachers in grades Kindergarten through three, special education teachers, basic skills teachers, English as a second language teachers, reading specialists, learning disabilities teacher consultants, and speech-language specialists are required to complete at least two hours of professional development each year on the screening, intervention, accommodation, and use of technology for students with reading disabilities, including dyslexia. The Board may make these professional development opportunities available to other instructional or support staff members as the Board deems appropriate. This requirement for professional development in reading disabilities may be part of the twenty hours of annual professional development required by N.J.A.C. 6A:9C et seq. Documentation of teachers' fulfillment of this professional development requirement shall be maintained in the district.

5350 STUDENT SUICIDE PREVENTION

The Board of Education recognizes that depression and self-destruction are problems of increasing severity among children and adolescents. A student under severe stress cannot benefit fully from the educational program and may pose a threat to himself or herself or others.

The Board directs all school personnel to be alert to the student who exhibits behavioral warning signs of potential self-destruction or who threatens or attempts suicide. Any such signs or the report of such signs from another student or staff member should be taken with the utmost seriousness and reported immediately to the Building Principal, who shall notify the student's parent and other professional staff members in accordance with administrative regulations.

A potentially suicidal student shall be referred to the Child Study Team for appropriate evaluation and/or recommendation for independent medical or psychiatric services. In the event that the parent objects to the recommended evaluation or indicates an unwillingness to cooperate in the best interests of the student, the Child Study Team may contact the Department of Children and Families, Division of Child Protection and Permanency to request that agency's intervention on the student's behalf.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9C-3 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in students who are members of communities identified as having members at high risk of suicide.

The Superintendent shall prepare and disseminate regulations for the guidance of staff members in recognizing the student who contemplates suicide, in responding to threatened or attempted suicide, and in preventing contagion when a student commits suicide.

5410 PROMOTION AND RETENTION

The Board of Education requires that all students move through the program of instruction in the public schools of this district in accordance with their individual academic and social growth. Promotion in grades Kindergarten through six shall be based on consideration of each child's academic achievement as determined by teacher judgement using report card grades, achievement testing, and daily teacher observation as criteria. Social and emotional maturity will also be considered. The final determination for promotion resides with the Building Principal.

To be promoted from grade seven to grade eight and from grade eight to grade nine a student must receive a final passing grade in English Language Arts (ELA) literacy and mathematics. Furthermore, a student must receive a final passing grade in two out of three of the following core subjects: science, social studies and world languages. With the approval of the Principal a student may attend an approved summer school to makeup a failed subject(s). The student must successfully pass the subject in order to be promoted to the next grade. Online courses are not accepted for credit as a new course. Online courses taken for a course previously failed will be accepted with prior approval of the Principal.

In any event when a student is in danger of being retained at a grade level, prior notification of the parent is required. This notification must be made early enough so as to allow for the parent to participate in the development of intervention strategies that could assist the student in meeting grade level course requirements.

No student should be retained more than one time without Child Study Team consultation.

5420 REPORTING STUDENT PROGRESS

The Board believes that the cooperation of school and home is vital to the growth and education of the whole child. It recognizes its responsibility to keep parents informed of student welfare and progress in school.

The Board directs the establishment of a system of reporting student progress that shall include written reports, student-teacher conferences, and parent-teacher conferences. If the parent's primary language is other than English, translation shall be provided whenever possible.

The Superintendent shall develop procedures for reporting student progress which:

1. Use various methods of reporting appropriate to grade level and curriculum content;
2. Ensure that both student and parent receive ample warning of a pending grade of "failure" or one that would adversely affect the student's status;
3. Enable the scheduling of parent-teacher conferences in such places and at such times as will ensure the greatest degree of participation by parents;
4. Specify the issuance of report cards at intervals of not less than four times during the school year, except three times for Pre-Kindergarten through grade three, and issuance of progress reports as required during the school year.
5. Ensure the continual review and improvement of methods of reporting student progress to parents and involve students, staff and parents in that review.

A record shall be kept indicating the legal custodian of each student, so that reports can be made to and conferences arranged with the proper person. Non-custodial parents shall receive copies of reports of student progress and any other materials as requested.

Parental Notification

The Superintendent shall develop regulations to ensure that parents are notified in all instances when the law and/or the best interests of the student and the district require it. Parents whose parental rights have been terminated shall not receive any information pertaining to a student. A copy of the court order terminating parental rights shall be presented in order for records to be denied access.

5430 CLASS RANK

The Board of Education acknowledges the usefulness of a system of computing grade point averages and class ranking for secondary school graduates, both to inform students of their relative academic placement among their peers and to provide students, prospective employers, and institutions of higher learning with a predictive device so that each student is more likely to be placed in an environment conducive to success.

The Board authorizes a system of class ranking, by grade point average, for students in grades nine through twelve.

Effective September 2016, the Grade Point Average (GPA) and class rank shall be calculated as follows:

- A. All courses shall be included, except for correspondence courses or distant learning network programs.
- B. All students shall be included.
- C. The weighted rank shall be used for all purposes.
- D. Class Rank is the student's placement in the class according to Weighted Grade Point Average (WGPA). WGPA is calculated by using the final letter grade point numeric average equivalents in each course, and then multiplying the numeric grade equivalents times the course credits. The sum of the grade equivalents/course credits is then divided by the total credits producing the WGPA.

Before doing final calculations, 0.5 is added to all final numeric equivalents in Honors and 1.0 is added for Advanced Placement courses.

The following areas shall be taken into account to calculate GPA:

- 1. Final grades received;
- 2. Number of credits attempted.
- 3. Students must be enrolled in the district for four semesters to be included in class rank.

Class Rank

The following is an example of the method used to compute the GPA and rank:

Course	Final Grade	Numeric Average Equivalents	Credits		Total Points
English 1 Honors	A	4.5	5	=	22.5
Algebra 1	C	2	5	=	10
Physical Education	A+	4.3	3.75	=	16.125
Health 9	A	4	1.25	=	5
Basic Drawing/Design 1	A	4	2.50	=	10
Environmental Science	C	2	5	=	10

Spanish 1	A	4	5	=	20
Computer Programming 1	A	4	2.50	=	10
		Total:	35		117.125

Divide total credits into total numeric quality points to determine GPA.

$$117.125 \div 35 = 3.346$$

- E. Honors and advanced placement courses shall be so designated on transcripts.
- F. If a student's record includes courses marked in a nontraditional fashion, e.g. Pass/Fail, the grade point average shall be based on those courses with traditional marks only.

- G. All failing marks, as well as passing marks, shall be used in the calculation of the GPA.
- H. Class rank will be computed at the end of the school year based on the final grades beginning in the ninth grade.
- I. For the purpose of commencement only, the student receiving the highest GPA shall be designated Valedictorian and the student receiving the next highest GPA shall be designated Salutatorian.
- J. In order to be eligible for designation as valedictorian or salutatorian, a student must attend at least six semesters of high school including the two of senior year.

5431 "GOOD STUDENT" STATUS

The Board of Education authorizes the release, on the request of a student or a student's parent(s) or legal guardian(s), of such information regarding a student's grades as may be required to secure a "good student" discount on the cost of automobile liability insurance.

Where the insurer has established no standard for determining the achievement level on which the discount is contingent, the Board directs that a student has acquired a "good student" status if his/her grade average is equal to or higher than the grade average of the student's class during the immediately preceding semester.

5466 GRADUATION AND YEARBOOK FEES

The Board of Education recognizes that the cost of graduation ceremonies, if any, directly paid by graduating students and the cost of a yearbook directly paid by the graduating student may create a financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

The Board of Education will not exclude from the graduation ceremony any student who is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

Furthermore, the Board will pay the cost for a graduating student to purchase a yearbook if the graduating student is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

In determining financial hardship, the criteria will be the same as the Statewide eligibility standards established by the State Board of Education for free and reduced price meals under the State School Lunch Program.

5511 DRESS AND GROOMING

The Rutherford Board of Education believes that the clothes students wear ought to be appropriate within reasonable limits and ought not to be in any significant way distracting from educational activities.

Students are expected to attend classes in clothing that is neat and clean. The school authorities have no intention of dictating the specific types of hair styles and grooming to be worn by the students. However, certain commonsense rules should govern the manner in which students are groomed for class, for school social affairs, and for off-campus school activities.

The following types of clothing will be deemed inappropriate by the Principal or his/her designee:

1. Extremely low cut, transparent clothes, bare midriffs, revealing undergarments.
2. Dresses, skirts or shorts that are shorter than mid-thigh; spandex shorts are not acceptable except in gym class.
3. Hats, headbands, bandannas and sunglasses unless for medical or religious reasons (documentation may be requested).
4. Clothing, patches, or symbols which contain profane, obscene, offensive, and inappropriate language, references to alcohol, sex, tobacco or drugs; or demeaning references to specific gender, nationality, ethnicity, race, or religion.
5. Torn or ripped clothing.
6. Outdoor jackets or coats except when entering or leaving the building.
7. Footwear that is considered unsafe or dangerous.

Implementation of Policy:

1. When a student is not in compliance with the Student Dress Code, the teacher or other staff member shall send the student to the Principal or his/her designee with a written report.

2. The Principal or his/her designee, after discussion with the student, shall contact the parent. The parent shall be requested to bring a change of clothing to school to enable the student to return to class.
3. If the parent is unable to bring a change of clothing, the student shall be sent to another area where he or she will be given the assignments for the day.
4. Repeated offenses shall be cause for suspension and/or any other disciplinary action deemed necessary by the Principal or his/her designee.

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

- b. Has the effect of insulting or demeaning any student or group of students;
or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

Target/Victim Support

Districts should identify a range of strategies and resources that will be available to individual victims of harassment, intimidation, and bullying, and respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. The type, diversity, location, and degree of support are directly related to the student's perception of safety.

All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The Principal will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Students, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

G. Harassment, Intimidation, and Bullying Investigation

The Board requires a thorough and complete investigation to be conducted for each report of violations and complaints which either identify harassment, intimidation, or bullying or describe behaviors that indicate harassment, intimidation, or bullying. The investigation shall be initiated by the Principal or the Principal's designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist in coordination with the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist with the investigation.

The investigation shall be completed and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the incident. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and may decide to provide intervention services, order counseling, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, or take or recommend other appropriate action, as necessary.

The Superintendent shall report the results of each investigation to the Board of Education no later than the date of the regularly scheduled Board of Education meeting following the completion of the investigation. The Superintendent's report shall include information on any consequences imposed under the Code of Student Conduct, any services provided, training established, or other action taken or recommended by the Superintendent.

Parents of involved student offenders and targets/victims shall be provided with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents shall include the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, and whether consequences were imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board of Education.

A parent may request a hearing before the Board of Education after receiving the information about the investigation. The hearing shall be held within ten school days of the request. The Board of Education shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the incident, the findings from the investigation of the incident, recommendations for consequences or services, and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board of Education meeting following its receipt of the Superintendent's report on the results of the investigations to the Board or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, Controversies and Disputes, no later than ninety days after issuance of the Board of Education's decision.

A parent, student, or organization may file a complaint with the Division on Civil Rights within one hundred eighty days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.).

H. Range of Responses to an Incident of Harassment, Intimidation, or Bullying

The Board shall establish a range of responses to harassment, intimidation, and bullying incidents and the Principal and the Anti-Bullying Specialist shall appropriately apply these responses once an incident of harassment, intimidation, or bullying is confirmed. The Superintendent shall respond to confirmed harassment, intimidation, and bullying, according to the parameters described in this Policy. The range of ways in which school staff will respond shall include an appropriate combination of counseling, support

services, intervention services, and other programs. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district level or by law enforcement officials.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include consistent and appropriate positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) intended to remediate the problem behaviors.
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays (when implemented with sensitivity to a student's situation or involvement with harassment, intimidation, and bullying), research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, "acts of kindness" programs or awards, use of student survey data to plan prevention and intervention programs and activities, social norms campaigns, posters, public service announcements, "natural helper" or peer leadership programs, "upstander" programs, parent programs, the dissemination of information to students and parents explaining acceptable uses of electronic and wireless communication devices, and harassment, intimidation, and bullying prevention curricula or campaigns.
4. District-wide responses can comprise of adoption of school-wide programs, including enhancing the school climate, involving the community in policy review and development, providing professional development coordinating with community-based organizations (e.g., mental health, health services, health facilities, law enforcement, faith-based organizations), launching harassment, intimidation, and bullying prevention campaigns.

I. Reprisal or Retaliation Prohibited

The Board prohibits a Board member, school employee, contracted service provider who has contact with students, school volunteer, or student from engaging in reprisal, retaliation, or false accusation against a victim, witness, or one with reliable information, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures. All suspected acts of reprisal or retaliation will be taken seriously and appropriate responses will be made in accordance with the totality of the circumstances.

Examples of consequences and remedial measures for students who engage in reprisal or retaliation are listed and described in the Consequences and Appropriate Remedial Actions section of this Policy.

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

"Electronic communication and recording device (ECRD)" includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. A student is not permitted to have turned on or use an ECRD on school grounds during the school day or when the student is participating in a curricular or school-sponsored co-curricular activity. A student's personal ECRD may only be used on school grounds in an emergency situation or before and after the school day or with the permission of a school staff member supervising the student in a curricular or school-sponsored co-curricular activity. Any audio and/or video recording by a student using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other students or staff members are present shall require the permission for such recording from any other student and their parent and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, athletic events, and drama production filming. A student authorized or approved to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked from student access by the school district's acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a student from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

5615 SUSPECTED GANG ACTIVITY

Students that initiate, advocate, or promote unacceptable activities or conduct, openly or otherwise, and/or threaten the safety or well-being of others, disrupt the school environment and are harmful to the educational process in this school district. This unacceptable conduct, including but not limited to, physical or verbal harassing, intimidating, or bullying conduct; unlawful use of force; threats; violence; or other violations of the school district's student code of conduct by a student or group of students directed toward any school staff member or any other student or group of students anywhere on school grounds, at any school related or sponsored activity, on school buses, at school bus stops, and any other place where students are supervised by school district staff will not be tolerated.

In the event the Principal or designee believes any unacceptable activities or conduct was, or is being committed, for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by students representing a "criminal street gang" (hereinafter referred to as a "gang") as defined in N.J.S.A. 2C:33-29.

In accordance with N.J.S.A. 2C:33-29, "criminal street gang" means three or more persons associated in fact. Individuals are associated in fact if: (1) two of the following seven criteria that indicate criminal street gang membership apply: (a) self-proclamation; (b) witness testimony or official statement; (c) written or electronic correspondence; (d) paraphernalia or photographs; (e) tattoos; (f) clothing or colors; (g) any other indicia of street gang activity; and (2) individually or in combination with other members of a criminal street gang, while engaging in gang-related activity, have committed or conspired or attempted to commit, within the preceding five years from the date of the present offense, excluding any period of imprisonment, one or more offenses on separate occasions of robbery, carjacking, aggravated assault, assault, aggravated sexual assault, sexual assault, arson, burglary, kidnapping, extortion, tampering with witnesses and informants or a violation of Chapter 11, Section 3, 4, 5, 6, or 7 of Chapter 35, or Chapter 39 of Title 2C of the New Jersey Statutes.

If it is determined unacceptable activities or conduct was committed by students representing a gang or by students that may be representing a gang, the Principal or designee will assign appropriate disciplinary action and will notify the parent of the victim(s) and the offender(s). The Principal or designee will also inform the Superintendent of Schools and local law enforcement.

To further ensure the safety and well-being of all students in the district and to increase awareness within the school community regarding potential gang activity, students are prohibited from wearing while on school grounds, at any school related or sponsored activity, on school buses, and any other place where students are supervised by school district staff, any type of clothing or accessory that would indicate a student has membership in, or affiliation with, any gang associated with criminal activities pursuant to N.J.S.A. 18A:11-9.

The parent of any student identified as being potentially involved in gang-related activities shall be notified by the Principal or designee. A student identified as being potentially involved in gang-related activities shall be offered appropriate counseling by school district staff.

The Superintendent of Schools, Assistant Superintendent, Principal, or other administrator employed by the school district shall attend a gang education seminar program pursuant to N.J.S.A. 52:17B-4.7 within the first year of initial employment as an administrator in the district. The Superintendent of Schools, Assistant Superintendent, Principal, or other administrator shall be exempt from this requirement if the administrator has successfully completed a gang education seminar conducted by a public school district which is substantially equivalent to the seminar required pursuant to N.J.S.A. 52:17B-4.7. Other school staff members shall be provided in-service training on gangs and gang-related conduct and activities including, but not limited to, recruitment procedures; threats/intimidation; clothing; insignia; hand signs; symbols; graffiti; terminology; or other indicia of gang association.

Information regarding gangs shall be shared by school district staff to local law enforcement officials and the school district's administrative staff members will encourage local law enforcement to share gang-related information with school officials.

Nothing in this Policy shall supersede or negate any existing New Jersey law or Board Policy regarding student discipline and/or the school district's student code of conduct. This Policy shall be made available to school staff, students, and parents.

5700 STUDENT RIGHTS

The Board of Education recognizes that students possess both the right to a free public education and the rights of citizenship. In granting students the educational opportunities to which they are entitled, the Board shall provide them with the nurture, counsel, and custodial care appropriate to students' ages and maturity. At the same time, the Board will respect the right of each student to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of his/her own thoughts.

Attendant on the rights guaranteed to each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As students differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the student and the student's need for continuing guidance and control.

A student who has reached the age of majority possesses the full rights of an adult and may issue authorizations previously delegated to his/her parent(s) or legal guardian(s). The adult student is fully responsible for his/her educational performance, attendance, compliance with district regulations, and care of school property. The parent(s) or legal guardian(s) of each adult student will be informed of the rights of the student and will continue to be informed of the student's progress in school.

5701 PLAGIARISM

- A. Students are expected to be honest in all of their academic work. This means that they will not engage in any of the following acts:
1. Cheating on examinations, including but not limited to, the non-authorized use of books or notes, the use of crib sheets, copying from other students' papers, exchanging information with other students orally, electronically in writing, or by signals, obtaining copies of the examination illegally and other similar activities.
 2. Plagiarism is not permitted in term papers, research papers, research projects, themes, essays, reports, images, take-home examinations or any other academic work submitted and credited to a specific student. Plagiarize means "to present as new and original an idea or product derived from an existing source" (Merriam-Webster's Collegiate Dictionary [11th ed.; 2003; print]). Plagiarism involves two kinds of wrongs. Using another person's ideas, information, or expressions without acknowledging that person's work constitutes intellectual theft. Passing off another person's ideas, information, or expressions as our own, no matter the source, to get a better grade or gain some other advantages constitutes fraud. Plagiarism is sometimes a moral and ethical offense rather than a legal one since some instances of plagiarism fall outside the scope of copyright infringement, a legal offense. (MLA Handbook 52).

 3. Falsifications, including forging signatures, altering answers after they have been graded, the insertion of answers after the fact, the erasure of grader's markings, and other acts that allow for falsely taking credit.
- B. A student found guilty of academic dishonesty may be subjected to a full range of penalties including, but not limited to, reprimand and loss of credit for all of the work that is plagiarized.
- C. A teacher who believes that a student has been academically dishonest in his/her class should resolve the matter in the following manner:
1. Reprimand the student orally and/or in writing. The teacher is also authorized to withhold credit in the work tainted by the academic dishonesty.

2. If warranted, the teacher shall file a written complaint against the student with the Principal, requesting a more stringent form of discipline. The complaint must describe in detail the academic dishonesty that is alleged to have taken place, and must request that the matter be reviewed by the Principal.
3. The Principal will determine if further discipline of the student is appropriate, and will determine the nature of the discipline on a case-by-case basis.
4. If the student is not in agreement with the disciplinary action of the teacher, he/she may appeal the action to the Principal. If the student is dissatisfied with the Principal's disposition of the case, he/she may grieve the action in accordance with Policy No. 5710, Student Grievance.

Adopted:

5710 STUDENT GRIEVANCE

The Board of Education believes that students are citizens who possess the right to request redress of grievances and that students should be encouraged to respect lawful procedures for the resolution of disputes. Accordingly, the Board will establish and observe procedures by which the grievances of students will be heard.

For the purposes of this policy, a student grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees.

A student grievance will be heard in the following manner:

1. A student should first make the grievance known to the staff member most closely involved or with a guidance counselor and both shall attempt to resolve the matter informally and directly;
2. A grievance not resolved at the first step must be reduced to a written statement in which the student sets forth the specific nature of the grievance, the facts that gave rise to it, the relief sought, and the reasons why that relief is appropriate;
3. The written grievance may be submitted to the Building Principal, the Superintendent, and the Board of Education, in that order and within a suitable period of time to be allowed at each level for the hearing of the grievance and the preparation of a response;
4. At each step beyond the first, the school authority hearing the grievance may summon the parent(s) or legal guardian(s) of a grievant who is not an adult. The grievant may summon the assistance of his/her parent(s) or legal guardian(s) at any step;
5. A student grievance that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than ten calendar days. The student will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of students to seek redress of grievances by lawful procedures without fear of reprisal.

5721 INDEPENDENT PUBLICATIONS

The Board of Education respects the right of students to express themselves in written word or picture, or video image or computer generated illustrations, and to distribute printed materials as part of that expression; at the same time, the Board recognizes that the exercise of that right is limited by the rights of other members of the school community.

For the purposes of this policy, “printed materials” include any written or printed cards, letters, circulars, books, pamphlets, notices, newspapers, and similar materials but do not include any publication that is sponsored by this Board.

Certain printed materials are not protected by a student’s right of free expression because they violate the rights of others. The Board may identify and prohibit the distribution on school premises of printed materials that are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender; libel any person or persons; seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other; advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students; contain obscenity or material otherwise deemed to be harmful to impressionable students; incite violence, advocate the use of force, or urge the violation of law or school regulations; advertise goods or services for the benefit of profit-making organizations; fail to identify the student responsible for distribution and the agent responsible for reproduction; solicit funds for nonschool organizations when such solicitations have not been approved by the Board; or promote, favor, or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or questions submitted at any election.

The Board requires that the distribution of printed material take place only at the places and during the times established by rule in order not to disrupt the orderly operation of the educational program.

5750 EQUAL EDUCATIONAL OPPORTUNITY

The Board of Education directs that all students enrolled in the schools of this district shall be afforded equal educational opportunities in strict accordance with law. No student shall be denied access to or benefit from any educational program or activity or from a co-curricular or athletic activity on the basis of the student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability. The Board shall assure that all students are free from harassment, sexual or otherwise.

The Board directs the Superintendent to allocate faculty, administrators, support staff members, curriculum materials, and instructional equipment supplies among and between the schools and classes of this district in a manner that ensures equivalency of educational opportunity throughout this district. The school district's curricula in the following areas will eliminate discrimination, promote mutual acceptance and respect among students, and enable students to interact effectively with others, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability:

1. School climate/learning environment;
2. Courses of study, including Physical Education;
3. Instructional materials and strategies;
4. Library materials;
5. Software and audio-visual materials;
6. Guidance and counseling;
7. Extra-curricular programs and activities;
8. Testing and other assessments.

The school district's curricula will include Multi-cultural Education content and practices, instruction on African-American History in the teaching of U.S. History and instruction on the Holocaust and other acts of genocide.

Affirmative action shall be taken to ensure that students are protected from the effects of discrimination, in accordance with Policy 2260. Students who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation 5750 to report and appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all students. A teaching staff member's act of derision or enmity, in any form, against a person or persons on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a student or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this policy.

5751 SEXUAL HARASSMENT

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or students can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a student's participation in an educational program or activity or bases an educational decision on the student's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female students are protected from sexual harassment engaged in by school district employees, other students, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the student being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any student, regardless of the student's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the student who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of students shall be published and distributed to students and employees to ensure all students and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for students to ensure the staff and the students understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, students and third parties.

In addition, if the Board accepts Federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of students. Title IX applies to all public school districts that receive Federal funds and protects students in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

5752 MARITAL STATUS AND PREGNANCY

The Board of Education will not discriminate among students on the basis of their marital status or parenthood. No student, male or female, who is married or a parent shall be denied access to or benefit from any educational, co-curricular, or athletic program or activity on the basis of his/her marital status or parenthood.

A pregnant student shall not be excluded from any educational program or activity because of her pregnancy or pregnancy-related condition unless the student so requests or a physician certifies that her exclusion is necessary for the student's physical, mental, or emotional well-being. An excluded pregnant student will be provided with adequate and timely opportunity for instruction to continue or make up her schoolwork without prejudice or penalty. Pregnant students will be provided a special instructional program in accordance with Policy No. 2416.

5755 EQUITY IN EDUCATIONAL PROGRAMS AND SERVICES

Equity In Student Access

It is the policy of the Board of Education to ensure equal and bias-free access to all school facilities, courses, programs, activities, and services, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The school district administration will ensure: that all students will have equal and barrier-free access to all school and classroom facilities, that minority and female students are not under-represented in gifted and talented or accelerated/advanced courses and that minority and male students are not over-represented in detentions, suspensions, expulsions, dropouts, or special needs classifications. Support services will be available to all students and that all limited English-proficient students and students with disabilities will have equal and bias-free access to all school programs and activities. The school district will ensure equal and bias-free access for all students to computers, computer classes, vocational education classes, and technologically-advanced instructional assistance, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The Board of Education will refrain from locating new facilities in areas that will contribute to imbalanced, isolated, or racially identifiable school enrollments. The school district administration will assign students to ensure that the racial/national origin composition of each school's enrollment reflects the composition of the districtwide enrollment and so that school and classroom enrollments are not identifiable on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

Students will not be separated or isolated by race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability within schools, courses, classes, programs, or extracurricular activities. Bias-free multiple measures for determining the special needs of language-minority students and students with disabilities will be utilized. Pregnant students will be permitted to remain in the regular school program and activities and if not permitted to attend school by her doctor, the student will be provided equivalent instruction.

Equity in Guidance Programs and Support Services

The school district will ensure the guidance program and support services provide access to adequate and appropriate counseling services for all students, including, but not limited to, minority students, limited English-proficient students, non-college bound students, and students with disabilities. A full range of possible career, professional, and/or vocational choices will be presented to all students.

