

FOREWORD

The Board of Education has authorized the Superintendent to promulgate administrative regulations except where approval by the Board is required by statute or administrative code for the orderly operations of the Rutherford School District that are binding on all students, employees, and visitors to the district.

These administrative regulations are intended to give direction to staff members in carrying out Board policies, statutory mandates, and contractual obligations. The operations directed by these regulations should be efficient, amenable to assessment, and considerate of the needs and rights of students and employees. Any suggestions for additions or improvements that help attain these objectives are welcome.

These regulations apply to the entire school district. Principals may establish additional rules as necessary to apply these regulations to their school, provided that school rules do not exceed the authority set forth in these regulations.

These regulations will be made available to each employee. Employees and students who violate these regulations are subject to disciplinary action.

 - e. That it need not prevent, or significantly or severely restrict, an individual from performing a major life activity.
 - f. That it requires an individualized assessment which does not create an “inappropriately high level of limitation” and is based upon the conditions, manner, or duration under which the individual can perform the major life activity 42 U.S.C. 12102(4)(B).
 - g. That it generally will not require scientific, medical, or statistical evidence (although such evidence can be required where appropriate evidence that can be considered may include statements or affidavits of affected individuals and school records).
 - h. That the determination is made without regard to ameliorative effects of mitigating measures, except for the use of ordinary eyeglasses or contact lenses intended to fully correct visual acuity or eliminate refractive error. Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.
 - i. That the effects of an impairment lasting or expected to last less than six months can be substantially limiting for establishing a disability under the first two prongs: “actual disability” or “record of”.

B. General Requirements

1. Prohibitions Against Discrimination

- a. Discrimination is prohibited against a qualified individual on the basis of a disability. Such individual will not be excluded from participation in or denied the benefits of district services, programs, or activities or be subjected to discrimination by the district in accordance with 28 CFR §35.130. The district must ensure that:
 - (1) When services, programs, and activities are viewed in their entirety, they are accessible to and usable by individuals with disabilities; and
 - (2) Access to services, programs, and activities is provided in an integrated setting unless separate programs are necessary to ensure equal benefits.
- b. The district is not required to take any action that would result in a fundamental alteration of the nature of the program or activity or undue financial or administrative burden. However, claiming undue burden still requires the district to provide access through means that would not result in a fundamental alteration or undue financial or administrative burden.

2. Direct Threat - 28 CFR §35.139

- a. The district is not required to permit an individual to participate in or benefit from the district's services, programs, or activities when that individual poses a direct threat to the health or safety of others.
- b. To determine whether an individual poses a direct threat to the health or safety of others, the district must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to ascertain:
 - (1) The nature, duration, and severity of the risk;
 - (2) The probability that the potential injury will actually occur; and
 - (3) Whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

3. Illegal Use of Drugs - 28 CFR §35.131
 - a. The district will not discriminate on the basis of past illegal use of drugs against an individual who is not engaging in current illegal use of drugs and who:
 - (1) Has successfully completed a supervised drug rehabilitation program or has otherwise been rehabilitated successfully;
 - (2) Is participating in a supervised rehabilitation program; or
 - (3) Is erroneously regarded as engaging in such use.
 - b. While the Act does not prohibit discrimination against an individual based on that individual's current illegal use of drugs, the district will not deny health services or services provided in connection with drug rehabilitation to an individual on the basis of that individual's current illegal use of drugs, if the individual is otherwise entitled to such services.
 - c. The Act does not prohibit the district from adopting or administering reasonable policies or procedures, including but not limited to drug testing, designed to ensure that an individual who formerly engaged in the illegal use of drugs is not now engaging in current illegal use of drugs.
- C. Personal Devices and Services
 1. The district will permit individuals with mobility disabilities to use wheelchairs and manually powered mobility aids such as walkers, crutches, canes, braces, or other similar devices designed for use by individuals with mobility disabilities in any areas open to pedestrian use. 28 CFR §35.137
 2. The district will make reasonable modifications to permit the use of other power-driven mobility devices by individuals with mobility disabilities unless the district can demonstrate that the power-driven device cannot be operated in accordance with legitimate safety requirements pursuant to 28 CFR §35.137. The district will not ask an individual using a wheelchair or other power-driven mobility device questions about the nature and extent of the individual's disability. The district may require the individual to provide credible assurance that the device is required because of the person's disability.