Equity in Physical Education Training

All school district physical education programs will be co-educational with any exceptions to be in accordance with Federal and State laws and regulations.

Equity in Athletic Programs

The school district's athletic program will provide equitable opportunities for female and male students to participate in athletics and equitable support for cheerleading programs and comparable facilities for male and female teams. The athletic program will have relatively equal numbers of varsity and sub-varsity teams for male and female teams and equitable scheduling of night games, practice times, and numbers of games for male and female teams.

Appeal Procedure

Any student or their parent may appeal school practices involving equity through the procedure established in Regulation 5750.

5756 TRANSGENDER STUDENTS

The Board of Education believes that a school culture that supports student achievement respects the values of all students and fosters understanding of gender identity and expression within the school community is a safe learning environment. New Jersey law and district policy require that all programs, activities, and employment practices be free from discrimination based on sex, sexual orientation, gender identity or gender expression. Therefore in keeping with these mandates the Board is committed to creating a safe learning environment for all students and to ensure that every student has equal access to all school programs and activities.

The Board believes that fostering this understanding successfully requires cooperation and good communication between the parents, school administration, school staff and the school community. The Superintendent shall ensure that students with gender identity or expression concerns and their parents shall be given the opportunity to discuss these issues and participate in the educational planning and programming for their student. The Superintendent may consult the experiences and expertise of qualified school staff as well as external resources where appropriate.

To proactively plan for a safe learning environment free of discrimination and harassment students and parents of students with gender identity and expression concerns are encouraged to alert the school district and schedule a meeting with the Superintendent. Upon request, the Superintendent shall schedule a meeting with the parent and the student for the purpose of evaluating the needs of the student and planning any accommodations that may be considered to facilitate a respectful and comfortable school program that supports the student's achievement.

Definitions:

1. "Gender identity" is a person's deeply held sense or psychological knowledge of their own gender, regardless of the gender they were assigned at birth. Everyone has a gender identity.
2. "Transgender" is a term which describes people whose gender identity or gender expression is different from their assigned gender at birth.
3. "Gender expression" refers to the way a person expresses gender to others in ways that are socially defined as either masculine or feminine, such as through behavior, clothing, hairstyles, activities, voice or mannerisms.

4. "Gender non-conforming" refers to gender-related identity and/or gender expression which does not conform to the social expectations or norms for a person of that gender assigned at birth.
5. "Transition" refers to the process in which a person goes from living and identifying as one gender to living and identifying as another.

Harassment, Intimidation and Bullying

The Board shall make every effort to maintain a safe and supportive learning and educational environment that is free from harassment, intimidation, and/or bullying and free from discrimination on account of actual or perceived race, color, national origin, ancestry, age, sex, affectional or sexual orientation, gender identity or expression, marital status, domestic partnership status, nationality, atypical hereditary cellular or blood trait of any individual, genetic information, or refusal to submit to a genetic test or make the results of a genetic test known, disabilities, social or economic status, pregnancy, childbirth, pregnancy-related disabilities, actual or potential parenthood, family status or other distinguishing characteristic.

Complaints alleging discrimination shall be reported to the school affirmative action officer according to Board policies.

Any student experiencing or observing harassment, intimidation and bullying is encouraged to report the incident to a member of school staff. Any staff member observing or receiving a report of harassment, intimidation or bullying shall report the incident to the Principal the same day the incident is observed or the report received according to Policy 5512 Harassment, Intimidation and Bullying. All reported incidents of discrimination, harassment, intimidation, and bullying shall be promptly investigated and resolved according to law and Board policy.

Confidentiality and Privacy

School personnel may not disclose information that may reveal a student's transgender or gender non-conforming status, except as allowed by law. Under the Family Education Rights Privacy Act (FERPA), only those school employees with a legitimate educational need may have access to a student's records or the information contained within those records. Disclosing confidential student information to other employees, students, parents, or other third parties may violate privacy laws, including but not limited to FERPA. Transgender students have the ability, as do all students, to discuss and express their gender identity and expression openly and decide when, with whom, and how much of their private information to share with others.

Students who do not want their parents to know about their transgender status shall be addressed on a case-by-case basis. In some cases, notifying parents carries risks for the student, such as being kicked out of the home. Prior to notification of any parent regarding the transition process, school staff should work closely with the student to assess the degree to which, if any, the parents will be involved in the process and must consider the health, well-being, and safety of the transitioning student. The school counselor shall balance the rights of the student needing support and the requirement that parents be kept informed about their child. In accordance with law, parents and/or the appropriate local officials shall be informed when there is any suspicion of injury or harm to the student or other students.

Coordination of School Accommodations

In planning appropriate accommodations for a student who is transitioning, the Superintendent, parents and the student and other qualified staff or consultants as necessary shall meet to discuss actions that the district and school personnel may take to create safe learning environment, including:

A. Names/Pronouns

School staff shall be directed to address the student by the name and pronoun corresponding to their gender identity that is consistently asserted at school. Students are not required to obtain a court ordered name and/or gender change or to change their student personnel records as a prerequisite to being addressed by the name and pronoun that corresponds to their gender identity. To the extent possible and consistent with these guidelines, school personnel shall make efforts to maintain the confidentiality of the student's transgender status.

School documentation such as student ID's shall be issued in the name that reflects a student's gender identity that is consistently asserted at school.

B. Sports and Physical Education

Transgender students shall be provided the same opportunities to participate in physical education as are all other students. Generally, students may be permitted to participate in physical education and sports in accordance with the student's gender identity that is consistently asserted at school. Participation in competitive interscholastic athletic activities will be resolved on a case-by-case basis and according to the standards established by the New Jersey State Interscholastic Athletic Association (NJSIAA).

C. Restroom and Locker Room Accessibility

The district aims to support transgender students while also ensuring the safety and comfort of all students. The Superintendent, together with the parents, student and other qualified staff or consultants shall evaluate options for the use of restrooms and locker rooms by the transgender students and consider the following factors, including, but not limited to:

1. The transgender student's preference;
2. Protecting student privacy;
3. Maximizing social integration of the transgender student;
4. Minimizing stigmatization of the student;
5. Ensuring equal opportunity to participate;
6. The student's age; and
7. Protecting the safety of the students involved.

Generally students may have access to the restroom or locker room that corresponds to the gender identity or expression that they consistently assert at school and no student shall be forced to accept an accommodation with which he/she disagrees. A transgender or transitioning student who expresses a need or desire for increased privacy may be provided with reasonable alternative arrangements. Reasonable alternative arrangements may include the use of a private area, or a separate changing schedule, or use of a single stall, gender neutral restroom. Any alternative arrangement shall be provided to the extent possible in a way that protects the student's ability to keep his or her transgender status confidential.

A transgender student should not be required to use a locker room or restroom that conflicts with the student's gender identity or expression consistently asserted at school.

D. Gender Segregation in Other Areas

As a general rule, in any other circumstances where students are separated by gender in school activities (i.e. overnight field trips), students may be permitted to participate in accordance with the gender identity or expression consistently asserted at school. Activities that may involve the need for accommodations to address student privacy concerns will be addressed on a case-by-case basis considering the factors set forth above.

E. Dress Code

Students have the right to dress in accordance with their gender identity or expression that is consistently asserted at school, within the constraints of the Board policy for student dress code. School staff shall not enforce a school's dress code more strictly against transgender and gender nonconforming students than other students.

F. Privacy

The Superintendent and/or his or her designees are expected to work closely with the student and his or her parents in formulating an appropriate plan regarding the confidentiality of the student's transgender or transitioning status that works for both the student and the school. Privacy considerations may also vary with the age of the student.

Where the transgender or transitioning student feels more supported and safe when other students are aware that they are transgender or transitioning, school staff shall be given guidance and training appropriate for facilitating a respectful school climate. School personnel may be directed to work closely with the student, parents, other family members and other staff members on a plan to inform and educate the student's peers. It may also be appropriate to engage external resources to assist with educational efforts.

Resources for Transgender or Transitioning Students

If a school staff member observes that a gender identity issue is creating challenges for a student at school or if a student indicates an intention to transition, the staff member shall alert the school counselor and encourage the student to meet with the school counselor if appropriate. School staff shall make every effort to support the student and encourage the support and respect of student peers and staff during school.

When a student indicates an intention to transition, the school counselor, as appropriate, shall offer assistance and provide the student, and/or their parents as appropriate, with information, resources and referral services regarding the issues associated with gender identity and expression and/or formal gender transition. The school counselor shall also provide information regarding gender transition planning at school. The counselor shall coordinate the measures planned and taken at school for supporting the student and creating a sensitive supportive environment at school. These measures may include:

1. Making resources available to parents who have additional questions or concerns;
2. Developing age-appropriate lessons for students about gender diversity and acceptance; and
3. Staff training surrounding vigilance to prevent possible harassment, intimidation and bullying issues that may arise for transgender or transitioning students.

Reports of harassment, intimidation and bullying shall be promptly investigated and resolved according to Policy 5512 Harassment, Intimidation and Bullying.

Official Records

To the extent that the school is not legally required to use a student's legal name or gender on school records and other documents, the school shall use the name and gender preferred by the student.

Each school is required to maintain a permanent student record of each student, which includes the legal name of the student as well as the student's biological gender. In addition, schools are required to use a student's legal name and gender on standardized tests and reports to the State Education Department.

A student's permanent student record may be changed to reflect a change in legal name or gender only upon receipt of documentation that such legal name and/or gender have been changed pursuant to applicable law. The following documentation may be provided:

1. A court order or birth certificate demonstrating the student's new name.
2. For a legal change of gender, the student must provide a birth certificate indicating the student's legal gender, or a valid passport indicating the student's legal gender.

N.J.S.A. 10:5-1 et seq.
Title IX, 20 U.S.C. Section 1681

Adopted:

5770 STUDENT RIGHT OF PRIVACY

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a student as authorized by this policy, with or without the student's consent, whenever he/she has reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. Except in exigent circumstances, an intrusive search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender.

The Board acknowledges the need for the in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, students may lock them against incursion by other students. In no storage place provided by the Board shall students have such an expectation of privacy as to prevent examination by a school official. Students shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to students for the storage of property.

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the student, the student's parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

Adopted:

5820 STUDENT GOVERNMENT

The Board of Education recognizes the importance of offering students the opportunity to participate in representative self-government and to develop leadership skills. Students shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board of Education.

The Board recognizes the Student Council as the official voice of the student body for students in grades nine through twelve, provided the constitution and bylaws of that organization have been duly approved by the students it represents and by the Board and provided that all students have equal access to their student government and an equal opportunity to vote and hold office.

The Board shall appoint a qualified teaching staff member to serve as advisor to student government activities.

The Board directs that decisions made and actions duly taken by the official student government, in accordance with and within the scope of its constitution and bylaws, may not be voided or vetoed by any staff member.

Adopted:

5830 STUDENT FUND RAISING

The Board of Education recognizes the value of having students participate in fund-raising activities, both as individuals and as groups, in order to help defray the cost of certain noncurricular field trips, or other worthwhile programs, or in support of a Board-approved charitable cause.

For purposes of this policy, "student fund raising" shall include the solicitation and collection of money from students for any purpose and shall include the collection of money in exchange for tickets, papers or any other goods or services except those goods and services which are part of a Board-approved program of the schools.

The Board prohibits the collection of money in school or on school property or at any school-sponsored event by a student for personal benefit. Collection of money by school organizations approved by the Board shall be approved by the Principal. Collections by organizations outside the schools or by students on behalf of such organizations shall be approved by the Superintendent.

The Board shall not be responsible for the protection of or the accounting of funds collected from students by organizations outside the schools, by teaching staff members when not required to collect money for a Board-approved purpose, and by school-connected organizations. Funds raised by school-sponsored activities shall be deposited in the proper district accounts.

The Board reserves the authority to limit, terminate, and/or prohibit fundraising activities by school-sponsored groups or outside organizations that encourage or require door-to-door solicitation by students.

Adopted:

5841 SECRET SOCIETIES

The Board of Education affirms the legislative prohibition of student organizations with closed membership practices as hostile to the democratic ideals of public education.

No social organization of students will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the students of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, disability or political beliefs, or any other consideration not appropriate to the purpose of the organization; or if any qualifying student who applies may be denied membership.

Nothing in this policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A student who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of students enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any student attest as to his/her membership in a secret organization.

N.J.S.A. 18A:42-5; 18A:42-6

Adopted:

5842 EQUAL ACCESS OF STUDENT ORGANIZATIONS

The Board of Education will permit the use of school facilities by student-initiated organizations for non-curricular student activities. A student-initiated organization, regardless of the size of the group, will not be denied an opportunity to meet and use school facilities on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

An application for permission to meet on school premises shall be made to the Principal, who shall grant permission provided that he/she determines that:

1. The activity has been initiated by students;
2. Attendance at the meeting is voluntary;
3. No agent or employee of the district will promote, lead, or participate in the meeting;
4. The meeting is for a lawful purpose;
5. The meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the school;
6. Nonschool persons do not direct, conduct, control, or regularly attend the activity; and
7. The activity is adequately supervised by appropriately certified school district staff.

A student-initiated group granted permission to meet on school premises shall be subject to the same rules and regulations that govern the meetings of student organizations sponsored by this Board, except as provided by this policy. Participation in a student-initiated meeting must be available to all students who wish to attend and cannot be denied on the basis of a student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The Board will not permit the organization of a fraternity, sorority, or secret society. A student-initiated meeting may be attended by no more than two outside resource person(s).

Access to school facilities by student organizations will be provided within the governing principles of the First Amendment of the Constitution of the United States.

An appropriately certified staff member shall be assigned to attend a student-initiated meeting in a custodial capacity and shall not participate in the activity while serving in this custodial capacity. No teaching staff member shall be compelled to attend a student-initiated meeting if the content of the speech at the meeting is contrary to his/her beliefs.

The Building Principal may take such actions as may be necessary to maintain order and discipline on school premises and to protect the safety and well-being of students and staff members.

United State Department of Education - Guidance on Constitutionally Protected Prayer in Public Elementary and Secondary Schools

Adopted:

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the students of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of students, and "class trips" are trips taken by students in a single graduating class, students who share a particular interest in an activity, or students who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Principal and for social events and class trips away from school premises that have been approved by the Principal. A social event or class trip may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating students. The Board will assume no responsibility for a student social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating students to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any student without the due process of notice and an opportunity to be heard. A student who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Students who participate in approved social events and class trips are subject to district rules for student conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A student who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating students at risk and shall be immediately dismissed from the event or trip. Any such student will be returned home by appropriate and safe means of transportation in the company of a chaperone, the student's parent(s) or legal guardian(s), or a representative of the student's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the student and/or the student's parent(s) or legal guardian(s).

The Board will permit persons not enrolled in this district to participate in social events as guests of students, provided the Principal has approved the participation of guests in advance. Guests are subject to the same rules of conduct as are students enrolled in this district and may be removed from the social event or trip for persistent or flagrant disregard of those rules.

The Superintendent will develop regulations governing the conduct and safety of all participants in social events and class trips and will distribute them to student and adult participants.

Chaperones for Class Trips

The Board of Education encourages class trips that enrich the experience of students of all ages and at all grade levels. The safety of all participants is of paramount importance.

In order to insure the safety of all participants and especially students, the following guidelines are in effect for the supervision of class trips:

Grade	Minimum Chaperone to Student Ratio
Kindergarten - 3	One chaperone for every five students inclusive of the teacher.
4 - 6	One chaperone for every fifteen students inclusive of teacher.
7 - 12	Two chaperones inclusive of teacher for each group under fifty students.

Additional supervision ratios are established by the Board for overnight trips. The administration has the right to adjust the above ratio if it is deemed necessary.

Adopted:

5860 SAFETY PATROL

The Board believes that student safety patrols can contribute greatly to the development of good traffic habits and can provide opportunities for growth in leadership skills.

Therefore, the Superintendent shall develop regulations for the formation of safety patrols.

These regulations shall include, but not be limited to, provision for:

1. Appointment of a faculty advisor to select, instruct and discipline members of the safety patrol;
2. Informing candidates and their parents of the purpose and activities of the patrol and the possible hazards;
3. Obtaining signed, written consent from the parent for the student's involvement in the safety patrol;
4. An outline of duties suitable to each school building;
5. Cooperation with the police.

5880 PUBLIC PERFORMANCES BY STUDENTS

The Board of Education recognizes the value to students and to the community of the demonstration of student talents and skills in performances of student organizations in public events. The Board endorses such performances when they contribute to the instructional program, do not interfere with scheduled school activities, and do not exploit or endanger participating students.

Public performances of student organizations must be approved in advance by the Principal. The members of a student organization invited to perform shall be polled for their willingness to perform. No student may be compelled to participate in an elective public performance or penalized for his/her failure to participate. Approval for a public performance will not be granted unless the staff advisor determines that the number of students who agree to participate is sufficient to represent the school fairly.

When public performances are scheduled as a regular part of a course of study taken for credit, students shall be informed in advance of their obligation to participate; they will be excused from participation only in accordance with Board policy on student attendance.

No student, student organization, or employee of this Board shall receive compensation for the performance in public of students organized for a school activity.

6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 in accordance with the procedures as outlined in N.J.A.C. 6A:23A-5.3(b). As part of the annual budget information, the Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI.

Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection provided by the Department of Education. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.

The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible students. Districts shall enter all students following their evaluations into the third-party system to identify the district's universe of eligible students. This can be done without parental consent.

Districts participating in the SEMI reimbursement program shall comply with program requirements as outlined in N.J.A.C. 6A:23A-5.3(e).

A school district that has less than ninety percent participation of SEMI eligible students in the prebudget year or that has failed to comply with all program requirements set forth in N.J.A.C. 6A:23A-5.3(e) shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission. The district's SEMI action plan shall include the components as outlined in N.J.A.C. 6A:23A:5.3(g).

Special Education Medicaid Initiative (SEMI) Program

Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate that they fully implemented their Department of Education approved SEMI action plan, shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

N.J.A.C. 6A:23A-5.3

Adopted:

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under Titles I, II-A, II-D, III, III Immigrant, IV and V of the No Child Left Behind Act (NCLB), the Individuals with Disabilities Education Act (IDEA), and the Carl D. Perkins Career and Technical Education Improvement Act of 2006 shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Reimbursement requests shall be made for individual titles and awards and only one reimbursement request per month may be submitted for an individual title or award. Reimbursement requests may only be for expenditures that have already occurred or will occur by the last calendar day of the month in which the request is made.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures by the last calendar day of the month in which the request is made and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant. Reimbursement requests must be in accordance with approved grant applications.

The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award or \$50,000 for IDEA, Perkins, and NCLB (per title); whichever is less.

A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent of Schools or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the applicable Federal Office of Management and Budget Circular: A-21, "Cost Principles for Educational Institutions;" A-87, "Cost Principles for State, Local, and Indian Tribal Governments;" A-122, "Cost Principles for Non-Profit Organizations;" and Education Department General Administrative Regulations (EDGAR). Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended according to the requirements of the CMIA.

6141 TAX REVENUES

The Board of Education believes that the interests of district taxpayers as well as the interests of the educational program are best served by the orderly, planned transfer of tax revenues to the school district as such funds are required to pay the debts of the district.

The Board Secretary shall request the Municipal Treasurer to transfer tax revenues in anticipation of district expenditures in accordance with law and as approved by this Board of Education.

6150 TUITION INCOME

The Board of Education will charge and assess tuition for students attending this school district that are not entitled to receive a free public education in this district or from a student's sending district for the student attending this school district as provided for by State statute.

A receiving public school district Board and a sending public school district Board will establish a written contractual agreement for the ensuing school year with a tentative tuition charge multiplied by the estimated average daily enrollment in accordance with N.J.A.C. 6A:23A-17.1(f). The sending district is required in the contractual agreement to pay ten percent of the tentative tuition charge no later than the first of each month from September through June of the contract year. Adjustments will be made in accordance with N.J.A.C. 6A:23A-17.1(f).

The Board will, with the consent of the Board upon such terms, admit nonresident students on a tuition basis pursuant to N.J.S.A. 18A:38-3.

The School Business Administrator/Board Secretary shall be responsible for the assessment and collection of tuition.

The Executive County Superintendent in the county in which the receiving district is located should be consulted to mediate disputes that arise from tuition matters as defined in N.J.A.C. 6A:23A-17.1(f)5.

6160 GRANTS FROM PRIVATE SOURCES

The Board of Education encourages the development of proposals to private foundations and other sources of financial aid to subsidize such activities as innovative projects, feasibility studies, long-range planning, and research and development. Any such activity must:

1. Be based on a specific set of project objectives that relate to the established goals of the district;
2. Provide measures for evaluating whether or not project objectives are being achieved; and
3. Conform to applicable State and Federal laws and to Board policies.

The Superintendent shall establish regulations for the processing of proposal ideas throughout the district.

Adopted:

6210 FISCAL PLANNING

The Board of Education shall collect and assemble the information necessary to discharge its responsibility for the fiscal management of the school district and to plan for the financial needs of the educational program. The Board will strive toward maintaining both short and long range perspectives of district financial requirements.

Accordingly, the Board directs the School Business Administrator/Board Secretary to include cost estimates in all ongoing district studies of the educational program, to prepare a long range year-by-year plan for the maintenance and replacement of facilities and equipment, to forecast an estimated expenditure budget for one year in the future, to maintain a plan of anticipated State and Federal revenues, to meet periodically with the municipal governing board to review planned expenditures and the joint effect of school and community costs on tax rates, and to report to the Board any serious financial forecast that emerges from the district's fiscal planning.

Adopted:

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district; its preparation is, therefore, one of the most important functions performed by the Board of Education. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis of every member of the Board during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

The annual school district budget and supporting documentation shall be prepared in accordance with the provisions of N.J.S.A. 18A:7F et seq. and N.J.A.C. 6A:23A-8.1 et seq. The Board will obtain approval of the local funding for a non-referendum capital project (school facility project or other capital project) in accordance with the provisions of N.J.A.C. 6A:23A-8.4.

The Board will submit its proposed budget and supporting documentation as prescribed by the Commissioner to the Executive County Superintendent for approval.

The budget will be presented to the Board of Education to allow adequate time for review and adoption. The budget should evolve primarily from the needs of the individual schools as expressed by the Building Principals and the district educational program as expressed by the central administrative staff and be compatible with approved district plans.

The Board shall include in the budget application to the Executive County Superintendent a complete reporting of revenues and appropriations and other requirements pursuant to N.J.S.A. 18A:22-8 and N.J.S.A. 18A:7F-5 through 63.

The Board, upon submission of its budget application to the Executive County Superintendent or by the statutory submission date, whichever is earlier, shall make available upon request for public inspection all budget and supporting documentation contained in the budget application and all other documents listed in N.J.A.C. 6A:23A-8.1 once the budget application has been submitted to the Executive County Superintendent for approval.

The budget as adopted for the school year pursuant to N.J.S.A. 18A:7F-5 shall be provided for public inspection on the district's Internet site, if one exists, and made available in print in a "user-friendly" plain language budget summary format in accordance with the provisions of N.J.A.C. 6A:23A-8.1(c).

All budgetary and accounting systems used in the school district must be in accordance with double entry bookkeeping and Generally Accepted Accounting Principles as required in N.J.A.C. 6A:23A-16.1 et seq.

6230 BUDGET HEARING

The annual budget adopted by the Board of Education and approved by the Executive County Superintendent represents the Board's position on the allocation of resources required to operate a thorough and efficient system of education. All reasonable means shall be employed by the Board to present and explain that position to residents and taxpayers of the community. A public budget hearing will be conducted in accordance with law. Each member of the Board and each district administrator shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The approved budget will be made available to the public in the form and at the places required by law. A simplified form of the budget may also be prepared annually and may be sent to each district resident, each parent(s) or legal guardian(s) of a student in public school, and representative of community organizations and distributed to each person attending the annual budget hearing.

The simplified budget may include the expenditure in each major category of current expense, capital items, and debt service; any anticipated change in tax rates; a summary of anticipated receipts; information that voters may use in comparing budget provisions in this school district with those in comparable districts; brief explanations of significant increases and decreases from the preceding budget and important transfers of expenditures from one classification to another; and a letter of transmittal from the Board.

6311 CONTRACTS FOR GOODS OR SERVICES FUNDED BY FEDERAL GRANTS

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Federal Acquisition Regulations (FAR) Subpart 9.4 – Debarment, Suspension, and Ineligibility.

The School Business Administrator/Board Secretary shall be responsible to check the web-based Excluded Parties Lists System (EPLS) maintained by the General Services Administration (GSA). The purpose of the EPLS is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator/Board Secretary, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall review the EPLS to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator/Board Secretary shall also review the EPLS list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the EPLS list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in FAR Subpart 9.405.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the EPLS list or proposed for disbarment shall be in accordance with the limitations as outlined in FAR Subparts 9.405.1 and 9.405.2.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.

Federal Acquisition Regulations (FAR) Subpart 9.4

6320 PURCHASES SUBJECT TO BID

The Board of Education directs the establishment and conduct of bidding procedures that serve the public interest and provide each qualified vendor an equal opportunity to furnish goods and services to the district.

Every contract for the performance of work or the purchase or lease of materials or supplies not exempted by law will be subject to public bidding whenever the aggregate value of such a contract within one contract year exceeds the bid threshold established by law and in accordance with N.J.S.A. 18A:18A-3.(a). Whenever possible, purchases will be aggregated; purchases may not intentionally be divided to avoid the requirements for competitive bidding as required in N.J.S.A. 18A:18A-8. The purchase of textbooks and materials that exceed the bid threshold and are approved by the Board pursuant to N.J.S.A. 18A:34-1 shall not require the further adoption of a resolution for purchase.

Bid specifications will be prepared and/or are coordinated by the School Business Administrator/Board Secretary. Each bid specification will offer a common standard of competition and will assert the Board's right to accept reasonable equivalents and to reject all bids and readvertise. The School Business Administrator/Board Secretary is authorized to advertise for bids in accordance with N.J.S.A. 18A:18A-21 without the prior approval of the Board, but shall inform the Board of any such advertisement at the Board meeting next following. Records of advertisements will be kept in detail sufficient to show that a reasonable number of qualified vendors were invited to bid.

Bids shall be opened publicly by the School Business Administrator/Board Secretary or designee before one or more witnesses at a previously designated time and place. Contracts will be awarded, on a resolution duly adopted by the Board, to the lowest responsible bidder who submits the lowest responsible bid, except that the Board may choose to reject all bids, to readvertise, or to purchase under a State contract. The Board may disqualify a bidder who would otherwise be determined to be the lowest responsible bidder in accordance with N.J.S.A. 18A:18A-4. Whenever two or more bids are the lowest bids submitted by responsible bidders, the Board shall determine to which bidder the contract will be awarded.

The bid of a vendor who claims, before bids are opened, a mistake or omission in its preparation will be returned unopened. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided he or she gives immediate written notice of the mistake or omission and certification, supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. Any bidder who withdraws an opened bid shall forfeit any bid security deposited with the bid in accordance with law.

In accordance with the provisions of N.J.A.C. 6A:23A-5.4, pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall subject to review for the withholding of State funds any school district that fails to obey the provisions of the Public Contract law, N.J.S.A. 18A:18A-1 et seq. The amount of funds to be withheld shall equal the amount of the contract awarded in violation of the provisions of N.J.S.A. 18A:18A-1 et seq. except for violations related to the award of contracts under the extraordinary unspecifiable services (EUS) provision which shall be governed by the provisions of N.J.S.A. 18A:18A-46.1.

6340 MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

The School Business Administrator/Board Secretary is directed to investigate the advantage to the district of multiple year contracts. Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

All multiple year contracts must be approved by the Board. When the estimated annual cost of a multiple year contract exceeds the bid threshold established by law and the subject of the contract is not exempt from bidding, the contract shall be advertised in accordance with law and the bidding procedures of this district.

N.J.S.A. 18A:18A-5; 18A:18A-42

Adopted:

6350 COMPETITIVE CONTRACTING

Competitive contracting may be used in lieu of public bidding for specialized goods or services that exceed the bid threshold provided the process is administered by a purchasing agent, by legal counsel of the Board of Education, or by the School Business Administrator and pursuant to N.J.S.A. 18A:18A-4.1. et seq. Competitive contracting may only be used for the purposes provided in N.J.S.A. 18A:18A-4.1. Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

The purchasing agent will prepare a request for proposal documentation, which will include all requirements deemed appropriate and necessary to allow for full and free competition between vendors, information necessary for potential vendors to submit a proposal, and a methodology by which the Board will evaluate and rank proposals received from vendors. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking and will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4.

Request for Proposal documentation will be published in an official newspaper of the Board at least twenty days prior to the date established for the submission of proposals. The Board may charge a fee for the proposal documentation that will not exceed \$50.00 or the cost of reproducing the documentation, whichever is greater.

Each interested vendor will be required to submit a proposal which will include all the information required by the request for proposals. Failure to meet the requirements of the request for proposals may result in the Board disqualifying the vendor from further consideration. Under no circumstances will the provisions of a proposal be subject to negotiation by the Board.

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals pursuant to N.J.S.A. 18A:18A-4.5.c. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals. When requested by such

employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.

The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report evaluating and recommending the award of a contract or contracts. The report will be prepared pursuant to N.J.S.A. 18A:18A-4.5.d. The report will be made available to the public at least 48 hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

Award of a contract will be made by resolution of the Board within sixty days of the receipt of the proposals, except that the proposals of any vendors who consent thereto, may, at the request of the Board, be held for consideration for such longer period as may be agreed.

The report prepared pursuant to this Policy and Regulation No. 6350 will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

The Secretary of the Board will publish a notice in the official newspaper of the Board summarizing the award of a contract pursuant to N.J.S.A. 18A:18A-4.5g.

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A. 19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of \$17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and
2. A Business Registration Certificate (anytime prior to award).

“Business entity” means a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The \$17,500 contract amount is not related to the Board’s bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The \$17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than \$17,500 in a school district’s fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a “public emergency” that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of \$17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of \$17,500 with a New Jersey Department of Education “Approved In-State Private School for the Disabled.” Chapter 271 also applies to in-State private special education schools, supplemental educational services under NCLB, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than \$17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

6362 CONTRIBUTIONS TO BOARD MEMBERS AND CONTRACT AWARDS

As a condition of receiving State aid, the school district shall comply with the provisions of N.J.A.C. 6A:23A-6.3 to ensure the school district maintains honest and ethical relations with vendors and shall guard against favoritism, improvidence, extravagance, and corruption in its contracting processes and practices.

For the purposes of this Policy, “business” means any corporation, partnership, firm, enterprise, franchise, trust, association, sole proprietorship, union, political organization, or other legal entity but shall not include a local public school district or any other public entity. “Business entity” means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of this State or of any other State or foreign jurisdiction. “Interest” means the ownership or control of more than ten percent of the profits or assets of a business entity or ten percent of the stock in the case of a business entity that is a corporation for profit, as appropriate.

In accordance with the provisions of N.J.A.C. 6A:23A-6.3:

1. No Board of Education will vote upon or award any contract in the amount of \$17,500 or greater to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to a member of the Board of Education during the preceding one-year period.
2. Contributions reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to any member of the Board of Education from any business entity doing business with the school district are prohibited during the term of a contract.
3. When a business entity referred to in 2. above is a natural person, a contribution by that person’s spouse or child that resides therewith shall be deemed to be a contribution by the business entity. Where a business entity is other than a natural person, a contribution by any person or other business entity having an interest therein shall be deemed to be a contribution by the business entity.
4. The disclosure requirement set forth in section 2 of P.L. 2005, c. 271 (N.J.S.A. 19:44A-20.26) also shall apply when the contract is required by law to be publicly advertised for bids.

A Business Entity Disclosure Certification (BED-C) shall be submitted by the business entity for all contracts of \$17,500 or greater in order to facilitate disclosure of contributions to Board members by a business entity. The BED-C shall be reviewed prior to the award of any contract in excess of \$17,500 to ensure the Board of Education's compliance with N.J.A.C. 6A:23A-6.3(a).

The requirements of N.J.A.C. 6A:23A-6.3 shall not apply to a contract when a district emergency requires the immediate delivery of goods or services. With the exception of districts previously subject to the requirements of N.J.A.C. 6A:10-2.1(e), N.J.A.C. 6A:23A-6.3 shall not apply to contributions made prior to its effective date.

N.J.A.C. 6A:23A-6.3

Adopted:

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator/Board Secretary shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated.

No purchase order may be placed until the School Business Administrator/Board Secretary or designee has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a State contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

All contracts that are in the aggregate less than fifteen percent of the bid threshold may be awarded by the School Business Administrator/Board Secretary without soliciting competitive quotations.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

When a purchase order is placed or a contract entered, the School Business Administrator/Board Secretary or designee shall commit the expenditure against a specific budget line item or project category in order to guard against the creation of liabilities in excess of appropriations.

6422 BUDGET TRANSFERS

Except as otherwise provided pursuant to N.J.S.A. 18A:22-8.1 and N.J.A.C. 6A:23A-13.1 et seq., whenever the school district desires to transfer amounts among line items and program categories, the transfers shall be by resolution of the Board approved by a two-thirds affirmative vote of the authorized membership of the Board. Each resolution shall indicate the exact amount of the transfers and from the applicable accounts or fund balance.

However, this Board of Education in accordance with the provisions of N.J.S.A. 18A:22-8.1 and this Policy as adopted by the Board, designates the Superintendent of Schools to approve such transfers as are necessary between meetings of the Board. Transfers approved by the Superintendent shall be reported to the Board, ratified and duly recorded in the minutes at a subsequent meeting of the Board, but not less than monthly.

Transfers from line accounts that include waiver amounts approved by the Commissioner and expenditures and/or reallocations directed by the Commissioner are prohibited unless approved in writing by the Executive County Superintendent and in accordance with the provisions of N.J.S.A. 18A:22-8.1. The Board shall submit written requests for transfers including the amount to be transferred, the account(s) to be reduced, the account(s) to be increased, the purpose, and justification. These transfers shall not be requested or made prior to December 1 of the applicable budget year and shall only be approved for an emergent circumstance(s).

Where actual audited undesignated general fund balance at the fiscal year-end exceeds the estimated amount reflected in the school district's originally approved budget that contained an adjustment to the tax levy limitation approved by the Commissioner, any excess amount shall be reserved for the offset of the Commissioner's waiver requests, if any, in the second subsequent year's budget and reflected as such in the CAFR for the budget year.

Whenever the Executive County Superintendent shall, pursuant to N.J.S.A. 18A:7-8, disapprove a portion of the school district's proposed budget because the district has not implemented all potential efficiencies in its administrative operations or because the budget includes excessive non-instructional expenses, the school district shall not transfer funds back into those accounts during the budget year.

Transfers of surplus amounts or any other unbudgeted or underbudgeted revenue to line items and program categories shall require the approval of the Commissioner of Education and shall only be approved between April 1 and June 30 for line items and program categories necessary to achieve the thoroughness standards established pursuant to section 4 of P.L.2007, c.260 (N.J.S.A. 18A:7F-46); except that upon a two-thirds affirmative vote of the authorized membership of the Board, the Board may petition the Commissioner of Education for authority to transfer such revenue prior to April 1 due to an emergent circumstance and the Commissioner may authorize the transfer if he determines that the transfer is necessary to meet such emergency.

Transfers from any general fund appropriation account that, on a cumulative basis, exceed 10% of the amount of the account included in the school district's budget as certified for taxes shall require the approval of the Commissioner of Education. In a school district wherein the Commissioner of Education has directed an in-depth evaluation pursuant to N.J.S.A. 18A:7A-14, the Board shall obtain the written approval of the Executive County Superintendent of Schools prior to implementing any Board authorized transfer of funds.

No transfer may be made under N.J.S.A 18A:22-8.1 from appropriations or surplus accounts for interest and debt redemption charges, capital reserve account or items classified as general fund expenses except to other items so classified, or to the capital projects fund to supplement the proceeds from a bond authorization or lease purchase agreement upon application to and a formal finding by the Commissioner that the transfer is in the best interest of both the students and taxpayers of the district after consideration of alternative corrective actions.

6423 EXPENDITURES FOR NON-EMPLOYEE ACTIVITIES, MEALS,
AND REFRESHMENTS

There may be school district activities where expenditures for non-employee activities, meals, and refreshments may occur. Expenditures for non-employee activities, meals, and refreshments for school district activities are allowed provided the expenses are in accordance with the provisions of N.J.A.C. 6A:23A-5.8. For the purposes of this Policy, unless the context clearly indicates otherwise, “activities” means events or functions provided or held for the benefit of students, dignitaries, and other “non-district” employees (e.g. parents) which are paid from public funds. “Dignitary” means a notable or prominent public figure; a high level official; or one who holds a position of honor. A dignitary, for purposes of this Policy, is not a school district employee or Board of Education member.

Allowable expenditures for non-employee school district activities shall include:

1. All reasonable costs, including light meals and refreshments, directly related to activities that benefit students and are part of the instructional program including expenditures for field trips and extracurricular programs that are not solely for entertainment. Nothing in this Policy or N.J.A.C. 6A:23A-5.8 shall preclude the district from using student activity funds or accepting donations to support student activities that are solely for student entertainment;
2. All reasonable costs directly related to activities of dignitaries and other “non-district” employees (e.g. parents), including light meals and refreshments and any other directly related expense. Expenditures for this purpose shall be minimal and infrequent;
3. All reasonable costs of commencement and convocation activities for students; and
4. Expenditures related to district employees to the extent such employees are essential to the conduct of the activity.

The Board shall, at a minimum, take actions regarding student activities as follows:

1. Pre-approve field trip destinations;
2. Establish dollar thresholds for awards to recognize special accomplishments; and

3. Establish a budget supported by general fund revenues for each category of activity in a non-discriminatory manner (e.g. football, boys soccer, girls soccer, photography club). Student activity funds are excluded.

Pursuant to N.J.S.A. 18A:11-12 and State of New Jersey Department of Treasury, Office of Management and Budget Circular 08-19-OMB and 06-14-OMB, the following costs shall not be permitted using public funding:

1. Receptions, dinners, or other social functions held for or honoring any employee or group of employees of the district (e.g. breakfast, luncheon, dinner, or reception for retirees or award recipients). This does not prohibit the district from honoring employees without a social function or using public funds to support reasonable costs of employee recognition awards (e.g. teacher of the year awards, years of service awards). Use of public funds for reasonable costs of employee awards is a local discretionary expenditure;
2. Meals or refreshments served to guests at any athletic event or other games or contests; and/or
3. Expenses for alcoholic beverages.

The School Business Administrator/Board Secretary and/or designee shall maintain documentation to support activities, meals, and refreshments at district events. The documentation shall include a description of the activity, the purpose/justification of the activity, expressed in terms of the goal(s) or objective(s) of the district, the make-up of the group participating in the activity, and the names and titles of Board members or employees included in the group.

6424 EMERGENCY CONTRACTS

Any contract may be negotiated or awarded for a Board of Education without public advertising for bids and bidding notwithstanding that the contract price will exceed the bid threshold when an emergency affecting the health or safety of occupants of school property requires the immediate delivery of goods or the performance of services.

An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service. Emergency contracts may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the school district to plan for the purchase of any goods or services required by the school district. Under no circumstance shall emergency purchasing procedures be used to enter into a multi-year contract.

If the School Business Administrator/Board Secretary is satisfied that an emergency exists, he/she shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs pursuant to the provisions of N.J.S.A. 18A:18A-7 et seq.

If conditions permit, the School Business Administrator/Board Secretary shall seek quotations from more than one source. If the expenditures are expected to be in excess of the bid threshold, the School Business Administrator/Board Secretary shall attempt to obtain no fewer than three quotations.

As soon as possible, but within three days of declaring the emergency, the Superintendent of Schools shall notify the Executive County Superintendent of the nature of the emergency and the estimated need for goods or services necessary to respond to it.

When emergency conditions have eased, the School Business Administrator/Board Secretary shall utilize the regular purchasing system to obtain estimates from suppliers, vendors, and contractors for materials and/or services that will eliminate the circumstances that created the emergency.

The School Business Administrator/Board Secretary shall prepare and submit a final report to the Board on every occasion an emergency contract is negotiated or awarded in accordance with the provisions of N.J.S.A. 18A:18A-7.

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing tends to maximize the value received for each dollar spent. The Administration is encouraged to seek savings that may accrue to this district by means of joint agreements for the purchase of goods or services with the governing body of the municipality or the county within whose boundaries the school district is wholly or partly located, or by means of contracts entered into by the New Jersey State Treasury Department, Division of Purchase and Property.

A cooperative pricing system is a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own needs and for the prices to be extended to registered members, and notifies them of the bid prices awarded. The registered members then contract directly with the vendor for their own needs, subject to the specifications in the master contract.

A joint purchasing system is a cooperative purchasing system in which the lead agency has complete purchasing responsibility for the registered members, and the only contractual relationship is between the lead agency and the vendor.

A cooperative purchasing system is either a joint purchasing or cooperative pricing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services are Boards of Education, the purchase of work, materials or supplies shall be conducted pursuant to the Public Schools Contract Law (N.J.S.A. 18A:18A-11 et seq.)

The School Business Administrator/Board Secretary is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

No cooperative or joint purchase may be entered without Board approval of an agreement that specifies the categories of work, materials and supplies to be purchased; the manner of advertising for bids and the awarding of contracts; the method by which payment will be made by each participating Board of Education, municipality or county, and such other terms deemed necessary to carry out the purposes of the agreement. Agreements for cooperative and joint purchasing will be subject to all bidding requirements imposed by law. Purchases made through the State Treasury Department may be made without bid.

Each participant's share of expenditures for purchases under any such agreement shall be appropriated and paid in the manner set forth in the agreement and in the manner as for other expenses of the participant.

The Board may by contract or lease provide electronic data processing services for the Board of Education of another school district; and may undertake with such other Board, the joint operation of electronic data processing of their official records and other information relative to their official activities, services and responsibilities. The records and other information originating with any Board participating in such contract or lease may be combined, compiled, and conjoined with the records and other information of any and all participating local units for the purposes of such electronic data processing; and any provisions of law requiring such records to be kept confidential or to be retained by any Board or any officer or agency thereof shall be deemed to be isolated thereby.

A contract or lease to provide electronic data processing services shall set forth the charge for all services provided, or in the case of a joint undertaking the proportion of the cost each party thereto shall assume and specify all the details of the management of the joint undertaking, and any other matters that may be deemed necessary for insertion therein, and may be amended from time to time by the contracting parties.

Any party to a contract for joint operation of electronic data processing services may act as agent for any or all parties in acquiring, by lease, purchase or otherwise, any property, facilities or services, in appointing such officers and employees as may be necessary and directing its activities, to the same extent as a Board of Education is authorized to do separately.

In the event that any controversy or dispute shall arise among the parties (except a municipality or a county) to any such agreement, the same shall be referred to the County Superintendent of the county in which the districts are situated for determination and the determination shall be binding, subject to appeal to the Commissioner of Education and the State Board pursuant to law. In the event the districts are in more than one county, the controversy or dispute shall be referred to the County Superintendents of the counties for joint determination, and if they shall be unable to agree upon a joint determination within thirty days, the controversy or dispute shall be referred to the Commissioner of Education for determination.

In a cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services where the lead agency is a Board of Education or Educational Service Commission and the membership of the system is Boards of Education and local contracting units as defined in N.J.S.A. 40A:11-2(1), the purchase of any work, materials or supplies shall be conducted pursuant to the Local Public Contracts Law (N.J.S.A. 40A:11-1 et seq.) and N.J.A.C. 5:34-7.

6450 CHOICE OF VENDOR

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the school district. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end. Where all other considerations are equal, however, the Board will exercise a preference for dealing with established local merchants and service providers from within the boundaries of the school district.

The School Business Administrator/Board Secretary is authorized to place purchase orders with local merchants and providers when their prices and terms are competitive with other vendors. Nothing in this policy shall be deemed to circumvent the requirements of law regarding public purchasing.

All vendors shall supply assurances that they do not practice discrimination as described in the administrative code. All vendors shall be informed that harassment of any kind, of district students or employees by their representatives is prohibited.

6470 PAYMENT OF CLAIMS

The Board of Education directs the prompt payment of legitimate claims by suppliers of goods and services to the school district, provided that each bill or obligation of this Board is fully itemized and verified before a warrant is drawn for its payment.

When an invoice is received, the School Business Administrator/Board Secretary or designee shall verify the voucher is properly submitted, acceptable goods were received or satisfactory services rendered, the expenditure is included in the Board's budget and funds are available for its payment, and the amount of the invoice is correct.

The School Business Administrator/Board Secretary shall identify and investigate, if necessary, the reason for any increase to a purchase order. If it is found by the School Business Administrator/Board Secretary that an increase to a purchase order is warranted, the School Business Administrator/Board Secretary shall either approve a revision to the original purchase order with the reason noted, approve the issuance of a supplemental purchase order for the difference, or cancel the original purchase order and issue a new purchase order. If it is found an increase is not warranted, the purchase order shall be cancelled and the goods returned. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price.

The school district's financial systems shall be programmed to:

1. Limit system access so that only appropriate Business office staff may make purchase order adjustments;
2. Reject adjustments in excess of any established approval thresholds;
3. Prevent unauthorized changes to be processed;
4. Reject payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order amount plus any authorized adjustments;
5. Reject duplicate purchase order numbers;
6. Reject duplicate invoice numbers; and
7. Prepare an edit/change report listing all payments made in excess of the originally approved purchase order amount.

The School Business Administrator/Board Secretary shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments made are properly authorized.

If funds are not available in the budget line account to which the expenditure will be charged, funds may be transferred in accordance with Policy 6422.

The Board must approve all claims for payment, except such payments that are to be paid from funds derived from athletic events or other activities of student organizations. However, in accordance with N.J.S.A. 18A:19-4 and N.J.S.A. 18A:19-4.1, the Board may by Board resolution designate a person in addition to the Board Secretary to audit any account and demand to be paid, and provide for approval of such account or demand by such designated person or the Board Secretary prior to presentation to the Board. Any such approval of payment must be presented to the Board for ratification at the next regular Board meeting. The Board may, in the resolution, establish a maximum dollar amount for which payment may be authorized without prior Board approval.

All claims shall be fully itemized, verified, and shall be submitted for Board review and approval or ratification. Claims must be submitted to the Board in the form of a list that includes the number, amount, and date of the warrant; the payee; the reason for the expenditure; and the account charged. All claims that equal or exceed fifteen percent of the bid threshold amount established pursuant to N.J.S.A. 18A:18A-3, except for payrolls and debt service, shall be verified by affidavit or by signed declaration in writing in accordance with the provisions of N.J.S.A. 18A:19-3.

The list of claims must be accompanied by the original records that include copies of the purchase order, the receiving report, the vendor's invoice, and the purchase requisition. The list of approved warrants will be included in the minutes of the Board meeting.

When a claim for payment is duly approved in accordance with this Policy, the School Business Administrator/Board Secretary and/or a designated staff member shall promptly prepare a warrant for payment, cancel the commitment placed against the appropriate account, and post the actual expenditure. All warrants shall be signed by the Board President, Board Secretary, Superintendent of Schools, and/or Treasurer of School Moneys, as appropriate to the district.

6471 SCHOOL DISTRICT TRAVEL

The Board of Education shall ensure the effective and efficient use of funds by adopting and implementing policies and procedures that are in accordance with N.J.S.A. 18A:11-12 and State of New Jersey Department of the Treasury, Office of Management and Budget (NJOMB) Circulars 08-19-OMB and 06-14-OMB (OMB Circulars) and any superseding circulars pertaining to travel, meals, events and entertainment, and the additional requirements set forth in N.J.A.C. 6A:23A-7. If any superseding circulars of the Office of Management and Budget conflict with the provisions of N.J.A.C. 6A:23A-7, the provisions of the superseding circulars shall govern.

A. Definitions

1. For the purposes of this Policy, “travel expenditures” means those costs paid by the school district using local, State, or Federal funds, whether directly by the school district or by employee reimbursement, for travel by school district employees and district Board of Education members, to the following five types of travel events:
 - a. Training and seminars - means all regularly scheduled, formal residential or non-residential training functions conducted at a hotel, motel, convention center, residential facility, or at any educational institution or facility;
 - b. Conventions and conferences - means general programs, sponsored by professional associations on a regular basis, which address subjects of particular interest to a school district or are convened to conduct association business. The primary purpose of employee attendance at conferences and conventions is the development of new skills and knowledge or the reinforcement of those skills and knowledge in a particular field related to school district operations. These are distinct from formal staff training and seminars, although some training may take place at such events;
 - c. School district sponsored events - means conferences, conventions, receptions, or special meetings where the school district plans, develops, implements, and coordinates the event and is the event’s primary financial backer. School district employees are actively involved in working the event and other employees may attend as participants;

- d. Regular school district business - means all regular official business travel, including attendance at meetings, conferences, and any other gatherings which are not covered by the definitions included in a., b., and c. above. Regular school district business travel also includes attendance at regularly scheduled in-State county meetings and Department of Education sponsored or association sponsored events provided free of charge and regularly scheduled in-State professional development activities with a registration fee that does not exceed \$150 per employee or Board member. Beginning in 2009-2010 the \$150 limit per employee or Board member may be adjusted by inflation; and
- e. Retreats - means meetings with school district employees and school Board members, at which organizational goals and objectives are discussed.

B. School District Travel Expenses

- 1. Any sections in either the State or Federal Circulars that conflict with New Jersey school law (N.J.S.A. 18A:1-1 et seq.) shall not be included in this Policy nor authorized under N.J.A.C. 6A:23A-7.1 et seq. This includes, but is not limited to, the authority to issue travel charge cards as allowed under the State Circular, but not authorized for school districts under New Jersey school law.
- 2. School district travel expenditures shall include, but are not limited to, all costs for transportation, meals, lodging, and registration or conference fees directly related to participation in the event.
- 3. School district travel expenditures in accordance with this Policy and N.J.A.C. 6A:23-7.1 et seq. shall include costs for all required training and all travel authorized in school district employee contracts and school Board policies. This includes, but is not limited to, required professional development, other staff training and required training for Board members, and attendance at specific conferences authorized in existing employee contracts, provided that such travel meets the requirements of N.J.A.C. 6A:23-7.1 et seq.
- 4. All such expenditures are subject to the requirements of N.J.A.C. 6A:23-7.1 et seq., including but not limited to, inclusion in the annual travel limit, prior Board approval, separate tracking, and per diem reimbursements.

C. School District Travel Requirements

1. All travel by Board of Education employees and Board members must be educationally necessary and fiscally prudent and all school district travel expenditures shall be:
 - a. Directly related to and within the scope of the employee's or Board member's current responsibilities and, for school district employees, the school district's professional development plan, the school building professional development plan, and an employee's individual professional development plan;
 - b. For travel that is critical to the instructional needs of the school district or furthers the efficient operation of the school district; and
 - c. In compliance with State travel payment guidelines as established by the Department of the Treasury and with guidelines established by the Federal Office of Management and Budget; except those guidelines that conflict with the provisions of Title 18A of the New Jersey Statutes shall not be applicable, including, but not limited to, the authority to issue travel charge cards. The Board specifies in this Policy the applicable restrictions and requirements set forth in the State and Federal guidelines including, but not limited to, types of travel, methods of transportation, mileage allowance, subsistence allowance, and submission of supporting documentation including receipts, checks, or vouchers.
2. Reimbursement for all in-State and out-of-State travel shall be made pursuant to N.J.S.A. 18A:11-12. In accordance with the provisions of N.J.A.C. 6A:23A-5.9:
 - a. Out-of-State travel events shall be limited to the fewest number of Board members or affected employees needed to acquire and present the content offered to all Board members or staff, as applicable, at the conclusion of the event. Where the event is sponsored by a New Jersey-based organization and targeted to employees and/or Board members of New Jersey school districts, reimbursement for lodging may be permitted only where the sponsoring organization obtains a waiver pursuant to the provisions of N.J.A.C. 6A:23A-7.11. Where the event is national or regional in scope and targeted to school district employees and/or Board members from multiple States, reimbursement for lodging may only be provided if the event occurs on two or more consecutive days and where home to event commute exceeds fifty miles.