3. The district is not required to provide individuals with disabilities personal devices, such as wheelchairs; individually prescribed devices such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing pursuant to 28 CFR §35.135.
- D. Employment - 42 U.S.C. 126 §12112
1. Discrimination in Employment
 - a. The Board will not discriminate against a qualified individual on the basis of disability in regard to job application procedures; hiring, advancement, or discharge; compensation; job training; and other terms, conditions, and privileges of employment.
 - b. Applicants and employees working for or applying to work for the district who qualify for a job and are able to perform the essential functions of that job are entitled to reasonable accommodations provided that such accommodations do not pose undue hardship for the district.
 - c. Nothing in the Act shall be construed to preempt, modify, or amend any State, county, or local law, ordinance, or regulation as outlined in N.J.A.C. 6A:32-4.1 et seq.
 - d. The school district may not, on the basis of disability:
 - (1) Limit, segregate, or classify a qualified individual in a way that adversely affects his/her opportunities or status of such employee, applicant, or participant in a contractual or other arrangement;
 - (2) Utilize standards, criteria, or methods of administration that have the effect of discrimination on the basis of disability or perpetuate the discrimination of others subject to common administrative control;
 - (3) Exclude or otherwise deny equal jobs or benefits to a qualified individual because of the known disability of an individual with whom the qualified individual is known to associate or have a relationship;

- (4) Fail to make reasonable accommodations to known physical or mental limitations of an otherwise qualified individual with a disability or deny employment opportunities to such qualified individual unless the district can demonstrate that the accommodation would impose undue hardship to district operations;
 - (5) Use qualification standards, employment tests, or other selection criteria that screen out or tend to screen out individuals with disabilities unless the standard, test, or other selection criteria, as used by the district, is shown to be job-related for the position in question and consistent with business necessity; and/or
 - (6) Select and administer tests concerning employment to otherwise qualified individuals who possess impaired sensory, manual, or speaking skills, unless done in an effective manner to ensure that, when such tests are administered to a job applicant or employee who has a disability that impairs sensory, manual, or speaking skills, the test results accurately reflect the skills, aptitude, or other factors such tests purport to measure rather than reflecting the impaired sensory, manual, or speaking skills of the employee or applicant (except where such skills are the factors that the test purports to measure).
2. Medical Examinations and Inquiries - (42 U.S.C. 126 §12112)
- a. Pre-employment
 - (1) Prohibited examination or inquiries:
 - (a) Whether such an applicant is an individual with a disability; or
 - (b) The nature or severity of such disability.
 - (2) Acceptable inquiry:
 - (a) The ability of an applicant to perform job-related functions.

- b. Employment Entrance Examinations
 - (1) The district may require a medical examination after an offer of employment has been made to a job applicant and prior to the commencement of the employment duties of such applicant, and may condition an offer of employment on the results of such examination, if:
 - (a) All entering employees are subject to such an examination regardless of disability;
 - (b) Information obtained regarding the medical condition or history of the applicant is collected and maintained on separate forms and in separate medical files and is treated as a confidential medical record, except that:
 - i. Supervisors and managers may be informed regarding necessary restrictions on work or duties of the employees and necessary accommodations;
 - ii. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment; and
 - iii. Government officials investigating compliance with this Act, will be provided relevant information on request.
 - (2) The results of such examination shall only be used in accordance with these provisions.
- c. Examination and Inquiry:
 - (1) Prohibited examinations and inquiries:
 - (a) The district will not require a medical examination and will not make inquiries of an employee as to whether such employee is an individual with a disability or as to the nature or severity of the disability, unless such examination or inquiry is shown to be job-related and consistent with business necessity.