- b. Where a travel event has a total cost that exceeds \$5,000, regardless of the number of attendees, or where more than five individuals from the district are to attend a travel event out-of-State, the school district shall obtain the prior written approval of the Executive County Superintendent. The Executive County Superintendent shall promptly review the request and render a decision within ten working days.
- c. For all employee and Board member travel events out of the country, regardless of cost or number of attendees, the school district shall obtain the prior written approval of the Executive County Superintendent. Such requests must be supported by detailed justification. The Executive County Superintendent shall promptly review the request and render a decision within ten working days. It is expected that approvals will be rare.

D. Travel Reimbursements

- 1. Travel reimbursements will be paid only upon compliance with all provisions of N.J.A.C. 6A:23A-7 and the Board's procedures and approval requirements. The Board will not ratify or approve payments or reimbursements for travel after completion of the travel event, except as provided at N.J.A.C. 6A:23A-7.4(d).

E. Board Member Voting On School District Travel

- 1. A Board member shall recuse him/herself from voting on travel if the Board member, a member of his/her immediate family, or a business organization in which he/she has an interest, has a direct or indirect financial involvement that may reasonably be expected to impair his/her objectivity or independence of judgment.
- 2. A Board member shall not act in his/her official capacity in any matter in which he/she or a member of his/her immediate family has a personal involvement that is or creates some benefit to the school official or member of his/her immediate family; or undertake any employment or service, whether compensated or not, which may reasonably be expected to prejudice his/her independence of judgment in the execution of his/her official duties.

F. Maximum Travel Budget

1. Annually in the prebudget year, the Board shall establish by Board resolution, a maximum travel expenditure amount for the budget year which the school district shall not exceed. The Board resolution shall also include the maximum amount established for the prebudget year and the amount spent to date.
 - a. The maximum school district travel expenditure amount shall include all travel supported by local and State funds.
 - b. The Board may elect to exclude travel expenditures supported by Federal funds from the maximum travel expenditure amount. If Federal funds are excluded from the established maximum amount, the Board shall include in the resolution the total amount of travel supported by Federal funds from the prior year, prebudget year, and projected for the budget year.
 - c. Exclusion of Federal funds from the annual maximum travel budget does not exempt such travel from the requirements applicable to State and local funds.
2. The Board of Education, pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), authorizes an annual maximum amount per employee not to exceed \$1,500 for regular business travel only for which prior Board approval is not required.
 - a. The annual maximum shall not exceed \$1,500 and shall be subject to the approval requirements in N.J.S.A. 18A:19-1.
 - b. Regular school district business travel as defined in N.J.A.C. 6A:23A-1.2 includes attendance at regularly scheduled in-State county meetings and Department of Education sponsored or association sponsored events free of charge. It also includes regularly scheduled in-State professional development activities for which the registration fee does not exceed \$150 per employee or Board member.
 - c. Regular school district business travel as authorized in this Policy requires approval of the Superintendent prior to obligating the district to pay related expenses and prior to attendance at the travel event.

- (1) The Superintendent shall designate an alternate approval authority to approve travel requests in his/her absence when necessary to obtain timely Board approval.
- (2) Regulation 6471 provides the procedures for the internal levels of approval required prior to Superintendent or designee approval of the travel event, as applicable.

G. Travel Approval Procedures

1. All travel requests for employees of the district shall be approved in writing by the Superintendent of Schools and approved by a majority of the full voting membership of the Board, except where the Board has excluded regular business travel from prior approval pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), prior to obligating the school district to pay related expenses and prior to attendance at the travel event.
 - a. The Superintendent shall designate an alternate approval authority to approve travel requests in his/her absence when necessary to obtain timely Board approval.
 - b. Regulation 6471 provides the procedures for the internal levels of approval required prior to the Superintendent's or designee's approval of the travel event, as applicable.
2. All travel requests for Board members shall require prior approval by a majority of the full voting membership of the Board, except where the Board has excluded regular business travel from prior approval pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), and the travel shall be in compliance with N.J.S.A. 18A:12-24 and N.J.S.A. 18A:12-24.1.
3. The Board may approve, at any time prior to the event, travel for multiple months as long as the Board approval, as detailed in Board minutes, itemizes the approval by event, total cost, and number of employees and Board members attending the event. General or blanket pre-approval is not authorized.
4. Where occasional unforeseen emergent situations arise wherein a travel request cannot obtain prior approval of the Board, justification shall be included in the text of the travel request. Such requests shall require prior written approval of the Superintendent or designee and the Executive County Superintendent or designee. The Board shall ratify the request at its next regularly scheduled meeting. Travel to conferences, conventions, and symposiums are not considered to be emergencies and shall not be approved after the fact.

5. The Board, in accordance with the provisions of N.J.A.C. 6A:23A-7.4(d) excludes from the requirements of prior Board approval any travel caused by or subject to existing contractual provisions, including grants and donations, and other statutory requirements, or Federal regulatory requirements.
 - a. For the exclusion of prior Board approval to apply, the required travel event must be detailed, with number of employee(s), Board member(s), and total cost in the applicable contract, grant, donation, statute, or Federal regulation.
 - (1) This does not include general grant guidelines or regulations that are permissive but do not require the travel event, unless the specific travel event, number of employee(s), Board member(s) and total cost is detailed in the approved grant, donation, or other fund acceptance agreement.
 - (2) This does not include general contractual provisions in labor agreements for continuing education or professional development, except where the Board has included in its policy, a maximum amount per employee for regular business travel that does not require prior Board approval pursuant to N.J.A.C. 6A:23A-7.3.

H. Required Documentation for Travel

1. Neither the Superintendent or designee, nor the Board shall approve a travel request unless the written request for travel includes the following information:
 - a. Name and dates of event;
 - b. A list of Board members and/or employees to attend either by name or title;
 - c. Estimated cost associated with travel;
 - d. A justification and brief statement that includes the primary purpose for the travel and the key issues that will be addressed at the event and their relevance to improving instruction or the operation of the school district. For training events, whether the training is needed for a certification required for continued employment, continuing education requirements, requirements for Federal or State law, or other purpose related to the programs and services currently being delivered or soon to be implemented in the school district, or related to school district operations;

- e. Account number and funding source – Federal, State, private, or local; and
 - f. In the case of annual events, total attendance and cost for the previous year.
 - 2. Detailed documentation shall be maintained on file in the school district which demonstrates compliance with the Board's travel policy, including travel approvals, reports, and receipts for all school district funded expenditures, as appropriate.
- I. Accounting for School District Travel
- 1. The School Business Administrator/Board Secretary or designee shall prepare itemized travel budgets by function and object of expense for each cost center, department or location maintained in the school district's accounting system, as applicable, as part of the preparation of and documentation for the annual school district budget:
 - a. The aggregate amount of all travel budgets shall not exceed the Board approved maximum travel expenditure amount for the budget year as required by N.J.A.C. 6A:23A-7.3.
 - 2. The School Business Administrator/Board Secretary shall maintain separate accounting for school district travel expenditures as necessary to ensure compliance with the school district's maximum travel expenditure amount. This may include, but need not be limited to, a separate or offline accounting of such expenditures or expanding the school district's accounting system. The tracking system shall be sufficient to demonstrate compliance with the Board's policy and N.J.A.C. 6A:23-7, and shall be in a detailed format suitable for audit.
 - 3. The School Business Administrator/Board Secretary or designee, shall review and approve all requests for travel expenditure reimbursement submitted for expenses incurred in the course of school district business as to cost and support documentation required by N.J.A.C. 6A:23A-7:
 - a. The School Business Administrator/Board Secretary shall not approve or issue payment of travel expenditures or reimbursement requests until all required documentation and information has been submitted to support the payment and shall not approve any travel expenditure that when added to already approved travel expenditures would exceed the Board approved maximum travel expenditure amount for the budget year.

4. The School Business Administrator/Board Secretary shall be responsible for the adequacy of documentation of transactions processed by their staff and the retention of that documentation to permit audits of their records.
 5. An employee of the Board, a Board member, or organization, shall not receive payment, either partial or full, for travel and travel-related expenses in advance of the travel pursuant to N.J.S.A. 18A:19-1 et seq. The payment of travel and travel-related expenses shall be made personally by a school district employee or Board member and reimbursed at the conclusion of the travel event. This applies to travel-related purchases for which a purchase order is not applicable. This provision does not preclude the district from paying the vendor directly with the proper use of a purchase order (e.g., for registration, airline tickets, hotel).
- J. Sanctions for Violations of Travel Requirements
1. Any Board of Education that violates its established maximum travel expenditure as set forth in N.J.A.C. 6A:23A-7.3, or that otherwise is not in compliance with the travel limitations set forth in N.J.A.C. 6A:23A-7 may be subject to sanctions by the Commissioner as authorized pursuant to N.J.S.A. 18A:4-23 and N.J.S.A. 18A:4-24, including reduction of State aid in an amount equal to any excess expenditure pursuant to N.J.S.A. 18A:11-12 and N.J.S.A. 18A:7F-60.
 2. A person who approves any travel request or reimbursement in violation of N.J.A.C. 6A:23A-7 shall be required to reimburse the school district in an amount equal to three times the cost associated with attending the event pursuant to N.J.S.A. 18A:11-12:
 - a. As required in N.J.A.C. 6A:23A-7.7(b)(1) the Board designates the Superintendent of Schools and the School Business Administrator/Board Secretary as the person(s) with the final approval authority for travel and therefore shall be subject to this penalty.
 3. An employee or Board member who violates the school district's travel policy or these rules shall be required to reimburse the school district in an amount equal to three times the cost associated with attending the event pursuant to N.J.S.A. 18A:11-12.

4. In the event it is determined a violation of the provisions of N.J.A.C. 6A:23A-7 has occurred after Board payment has been made, the Superintendent of Schools shall be responsible to ensure the sanctions as outlined in N.J.A.C. 6A:23A-7.7 are imposed. If a violation is determined prior to payment or reimbursement of the travel event, no consequences as outlined in N.J.A.C. 6A:23A-7.7 shall be imposed; however, the Superintendent may impose disciplinary action as necessary.
 5. The annual audit conducted pursuant to N.J.S.A. 18A:23-1 shall include test procedures to ensure compliance with this Policy and travel limitations set forth in N.J.A.C. 6A:23A-7 and N.J.S.A. 18A:11-12.
- K. Prohibited Travel Reimbursements
1. The following types of expenditures are not eligible for reimbursement:
 - a. Subsistence reimbursement for one-day trips, except for meals expressly authorized by and in accordance with the provisions of N.J.A.C. 6A:23A-7.12;
 - b. Subsistence reimbursement for overnight travel within the State, except where authorized by the Commissioner in accordance with the procedures set forth in N.J.A.C. 6A:23A-7.11;
 - c. Travel by Board members or employees whose duties are unrelated to the purpose of the travel event or who are not required to attend to meet continuing education requirements or to comply with law or regulation;
 - d. Travel by spouses, civil union partners, domestic partners, immediate family members, and other relatives;
 - e. Costs for employee attendance for coordinating other attendees' accommodations at the travel event;
 - f. Lunch or refreshments for training sessions and retreats held within the school district including in-service days and for employee participants traveling from other locations within the school district;

- g. Training to maintain a certification that is not required as a condition of employment (example: CPE credits to maintain a CPA license if the employee is not required to be a CPA for continued school district employment);
- h. Charges for laundry, valet service, or entertainment;
- i. Limousine services and chauffeuring costs to or during the event;
- j. Car rentals, either utilized for airport transportation or transportation at a conference, convention, etc., unless absolutely necessary for the conduct of school district business. Justification must accompany any request for car rentals. If approved, the most economical scheduling of car rental is to be used, including the use of subcompacts, discounted, and special rates. An example of the justified use of car rental is when an employee is out of State, making inspections at various locations, and the use of public transportation is impracticable. When car rental is authorized, the employee shall not be issued an advance payment for the anticipated expense associated with the rental;
- k. Alcoholic beverages;
- l. Entertainment costs including amusement, diversion, and social activities and any costs directly associated with such costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities);
- m. Gratuities or tips in excess of those permitted by Federal per diem rates;
- n. Reverse telephone charges or third party calls;
- o. Hospitality rooms;
- p. Souvenirs, memorabilia, promotional items, or gifts;
- q. Air fare without documentation of quotes from at least three airlines and/or online services; and
- r. Other travel expenditures that are unnecessary and/or excessive.

L. Travel Methods

1. For the purposes of this Policy, “transportation” means necessary official travel on railroads, airlines, shuttles, buses, taxicabs, school district-owned or leased vehicles, and personal vehicles.
2. The purchase or payment of related transportation expenses shall be made by purchase order or personally by a school district employee or Board member and reimbursed at the conclusion of the travel event. An actual invoice or receipt for each purchase or expense shall be submitted with a claim for reimbursement.
3. Pursuant to OMB Circulars, the following travel methods requirements apply:
 - a. Air and rail tickets shall be purchased via the Internet, if possible, using airline or online travel services such as Travelocity, Expedia, or Hotwire;
 - b. Air travel shall only be authorized when determined that it is necessary and advantageous to conduct school district business:
 - (1) The most economical air travel should be used, including the use of discounted and special rates;
 - (2) The following options should be considered when booking tickets:
 - (a) Connecting versus nonstop flights;
 - (b) Departing earlier or later compared to the preferred departure time;
 - (c) Utilizing alternative airports within a city, i.e. Chicago, Illinois – Midway Airport versus O’Hare Airport;
 - (d) Utilizing alternative cities, i.e. Newark versus Philadelphia;
 - (e) Utilizing "low cost" airlines; and
 - (f) Exploring alternate arrival and/or departure days.

- (3) No employee or Board member can earn benefits as a result of school district funded travel. Employees and Board members are prohibited from receiving "Frequent Flyer" benefits accruing from school district funded travel;
- (4) Airfare other than economy (i.e., Business or First Class) shall not be fully reimbursed by the school district except when travel in such classes:
 - (a) Is less expensive than economy;
 - (b) Avoids circuitous routings or excessive flight duration; or
 - (c) Would result in overall transportation cost savings.

- b. In any case where a person travels by indirect route for personal convenience, the extra expense shall be borne by the individual.
- c. Reimbursement for expenses shall be based only on charges that do not exceed what would have been incurred by using the most direct, economical, and usually traveled route.

N. Subsistence Allowance – Overnight Travel

1. Pursuant to the OMB Circulars, one-day trips that do not involve overnight lodging shall not be eligible for subsistence reimbursement, except for meals expressly authorized by and in accordance with the provisions of N.J.A.C. 6A:23A-7.12.
2. Pursuant to the OMB Circulars, generally, overnight travel shall not be eligible for subsistence reimbursement if travel is within the State. Overnight travel is permitted if such travel is authorized pursuant to N.J.A.C. 6A:23A-7.11(c), or is a required component of a grant, donation, or other funding agreement with the district. The specific required overnight in-State travel event must be detailed in the approved grant, donation, or other fund acceptance agreement along with the number of employee(s), Board member(s), and total cost. All reimbursements are subject to these rules unless the funding acceptance agreement specifies otherwise.
3. The Commissioner is authorized to grant waivers for overnight travel for school Board members and school district employees to attend in-State conferences in accordance with N.J.A.C. 6A:23A-7.11(c). If a waiver is granted by the Commissioner, it shall permit reimbursement for travel expenses for only those individuals whose home to the convention commute exceeds fifty miles.

4. Overnight travel within the State shall not be eligible for subsistence reimbursement if travel is on the day prior to the start of the conference. Reimbursement shall be prohibited for lodging prior to check-in time for the first day of the event or after check-out time on the last day of the event.
5. The United States General Services Administration publishes a schedule of Federal per diem rates in the Federal Register for approved overnight travel by the event location. The latest Federal per diem rates schedule for lodging, meals, and incidental expenses by location can be found at www.gsa.gov. The following restrictions apply to allowable per diem reimbursements.
 - a. Allowable per diem reimbursement for lodging, meals, and incidentals shall be actual reasonable costs, not to exceed the Federal per diem rates for the event location. Registration and conference fees are not subject to the Federal per diem rate caps. If the event location is not listed, the maximum per diem allowance shall be \$31 for meal/incidental expenses and \$60 for lodging, or amounts listed in any superseding NJOMB circular.
 - b. Pursuant to N.J.S.A. 18A:11-12(o), reimbursement for lodging expenses for overnight travel, out-of-State or in-State as authorized by the Commissioner, may exceed the Federal per diem rates if the hotel is the site of the convention, conference, seminar or meeting, and the going rate of the hotel is in excess of Federal per diem rates.
 - (1) If the hotel at the site of the current travel event is not available, lodging may be paid for similar accommodations at a rate not to exceed the hotel rate at the site of the current event.
 - (2) If there is no hotel at the site of the current travel event (e.g. Atlantic City Convention Center), then reimbursement for lodging shall not exceed the Federal per diem rate.
 - c. If the meal is not part of a one-sum fee for a travel event, reimbursement may be approved for the full cost of an official convention meal that the employee or Board member attends, when such meal is scheduled as an integral part of the convention or conference proceedings.

- (1) Receipts shall be submitted in order to obtain reimbursement in such situations. The amount of the Federal per diem rate for the corresponding meal shall be deducted from that day's subsistence allowance.
 - d. The allowance for a meal or meals, or incidentals shall not be eligible for reimbursement when included and paid in the registration fee, the cost of lodging or transportation charge.
 - e. Receipts shall be required for all hotel and incidental expenses.
 - (1) Meal expenses under the Federal per diem allowance limits do not require receipts pursuant to N.J.S.A. 18A:11-12.o.(3).
 - f. In any case in which the total per diem reimbursement is greater than the Federal per diem rates, the costs shall be considered excessive in the absence of substantial justification accompanying the travel voucher submitted by the employee or Board member. In such cases, receipts shall be submitted for all costs including meals.
 - g. Employees and Board members shall patronize hotels and motels that offer special rates to government employees unless alternative lodging offers greater cost benefits or is more advantageous to the conduct of school district business.
 - h. Actual subsistence expenses shall not be reimbursable if paid by the traveler to a member of his/her family, to another school district employee, or to a member of the family of another school district employee.
- O. Meal Allowance – Special Conditions – And Allowable Incidental Travel Expenditures
- 1. Meals for in-State travel shall not be eligible for reimbursement except as expressly authorized within N.J.A.C. 6A:23A-7.
 - 2. Meals during one-day, out-of-State trips required for school business purposes may be authorized for breakfast, lunch, and/or dinner in an amount permitted by NJOMB. The Commissioner shall post the most current rates on the Department of Education website for reference.

3. Lunch for training sessions and retreats may be authorized for an amount up to \$7 per person only when it is necessary that employees or Board members remain at a site other than their school district and there are no viable options for lunch at the off-site location.
 - a. If lunch is included in a one-sum registration fee for the training session, the full amount is eligible for reimbursement if reasonable.
 - b. Refreshments for breaks may also be provided at training sessions and retreats held at a site other than the school district. Providing lunch for staff meetings and in-service days or for staff that come from other parts of the school district shall not be permitted (See N.J.A.C. 6A:23A-7.12(d)).
 - c. In accordance with N.J.S.A. 18A:11-12a(1)(d), employee and Board member retreats shall be held onsite unless there is no school district site available.
4. Subsistence expenses for an employee or Board member shall not be allowed at the school district or within a radius of ten miles thereof, except for meals expressly authorized by and in accordance with the provisions of Section O of this Policy and N.J.A.C. 6A:23A-7.12. Non-allowed expenses include, but are not limited to, meals and refreshments for staff meetings and in-service days.
5. Reimbursement may be approved for the cost of an official luncheon or dinner, up to \$7 and \$10, respectively, that an employee or Board member is authorized to attend, where such a meal is scheduled as an integral part of an official proceeding or program related to school district business and the employee's responsibilities.
 - a. School district business above refers to the management operations of the district and does not refer to activities that benefit students and are part of the instructional program. Pursuant to N.J.A.C. 6A:23A-5.8(b)(4), all reasonable expenditures related to district employees that are essential to the conduct of a student activity are permitted.
6. Regular meetings, special meetings, and work sessions of the Board of Education shall be limited to light meals and refreshments for all Board members.

- a. The meals may be served to employees who are required to attend the event and where it is impractical for the employee to commute to and from his or her residence between the end of the work day and the beginning of the event, or where the employee is required to remain at the school district to prepare for the event.
 - b. The school district shall acquire the light meals and refreshments by the solicitation of quotes if required pursuant to N.J.S.A. 18A:18A-1 et seq.
 - c. Where the school district's food service program can prepare comparable meals at a lower cost, the food service program shall be used.
 - d. The average cost per meal shall not exceed \$10.
 - e. The school district shall purchase or prepare foods that are sufficient to provide each Board member, dignitary, non-employee speaker, or allowable staff member one meal. Meals should be carefully ordered to avoid left-over food. Unintended left-over food should be donated to a charitable shelter or similar facility, if at all possible.
7. Allowable incidental travel expenses are defined as those that are essential to transacting official business.
- a. Charges for telephone calls on official business may be allowed. The voucher must show the dates on which such calls were made, the points between which each call was made and the cost per call.
 - b. Employees and Board members using their personally-owned telephone for business may request reimbursement, less Federal Communications Tax. Calls for business are tax exempt and the telephone company will make allowances for the tax if the employee or Board member certifies to the telephone company when paying bills for personally-owned phones that said calls were business calls.
 - c. Incidental expenses, when necessarily incurred by the traveler in connection with the transaction of official business, may be submitted for reimbursement only when the necessity and nature of the expense are clearly and fully explained on the travel voucher and the voucher is approved. Travel vouchers shall be supported by receipts showing the quantity and unit price.

P. Records and Supporting Documentation

1. All persons authorized to travel on business must keep a memorandum of expenditures chargeable to the school district, noting each item at the time the expense is incurred, together with the date incurred.
2. The travel voucher shall be completed by the employee or Board member to document the details of the travel event. The travel voucher must be signed by the employee or Board member to certify to the validity of the charges for which reimbursement is sought. The form must also bear the signatures of approval officials for processing.
3. Sufficient documentation shall be maintained centrally by the school district to support payment and approval of the travel voucher.
4. Each person authorized to travel shall submit a brief report that includes the primary purpose for the travel, the key issues addressed at the event and their relevance to improving instruction or the operations of the school district. This report shall be submitted prior to receiving reimbursement.
5. Documentation for requests for travel reimbursement shall show:
 - a. The dates and individual points of travel, number of miles traveled between such points, and kind of conveyance used;
 - b. If the distance traveled between any given points is greater than the usual route between these points, the reason for the greater distance must be stated;
 - c. The hours of the normal work day and actual hours worked must be shown when requesting meal reimbursement for non-overnight travel;
 - d. Original receipts shall be required for all reimbursable expenses, except for meals that qualify for per diem allowances and for parking meters;

- f. Personal charges on a hotel bill shall be deducted and shown on the bill;
 - g. When lodging is shared jointly, the fact must be stated on the travel voucher;
 - h. Where travel is not by the most economical, usually-traveled route, the employee or Board member reimbursement request shall set forth the details of the route, the expenses actually incurred, the hour of departure, the hour of arrival, and an explanation for the use of costlier travel arrangements;
 - i. When travel is authorized in the employee's or Board member's own automobile on a mileage basis, the points between which travel was made and the distance traveled between each place must be shown. A statement as to ownership of the auto or other conveyance used, as well as a certification that liability insurance is in effect, must be documented;
 - j. Reimbursement requests must be supported by other receipts as required;
 - k. The voucher shall be itemized; and
 - l. Reimbursement requests shall be rendered monthly when in excess of \$25. Travel for a single travel event must be reported as soon as possible after the trip.

In accordance with the provisions of N.J.S.A. 18A:6-8.5, in order for the Board of Education to provide tuition assistance to an employee for coursework taken at an institution of higher education or additional compensation upon the acquisition of additional academic credits or completion of a degree program at an institution of higher education, the institution shall be a duly authorized institution of higher education as defined in Section 3 of P.L.1986, c.87 (C.18A:3-15.3).

The Board of Education authorizes the purchase of certain food supplies without advertising for bids.

For the purpose of this policy, “food supplies” means only those supplies that are to be eaten or drunk and those substances that may enter into the composition of a food in the operation of a school cafeteria or in a home economics class.

The Board of Education authorizes the School Business Administrator/Board Secretary or designee to purchase all food supplies without advertising for bids in accordance with N.J.S.A. 18A:18A:5 and N.J.A.C. 6A:23A-16.5 et seq.

Each time a purchase of food supplies is to be made, the School Business Administrator/Board Secretary or designee shall solicit quotations from interested, eligible vendors. Quotations for fresh or frozen fruits, vegetables, and meats need not be solicited more than once in any two week period.

The School Business Administrator/Board Secretary or designee shall provide definite and uniform specifications governing standards of quality to each eligible vendor from whom quotations are solicited. Specifications for food supplies will indicate a time in which all quotations must be submitted to the school district for consideration.

All quotations from interested, eligible vendors will be evaluated by the School Business Administrator/Board Secretary or designee. Food supplies shall be purchased from the vendor who submits the lowest quotation, except that food supplies may be purchased from another vendor who submitted a quotation when the School Business Administrator/Board Secretary or designee can justify the purchase. Payroll Authorization

The Superintendent of Schools shall designate an appropriately qualified staff member to match the picture identification to the position control roster maintained by the office of personnel or human resources prior to release of the pay check or direct deposit voucher. 6650 SCHOLARSHIP FUND

In order to administer special funds bequeathed to this district for scholarship purposes, the Board of Education requires each such fund to be deposited in a separate interest bearing bank account carrying the name of the fund.

The School Business Administrator/Board Secretary is authorized to obtain interest for each scholarship fund at the fixed bank rate on such terms as may seem to him/her advisable and to make, execute, and deliver all instruments of assignment and transfer.

Disbursements from a scholarship fund shall be made by the Principal or designee in accordance with a schedule having the prior approval of the Board.

Adopted:

6660 STUDENT ACTIVITY FUND

The Board of Education authorizes the establishment of a student activity account for funds derived from events and activities of student organizations and to account for the accumulation of money to pay for student group activities. The Board of Education may establish individual student activity accounts within a student activity account by Board resolution.

Student activity funds are maintained under the jurisdiction of the Board of Education and are under the supervision of the School Business Administrator/Board Secretary.

Funds collected for a student activity shall be turned into the Business office and deposited in the bank within twenty-four hours or the next school day after collection. Student activity funds shall be maintained in a secured and locked location prior to being deposited in the bank.

The student activity funds shall be maintained in an interest-bearing bank account separate from all other Board of Education funds and shall be classified by school in the event only a single student activity account is established for all schools in the district. The interest earned shall be disbursed to each individual student activity fund in proportion to the balances on deposit for each activity.

All student activity fund receipts shall be detailed and recorded by the individual student activity showing the date, source, purpose, and amount. The administrator of the student activity account shall provide a written receipt to the individual student activity advisor or coordinator when any student activity funds are turned in for deposit. A copy of these written receipts shall be maintained by the administrator of the student activity account and shall be traceable to the actual receipts or groups of receipts. All bank deposits shall agree with the copies of the written receipts for all deposits.

All requests for disbursements from the student activity account shall be submitted to the school's administrator of the student activity account and must be supported by a claim, bill, invoice, or written order. All disbursements from the student activity account shall be recorded chronologically by school and individual student activity showing date, vendor, check number, purpose, and amount. All disbursements shall be made by check requiring at least two signatures as authorized and approved by Board of Education resolution.

The student activity account shall be reconciled with the student activity bank account on a monthly basis and if the School Business Administrator designated an administrator of a student activity account, a copy of the reconciliation shall be submitted to the School Business Administrator/Board Secretary for review and approval. The bank account reconciliation shall be completed in accordance with the procedures and requirements established by the School Business Administrator/Board Secretary. Copies of canceled checks, bank statements, and bank account reconciliations shall be retained for examination by the licensed public school accountant as part of the annual audit required under N.J.S.A. 18A:23-1 et seq. and stated in N.J.A.C. 6A:23A-16.2(i).

Borrowing funds from any student activity account is prohibited. In addition, the Board of Education shall not be responsible for the protection of and the accounting for funds collected by any teacher or student for an outside school organization. In addition, the Board of Education shall not approve such funds for deposit in a student activity account.

Any funds accumulated in an individual student activity account that are unexpended or unallocated for use after the student activity is no longer active, discontinuance of the activity or a class has graduated shall revert to the school's activity accounts in the same manner as interest earned on the bank account is disbursed.

Class Funds

All funds derived from athletic events or other activities of student organizations shall be administered, expended and accounted for pursuant to the rules of the N.J.S.A. 18A:19-14. Accordingly, the Rutherford Board of Education will become the sole custodian and authority of any funds remaining from graduating classes. Funds may remain inactive for a period not to exceed two years after graduation. The only exception to the ruling shall be instances whereby an agreement in writing has been set down by the Board and the graduating class, prior to actual graduation, to set aside all or part of funds remaining for identified special or particular purposes. At the end of the two years, any unspent funds become the property of the Board of Education.

All class advisors will inform their respective classes of this policy at the beginning of each school year.

6740 RESERVE ACCOUNTS

The Board of Education or Board of School Estimate, as appropriate, may at any time establish by Board resolution a capital reserve account, pursuant to N.J.S.A. 18A:21-2 and 3, and 18A:7G-31.

Funds in the capital reserve account shall not be used for current expenses, pursuant to N.J.S.A. 18A:22-8.2, and shall only be used for purposes as outlined in N.J.A.C. 6A:23A-14.1(b). The Board of Education may increase the balance in the capital reserve account by appropriating funds in the annual general fund budget certified for taxes to meet the needs of the Long-Range Facilities Plan (LRFP) that are not met by State support. The balance in the account may also be increased by requesting approval from the Executive County Superintendent, as the Commissioner's designee, to appropriate any excess unreserved general fund balance as calculated in the supporting documentation of the proposed budget into capital reserve in the proposed budget pursuant to N.J.S.A. 18A:7F-7b only when the Board of Education has formally established a capital reserve account and obtained an approved LRFP in accordance with N.J.A.C. 6A:26-2. The Board of Education, at its option, may satisfy the withdrawal approval requirements set forth in N.J.A.C. 6A:23A-14.1(h) in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(d).

The Board of Education may request express approval of the voters for appropriation of additional amounts into the capital reserve in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(e). The Board of Education shall not deposit into a capital reserve account audited excess undesignated, unreserved general fund balance. The Board of Education shall reserve and designate such funds in the subsequent year's budget pursuant to N.J.A.C. 6A:23A-8.5(b). The Board of Education shall maintain an amount of funds in the capital reserve account that does not exceed the amount needed to implement capital projects in a school district's LRFP that are not met by State support.

The Board of Education may withdraw funds from the capital reserve account at any time in accordance with the provisions of N.J.A.C. 6A:23A-14.1(h). However, the Board of Education or Board of School Estimate, as appropriate, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in N.J.A.C. 6A:23A-14.1(b). The Board of Education or Board of School Estimate, as appropriate, may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1(i) only upon receipt of written approval of the Commissioner and the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

The Board of Education shall administer and account for the capital reserve account in accordance with the requirements of N.J.A.C. 6A:23A-14.1(j). Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited and as outlined in N.J.A.C. 6A:23A-14.1(k)1. and (k)2.

The Board of Education shall establish, by resolution, a maintenance reserve account in accordance with the provisions of N.J.A.C. 6A:23A-14.2 to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance and the account shall be established and maintained in accordance with Generally Accepted Accounting Principles (GAAP) and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq. The balance in the maintenance reserve account may be increased by appropriating funds in the annual general fund budget certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4 in accordance with the provisions of N.J.A.C. 6A:23A-14.2(d). In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.

The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education. The Board of Education shall ensure the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.

The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.3. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution, establish a current expense emergency reserve account, a debt service reserve account, and a tuition adjustment reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.4.

All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.

6810 FINANCIAL OBJECTIVES

The Board of Education recognizes its responsibility to the taxpayers of the district and the State to expend public moneys wisely and prudently for the maintenance of a thorough and efficient system of public education and to institute appropriate controls and accounting procedures.

The Board shall use accounting and reporting directives as prepared, published and distributed by the Commissioner of Education in addition to any books, materials or bulletins, for the guidance of school officials in establishing and maintaining the double entry bookkeeping and accounting system mandated in N.J.A.C. 6A:23-2.1.

The Board shall develop a system of accounting and reporting objectives that make it possible to present fairly and with full disclosure the funds and activities of the district and to determine and demonstrate compliance with finance-related legal and contractual matters. The Board shall develop an accounting system that is organized and operated on a fund basis and shall report governmental, proprietary and fiduciary funds in the fund financial statements to the extent they have activities that meet the criteria for using those funds. The Board shall establish and maintain those funds required by law and sound financial administration (only the minimum number of funds consistent with legal and operating requirements should be established) and use the modified accrual or accrual basis of accounting as appropriate in measuring financial position and operating results in accordance with GAAP and regulatory provisions. Transfers shall be recognized in the accounting period in which the interfund receivable and payable arise.

The Board shall adopt an annual budget and include the adopted annual budget in the minutes of the Board. A detailed budget statement, which includes the classification of expenditures by program and function shall be prepared on a fund basis in accordance with N.J.S.A. 18A:22-8 and on a form prescribed by the Commissioner. A detailed budget shall be prepared for each special project, capital project, and Federal or State grant. This budget shall be maintained, along with all authorized revisions, on file in the district Board of Education or Charter School Board of Trustees business office. The Board shall take appropriate action, as necessary, to maintain a balanced budget.

The Board shall ensure the accounting system provides the basis for appropriate budgetary control, and that budgetary comparison schedules are included in the appropriate financial statements and schedules for governmental funds in accordance with GAAP.

The Board shall use a common terminology and classification consistently throughout the budget, the accounts, and the financial reports of each fund, and shall adopt a chart of accounts prepared in conformity with N.J.A.C. 6A:23-2.2(g)1.

6820 FINANCIAL REPORTS

The Board of Education directs the School Business Administrator/Board Secretary and the Treasurer of School Moneys, or designee, to make such accurate and timely reports to county, State, and Federal offices as required by law and rules of the State Board of Education. In addition, the School Business Administrator/Board Secretary and Treasurer, or designee, shall report to the Board on the financial condition of the school district in accordance with law and in the manner and form required by the State Department of Education. There shall be a common terminology and classification system used consistently throughout the budget, the accounts, and the financial reports of each fund. The district will establish and implement an adequate internal control structure and procedures for financial reporting.

The School Business Administrator/Board Secretary shall prepare monthly financial statements, reports of financial condition, operating results, and other pertinent information in accordance with directions issued by the Commissioner of Education, to facilitate management control of financial operations, legislative oversight and, where necessary or desired, for external reporting purposes.

In the event the Board has approved a budget with an expanded coding structure, the School Business Administrator/Board Secretary shall present the financial report in two forms. One form shall use the minimum level chart of accounts established by the State Department of Education and the other shall use the expanded chart of accounts approved by this Board in accordance with Policy No. 6220.

If no line item account has encumbrances and expenditures that in total exceed the line item appropriation in violation of N.J.A.C. 6A:23A-16.10(a), the School Business Administrator/Board Secretary shall so certify to the Board each month. If a violation has occurred, corrective action as outlined in N.J.A.C. 6A:23A-16.10(c)3.i shall be taken by the Board.

The Board of Education, after review of the monthly financial reports and upon consultation with the appropriate district officials, shall certify in the minutes of the Board each month that no fund has been overexpended in violation of N.J.A.C. 6A:23A-16.10(b) and that sufficient funds are available to meet the district's financial obligations for the remainder of the fiscal year. If the Board is unable to make such a certification, the Superintendent of Schools shall initiate the steps outlined in N.J.A.C. 6A:23A-16.10(b) and shall reflect such directive in the minutes of the Board. If the Board makes such certification but one or more Board members vote no to the certification, the Board shall provide to the Executive County Superintendent the Board vote, names of the members that voted no, and the reason for the no vote.

If the reports of the School Business Administrator/Board Secretary and the Treasurer differ in cash receipts or expenditures, the School Business Administrator/Board Secretary shall resolve the difference prior to the next meeting of the Board. Any difference that cannot be rectified shall be referred immediately to the Auditor. In the event the School Business Administrator/Board Secretary is more than two months behind in submitting the financial report to the Board pursuant to N.J.S.A. 18A:17-9, the Superintendent of Schools shall report this non-compliance to the Executive County Superintendent.

The Board shall annually cause an audit to be made of the district's accounts and financial transactions. The audit will be conducted in accordance with law by the public school accountant appointed by the Board. The Board will engage only a licensed public school accountant to conduct the audit in accordance with N.J.S.A. 18A:23-1 et seq. who has an external peer/quality report performed in accordance with the requirements of N.J.A.C. 6A:23A-16.2(i).

The Board Secretary will receive the audit report and recommendations of the public school accountant and prepare or have prepared a synopsis or a summary of the annual audit and recommendations prior to the holding of the Board meeting where the Board will take action on the report. Copies of the synopsis or summary will be available for distribution to interested parties at the meeting.

Within thirty days of the receipt of the audit report, the Board will, at a regularly scheduled public meeting, cause the recommendations of the public school accountant to be read and discussed and the discussion duly noted in the minutes of the Board meeting.

The Board will implement the audit recommendations and report such implementation to the Commissioner.

In the event the district has repeat audit findings in the Auditor's Management Report submitted with the CAFR in any year shall, within thirty days of the CAFR submission, submit to the Executive County Superintendent or State fiscal monitor, as applicable, a specific corrective action plan for addressing the repeat audit findings in accordance with the provisions of N.J.A.C. 6A:23A-4.4.

6831 WITHHOLDING OR RECOVERING STATE AID

In the event the New Jersey Department of Education identifies ineffective or inefficient expenditure(s) by any school district, including, but not limited to the practices prohibited in N.J.A.C. 6A:23A-5.2 through 5.9, the Commissioner shall, except as otherwise provided in N.J.A.C. 6A:23A-5.1(h) provide the school district the opportunity to be heard as to why the amount of the ineffective or inefficient expenditure(s) shall not be withheld from State aid or refunded to the Department of Education.

The proceeding shall be instituted by an Order to Show Cause filed by the petitioner. The filing shall include a statement of factual findings along with a letter memorandum setting forth the basis for the position that the expenditure(s) was ineffective or inefficient. The respondent(s) to whom the order is directed shall file, within fifteen days, a response to the letter memorandum and an answer that meets the filing, service, and format requirements for answers as set forth in N.J.A.C. 6A:3, Controversies and Disputes. The petitioner may file a reply to the response within ten days.

Upon review of the filings, the Commissioner may decide to hear the matter directly pursuant to N.J.S.A. 52:14F-8 or refer the matter to the Office of Administrative Law. If the Commissioner decides to transmit the matter to the Office of Administrative Law, such transmission shall be done on an expedited basis. If the Commissioner is hearing the matter directly, upon receipt of the filings set forth above, or upon expiration of the time for their submission, the Commissioner shall review the total record before him or her and render a written decision. The Commissioner's decision shall include a determination of whether the expenditure was ineffective or inefficient and, if so, the amount of funds to be withheld from State aid or refunded by the district.

Nothing shall preclude the Commissioner from immediately and summarily withholding State aid, consistent with N.J.S.A. 18A:55-2, if, at any time, it is determined that the fiscal practices, actions, or expenditures of a school official, Board member, Board, or any other party under the Commissioner's jurisdiction are in violation of any statute, regulation, rule, or directive of the State Board of Education or Commissioner of Education.

N.J.A.C. 6A:23A-5.1

In addition, in accordance with the provisions of N.J.A.C. 6A:23A-6.1, the school district shall be required to examine, no less than once every three years, all available group options for every insurance policy held by the district, including the self-insurance plan administered by the New Jersey School Boards Association (NJSBA) Insurance Group on behalf of districts, and the district shall participate in the most cost-effective plan. This examination shall include the review of annual claims data and other experience rating information, as applicable.

The district shall also: take steps to maximize participation in the Federal Universal Service Program (E-rate) and the ACT telecommunications program offered through the New Jersey School Business Officials; participate in the Alliance for Competitive Energy Services (ACES) Program offered through NJSBA, unless the school district is able to demonstrate to the Commissioner of Education that it receives goods or services at a cost less than or equal to the cost achieved by participants of the program based on an analysis of the prior two years; and take appropriate steps to maximize the local public school district's participation in the Special Education Medicaid Initiative (SEMI) Program pursuant to N.J.A.C. 6A:23A-5.3.

The district shall refinance all outstanding debt in accordance with the provisions of N.J.S.A. 18A:24-61.1 et seq. for which a three percent net present value savings threshold is achievable. This refinance provision of N.J.A.C. 6A:23A-6.1(b)5 shall also be monitored by the Executive County Superintendent or State Monitor, if applicable, pursuant to N.J.A.C. 6A:23A-9.11.

7100 LONG-RANGE FACILITIES PLANNING

The Board of Education recognizes that sound planning based on accurate information is essential to the provision of suitable educational facilities. In order to ensure that future district construction is planned on the basis of need, the Board, in accordance with N.J.A.C. 6A:26-2.1 et seq., will maintain and submit a Long-Range Facilities Plan (LRFP) to the New Jersey Department of Education. Except as provided in N.J.A.C. 6A:26-3.16, no school facilities project will be considered or approved unless the district's LRFP has been submitted to and approved by the Commissioner of Education.

The district may submit an amendment to an approved LRFP for review and approval by the Commissioner of Education at any time whenever it seeks to undertake a capital project that is inconsistent with the approved LRFP then in effect.

Early Childhood Program Aid (ECPA) Districts Only

The district will amend their LRFP annually, immediately following approval of the district's ECPA plan, to ensure that it is consistent with the approved ECPA plan required pursuant to N.J.S.A. 18A:7F-16 and N.J.A.C. 6A:24-3 et seq. or N.J.A.C. 6:19-3.1.

The Board shall review all facilities annually to determine if any of them are substandard pursuant to 6A:26-8.1 et seq. All substandard facilities must be initially approved by the County Superintendent of Schools. Such approvals are given for a maximum of two consecutive years, unless inspected by the New Jersey Department of Education, Division of Finance. The Board shall not continue their use without the express written consent of the County Superintendent of Schools. No substandard educational facility will be approved unless inspected by the Division of Facilities and Transportation in the Department of Education to ensure:

1. The facilities meet health, safety and educational adequacy standards for temporary, substandard facilities, as specified in N.J.A.C. 6A:26;
2. A plan has been developed by the district and approved by the County Superintendent of Schools to upgrade the facilities to standard, fully approved conditions.

The County Superintendent will annually monitor the district's plans to upgrade facilities to fully approved status. The district will provide funds in the next immediate annual budget to correct the deficiencies about which the district is notified by the County Superintendent on or before October 1 annually. Failure to budget for the correction of deficiencies and to implement the corrections by the next September 1 following the October 1 notice will result in the Division of Facilities and Transportation ordering that the substandard facility be abandoned immediately.

The factors as outlined in N.J.A.C. 6A:26-8.1(e) will be taken into account in making a determination upon any application for the use of emergency substandard facilities.

7101 EDUCATIONAL ADEQUACY OF CAPITAL PROJECTS

Capital projects that affect any of the criteria for educational adequacy must be reviewed and approved by the Division of Facilities and Transportation. The criteria are the number, configuration, size, location or use of educational spaces within a school facility. The review for educational adequacy will take into consideration the suitability of the number, configuration, size, location, and use of educational spaces; built-in furniture and equipment; and provisions for the disabled.

Projects requiring approval for educational adequacy, as defined in N.J.A.C. 6A:26-5.1 are: new school facilities including pre-fabricated facilities; additions to existing school facilities; alterations to the total number, dimension in volume and/or area, configuration or location of educational spaces or the number of any one kind of educational space; change-of-use that requires certain alterations, or that requires mechanical or electrical changes pursuant to N.J.A.C. 5:23 or these regulations; installation of temporary facilities; and any site or school facility change or alteration for the purpose of making the site and school barrier free and accessible to disabled persons pursuant to N.J.A.C. 5:23 and Section 504 of the Federal Rehabilitation Act of 1973, 29 U.S.C. §794 and the Americans with Disabilities Act, 42 U.S.C. §12101 et seq.

New Jersey Economic Development Authority and non-authority school facilities projects, along with other capital projects, are subject to educational adequacy reviews pursuant to N.J.A.C. 6A:26-5.1(b). The district will submit any plan to change of use of instructional space that is not a capital project to the County Superintendent of Schools for approval.

Educational specifications for educational adequacy reviews will be prepared and submitted in accordance with N.J.A.C. 6A:26-5.2. Educational specifications will be prepared in writing describing in detail the educational program activities and requirements for each space proposed in the capital project, and will refer to the Core Curriculum Content Standards wherever appropriate. The educational specifications will include an itemized list of furniture, equipment, and support spaces required to conduct the educational program specified for each space will be included, together with their estimated areas in square feet, as well as an estimate of the total room area required for each space. The educational specifications will also include specific technical and environmental criteria, adjacencies and other requirements for the educational program will be noted and a building space program that indicates the number and area in square feet of each instructional, specialized instructional, administrative and support space in each existing or proposed building included in the capital project.

Schematic plans and other related project documents will be prepared and submitted in accordance with N.J.A.C. 6A:26-5.3.

7130 SCHOOL CLOSING

The Board of Education recognizes its responsibility to provide a thorough and efficient program of free public education and appropriate facilities to house that program. The Board further recognizes that declining enrollments, diminished resources, district reorganization, or other good cause may require that the use of one or more district facilities for educational purposes be abandoned.

The Board will not commit itself to the closing of any school facility without first having collected and considered appropriate information regarding student enrollments, the educational adequacy of school facilities, relevant safety and traffic factors, district revenues, and alternative district organizational plans. The Board will invite citizen participation in the analysis of that information and the formulation of recommendations. Information on any proposed district reorganization will be disseminated to the public, and public response will be invited by all appropriate means.

The Board must receive a letter of approval from the Department of Education before making a final determination to close a school. To receive the letter of approval from the Department of Education, the Board must provide the Division of Facilities and Transportation and the County Superintendent of Schools assurances as required in N.J.A.C. 6A:26-7.5.

The proposed closing must be consistent with the district's approved LRFP, demonstrating that sufficient school building capacity exists to house district students following such closing for the succeeding five years. The use of substandard spaces in the remaining schools within the district must not result or increase from an overall facilities shortage caused by the school closing. The re-assignment of students to other schools in the district does not produce, sustain nor contribute to unlawful segregation, separation or isolation of student populations on the basis of race or national origin.

The Board of Education may accept for the school district any donation or gift of money, property, or goods except that the Superintendent may accept on behalf of the Board any such gift of less than \$2,000 in value.

The Board reserves the right to refuse to accept any gift which does not contribute toward the achievement of the goals of this district or the ownership of which would tend to deplete the resources of the district.

Any gift accepted by the Board or the Superintendent shall become the property of the Board, may not be returned without the approval of the Board, and is subject to the same controls and regulations as are other properties of the Board. The Board shall be responsible for the maintenance of any gift it accepts.

The Board will make every effort to honor the intent of the donor in its use of the gift, but reserves the right to use any gift it accepts in the best interest of the educational program of the district. In no case shall acceptance of a gift be considered to be an endorsement by the Board of a commercial product or business enterprise or institution of learning.

Grants

Staff members are encouraged to seek out sources of grants and gifts, and bring them to the attention of the Superintendent, who shall investigate the conditions of such grants and make recommendations to the Board regarding the advisability of seeking them.

Educational Foundation

The Board of Education will encourage the continuation of an educational foundation for the purpose of soliciting and raising monetary gifts and donations to be used for the educational benefit of the children of Rutherford. This Foundation shall be governed by a Board of Directors that shall be responsible for raising funds and making expenditures in educational areas not ordinarily covered by the school budget and in accordance with criteria in its bylaws. In order to foster cooperation between the Foundation and the Board of Education, members of the Board and/or the administration may serve on the Board of Directors of the educational foundation. Policies and regulations on gifts to the district shall apply to items or funds received from the foundation.

7300 DISPOSITION OF PROPERTY

The Board of Education believes the efficient administration of the district requires the disposition of property and goods no longer necessary for school purposes. The Board directs the periodic review of all district property and authorizes the disposition by sale, donation, or discard of any property no longer required for the maintenance of the educational program or the efficient management of the school district. The disposition of any school property will be in accordance with this policy and applicable laws.

Real estate property will be disposed of by sale or otherwise, in accordance with N.J.S.A. 18A:20-5 and N.J.A.C. 6A:26-7.4. If an approved site is to be altered or disposed of through sale, transfer or exchange of all or part of the total acreage, including facilities, if applicable, a written request for approval of the disposal will be made to the Department of Education in accordance with the requirements of N.J.A.C. 6A:26-7.4 et seq. The Department of Education will notify the district of its approval or disapproval.

The Board may, by resolution and by sealed bid or public auction, authorize the sale of its personal property not needed for school purposes. If the estimated fair value of the property to be sold exceeds fifteen percent of the bid threshold in any one sale and it is neither livestock nor perishable goods, it shall be sold at public sale, together with a description of the items to be sold and the conditions of sale, shall be published once in an official newspaper. By resolution of the Board, the purchasing agent may include the sale of personal property no longer needed for school purposes as part of specifications to offset the price of a new purchase.

Personal property may be sold to the United States, the State of New Jersey, or to any body politic in the State of New Jersey, or any foreign nation which has diplomatic relations with these United States by private sale without advertising for bids.

Notwithstanding anything to the contrary in this policy, property acquired with Federal funds for use in a Federally funded program will be disposed of in accordance with applicable law and guidelines.

The Superintendent shall develop regulations for the disposition of district property that provide for the review of the continued usefulness of all property in conjunction with the periodic inventory of property; the recommendation for Board designation of property for sale, donation, or discard; and the disposition of property in a fair and open manner consistent with the public interest and applicable laws.

7410 MAINTENANCE AND REPAIR

The Board of Education recognizes that the fixed assets of this district represent a significant investment of this community; their maintenance is, therefore, of prime concern to the Board.

The Board will develop, approve, and implement a comprehensive maintenance plan in accordance with the requirements of N.J.A.C. 6A:26A-3.1 and 6A:26A-3.2. A “comprehensive maintenance plan” means a multi-year maintenance plan developed by a school district covering required maintenance activities for each school facility in the school district pursuant to N.J.A.C. 6A:26A-1.1 et seq.

Required maintenance activities, in accordance with N.J.A.C. 6A:26A-2.1, are those specific activities necessary for the purpose of keeping a school facility open and safe for the use or in its original condition, and for keeping its constituent building systems fully and efficiently functional and for keeping their warranties valid. The activities address interior and exterior conditions; include preventative and corrective measures; and prevent premature breakdown or failure of the school facility and its building systems.

Expenditures for required maintenance activities set forth in N.J.A.C. 6A:26A-2.1 shall be accounted for in accordance with the requirements of N.J.A.C. 6A:26A-2.2.

The required annual maintenance budget amount in the comprehensive maintenance plan shall be included in the district’s annual budget certified for taxes in accordance with the provisions of N.J.A.C. 6A:26A-4.1(a). The required annual maintenance budget amount shall be calculated and adjusted in accordance with the provisions of N.J.A.C. 6A:26A:4.1(b). The Executive County Superintendent, in accordance with the provisions of N.J.A.C. 6A:26A:4.1(c), may not approve the school district’s budget if the required annual maintenance budget is not included in the budget certified for taxes.