- (2) Acceptable examinations and inquiries:
 - (a) The district may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees in the district.
 - (b) The district may make inquiries into the ability of an employee to perform job-related functions.
3. Defenses - 42 U.S.C. 126 §12113
 - a. Qualification Standards
 - (1) It may be a defense to a charge of discrimination under the Act that an alleged application of qualification standards, tests, or selection criteria that screen out, tend to screen out, or otherwise deny a job or benefit to an individual with a disability has been shown to be job-related and consistent with business necessity, and such performance cannot be accomplished by reasonable accommodation, as required under the Act.
 - (a) The term "qualification standards" may include a requirement that an individual will not pose a direct threat to the health or safety of other individuals in the workplace.
 - (b) Notwithstanding 42 U.S.C. 126 §12102 (4)(E)(ii), the Board will not use qualification standards, employment tests, or other selection criteria based on an individual's uncorrected vision unless the standard, test, or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and consistent with business necessity.
 - b. Infectious and Communicable Diseases
 - (1) In any case in which an individual has an infectious or communicable disease included on the list developed by the United States Secretary of Health and Human Services in accordance with the Act, and which cannot be eliminated by reasonable accommodation, and that is transmitted to others through the handling of food, the Board and its administration may refuse to assign or allow such individual to continue to work in a job involving food handling.

- c. Illegal Use of Drugs and Alcohol - 42 U.S.C. 126 §12114
 - (1) An individual with a disability shall not include any employee or applicant who is currently engaging in the illegal use of drugs, with exceptions noted in section B.3. of this Regulation.
 - (2) The Board will hold an employee who engages in the illegal use of drugs or who is an alcoholic to the same qualification standards for employment or job performance and behavior as other employees, even if any unsatisfactory performance or behavior is related to the drug use or alcoholism of such employee.
- d. Drug Testing
 - (1) For the purposes of the Act, a test to determine the illegal use of drugs will not be considered a medical examination.
 - (2) No provision of the Act shall be construed to encourage, prohibit, or authorize the conducting of drug testing for the illegal use of drugs by job applicants or employees or making employment decisions based on such test results.

E. Program Accessibility

1. Discrimination Prohibited

- a. Except as otherwise provided in 28 CFR §35.150, no qualified individual with a disability will, because the district's facilities are inaccessible to or unusable by individuals with disabilities, including inside or outside access to such facilities, may be excluded from participation in, or be denied the benefits of the services, programs, or activities of the district, or be subjected to discrimination by the district.
- b. The district will maintain facilities and equipment required by the Act to be readily accessible to and usable by individuals with disabilities. This provision does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs. 28 CFR §35.133
 - (1) In regard to existing facilities, the district will operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.

- (a) The district is not required to fundamentally alter the nature of a service, program, or activity, or assume undue financial or administrative burdens, or take any action threatening the historic significance of a historic property and has the burden of proving that compliance with the Act would result in such alterations or burdens. 28 CFR §35.150(a)
 - (b) Should the Board and Superintendent of Schools or his/her designee determine, after considering all resources available, that compliance would result in such alteration or burden, a written statement of reasons must accompany such a determination.
 - (c) The Board will take any other action, including, but not limited to redesign or acquisition of equipment, or reassignment of services or staff, that would not result in such alteration or burden, but would, nevertheless, ensure that individuals with disabilities receive the benefits/services provided by the district.
- (2) In regard to new construction and alterations, each facility or part of a facility constructed by, on behalf of, or for the use of the district will be designed and constructed in such manner, in accordance with 28 CFR §35.151, that the facility or part of the facility is readily accessible to and usable by individuals with disabilities.
- (a) Full compliance with the requirements of 28 CFR §35.151 is not required where the district can demonstrate that it is structurally impracticable to meet the requirements.
 - (b) If providing accessibility in conformance with 28 CFR §35.151 to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with 28 CFR §35.151.