Facilities maintenance, repair scheduling and accounting shall be in accordance with the provisions of N.J.A.C. 6A:23A-6.9 and Regulation 7410.01.

7420 HYGIENIC MANAGEMENT

The Board of Education recognizes that the health and physical well-being of the students and staff of this district depend in large measure upon the cleanliness and sanitary management of the schools.

The Board directs that a program of hygienic management be instituted in the schools and explained annually to all staff members. Each school shall be inspected for cleanliness and sanitation by the Building Principal and Director of Buildings and Grounds not less than once each year.

The Board will cooperate with the local board of health in the sanitary inspection of the schools' toilets, washrooms, food vending machines, water supply, and sewage disposal systems.

The Superintendent shall prepare, in consultation with the school medical inspector, regulations, first aid and emergency medical procedures that utilize universal precautions in the handling and disposal of blood and body fluids, whether or not students or staff members with HIV infection are present. School staff members and volunteers shall be provided the supplies for implementing the procedures. In particular, school nurses, custodians, and teachers shall be trained in proper handling procedures. These regulations and procedures will comply with the regulations of the State Department of Health and State Department of Labor (OSHA Standards for Occupational Exposure to Bloodborne Pathogens) and recommendations of the Centers for Disease Control and Prevention.

Bloodborne Pathogens

The Board recognizes that school employees may in the performance of their duties reasonably anticipate contact with human blood or other potentially infectious body fluids that may expose them to bloodborne pathogens such as Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV). In accordance with Federal OSHA regulations, the Board will establish a written Exposure Control Plan designed to eliminate or minimize employee exposure to such infection. The plan shall list all job classifications and tasks in which exposure occurs; describe and require the implementation of workplace controls to eliminate or minimize exposure; require the provision of hepatitis B vaccination to employees who have occupational exposure; and require the provision of a training program for employees who have occupational exposure. The plan shall be updated annually and as required to include new or revised employee positions with occupational exposure. A copy of the plan shall be made accessible to employees.

Disposal of Medical Waste

The Superintendent shall prepare, in consultation with the school medical inspector, a medical waste disposal program to ensure all medical waste, including needles and sharps, are disposed of in accordance with the rules and regulations of the New Jersey Department of Health.

Chemical Hygiene

The Board also recognizes that certain school employees who work in laboratories may be exposed to hazardous chemicals in the course of their duties. In accordance with Federal OSHA regulations, the Board will establish practices that are capable of protecting employees from health hazards presented by hazardous chemicals used in the workplace. The plan shall contain the locations of hazardous chemicals and shall enunciate a plan capable of protecting employees from associated health hazards and keeping exposure of employees below specified limits. The Chemical Hygiene Plan shall be readily available to employees and shall contain at least the following elements:

1. Standard operating procedures for using hazardous chemicals in laboratory work;
2. Criteria that the Board will use to determine and implement control measures to reduce employee exposure;
3. The requirement that fume hoods and other protective equipment are functioning properly and that measures are taken to ensure adequate performance of such equipment;
4. Provision for employee information and training;
5. The circumstances under which a particular laboratory operation, procedure or activity shall require prior approval from the Director of Buildings and Grounds before implementation;
6. Provisions for medical consultation;
7. Designation of personnel responsible for implementation of the chemical hygiene plan; and
8. Provisions for additional employee protection for work with particularly hazardous substances.

The Board directs that the program of chemical hygiene be implemented by the Chemical Hygiene Officer. The Director of Buildings and Grounds will serve as Chemical Hygiene Officer for all schools in the district and shall be responsible for the examination of all school facilities to determine where hazardous chemicals are used and to ensure compliance of all school facilities with the Chemical Hygiene Plan.

The Superintendent shall develop and supervise a program for the cleanliness and sanitary management of the school buildings, school grounds, and school equipment pursuant to statute, rules of the State Board of Education, and regulations of the State Board of Health.

The day to day monitoring of the cleanliness of each school building shall be the responsibility of the Building Principal.

The Board will designate the Director of Buildings and Grounds as the individual, who is responsible to assure compliance with New Jersey Department of Labor standards. The designated person will assure that preventative maintenance programs for heating, ventilating and air conditioning (HVAC) systems are implemented and documented and that general and local exhaust ventilation is used for employees working with equipment or products that could reasonably be expected to result in hazardous chemicals or particulate exposure. The designated person shall check to make sure HVAC systems are working properly when the building temperatures are outside of the range of 68 to 79 degrees Fahrenheit and make sure buildings without mechanical ventilation have operable windows, doors, vents, stacks and other portals designated or used for natural ventilation are operational. The designated person will also promptly investigate all employee complaints of signs or symptoms that may be associated with building-related illnesses.

The Board will make sure air quality will be maintained at acceptable standards during renovation and remodeling that results in the diffusion of dust, stone and other small particles, toxic gases or other harmful substances in quantities hazardous to health. The designated person will notify employees at least twenty-four hours in advance, or promptly in emergency situations of work to be performed on the building that may induce air contaminants into their work area.

The designated person will respond to a complaint received by the Department of Labor within fifteen working days of receipt of the complaint.

7422 SCHOOL INTEGRATED PEST MANAGEMENT PLAN

The New Jersey School Integrated Pest Management Act of 2002 requires school districts to implement a school integrated pest management policy that includes an Integrated Pest Management Plan. In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Rutherford School District.

IPM Coordinator (IPMC)

The Principal and the Director of Buildings and Grounds shall be designated as the district's Integrated Pest Management Coordinators (IPMC) and is responsible for the implementation of the school integrated pest management policy.

Integrated Pest Management Procedures in Schools

Implementation of Integrated Pest Management (IPM) procedures will determine when to control pests and whether to use mechanical, physical, cultural, biological, or chemical methods. Applying IPM principles prevents unacceptable levels of pest damage by the most economical means and with the least possible hazard to people, property, and the environment.

The Integrated Pest Management Coordinator (IPMC) shall consider the full range of management options, including no action at all. Non-pesticide pest management methods are to be used whenever possible. The choice of using a pesticide shall be based on a review of all other available options and a determination that these options are not effective or not reasonable. When it is determined that a pesticide must be used, low impact pesticides and methods are preferred and shall be considered for use first.

Development of IPM plans

The Superintendent, in collaboration with the school Building Principal(s) and the IPMC, shall be responsible for the development of the IPM Plan for the school district. The school district's Integrated Pest Management (IPM) Plan is a blueprint of how the school district will manage pests through IPM methods. The school district's IPM Plan will state the school district's goals regarding the management of pests and the use of pesticides for all school district property. The Plan will reflect the school district's site-specific needs and a description of how each component of the school district's Integrated Pest Management Policy and Regulation will be implemented for all school property.

Education/Training

The school community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPMC, other school staff, and pesticide applicators involved with implementation of the district's IPM policy will be trained in appropriate components of IPM as it pertains to the school environment.

Students and parents/legal guardians will be provided information on this policy and instructed on how they can contribute to the success of the IPM program.

Recordkeeping

Records of pesticide use shall be maintained on site to meet the requirements of the State regulatory agency and the Board.

Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The Building Principal of each school, working with the IPMC, is responsible for timely notification to students, parents or legal guardians and the school staff of pesticide treatments pursuant to the School Integrated Pest Management Act.

Re-entry

Re-entry to a pesticide treated area shall conform to the requirements of the School Integrated Pest Management Act.

Pesticide Applicators

The IPMC shall ensure that applicators follow State regulations, including licensing requirements and label precautions, and must comply with all components of the School Integrated Pest Management Policy.

Evaluation

The Superintendent will report annually to the Board on the effectiveness of the IPM Plan and make recommendations for improvement as needed.

7430 STUDENT SAFETY

The Board of Education recognizes the safety of its students as a consideration of utmost importance. The Superintendent shall consult law enforcement agencies, health and social services providers, emergency management planners and other school and community resources in the development of the plans, procedures and mechanisms for school safety. The Superintendent shall oversee development of a district-wide safety program with emphasis on accident prevention.

Staff Education and Training

All teachers shall be familiar with the provisions of this program that particularly concern them.

The Superintendent shall inform all newly employed staff of school safety rules and regulations within sixty days of the effective date of their employment. All district employees will receive the appropriate inservice training to recognize and respond appropriately to safety concerns including emergencies and crises, in accordance with the district safety plans, procedures and mechanisms. The district safety plan will be updated annually and all employees will be notified of updates and changes to the safety plan in writing. Regulations concerning use and maintenance of eye protective devices shall be scrupulously enforced by all staff.

The staff must maintain complete classroom and playground supervision during regular school hours. The Superintendent shall seek the cooperation of parents to prevent any children being unsupervised on school property during lunch hour and during morning arrival and afternoon dismissal times. Further, the Superintendent shall seek the cooperation of the police and other appropriate agencies in providing for the safety of students on or around school property. The Board shall adopt the necessary regulations governing supervision of student safety.

The curriculum shall include courses in safety as required by State law. The Superintendent shall oversee development and implementation of a vocational education safety program correlated with coursework. In development of courses, the safety of participating students shall be a primary consideration.

Dismissal from School

Students shall leave school property promptly at the end of the school day unless involved in an activity conducted under the supervision of a staff member. Parents of students in grades Pre-Kindergarten through six shall make arrangements for their child to travel home upon school dismissal. In the event that a child in the Pre-Kindergarten through six level is not picked up from school within forty-five minutes after dismissal, the child will be given over to the custody of the police department and will remain at police headquarters until picked up by the parent or other responsible adult. The school's responsibility ends once the child is turned over to the police.

No student shall leave the school before the end of the school day without permission of the Principal. Employers of work/study students are required to report to the Assistant Principal if a student has not reported for work within one hour of the expected arrival time. Other students leaving before regular dismissal must be met in the school office and signed out by a parent or a person authorized to act in his/her behalf.

Whenever schools have an unscheduled early dismissal, every effort shall be made to contact the parent or emergency contact using the district emergency notification system. No child in grades Pre-Kindergarten through six shall be dismissed from school without a contact having been verified. In the event that a contact cannot be made and the child is not picked up within forty-five minutes of the dismissal, the child will be given over to the custody of the police department and will remain at police headquarters until picked up by the parent or other responsible adult. The school's responsibility ends once the child is turned over to the police. In grades seven through twelve a parent contact will be attempted using the district emergency notification system. Students will be dismissed without the verification of the contact. Parents will be informed of these procedures and advised to plan appropriately for unscheduled early dismissals.

A record shall be kept indicating the legal custodian of each student. Such custodian shall be responsible for informing the Superintendent of any change in the student's custody. If one parent has been awarded custody of the student in a divorce, the custodial parent must provide a copy of the divorce decree wherein the custodial arrangements are specified. The other parent shall present to the Principal a letter authorizing him/her to accompany the child from school before the child may be released. The Principal may take reasonable steps to verify the letter. It is the responsibility of the person or agency having custody to inform the school that such authorization will be required.

No student shall run errands on school business off the school property.

Release to an Individual Impaired by Drugs/Alcohol Prohibited

The Board believes that allowing a child to be released into the custody of a parent or other authorized individual who appears to be impaired by drugs or alcohol can have tragic consequences. Therefore, the Board prohibits release of a student into the custody of any person who appears to be physically and/or emotionally impaired to the extent that harm could come to the student if released to such a person. The Superintendent or designee shall make the final determination as to whether an individual is impaired.

Possessions

Parents are requested not to permit their children to bring expensive or fragile objects to school and to label or otherwise identify clothing, books and personal items. The Board is not responsible for items destroyed or stolen from lockers.

7432 EYE PROTECTION

The Board of Education directs the rigorous implementation and enforcement of eye safety practices for students, staff members, and visitors exposed to conditions potentially hazardous to the eyes in the instructional program of this district.

The Superintendent shall be responsible for the continual monitoring of the school program, including, but not limited to, all vocational education, industrial arts education, science education, technology education and arts education, for conditions under which students, staff members, or visitors are exposed to a process or activity that might have a tendency to cause damage to the eyes.

Each student, staff member, and visitor exposed to a condition identified as hazardous to the eyes must wear an eye protective device appropriate to the activity and certified to meet the standards established by the State Board of Education, the American National Standard Practice for Occupational and Educational Eye and Face Protection, ANSI Z87.1-1979, and American National Standard Practice for the Safe Use of Lasers, ANSI Z136.1-1986 and the New Jersey Administrative Code. The eye protective device shall be supplied by the Board, except that the student, staff member, or visitor may wear personal eye wear that is appropriate to the activity and certified, in writing, by a licensed optician or other qualified licensed eye professional to meet or exceed those standards. District owned eye protective devices shall be inspected regularly by the appropriate staff member, and defective or poorly fitting devices shall be returned to the Principal for repair or discard. Any shared eye protective devices shall be disinfected between uses by the method prescribed by the school medical inspector.

Each classroom, shop, laboratory, and other area of the school in which students or staff members are exposed to caustic materials that can cause damage to the eyes shall be equipped with an emergency eye wash fountain in accordance with standards established by the Department of Education.

The Building Principal shall ensure that each area in the school identified as housing an activity hazardous to the eyes shall be posted with conspicuous signs that warn participants that an appropriate eye protective device must be worn during the activity. Staff members of such activities are responsible for instructing students in appropriate eye safety practices and for serving as exemplary models in the implementation of such practices.

The Board authorizes each staff member responsible for an activity or process hazardous to the eyes to compile and maintain, for the duration of the course of study, a list of students in the course who wear contact lenses.

A student who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices shall be dismissed from the day's class by his/her teacher. Any such dismissal from class will be considered to be an absence, in accordance with Board policy on student attendance, and an accumulation of such absences may result in loss of course credit.

A staff member who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices may be disciplined for insubordination for failing to obey the rules established by this Board. The proper implementation of eye protection practices shall be a criterion in the evaluation of every staff member required to observe such practices.

A visitor to the schools who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices may be requested to leave the school premises.

The Superintendent shall promulgate regulations to implement this policy that conform to rules of the State Board of Education and shall provide in-service training to staff members whose instructional duties include activities hazardous to the eyes. The Superintendent shall report annually to the Board on the implementation of the eye protection program and the eye injuries, if any, occurring in the course of the instructional program.

No person shall use or allow the use of any hazardous substance in or on any building or grounds used as a public school or child care center when children are expected to be present.

The Superintendent may delegate authority for the maintenance of hazardous substances and for the development of safety and training standards for the handling of such substances to a safety officer.

The Director of Buildings and Grounds shall conduct periodic audits of hazardous substances in use in the district, ascertain that such substances are being handled in accordance with appropriate safety requirements, and determine that the employees who are required to handle hazardous substances are properly equipped to do so.

The Director of Buildings and Grounds shall inform the Superintendent of all hazardous substances in use in the district, the purpose of each, and the precautions required for each. 7440 SECURITY OF SCHOOL PREMISES

The Board of Education believes that the buildings and facilities of this district represent a substantial community investment. The Board directs the development and implementation of a plan for district security to protect that investment.

The district security program will include the maintenance of facilities secure against unwelcome intrusion; protection against fire hazards and faulty equipment; and the observation of safe practices in the use of electrical, plumbing, and heating equipment. The Board directs close cooperation of district officials with local law enforcement officers, fire fighters, the sheriff's office, and insurance company inspectors.

Personal access to school buildings and grounds outside the hours school is in session shall be limited to personnel whose employment requires their presence in the facility. An adequate key control system will be established to limit building access to authorized personnel and guard against the potential of intrusion by unauthorized persons who have obtained keys improperly.

Building records and funds shall be kept in a safe place and under lock and key as appropriate and necessary.

Protective devices designed to be used as safeguards against illegal entry and vandalism may be installed when appropriate. The Board may approve the employment of security guards in situations in which special risks are involved.

7441 ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS
AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, students, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record, in which it will be subject to the Board of Education policy and regulations regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding, and the district declares such use to be a legitimate educational interest.

The following statement shall be posted in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used:

The Board of Education authorizes the use of electronic surveillance monitoring devices in school buildings and on school grounds. Therefore, all school buildings and school grounds within this school district may be monitored using such devices in accordance with Board Policy.

In addition to posting, the district shall notify school staff members, parent(s) or legal guardian(s), and students that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with students, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

The use of a firearm by a Class Three Officer is authorized pursuant to the provisions of N.J.S.A. 40A:14-146.14. A Class Three Officer shall not carry a firearm except when engaged in the actual performance of the Officer's official duties as a School Resource Officer and when specifically authorized by the Chief of Police or in the absence of the Chief, a designee. The agreement shall include, but is not limited to, the following terms: the number of police officers assigned to the school district; the school(s) to be covered; the days of police coverage in the school district; the process for the Police Department to assign and the process for the Board of Education to approve a School Resource Officer(s); the duties of the assigned School Resource Officer(s); the reporting requirements for the School Resource Officer; and the financial obligations of the parties. The School Resource Officer Program Agreement shall be approved by the Board of Education.

For purposes of this policy, "equipment" means a unit of furniture or furnishings, an instrument, a machine, an apparatus, or a set of articles that retains its shape and appearance with use, is nonconsumable, costs at least \$2,000 as a single unit, and does not lose its identity when incorporated into a more complex unit.

7481 UNMANNED AIRCRAFT SYSTEMS (UAS also known as DRONES)

The Board of Education is concerned for the safety of all staff members, students, parents, community members, and visitors while on school grounds. The Board of Education recognizes the operation of an unmanned aircraft system (UAS) on school grounds or flying an unmanned aircraft on or over school grounds presents a public safety issue as school grounds are populated many hours of the day by students, staff members, parents, and community members.

An unmanned aircraft system is the unmanned aircraft and all the associated support equipment, control station, data links, telemetry, communications and navigation equipment, etc. necessary to operate the unmanned aircraft. The unmanned aircraft is the flying portion of the system by a pilot via a ground control system, or autonomously through the use of an on-board computer, communication links and any additional equipment that is necessary for the unmanned aircraft to operate safely. A model aircraft is considered an unmanned aircraft.

The Board of Education prohibits the operation of an unmanned aircraft system on school grounds, the launching or landing of an unmanned aircraft on school grounds, or the flying of an unmanned aircraft over school grounds at all times.

However, the Board of Education may authorize the use of an unmanned aircraft system on school grounds for an approved school district purpose.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by a contractor must be approved by the Board of Education. Such request must include documentation (to include: the pilot's certificate, medical certification, aircraft registration, etc.) supporting the contractor's compliance with all applicable Federal Aviation Administration regulations and any State and local laws for the operation of an unmanned aircraft system and proof of insurance coverage for the specific use as required by the Board of Education. The minimum insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by the Board of Education or owned and operated by a student and used in an approved school district program must be operated under the supervision of a school district staff member(s). The unmanned aircraft system shall only be operated on school grounds and the unmanned aircraft shall only be launched or landed on school grounds or flown over school grounds. The Superintendent or designee shall approve the specific activity(ies) or event(s) in which an unmanned aircraft system may be used. The Superintendent or designee shall ensure the use of a school district-owned or student-owned unmanned aircraft system is in compliance with all applicable Federal Aviation Administration regulations and State and local laws for the

Unmanned Aircraft Systems (UAS also known as Drones)

operation of an unmanned aircraft system. In addition, the Superintendent or designee shall ensure the Board of Education has insurance coverage for the use or operation of an unmanned aircraft system. The insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The Board of Education may post signage on school grounds indicating the operation of an unmanned aircraft system or flying an unmanned aircraft over school grounds without Board of Education approval is prohibited at all times.

The Board of Education will take appropriate action in accordance with Federal Aviation Administration regulations and/or any State and local laws against any violations of the provisions of this Policy.

Adopted:

7490 ANIMALS ON SCHOOL PROPERTY

The Board of Education will make every reasonable effort to maintain school grounds in a condition appropriate for the activities of school students.

Pet animals are not permitted on school district grounds, except by the express permission of the Building Principal. Without such permission, a pet owner who brings or permits his/her animal on school grounds has committed an act of trespass. If an animal is found running at large on school grounds, its owner will be deemed to have permitted the animal to enter school property.

The Board directs the Building Principal to give notice regarding the prohibition of pets by posting appropriate signs on school property. The Principal shall report to the appropriate municipal authorities any pet that runs at large on school property and any pet owner whose animal is present on school property is in violation of this policy.

Adopted:

7510 USE OF SCHOOL FACILITIES

The Board of Education believes that the school facilities of this district should be made available for community purposes, provided that any such use does not interfere with the educational program of the schools.

The Board of Education will permit the use of school facilities when such permission has been requested in writing on the appropriate permit, the Building Principal or his/her designee has recommended the approval of the application, and the Superintendent of Schools or his/her designee approves the application. Approval by the Board of Education is only required when an exception to this policy is needed to authorize the use of schools. Unless a restriction is contained in this policy, the Board delegates the authority to make a decision to the Superintendent of Schools or his/her designee. The Board reserves the right to withdraw permission for use by outside organizations after it has been granted.

In considering competing requests for the use of school facilities, the Board will give priority to uses and groups directly related to the schools and the operations of the schools, including the adult education program, and to Borough government agencies generally, including the recreation commission.

Pursuant to N.J.S.A. 18A:20-34, the Board of Education further authorizes the use of school facilities by a licensed child care program to provide for child care services before and/or after regular school hours on terms that are approved by the Board. All of the provisions and remaining requirements of Board Policy and Regulations 7510 shall apply to the child care program. Approval by the Board of Education is required on an annual basis.

The fee for the child care program shall be determined by the Board of Education annually based on the proposal(s) submitted by the operator of the child care program.

Each user shall present evidence of the purchase of organizational liability insurance for at least \$1,000,000 in coverage. The Board shall be named as an additional insured under the policy. The user shall indemnify and save and hold harmless, including the reimbursement of reasonable attorney's fees and litigation expenses, the Board of Education, its employees, servants, and administrators from any and all liability arising out of the use of the Board of Education's premises or property. Users shall be financially liable for damages to the facilities and for proper chaperonage.

The school district shall provide a copy of Policy and Regulation 2431.4 – Prevention and Treatment of Sports-Related Concussions and Head Injuries to all youth sports team organizations that operate on school grounds or in school facilities. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that uses school facilities or operates on school grounds if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than \$50,000 per person, per occurrence; insuring the youth sports team organization against liability for any bodily injury suffered by a person. The youth sports team organization must also provide a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted in accordance with the procedure by which permission to use facilities is sought. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use, regardless of any assignment of negligence. Where rules so specify, no item of equipment may be used except by a qualified operator.

Smoking is prohibited at all times in any district building and on school grounds. No one may bring alcoholic beverages onto any school property. All facility use shall comply with State and local fire, health, safety and police regulations.

The Board shall annually approve a schedule of fees for the use of school facilities. This function shall not be delegated to the Superintendent of Schools.

Regulations for the use of school facilities shall be approved by the Board and distributed to every user of the facilities and to every applicant for such use. This function shall not be delegated to the Superintendent of Schools. No person or organization shall be granted permission to use school facilities who has not agreed in writing to be bound by those regulations.

Special regulations exist for the use of school grounds.

Political Activity

As used in this section, "school property" shall mean a building or buildings used for school operations.

7523 SCHOOL DISTRICT PROVIDED TECHNOLOGY DEVICES TO STUDENTS

The Board of Education may provide technology devices to students in the district for school district authorized use only. The purpose of this Policy is to establish general guidelines for the issuance and utilization of any school district technology device provided to students of this district. For the purposes of this Policy, "technology device" or "device" shall include, but not be limited to, portable devices such as computers, laptops, tablets, cellular telephones, or any other computing or electronic devices the school district provides to students to be used as part of their educational program.

A technology device made available to students will not be considered a textbook or supply, as defined in N.J.S.A. 18A:34-1, mandatory to a successful completion of the classroom curriculum. Therefore, because a technology device defined in this Policy is not mandatory to a successful completion of a student's classroom curriculum, a student will not be required to obtain a technology device provided by the school district as defined in this Policy. In the event the school district provides a technology device that is deemed mandatory to a successful completion of the classroom curriculum, the district will provide students with such a technology device consistent with its textbook or supply policies.

A technology device provided by the school district may include pre-loaded software. A student should not download additional software onto the technology device or tampering with software installed on the technology device. Only school district authorized staff members may load or download software onto a school district provided technology device.

To receive a school district provided technology device, the parent and student must sign the necessary agreement(s) requiring the parent and the student to comply with certain provisions. These provisions may include, but are not limited to:

1. A school district provided technology device must be used only by the student for school district authorized use;
2. A student shall comply with the school district's acceptable use of technology policies in their use of any school district provided technology device;
3. Any school district provided technology device loaned to a student must be returned to the school district in the condition it was initially provided to the student considering reasonable use and care by the student;

School District Provided Technology Devices to Students

4. The parent or student shall be responsible to reimburse the school district the cost of any technology device that is lost, damaged beyond reasonable use or beyond its value, abandoned, missing, stolen, or cannot be returned to the district in accordance with the terms of the agreement;
5. The parent or student elects not to purchase optional insurance, the parent and/or student shall be responsible for any loss or damage to the technology device;
6. A student will be required to report any hardware or software problems in the operation of the device to the school district staff member;
7. A student must report to the school district staff member designated within two school days in the event the technology device has been damaged or is missing;
8. A parent or student is required to immediately file a police report in the event it is believed the technology device has been stolen. Within one school day after filing a police report, a parent or student shall submit the copy of the police report to the Principal or designee;
9. A student shall be required to provide routine cleaning and care of the device in accordance with school district cleaning and care guidelines;
10. The student shall have the technology device in their possession in school as required; and
11. Any other provisions the Superintendent of Schools determines are necessary.

The school district will provide the student and parent with written or electronic notification that the technology device provided by the school district may record or collect information on the student's activity or the student's use of the technology device if the device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device. This notification shall also include a statement that the school district shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student. The parent shall be required to acknowledge receipt of this notification and the parent acknowledgement shall be retained by the Principal or designee for as long as the student retains the use of the school district provided technology device. The parent acknowledgement and a signed form shall be required before the issuance of a technology device to a student. In accordance with the provisions of P.L. 2013, Chapter 44, a school district failing to provide this notification shall be subject to a fine of \$250 per student, per incident. The fine shall be remitted to the New Jersey Department of Education, and shall be deposited in a fund that shall be used to provide laptop or other portable computer equipment to at-risk students as defined in N.J.S.A. 18A:7F-45.

School District Provided Technology Devices to Students

Students shall comply with all school district policies for the use of a school district provided technology device. A student shall be subject to consequences in the event the student violates any school district policy, including the district's acceptable use policies; student code of conduct; any provision of this Policy; or any provision in the signed agreement(s).

7610 VANDALISM

The Board of Education believes that all school district property should be respected and all persons who use or have access to school district property should respect such property and take pride in the institutions of this community and the schools of this district.

Any person who purposely or knowingly damages school district property or damages school district property recklessly or negligently in the employment of fire, explosives or another dangerous means listed in accordance with N.J.S.A. 2C:17-2 or purposely or recklessly tampers with the tangible property of the school district so as to endanger school district property shall be reported to the appropriate law enforcement agency. Where the damage to district property is more than minimal or has been caused by a student or a minor not a student of this district, the Board will hold liable for the amount of the damage the parent(s) or legal guardian(s) having legal custody and control of the minor responsible for the damage.

A person who purposely defaces or damages district property with any symbol that exposes persons to violence, contempt, or hatred on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability is guilty of a crime and shall be reported to appropriate law enforcement authorities. **7650 SCHOOL VEHICLE ASSIGNMENT, USE, TRACKING, MAINTENANCE,
AND ACCOUNTING**

The Board of Education adopts this Policy concerning the assignment, use, tracking, maintenance, and accounting of school district vehicles in accordance with the provisions of N.J.A.C. 6A:23A-6.11 and 6A:23A-6.12. For the purposes of this Policy, a “school district vehicle” means a vehicle purchased, leased, leased-purchased, or acquired without cost by gift, donation, or other method by the school district regardless of funding source.

School district vehicle assignment and use shall be in compliance with N.J.A.C. 6A:23A-6.12 and in accordance with OMB Circular 08-16-ADM or any superseding circulars. The Board of Education, upon the recommendation of the Superintendent, may authorize, at its discretion, by an affirmative vote of the Board’s full membership, the lease, lease-purchase, or purchase and assignment of school district vehicles for the conduct of official school district business.

The vehicles may be assigned either to individuals or to units within the school district for pool use according to classifications as outlined in N.J.A.C. 6A:23A-6.12(b). No individual assignment shall be made for the primary purpose of commuting. Vehicle use logs shall be maintained for all individual and pool assignments in order to accurately record all usage of each vehicle, including the driver, mileage, and starting and destination points. All changes to vehicle assignment, whether pool or individual, shall require prior written approval of the Superintendent and the authorization of an affirmative majority vote of the full Board.

A school district vehicle shall only be used for business purposes and incidental and reasonable personal use of a school vehicle is prohibited without the approval of the Superintendent and the authorization of an affirmative majority vote of the full Board.

If a school district vehicle is misused the driver's driving privileges for school district vehicles shall be suspended or revoked, and additional disciplinary action shall be taken as appropriate. The Board shall establish and implement a policy for progressive, uniform, and mandatory disciplinary actions to be applied as necessary in the event it is determined a staff member misused a school vehicle.

School Vehicle Assignment, Use, Tracking, Maintenance,
and Accounting

The Board designates the Director of Buildings and Grounds as the school vehicle coordinator(s) for district vehicles. The school vehicle coordinator(s) shall maintain inventory control records pursuant to the requirements of N.J.A.C. 6A:23A-6.11(a)1., driving records of operators of school district vehicles pursuant to the requirements of N.J.A.C. 6A:23A-6.11(a)2., and the records of maintenance, repair and body work pursuant to the requirements of N.J.A.C. 6A:23A-6.11(a)3.

8110 ATTENDANCE AREAS

The Board of Education directs the assignment of students to the schools, programs, and classes in a manner that is consistent with the best interests of the students and the best uses of the resources of this district.

The Board shall determine the school attendance areas of the district to determine the assignment of students to school in accordance with Policy No. 5120.

The Superintendent shall annually review existing attendance areas and recommend to the Board such changes as may be justified by considerations of safe student transportation and travel; convenience of access to the schools; financial and administrative efficiency, the effectiveness of the instructional program, and a wholesome and educationally sound balance of student populations.

Adopted:

8130 SCHOOL ORGANIZATION

The Board of Education recognizes that the judicious grouping of grades and services within the facilities of the district can assist the efficient operation of the district and help achieve a more effective instructional program.

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of students, make most effective use of district resources, and serve the educational goals of the Board.

Adopted:

8140 STUDENT ENROLLMENTS

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of students resident in this district and enrolled in district classes and programs.

Student attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for students attending preschool, Kindergarten, grades one through five, grades six through eight, grades nine through twelve, each preschool class for the disabled, each class for the disabled, shared-time classes for regular students, shared-time classes for students with disabilities, full-time bilingual education programs and vocational day programs, summer schools operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A student who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the student is enrolled. For the period beginning the first day the student is unable to attend school and ending the day before the first instructional day at the student's place of confinement, the student shall be marked absent. No absences will be recorded for the student while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a student on home instruction shall be the same as for other students in the program in which the student is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and Federal aid.

The Superintendent or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall in consultation with the district associations annually prepare and submit to the Board a school calendar no later than May 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the students of this district.

The schools of the district will be in session for students on those days, recommended by the Superintendent and approved by the Board.

The Superintendent may close the schools, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members. The Superintendent shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any emergency closing of the schools.

8310 PUBLIC RECORDS

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the district.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the district and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual student records; grievance or disciplinary proceedings against a student to the extent disclosure would reveal the identity of the student; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.

If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the district. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

Records maintained in the personnel files of this district are not public records and are not open to inspection except as provided for in this policy. Board minutes and other public records of this district and any computerized files maintained by this district may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the district and in military service, the date and reason for separation from service in this district, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 STUDENT RECORDS

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board of Education shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.

Nothing in this Policy shall be construed to prohibit certified school personnel from disclosing student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

Student Information Directory

A student information directory is a publication of the Board of Education that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. In the event the school district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the school district from including any or all types of information about the student in any student information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and P.L. 107-110 sec. 9528, Armed Forces Recruiter Access to Students and Student Recruiting Information of the No Child Left Behind Act of 2001.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the school district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare. The Board shall authorize the permitted records to be collected by adopting Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Any district internet website shall not disclose any personally identifiable information about a student without receiving prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Personally identifiable information means student names; student photos; student addresses; student e-mail addresses; student phone numbers; and locations and times of class trips.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student's health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7.1 et seq. shall have access to the records of a student subject to conditions outlined in N.J.A.C. 6A:32-7.6(a).

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissive disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements shall be maintained as part of the student record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district shall keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult students certain rights with respect to the student's education records. FERPA requires the district to provide parents and adult students the right to inspect and review the student's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the student's education records the parent or adult student believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of student records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult student's consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult student of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement written plans and procedures to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and supportive services for staff, students, and their families.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district's plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district's school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district's safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

In accordance with N.J.S.A. 18A:41-1, at least one fire drill and one school security drill will be conducted each month within school hours, including any summer months, which the school is open for instructional programs. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration

to a fire drill. Schools are required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. Fire alarm systems shall be initiated only during a fire drill evacuation. Responses made necessary by the unplanned activation of emergency procedures or by any other emergency shall not be substituted for a required school security drill.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. Each school in the district will be required to complete a security drill record form as required by the New Jersey Department of Education.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the students and staff members assigned to district schools and will take reasonable steps to protect students and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event students and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal or designee. Immediate steps may be taken as necessary to remove the injured or ill person from danger and/or to prevent exacerbation of the injury or illness. Basic first aid may be administered by district personnel to ensure the safety and comfort of the injured or ill person until the school nurse or other medical professional arrives on the scene.

The parent of an injured or ill student and, if necessary, the family of an injured or ill staff member or visitor will be notified promptly of the injury or illness and the ongoing health status of the injured or ill person. If the school nurse or school physician or, in the absence of both, the Principal or designee determines the injured or ill person should receive a medical examination from their medical professional, the parent or family member will be required to remove the injured or ill person from the school or school event or activity. In the event a serious health emergency occurs on school grounds or during a school sponsored event, activity, or field trip, emergency medical assistance will be contacted.

The school nurse(s), in consultation with the school physician, will develop basic emergency first aid procedures for the emergency treatment of an injury or illness in the event a school staff member may be in the position to provide emergency first aid until the school nurse or other medical professional arrives on the scene.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy 2431 and implementing regulations. 8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a student, an employee of the Board, or a visitor to the schools must be reported promptly and in writing to the district business office. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured student shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the schools.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of students who have contracted a communicable disease and of teachers and students who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the local and County Board of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal or his designee may exclude from the school building any student who appears to be ill or has been exposed to a communicable disease. A student may be isolated in school to await the arrival of or instructions from an adult member of his/her family. If the school medical inspector or the school nurse is present in the building, his/her recommendation shall be sought before any such exclusion or isolation is ordered.

Any student retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to his/her classroom until he/she presents written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the student.

Any student or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Superintendent shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for students identified and excluded in accordance with this policy; the preparation of standards for the readmission of students who have recovered from communicable disease; the provision of appropriate home instruction to excluded students in accordance with law; and the filing of reports as required by law.

8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). “AIDS” means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. “HIV infection” means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, student or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Students infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a student not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

Any student excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No student, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected student or employee is present. School employee physicals, student physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual’s infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to student physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a student or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a student as having an HIV infection or AIDS shall be shared only with prior written informed consent of the student age twelve or greater, or of the student's parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the student. The person who receives such information shall not reveal it to any other person without the express written consent of the minor student's parent(s) or legal guardian(s), or the adult student.

The Board shall annually provide students, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

8454 MANAGEMENT OF PEDICULOSIS

The Board of Education recognizes the need to maintain a healthy learning environment for all children in the school district. One way to maintain this healthy learning environment is to manage pediculosis, a condition of a person having head lice. Head lice are very small insects that have claws that cling to hair and spend their entire life cycle on the heads of people. Head lice do not spread any diseases and having head lice is not prevented by personal or household cleanliness, use of shampoos, or length of hair. All social and economic groups can be affected by head lice. Because it is very difficult to totally prevent head lice infestations in schools where children come into close head-to-head contact with each other frequently, the Board of Education authorizes appropriate steps to manage pediculosis.

A student who is found to have active head lice will not be permitted to attend school until there are no active lice in the student's hair, proof of treatment has been provided to the nurse, and until all live and/or dead head lice are removed from the student's hair as confirmed by an examination by the school nurse.

The presence of nits (the eggs of lice) without active head lice will not prohibit a child from attending school provided proof of treatment has been provided to the nurse and there is no evidence of active head lice in the student's hair.

The Board recognizes parents have the primary responsibility for the detection and treatment of head lice and school staff members will work in a cooperative and collaborative manner to assist all families in managing pediculosis. The school nurse will compile a Management of Pediculosis Information Packet. The Board of Education's Management of Pediculosis Information Packet and this Policy will be provided to parents of children identified with active head lice or nits and be made available to all parents upon request. The Information Packet will include information about identifying, treating, and managing pediculosis.

If the school nurse determines a student has active head lice or nits, the parent shall be notified by the school nurse as soon as reasonably possible. The parent will be provided a copy of the district's Management of Pediculosis Information Packet and this Policy. The school nurse will advise the parent that prompt treatment of active head lice and/or nits is in the best interest of their child and treatment shall be required before the student can return to school. The school nurse will determine to send the child home or have the child remain at school for the remainder of the school day based on the comfort of the child, the degree of the infestation, and the likelihood of the spread of head lice to other students. If the school nurse cannot contact the parent a letter from the school nurse informing the parent of the presence of active head lice or nits will be sent home with the student. In the event the parent cannot be reached on the day it is determined their child has active head lice or nits, the parent will be required to contact the school nurse the next school day to review the Board Policy, the Management of Pediculosis Information Packet, and treatment options.

The following action will be taken to prevent the spread of head lice in district schools:

1. Grades Kindergarten through Four – When a single case of active head lice has been identified by the school nurse, parents of all children in a class will be notified by the school nurse. The Principal will send home a copy of a Head Lice Alert Notice, the school district's Management of Pediculosis Information Packet, and this Policy to all parents of children in the class.
 - a. The information provided to parents will clearly notify parents that treatment should only be performed on their child if active head lice or nits are found in their child's scalp and treatment should not be applied as a preventative measure. This notification will inform parents they are expected to notify the school nurse if they find active head lice or nits in their child's scalp. The school nurse will perform a head check of any student if requested by the parent.
 - b. The school nurse will perform head checks of all students in a classroom where there are three or more active head lice cases or nits in the same classroom within a two week period.

Each school in the district will make available to parents the district's Management of Pediculosis Policy.

All school staff members will maintain a sympathetic attitude and will not stigmatize and/or blame families who experience difficulty with control measures. All school staff members will act responsibly and respectfully when dealing with members of the school and broader community regarding issues of head lice.

Each school in the district will educate and encourage children and parents to learn about head lice in an attempt to remove any stigma or to prevent any harassment, intimidation, and bullying associated with this issue. Any instances of harassment, intimidation, and bullying shall be reported and investigated in accordance with the provisions of the district's Harassment, Intimidation, and Bullying Policy.

A student excluded from school for reasons outlined in this Policy shall be re-admitted only upon the examination and approval of the Principal or designee and the school nurse. The examination for re-admittance to school by the school nurse may be, but is not required to be, in the presence of the student's parent.

Cases of active head lice will be recorded by the school nurse in each school for the purpose of tracking incident rates and mandatory reporting of outbreaks will be done according to the New Jersey Department of Health criteria for reporting outbreaks.

8461 REPORTING VIOLENCE, VANDALISM, HARASSMENT,
INTIMIDATION, BULLYING, ALCOHOL,
AND OTHER DRUG ABUSE

The Board of Education shall observe “Week of Respect” during the week beginning with the third Monday in October of each year by organizing activities to prevent school violence. Activities shall include, but are not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity, and tolerance. The Board shall invite law enforcement personnel to join members of the teaching staff in the discussions and provide programs for school employees that are designed to help them recognize warning signs of school violence and to instruct them on recommended conduct during an incident of school violence.

Any school employee who observes or has direct knowledge from a participant or victim of an act of violence or the possession and/or distribution of alcohol or other drugs on school grounds, and any school employee who reports a student for being under the influence of alcohol or other drugs, according to the requirements of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3, shall file a report describing the incident to the school Principal, in accordance with N.J.S.A. 18A:17-46. The report shall be on a form adopted by the Board to include all of the incident detail and offender and victim information that are reported on the Electronic Violence and Vandalism Reporting System (EVVRS).

A report alleging an incident of harassment, intimidation, or bullying shall be made in accordance with the provisions of N.J.S.A. 18A:37-13.1 and Policy 5512.

The Building Principal, for each incident report of violence, vandalism, harassment, intimidation, bullying, alcohol, or other drug abuse, shall review the incident report for accuracy; forward a copy of the incident report to the Superintendent; and notify the Superintendent of the action taken regarding the incident. The Board shall not discharge or subject to any manner of discrimination any school employee who files a report pursuant to N.J.A.C. 6A:16-5.3.

The majority representative of the school employees’ bargaining units shall have access monthly to the number and disposition of all reported acts of school violence, vandalism, harassment, intimidation, or bullying pursuant to N.J.S.A. 18A:17-46. Personally identifying information may be provided to the majority representative of the school employees’ bargaining units only in instances when school administrators have reason to believe that the safety of a school staff member is at risk.

Two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing held pursuant to N.J.S.A. 18A:17-46, the Superintendent shall report to the Board all acts of violence, vandalism, harassment, intimidation, bullying, and incidents of alcohol and other drug abuse that occurred during the previous reporting period in accordance with the provisions of N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3. The report shall include the number of reports of harassment, intimidation, or bullying, the status of all investigations, the nature of the bullying based on one of the protected categories identified in section 2 of P.L.2002, c.83 (C.18A:37-14), the names of the investigators, the type and nature of any discipline imposed on any student engaged in harassment, intimidation, or bullying, and any other measures imposed, training conducted, or programs implemented, to reduce harassment, intimidation, or bullying. The information shall also be reported once during each reporting period to the Department of Education. The report must include data broken down by the enumerated categories as listed in section 2 of P.L.2002, c.83 (C.18A:37-14), and data broken down by each school in the district, in addition to district-wide data. It shall be a violation to improperly release any confidential information not authorized by Federal or State law for public release.

The report shall be used to grade each school for the purpose of assessing its effort to implement policies and programs consistent with the provisions of P.L. 2002, c.83 (C.18A:37-13 et seq.). The district shall receive a grade determined by averaging the grades of all the schools in the district. The Commissioner shall promulgate guidelines for a program to grade schools for the purposes of N.J.S.A. 18A:17-46. The grade received by a school and the district shall be posted on the homepage of the school's website. The grade for the district and each school of the district shall be posted on the homepage of the district's website. A link to the report shall be available on the district's website. The information shall be posted on the websites within ten days of the receipt of a grade by the school and district.

Whenever it is alleged a school employee has knowingly falsified the report on violence, vandalism, harassment, intimidation, or bullying required under N.J.S.A. 18A:17-46, the Board shall make a determination regarding whether the employee committed the act. The Board shall provide written notice of the allegations to the employee and the employee shall be entitled to a hearing before the Board in accordance with the provisions of N.J.A.C. 6A:16-5.3(g)2. Upon a determination by the Board that an employee has knowingly falsified the report, the Board may take appropriate action as outlined in N.J.A.C. 6A:16-5.3(g)3. Any action taken by the Board shall be based on its consideration of the nature of the conduct, the circumstances under which it occurred, and the employee's prior employment record. Any employee having been found responsible for the falsification of the report by the Board shall have the right to file a grievance

under their respective bargaining agreements, appeal the Board's determination to the Commissioner of Education and subsequently to the State Board of Education, or appeal the decision to the Superior Court of New Jersey. The availability of appeal options shall be based upon the action taken by the Board.

A Board of Education shall submit and implement corrective action plans for high incidences of violence, vandalism, or alcohol or other drug abuse upon notification by the Commissioner of Education.

The Board shall provide ongoing staff training, in cooperation with the Department of Education, in fulfilling the reporting requirements of N.J.S.A. 18A:17-46.

8462 REPORTING POTENTIALLY MISSING OR ABUSED CHILDREN

In recognition of the importance of early detection of missing, abused, or neglected children, the Board of Education adopts this Policy pursuant to the requirements of N.J.S.A. 18A:36-24 and 18A:36-25. The Board provides this Policy for its employees, volunteers, or interns to provide for the early detection of missing, abused, or neglected children through notification of, reporting to, and cooperation with the appropriate law enforcement and child welfare authorities pursuant to N.J.S.A. 18A:36-24 and 18A:36-25 et seq., N.J.A.C. 6A:16-11.1, and N.J.S.A. 9:6-8.10.

Reports of incidents of alleged missing, abused, or neglected children shall be reported to the New Jersey State Central Registry (SCR) at 1-877 NJ ABUSE or to any other telephone number designated by the appropriate child welfare authorities. If the child is in immediate danger a call shall be placed to 911 as well as to the SCR.

The person having reason to believe that a child may be missing or may have been abused or neglected may inform the Principal or other designated school official(s) prior to notifying designated child welfare authorities if the action will not delay immediate notification. The person notifying designated child welfare authorities shall inform the Principal or other designated school official(s) of the notification, if such had not occurred prior to the notification. Notice to the Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his or her employment.

The Principal or other designated school official(s) upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. Confirmation by another person is not required for a school district employee, volunteer, or intern to report the suspected missing, abused, or neglected child situation.

School district officials will cooperate with designated child welfare and law enforcement authorities in all investigations of potentially missing, abused, or neglected children in accordance with the provisions of N.J.A.C. 6A:16-11.1(a)5.

The district designates the Director of Guidance as the school district's liaison to designated child welfare authorities to act as the primary contact person between the school district and child welfare authorities with regard to general information sharing and the development of mutual training and other cooperative efforts. The district designates the Superintendent or designee as the school district's liaison to law enforcement authorities to act as the primary contact person between the school district and law enforcement authorities, pursuant to N.J.A.C. 6A:16-6.2(b)1, consistent with the Memorandum of Understanding, pursuant to N.J.A.C. 6A:16-6.2(b)13.

An employee, volunteer, or intern working in the school district who has been named as a suspect in a notification to child welfare and law enforcement authorities regarding a missing, abused, or neglected child situation shall be entitled to due process rights, including those rights defined in N.J.A.C. 6A:16-11.1(a)9.

The Superintendent or designee shall provide training to school district employees, volunteers, or interns on the district's policy and procedures for reporting allegations of missing, abused, or neglected child situations. All new school district employees, volunteers, or interns working in the district shall receive the required information and training as part of their orientation.

There shall be no reprisal or retaliation against any person who, in good faith, reports or causes a report to be made of a potentially missing-, abused-, or neglected-child situation pursuant to N.J.S.A. 9:6-8.13.

Any employee, volunteer, or intern with reasonable cause to suspect or believe that a student has attempted or completed suicide, shall report the information to the Department of Human Services, Division of Mental Health and Addiction Services, in a form and manner prescribed by the Division of Mental Health and Addiction Services pursuant to N.J.S.A. 30:9A-24.a.

8465 HATE CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Hate crimes and bias-related acts involving students can lead to further violence and retaliation. Hate crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. The school district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of hate crimes and bias-related acts.

Definitions

A "hate crime" is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, disability, religion, sexual orientation, or ethnicity.

A "bias-related act" is an act directed at a person, group of persons, private property, or public property that is motivated in whole or part by racial, gender, disability, religion or sexual orientation, or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

Required Actions

Whenever any school employee in the course of his/her employment develops reason to believe that (1) a hate crime has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours, or (2) a student enrolled in the school has been or is about to become the victim of a hate crime, whether committed on or off school property or during operating school hours, the school employee shall immediately notify the Building Principal and Superintendent, who in turn shall notify the Rutherford Police Department and Bias Investigation Officer for the county prosecutor's office. The Principal shall notify the Rutherford Police Department and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a student or there is otherwise reason to believe that a life has been or will be threatened.

Whenever any school employee in the course of his/her employment has reason to believe that a bias-related act has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such bias-related act was or is to be committed during operating school hours, the school employee should immediately notify the Building Principal and Superintendent, who in turn should promptly notify the Rutherford Police Department.

In deciding whether to refer the matter of a bias-related act to the Rutherford Police Department or the county prosecutor's office, the Building Principal and the Superintendent, should consider the nature and seriousness of the conduct and the risk that the conduct posed to the health, safety and well-being of any student, school employee or member of the general public. The Building Principal and Superintendent should also consider the possibility that the suspected bias-related act could escalate or result in some form of retaliation which might occur within or outside school property.

It is understood a referral to the Rutherford Police Department or county prosecutor's office is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the Rutherford Police Department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the Rutherford Police Department or the county prosecutor's office. The school officials, when feasible, will cover or conceal such evidence until the arrival of the Rutherford Police Department or county prosecutor's office.

"Weapon" includes, but is not limited to, all firearms, knives, dangerous instruments intended to inflict harm, components that can be readily assembled into a weapon, explosive devices, and imitation firearms. For the purposes of this policy "firearm" means those items enumerated in N.J.S.A. 2C:39-1f and 18 U.S.C. 921.

Any student or school employee who has reasonable grounds to suspect the presence of a weapon prohibited by this policy shall immediately report his/her suspicion to the Principal or designee or immediate supervisor. The Principal or designee or immediate supervisor shall conduct an appropriate search in accordance with Policy No. 5770 and confiscate any weapon discovered in the course of the search. He/she shall, if appropriate and feasible, summon the aid of law enforcement officers in the conduct of the search. Any school employee who confirms the presence of a weapon under circumstances that place persons at serious risk may confiscate the weapon immediately and may use such force as is reasonable and necessary to obtain possession.

Unless the weapon has been taken into custody by a law enforcement officer, the Principal or immediate supervisor shall immediately store any confiscated weapon in a securely locked box or container and report the presence of the weapon to the Superintendent. The Superintendent shall promptly notify, by telephone call and by letter, the Chief of Police of Rutherford that a weapon is present on school premises; the notice shall request removal of the weapon by an authorized law enforcement officer. The Superintendent shall obtain and file a receipt for any weapon removed by a law enforcement officer.

Any student who possesses, uses, or exchanges a weapon in violation of this policy shall be subject to stringent discipline, which may include expulsion. Any student or school employee who suspects or knows of the presence of a weapon in violation of this policy and fails to report the same shall be subject to discipline. Any person who possesses a weapon on school premises or school transportation or at a school-sponsored function shall be reported to the appropriate law enforcement agency.

Any student who is convicted or is an adjudicated delinquent for possession of a firearm or who is found to be in possession of a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. Students convicted or found to be delinquent for possessing a firearm on school property, on a school bus, or at a school-sponsored function or committing a crime while possessing a firearm shall be immediately removed from the regular education program for a period of not less than one calendar year and placed in an alternative education school or program pending a hearing before the Board of Education to remove the student. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Any student who commits an assault upon members of the school community with a weapon other than a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Students with disabilities violating the provisions of this policy shall be dealt with in accordance with Policy No. 2460 and Regulation No. 2460.6.

Nothing in this policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of Federal or State law to crimes committed by a child with disabilities.

Any student requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Policy and Regulation No. 5611.

The Superintendent, or designee, shall prepare regulations to implement this policy for the guidance of school staff in dealing with incidents involving weapons in the school district.

8506 SCHOOL LUNCH PROGRAM BIOSECURITY PLAN

The Board of Education is committed to protecting the health of the children and adults in school buildings by strengthening the safety of foodservice operations. Therefore, the Board requires the creation and implementation of a School Lunch Program Biosecurity Plan that will keep school meals free from intentional contamination and enable the foodservice to respond to threats or incidents of bioterrorism.