F. Communications - 28 CFR §35.160

1. The district will take appropriate steps to ensure that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with others.
2. The district will furnish appropriate auxiliary aids and services where necessary to afford individuals with disabilities, including applicants, participants, companions, and members of the public, an equal opportunity to participate in and enjoy the benefits of a service, program, or activity conducted by the district.
 - a. Auxiliary aids and services will be provided in accessible formats, in a timely manner, and in such a way as to protect the privacy and independence of the individual with a disability.
 - b. The district will not require an individual with a disability to bring another individual to interpret with a disability. The district will not rely on an adult accompanying an individual with a disability or on a minor child to interpret or facilitate communication, except in an emergency involving an imminent threat to the safety or welfare of an individual or the public where there is no interpreter available; or where the individual with a disability specifically requests that the accompanying adult interprets or facilitates communication, the accompanying adult agrees to provide such assistance, and reliance on that adult is appropriate under the circumstances.
3. Where the district communicates by telephone with applicants and beneficiaries who are deaf, hard of hearing, or who have speech impairments, text telephones (TTYs) or equally effective telecommunications systems equipped with emergency service access will be used to communicate, in the same time and manner as with other telephone systems (including automated systems). 28 CFR §35.161

R 2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The school district provides computer equipment, computer services, and Internet access to its students and staff for educational purposes only. The purpose of providing technology resources is to improve learning and teaching through research, teacher training, collaboration, dissemination and the use of global communication resources.

For the purpose of this Policy and Regulation, “computer networks/computers” includes, but is not limited to, the school district’s computer networks, computer servers, computers, other computer hardware and software, Internet equipment and access, and any other computer related equipment.

For the purpose of this Policy and Regulation, “school district personnel” shall be the person(s) designated by the Superintendent to oversee and coordinate the school district’s computer networks/computer systems. School district personnel will monitor networks and online activity, in any form necessary, to maintain the integrity of the networks, ensure proper use, and to be in compliance with Federal and State laws that regulate Internet safety.

Due to the complex association between government agencies and computer networks/computers and the requirements of Federal and State laws, the end user of the school district’s computer networks/computers must adhere to strict regulations. Regulations are provided to assure staff, community, students, and parent(s) or legal guardian(s) of students are aware of their responsibilities. The school district may modify these regulations at any time. The signatures of the student and his/her parent(s) or legal guardian(s) on a district-approved Consent and Waiver Agreement are legally binding and indicate the parties have read the terms and conditions carefully, understand their significance, and agree to abide by the rules and regulations established under Policy and Regulation 2361.

Students are responsible for acceptable and appropriate behavior and conduct on school district computer networks/computers. Communications on the computer networks/computers are often public in nature and policies and regulations governing appropriate behavior and communications apply. The school district’s networks, Internet access, and computers are provided for students to conduct research, complete school assignments, and communicate with others. Access to computer networks/computers is given to students who agree to act in a considerate, appropriate, and responsible manner. Parent(s) or legal guardian(s) permission is required for a student to access the school district’s computer networks/computers. Access entails

responsibility and individual users of the district computer networks/computers are responsible for their behavior and communications over the computer networks/computers. It is presumed users will comply with district standards and will honor the agreements they have signed and the permission they have been granted. Beyond the clarification of such standards, the district is not responsible for the actions of individuals utilizing the computer networks/computers who violate the policies and regulations of the Board.

Computer networks/computer storage areas shall be treated in the same manner as other school storage facilities. School district personnel may review files and communications to maintain system integrity, confirm users are using the system responsibly, and ensure compliance with Federal and State laws that regulate Internet safety. Therefore, no person should expect files stored on district servers will be private or confidential.

The following prohibited behavior and/or conduct using the school district's networks/computers, includes but is not limited to, the following:

1. Sending or displaying offensive messages or pictures;
2. Using obscene language and/or accessing material or visual depictions that are obscene as defined in section 1460 of Title 18, United States Code;

13. Intentionally wasting limited resources;
14. Employing the computer networks/computers for commercial purposes; and/or
15. Engaging in other activities that do not advance the educational purposes for which computer networks/computers are provided.

INTERNET SAFETY

Compliance with Children's Internet Protection Act

As a condition for receipt of certain Federal funding, the school district has technology protection measures for all computers in the school district, including computers in media centers/libraries, that block and/or filter material or visual depictions that are obscene, child pornography and harmful to minors as defined in 2, 3, 4, 5, 6, and 7 above and in the Children's Internet Protection Act. The school district will certify the schools in the district, including media centers/libraries are in compliance with the Children's Internet Protection Act and the district complies with and enforces Policy and Regulation 2361.

Compliance with Neighborhood Children's Internet Protection Act

Policy 2361 and this Regulation establish an Internet safety protection policy and procedures to address:

1. Access by minors to inappropriate matter on the Internet and World Wide Web;
2. The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;

3. Unauthorized access, including “hacking” and other unlawful activities by minors online;
4. Cyberbullying;
5. Inappropriate online behavior, including inappropriate interaction with other individuals on social networking sites and in chat rooms;
6. Unauthorized disclosures, use, and dissemination of personal identification information regarding minors; and

Notwithstanding the material or visual depictions defined in the Children’s Internet Protection Act and the Neighborhood Children’s Internet Protection Act, the Board shall determine Internet material that is inappropriate for minors.

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety protection policy - Policy and Regulation 2361. Any changes in Policy and Regulation 2361 since the previous year’s annual public hearing will also be discussed at a meeting following the annual public hearing.

Information Content and Uses of the System

Students may not publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane, or sexually offensive to a reasonable person, or which, without the approval of the Superintendent or designated school district personnel, contains any advertising or any solicitation to use goods or services. A student cannot use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity which is prohibited by law.

Because the school district provides, through connection to the Internet, access to other computer systems around the world, students and their parent(s) or legal guardian(s) should be advised the Board and school district personnel have no control over content. While most of the content available on the Internet is not offensive and much of it is a valuable educational resource, some objectionable material exists. Even though the Board provides students access to Internet resources through the district’s computer networks/computers with installed appropriate technology protection measures, parents and students must be advised potential dangers remain and offensive material may be accessed notwithstanding the technology protection measures taken by the school district.

Students and their parent(s) or legal guardian(s) are advised some systems and Internet sites may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal or offensive material. The Board and school district personnel do not condone the use of such materials and do not permit usage of such materials in the school environment. Parent(s) or legal guardian(s) having Internet access available to their children at home should be aware of the existence of such materials and monitor their child's access to the school district system at home. Students knowingly bringing materials prohibited by Policy and Regulation 2361 into the school environment will be disciplined in accordance with Board policies and regulations and such activities may result in termination of such students' accounts or access on the school district's computer networks and their independent use of computers.

On-line Conduct

Any action by a student or other user of the school district's computer networks/computers that is determined by school district personnel to constitute an inappropriate use of the district's computer networks/computers or to improperly restrict or inhibit other persons from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending person's access and other consequences in compliance with Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal or offensive material; nor shall a user encourage the use, sale, or distribution of controlled substances. Transmission of material, information or software in violation of any local, State or Federal law is also prohibited and is a breach of the Consent and Waiver Agreement.

Students and their parent(s) or legal guardian(s) specifically agree to indemnify the school district and school district personnel for any losses, costs, or damages, including reasonable attorneys' fees incurred by the Board relating to, or arising out of any breach of this section by the student.

Computer networks/computer resources are to be used by the student for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries on the Network

Software libraries on or through the school district's networks are provided to students as an educational resource. No student may install, upload, or download software without the expressed consent of appropriate school district personnel. Any software having the purpose of

damaging another person's accounts or information on the school district computer networks/computers (e.g., computer viruses) is specifically prohibited. School district personnel reserve the right to refuse posting of files and to remove files. School district personnel further reserve the right to immediately limit usage or terminate the student's access or take other action consistent with the Board's policies and regulations of a student who misuses the software libraries.