The School Lunch Program Biosecurity Plan shall be a document that spells out school lunch program policies and procedures that minimize the risk of intentional contamination of food and reduce the risk of illness or death in the school community. The Plan shall describe strategies for preventing threats and incidents of product tampering and food contamination. The Plan shall also include appropriate response actions to be taken should an incident occur. There may be a general Plan for all the schools in the district; however, the Plan will address the specific roles and responsibilities for individual schools or locations where food is served.

The School Lunch Program Biosecurity Plan shall be prepared, revised, and updated in accordance with the requirements of N.J.A.C. 2:36-1.13 - Biosecurity for School Food Service and the U.S. Department of Agriculture, "A Biosecurity Checklist for School Food Service Programs," March 2004 version, as amended and supplemented, as New Jersey's Biosecurity Policy for Child Nutrition Programs.

8550 OUTSTANDING FOOD SERVICE CHARGES

The Board of Education understands a student may forget to bring breakfast or lunch, as applicable, or money to purchase breakfast or lunch to school on a school day. When this happens, the food service program will provide the student with breakfast or lunch with an expectation payment will be made the next school day or shortly thereafter. However, there may be circumstances when payment is not made and a student's school breakfast/lunch bill is in arrears. The school district will manage a student's breakfast or lunch bill that is in arrears in accordance with the provisions of N.J.S.A. 18A:33-21 and this Policy.

In the event a student's school lunch or breakfast bill is in arrears, the Principal or designee shall contact the student's parent to provide notice of the amount in arrears and shall provide the parent a period of ten school days to pay the full amount due. If the student's parent does not make full payment to the Principal or designee by the end of the ten school days, the Principal or designee shall again contact the student's parent to provide a second notice that their child's lunch or breakfast bill is in arrears. If payment in full is not made within one week from the date of the second notice, the student will be provided a basic lunch that will contain the essentials in balanced nutritional selections as prescribed by the Bureau of Child Nutrition Programs, New Jersey Department of Agriculture beginning the eighth calendar day from the date of the second notice.

A parent who has received a second notice their child's lunch or breakfast bill is in arrears and who has not made payment in full within one week from the date of the second notice will be requested to meet with the Principal or designee to discuss and resolve the matter.

A parent's refusal to meet or take other steps to resolve the matter may be indicative of more serious issues in the family or household. In these situations, the Principal or designee shall consult with and seek necessary services from both the County Board of Social Services and the Department of Children and Families, Division of Child Protection and Permanency, as appropriate.

When a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child abuse or neglect, the Principal or designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10. Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or designee.

The provisions of N.J.S.A. 18A:33-21 and this Policy will be made available to parents of all children in the school district in a manner as determined by the Superintendent.

8601 STUDENT SUPERVISION AFTER SCHOOL DISMISSAL

The Board of Education may provide transportation for students who live more than two miles away from middle/elementary school or 2.5 miles away from high school. Many students walk to and from school, either by themselves or with an escort. The Board recognizes that some students, due to their age, may not be able to fully appreciate the dangers that may be present when they are walking unescorted from school after dismissal to either their home or another location. Although it is a parent's option as to whether or not his or her child should be permitted to leave school grounds after dismissal without an escort, the Board shall ensure that students are supervised after dismissal in accordance with this policy.

A. Dismissal Procedures

1. Each school Principal, in conjunction with the Superintendent of Schools or his/her designee, shall promulgate specific written dismissal procedures for his/her school building. The dismissal procedures shall, at a minimum, specify:
 - a. Starting and dismissal times for regular school days, early dismissal days, and/or any other starting or dismissal times whether due to emergencies, weather, or other events.
 - b. The number of staff members assigned to student supervision duties at dismissal;
 - c. The responsibilities of said staff members;
 - d. Where the staff members shall be located and/or patrol during dismissal;
 - e. How long the staff members will perform such supervision duties;
 - f. Designated pick up areas at each school building;
 - g. The locations and work hours of any crossing guards employed by the municipality;
 - h. The procedures for early-dismissal days;

- i. Where a student that is ineligible to leave school grounds after dismissal without an escort shall be supervised if his/her parent(s), or designated escort(s) do not arrive to escort the student from school grounds within the time frame specified in such dismissal procedures, as well as the specific procedures to be followed by staff members when such events take place; and
 - j. The procedures that parent(s) shall follow when notifying school officials of any change in his/her student's dismissal preferences.
 2. Each school's dismissal procedures shall be incorporated into this policy by reference, and copies of said procedures shall be part of any and all student handbooks.
- B. Students' Eligibility to Leave School Grounds After Dismissal
 1. A student in grades four through twelve shall be permitted to leave school grounds after dismissal unescorted unless otherwise instructed by a parent in writing.
 2. A student in grades Pre-Kindergarten through three shall not be permitted to leave school grounds after dismissal unescorted unless his/her parent(s) provide the Principal of his/her child's school with written notice that his/her child is permitted to leave school grounds after dismissal unescorted.
 - a. The written notice shall be on a form provided by the Board to all parent(s) before the beginning of each school year, shall be made available on the Board's website, and shall be provided to any parent(s) upon request. This notice shall be valid for the entire school year unless the child's parent(s) advise the Principal of his/her child's school that his/her child is not permitted to leave school grounds after dismissal unescorted. The Principal shall, on the same day notice is received, notify all staff members providing supervision at dismissal time of any changes applicable to an individual student's dismissal protocol.
 - b. Students who are not permitted to leave school grounds after dismissal unescorted shall be supervised by the staff members until the student's parent(s), or other escort(s) designated by the parent(s) arrive to escort the student from school grounds in accordance with the school's specific written dismissal procedures. The Building Principal shall keep a record of any and all individuals other than the parent(s) designate as eligible to escort a student from school grounds for each student enrolled in his/her school.

- c. In the event that a student's parent(s), or other designated escort(s) do not arrive to escort the student from school grounds within forty-five minutes of school dismissal, the child will be given over to the custody of the police department and will remain at police headquarters until picked up by the parent or other responsible adult.

C. Notification to Parents

1. The Board shall ensure that a copy of this policy is incorporated into any and all student handbooks, along with a copy of the school's written dismissal procedures.
2. The Board shall ensure that each student's parent(s) are provided with information regarding the availability of any after-school services offering supervision after school dismissal, as well as enrollment procedures for the same.
3. The Board shall ensure that a copy of the school calendar is distributed to each student's parent(s) at the beginning of each school year, and that each student's parent(s) are promptly notified of any and all changes to the school calendar.

The school bus driver shall be in full charge of the school bus at all times and shall be responsible for maintaining order. The school bus driver will never exclude a student from the school bus, but if unable to manage a student, the school bus driver will report the unmanageable student to the Principal or designee of the school in which the student attends.

The Principal or designee, upon such report from the school bus driver, may assign appropriate discipline. The discipline may include excluding the student from the bus. The student's parent shall provide for the student's transportation to and from school during the time of exclusion.

In accordance with the provisions of N.J.S.A. 18A:39-19.4, a Commissioner-developed student information card shall be completed by a parent of a student with an Individualized Education Plan (IEP), who receives transportation services, when the IEP is developed or amended. Upon receiving consent from the parent, the student information card shall be provided to a school bus driver and bus aide for each student on the bus route to which the school bus driver or bus aide is assigned for whom a student information card has been completed by the parent.

The school bus driver will immediately inform the Principal of the receiving school and the School Business Administrator or designee of the district providing the transportation following an accident that involves injury, death, or property damage. 8635 STUDENT TRANSPORTATION VEHICLES AND SCHOOL BUSES

All student transportation vehicles and school buses will be scheduled to maximize their use while ensuring all routes are scheduled in a safe manner for drivers and passengers.

Student transportation vehicles and school buses will have time periods during the day between scheduled bus routes when they are not in use. These time periods may vary from route to route and vehicle to vehicle depending on issues such as a school's opening and ending times and the location of students transported to and from the school. Based on scheduling issues and the amount of time between transportation routes, the school bus driver may be required to return the school vehicle/bus to the school district transportation facility during the school day. In the event the schedule does not provide adequate time or it is not practical for the vehicle/bus to be returned to the school district's transportation facility between routes during the school day, the school bus driver may be required to park the vehicle/bus at another school building or location in the school district designated by the Director of Buildings and Grounds.

If the transportation route is for student transportation to and from a school building out-of-district, the driver may be required to return the transportation vehicle/bus to the district's transportation facility or to a school building or location designated by the Director of Buildings and Grounds for the time period between routes. In the event there is not adequate time or it is not practical for a vehicle/bus to return to the school district between out-of-district transportation routes, the Director of Buildings and Grounds will authorize the vehicle/bus remain at an approved location between such routes. The Director of Buildings and Grounds in consultation with the driver and the out-of-district school, will designate a location for the driver to maintain the vehicle/bus in between the scheduled routes.

The safety and security of the transportation staff and the school vehicle/bus will be the most important consideration in designating an out-of-district location for vehicles that may not return to the transportation facility during the school day.

The Board of Education recognizes that the prudent trusteeship of the resources of this district dictates that employees responsible for the safekeeping of district moneys and property be bonded.

The Board directs the indemnification of the district against loss of money and property by the bonding of the Treasurer of School Moneys in accordance with the requirements of N.J.A.C. 6A:23A-16.4 and by the bonding of the Board Secretary in accordance with the requirements of N.J.S.A. 18A:17-6. If the district does not have a Treasurer of School Moneys, the Board will ensure surety bonds are obtained in accordance with the rules of the State Board of Education. All other employees may be covered under a blanket bond in an amount to be determined by the Board or as required by the rules of the State Board of Education.

The Board shall bear the cost of bonding each employee required to be bonded by law or by this policy.

The Board shall provide indemnification to any person holding any office, position or employment under the jurisdiction of the Board, including any student teacher/intern, or person assigned to other professional pre-teaching field experience, for the costs of defense against any criminal or quasi-criminal action for any such act or omission when such prosecution is dismissed or results in a final disposition favorable to the officer or employee. 8760 STUDENT ACCIDENT INSURANCE

The Board of Education recognizes injuries to students may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by students through accidental means while participating in those school activities insured by the Board's insurance provider. This insurance coverage, if purchased by the Board, will not cover all school activities and will be secondary insurance requiring all claims be submitted to the student's parent's or legal guardian's insurance provider before being submitted to the school district's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by students to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by students shall be established by a schedule determined by the Board, but no student electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

The Superintendent and/or designee will recommend suitable and qualified insurance providers for Board consideration and approval. Parent(s) or legal guardian(s) of students who may be eligible for such insurance coverage will be notified of its availability.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this student accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a student as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

The Board recognizes the benefits to the school district of joining with other Boards of Education in providing coverage for the insurance needs of this district and in participating in programs of risk management to prevent loss and to control liability.

The Board may, upon formal resolution duly adopted, become a member of a school board insurance group in order to participate in any joint self-insurance fund or funds, risk management programs, or related services offered or provided by the group. The Board's membership in the group will be governed by the bylaws of the insurance group, which must be reviewed and approved by the Commissioner of Insurance in accordance with State law.

8810 RELIGIOUS HOLIDAYS

The Board of Education recognizes the acknowledgment of religious holidays in the public school may be a source of community concern. It is a goal of the district educational program to teach mutual understanding and brotherhood and respect for group differences. In pursuing this goal, the educational program may recognize that various religious groups celebrate different holidays with different practices.

In the acknowledgment or observance of any religious holiday, the Superintendent shall ensure the school and/or school officials do not mandate, organize, participate in an official capacity, endorse, persuade, compel, prevent or deny participation in constitutionally protected prayer or religion in violation of the governing principles of the First Amendment of the United States Constitution. Consistent with these principles, the Superintendent shall ensure:

1. No worship or religious service of any kind is sponsored by the school district and conducted during the school day, whether or not conducted by a clergyman;
2. Religious exhibits or displays include only materials that are a necessary or integral part of the curriculum;
3. Any religious music played is selected primarily for its artistic content; and
4. Any acknowledgment of a religious holiday neither advances nor inhibits any particular religious sect or religion consistent with the governing principles of the First Amendment of the United States Constitution.

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the students and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district student without the prior written permission of the parent(s) or legal guardian(s) or from the adult student. Written permission slips for such release from each parent(s) or legal guardian(s) or adult student will be obtained by the Principal or designee for the students in their school building or by the Program Administrator for students in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual student in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult student.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of Statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a student handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

Any increase in the maximum dollar amount shall require formal Board action.

9130 COMMUNITY COMPLAINTS AND INQUIRIES

The Board of Education welcomes inquiries about and constructive criticism of the district's programs, equipment, operations and personnel.

The Chief School Administrator shall develop procedures to investigate and solve problems promptly, and to provide accurate factual information in answer to inquiries. Such procedures shall conform to State law and applicable negotiated agreements.

Parents/guardians and students will be informed of the proper avenues to follow in the individual school.

If a parent has a complaint against a classroom teacher, the complaint shall be registered with the Principal immediately. If the complaint is not successfully cleared up with the Principal, the Principal shall report it to the Superintendent.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Chief School Administrator.

Only in those cases where satisfactory adjustment cannot be made by the Chief School Administrator and the staff shall communications and complaints be referred to the Board of Education for resolution.

All signed complaints shall be acknowledged promptly.

Complaints Regarding Instructional Materials

The Board recognizes that opinions may differ on the appropriateness of any given instructional materials and equipment. Occasionally an individual or group may find instructional materials used in the schools that conflict with their views. Any resident of this district shall have the right to present a request, suggestion or complaint in reference to the physical plant, playgrounds, subject matter or instructional materials.

The Chief School Administrator shall develop procedures to give careful consideration to such requests, suggestions or complaints. These procedures shall provide that:

1. All such requests, suggestions or complaints be in writing;
2. Whenever possible the process be initiated and solved at the lowest effective level;

3. District response be courteous and prompt;
4. Successive steps of appeal and mechanisms for review are available when necessary.

The use of challenged materials or equipment by class or school shall not be restricted until a final decision has been reached.

The final decision on controversial reading matter shall rest with the Board after careful examination and discussion of the book or reading matter with school officials or others the Board may wish to involve.

Adopted:

9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the schools, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the schools; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a student in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Principal shall seek confirmation of legal custodianship where necessary.

The Superintendent shall develop regulations that will protect students and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the schools of the district and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct may constitute a disruption. The Board prohibits the possession and consumption of alcoholic beverages at any function sponsored by the district, and, further, prohibits wagering on school premises. There will be no smoking at any public function held in a school building, or on school grounds, or at any function sponsored by the district.

Adopted:

9161 CROWD CONTROL

The Board of Education believes in order to achieve its goals for interscholastic competition, the student body and the general public attending an interscholastic event conduct themselves in such a manner as to make a positive contribution toward the educational objectives of this district.

The Board directs the Superintendent to prepare regulations for student and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The Board authorizes school officials to have expelled from any district event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Further, any spectator involved in continual violations of the rules and regulations shall be prohibited from attending further school events.

9180 SCHOOL VOLUNTEERS

The Board of Education recognizes the services of volunteers can enrich the educational program, assist teaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board authorizes a program for the utilization of volunteer services in the school(s) of the school district.

An unpaid long-term volunteer is required to complete a criminal history record check. A volunteer is required to be approved by the Board.

Volunteers must be persons of known character, responsibility, and integrity.

Neither the Superintendent nor any Principal shall be obligated to utilize the proffered services of a volunteer whose abilities or interests do not serve the needs of students.

The following guidelines shall govern the service of school volunteers:

1. Volunteers may serve only under the direction and supervision of an appropriately certified or licensed staff member;
2. Volunteers should clearly understand their duties and responsibilities and perform no service outside those duties;
3. Volunteers serve only in a support capacity; only appropriately certified or licensed staff members are responsible for educational planning and decisions and the teaching of new concepts;
4. Volunteers shall respect the individuality, dignity, and worth of each child;
5. Volunteers are not permitted access to student records;
6. Volunteers should exercise discretion in discussing their school activities with others in the community and must maintain confidential any information that if disclosed would violate Federal and State laws;
7. Volunteers may consult with the Principal regarding their duties and responsibilities; and
8. Volunteers shall receive no financial remuneration from the Board.

9181 VOLUNTEER ATHLETIC COACHES AND CO-CURRICULAR ACTIVITY ADVISORS/ASSISTANTS

The Board of Education recognizes the services of volunteer athletic coaches and co-curricular activity advisors/assistants bring unique skills to the district, enrich the athletic and co-curricular program, assist district coaching and co-curricular staff members in the performance of their duties, and enhance the relationship between the school district and the community. Therefore, the Board authorizes a program for the utilization of volunteer athletic coaches and co-curricular activity advisors/assistants in the district.

For the purposes of this Policy, “volunteer athletic coach and co-curricular activity advisor/assistant” is a person who is not paid by the Board of Education, assisting under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for the school activity.

The Principal or Athletic Director will be responsible for the recruitment and screening of volunteer athletic coaches and co-curricular activity advisors/assistants and their assignment. The district is not obligated to utilize the proffered services of a volunteer whose abilities or interests do not serve the needs of the school district as determined by the Superintendent.

These volunteers must be persons of known character, responsibility, and integrity and must be recommended by the Superintendent and approved by the Board of Education prior to assuming any responsibilities.

The Principal or Athletic Director will prepare and promulgate rules of conduct for volunteer athletic coaches and volunteer co-curricular activity advisors/assistants. Each volunteer athletic coach and co-curricular activity advisor/assistant will be given a copy of this Policy.

The following guidelines shall govern the service of a volunteer athletic coach and volunteer co-curricular activity advisor/assistant:

1. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants may serve only under the direction and immediate supervision of a head and/or assistant coach or activity advisor or assistant employed by the Board;
2. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must clearly understand their duties and responsibilities and perform no services outside those duties;

3. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants serve only in a support capacity and only head or assistant coaches or activity advisors or assistants employed by the Board are responsible for the supervision and instruction provided to students participating in athletic programs or co-curricular activities;
4. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants shall respect the individuality, dignity and worth of each student;
5. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants are not permitted access to student records;
6. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must exercise discretion in disclosing any confidential student matters the coach or activity advisor or assistant employed by the Board becomes aware of as a result of their volunteer responsibilities;

8. Volunteer co-curricular activity advisors/assistants must consult with the Athletic Director or Principal regarding any matters or questions regarding their duties and responsibilities;

9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

Adopted:

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of students. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those students having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of students and parent(s) or legal guardian(s), and are of general interest to the schools or community.

Adopted:

9210 PARENT ORGANIZATIONS

The Board of Education will encourage and support organizations of parent(s) or legal guardian(s) whose objectives are to promote the educational interests of district students.

No parent organization may organize students or sponsor school activities or solicit moneys in the name of this school district or of any school in the district without the prior approval of the Board. Such approval must be sought by written application to the Superintendent.

Representatives of recognized parent organizations shall be treated by district employees as interested friends of the schools and as supporters of public education in the school district.

The Board relies upon parent organizations to operate in a manner consistent with public expectations for the schools and reserves the right to withdraw recognition from any parent organization whose actions are inimical to the interests of the students of this district.

Adopted:

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a student enrolled in this district possesses full parental rights of access to the student and to information about the student, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by Federal and State law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of students and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted:

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the student's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25. The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

The parent or legal guardian or other person having custody and control of a child between the ages of six and sixteen, who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer student, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of students enrolled in the school district unless an entitlement or privilege is specifically provided in Board Policy or required by Federal law, or State statute or administrative code. The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and Policy and Regulation 8310.

A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about students and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the student's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the student. The parent(s) or legal guardian(s) of the student may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the student's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board of Education acknowledges the law compelling school attendance vests in the Board a custodial responsibility for the children in its charge and a duty to protect those children from persons not associated with the school district.

The Board further recognizes that its interest in helping children understand and respect the law is best served by a close and cooperative relationship with local law enforcement. The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1 et seq. to ensure cooperation between school staff and law enforcement officials in all matters relating to the unlawful possession, distribution and disposition of controlled dangerous substances, as defined in N.J.S.A. 24:21-2, including anabolic steroids, drug paraphernalia, alcoholic beverages and/or firearms as defined in subsection f. of N.J.S.A. 2C:39-1.(f); and other deadly weapons as defined in N.J.S.A. 2C:39-1.(r) and in the planning and conduct of law enforcement activities and operations occurring on school property, including arrest procedures and undercover school operations. The Board directs the Superintendent to institute a program of such communication and cooperation.

Policy and Regulation 9320, as adopted by the Board, will be submitted for approval to the County Superintendent of Schools in accordance with N.J.A.C. 6A:16-6.2(a)2.

Policy and Regulation 9320 have been developed and approved by the Board to protect the interests of students and serve the legitimate needs of law enforcement in accordance with N.J.A.C. 6A:16-6.1 et seq.

Law enforcement or the prosecuting agency may provide the school Principal with information identifying one or more juveniles who are under investigation or who have been taken into custody for the commission of any act that would constitute an offense if committed by an adult when the law enforcement or prosecuting agency determines that the information may be useful to the Principal in maintaining order, safety, or discipline in the school or in planning programs relevant to the juvenile's educational and social development. Information provided in accordance with the section above shall be treated as confidential, but the school Principal may inform school staff members of this information if the Principal deems it appropriate for maintaining order, safety or discipline in the school or for planning programs relevant to the juvenile's educational and social development. No information provided in accordance with this paragraph shall be maintained.

The Principal who requests and/or receives information as specified in this policy shall notify the Superintendent or designee within twenty-four hours.

9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Rutherford Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a student is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

9400 NEWS MEDIA RELATIONS

Representatives of the local newspapers and radio and television stations are an important link in the communications chain between the school district and the community it serves. The maintenance of a good working relationship with members of the media is essential to meeting the objectives of the district's school and community relations program.

The Board of Education must give formal approval to all basic practices governing relations between news media and the district and reserves the right to negotiate, on terms most favorable to the district, for the radio broadcasting, televising, filming, or sound recording of any school event by an outside agency.

The Superintendent and/or Board President shall be the chief communications representative of the Board. He/she shall be readily available to media representatives, provide media representatives with all appropriate and necessary information, suggest or supply feature articles or stories, prepare "press kits," assist school and parent organizations with press relations, meet periodically with media representatives, and protect school personnel from any unnecessary demands on their time by news media representatives.

The Superintendent must approve in advance interviews between staff members or students and media representatives and authorize the release of photographs, video or digital images of district subjects, personnel, or students. Photographs, video or digital images of disabled children shall not be disseminated or used in print or media in any way if they are identified as disabled unless permission is granted by the parent(s) or legal guardian(s). Photographs, video or digital images of children placed in the district by New Jersey Department of Children and Families – Division of Child Protection and Permanency (DCP&P) shall not be published without the permission of the Division case worker. Where the release of a photograph may violate the privacy of a student or staff member, the Superintendent or designee must first secure the written permission of the staff member or the student's parent(s) or legal guardian(s).

Accordingly, the schools of this district will accept students from accredited institutions of higher learning as junior or senior student teachers/interns.

The Board, upon the recommendation of the Superintendent, shall approve student teachers/interns.

Student teachers/interns shall be assigned by the Superintendent. The Superintendent shall assign student teachers/interns throughout the district in a manner that assures that no single group of students will be subject to excessive student teacher/intern classroom hours.

Student teachers/interns shall comply with the health examination required by rules of the State Board of Education and that required for teaching staff members by this Board.

The Board of Education requires every student teacher/intern possess a county substitute credential issued in accordance with N.J.A.C. 6A:9B-7.1.

Student teachers/interns shall at all times be subject to the policies of this Board. Student teachers/interns serving in the schools of this district shall be responsible to the Principal for their conduct and to the cooperating teacher for their performance.

Such students will be treated as visitors and will be under the direct supervision of the Principal.

9550 EDUCATIONAL RESEARCH PROJECTS

The Board of Education will cooperate, whenever appropriate and feasible, with organizations and individuals conducting bona fide educational research involving students enrolled in the schools of this district.

All educational research by persons other than district employees must be approved in advance by the Board. A written application for approval must state the purpose of the research, the specific ways in which students will be involved, the estimated duration of the project, the persons who will conduct the research project and their relevant affiliations, and any possible benefits to students or to the school district. Approval will be granted only to those projects that will serve the interests of students and the educational program; approval will not be granted to projects that will impede or significantly disrupt the instructional program approved by the Board.

Parent(s) or legal guardian(s) will be informed of any educational research project that involves their children and may request the removal of their children from the project.

The conduct of research activities must rigorously protect students' privacy. Approved researchers may be given access to student records in accordance with rules of the State Board of Education and Board Policy No. 8330, but shall not abuse this privilege by using information in any way that may embarrass or harm individual students or their families. The Board must be satisfied that strict standards of anonymity and confidentiality will be observed.

For the purposes of this Policy, “organizations outside the school district” shall be any organization, group, activity, club, association, agency, or individual that is not approved or sponsored by the Board of Education.

The Board reserves the right to review, approve, or reject proposed contributions from organizations outside the school district. Proposed contributions may be rejected by the Board, including but not limited to, proposed contributions that have the primary effect of advancing the name, product, or special interest of a person, corporation, or organization; fail to meet district standards of accuracy and good taste; are of little or no educational value to students; make unreasonable demands upon the time and energies of staff and students or upon the resources of the district; interrupt or interfere with the regular school program; or involve a direct cost to the district.

The approval of the use of any material or the conduct of any activity offered by an organization outside the school district shall not under any circumstances be construed as an endorsement by this Board of any interest, cause, or organization.

Permission to solicit or raise funds on school premises will be granted only to those persons and organizations whose purposes are consistent with the goals of this district and the interests of the community and are in accordance with the Board’s fundraising policy. Solicitation or fundraising may not interfere with the orderly operation of the schools. The Board will not permit the distribution of literature to or through students in the school district for any organization outside the school district.

Written requests for the distribution of this literature must be submitted to the Superintendent or designee with one copy of the specific literature to be distributed. The approval and method of the distribution of literature will be at the discretion of the Superintendent or designee. Any approval for such distribution will be consistent with the governing principles of the First Amendment of the United States Constitution.