Copyrighted Material

Copyrighted material must not be placed on any system connected to the computer networks/computers without authorization. Students may download copyrighted material for their own use in accordance with Policy and Regulation 2531 - Use of Copyrighted Materials. A student may only redistribute a copyrighted program with the expressed written permission of the owner or authorized person. Permission must be specified in the document, on the system, or must be obtained directly from the author or authorized source.

Public Posting Areas (Message Boards, Blogs, Etc.)

Messages are posted from systems connected to the Internet around the world and school district personnel have no control of the content of messages posted from these other systems. To best utilize system resources, school district personnel will determine message boards, blogs, etc. that are most applicable to the educational needs of the school district and will permit access to these sites through the school district computer networks. School district personnel may remove messages that are deemed to be unacceptable or in violation of Board policies and regulations. School district personnel further reserve the right to immediately terminate the access of a student who misuses these public posting areas.

Real-time, Interactive, Communication Areas

School district personnel reserve the right to monitor and immediately limit the use of the computer networks/computers or terminate the access of a student who misuses real-time conference features (talk/chat/Internet relay chat).

Electronic Mail

Electronic mail ("email") is an electronic message sent by or to a person in correspondence with another person having Internet mail access. The school district may or may not establish student email accounts. In the event the district provides email accounts, all messages sent and received

on the school district computer networks/computers must have an educational purpose and are subject to review. Messages received by a district-provided email account are retained on the system until deleted by the student or for a period of time determined by the district. A canceled account will not retain its emails. Students are expected to remove old messages within fifteen days or school district personnel may remove such messages. School district personnel may inspect the contents of emails sent by a student to an addressee, or disclose such contents to other than the sender or a recipient when required to do so by the policy, regulation, or other laws and regulations of the State and Federal governments. The Board reserves the right to cooperate fully with local, State, or Federal officials in any investigation concerning or relating to any email transmitted or any other information on the school district computer networks/computers.

Disk Usage

The district reserves the right to establish maximum storage space a student receives on the school district's system. A student who exceeds his/her quota of storage space will be advised to delete files to return to compliance with the predetermined amount of storage space. A student who remains in noncompliance of the storage space allotment after seven school days of notification may have their files removed from the school district's system.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a student identifies a security problem on the computer networks/computers, the student must notify the appropriate school district staff member. The student should not inform other individuals of a security problem. Passwords provided to students by the district for access to the district's computer networks/computers or developed by the student for access to an Internet site should not be easily guessable by others or shared with other students. Attempts to log in to the system using either another student's or person's account may result in termination of the account or access. A student should immediately notify the Principal or designee if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any student identified as a security risk will have limitations placed on usage of the computer networks/computers or may be terminated as a user and be subject to other disciplinary action.

Vandalism

Vandalism to any school district owned computer networks/computers may result in cancellation of system privileges and other disciplinary measures in compliance with the district's discipline code. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or any of the agencies or other computer networks/computers that are connected to the Internet backbone or of doing intentional damage to hardware or software on the system. This includes, but is not limited to, the uploading or creation of computer viruses.

Printing

The printing facilities of the computer networks/computers should be used judiciously. Unauthorized printing for other than educational purposes is prohibited.

Internet Sites and the World Wide Web

Designated school district personnel may establish an Internet site(s) on the World Wide Web or other Internet locations. Such sites shall be administered and supervised by designated school district personnel who shall ensure the content of the site complies with Federal, State, and local laws and regulations as well as Board policies and regulations.

Violations

Violations of the Acceptable Use of Computer Networks/Computers and Resources Policy and Regulation may result in a loss of access as well as other disciplinary or legal action. Disciplinary action shall be taken as indicated in Policy and/or Regulation, 2361 - Acceptable Use of Computer Networks/Computers and Resources, 5600 - Student Discipline/Code of Conduct, 5610 - Suspension and 5620 - Expulsion as well as possible legal action and reports to the legal authorities and entities.

Purpose

The purpose of Title I is to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards developed for all children.

Title I Grants

The school district is eligible to receive a Basic Grant. The amount of the grant shall be in accordance with Federal and State Title I guidelines. The school district may be eligible for the following Title I grants:

- A. Basic Grant - The school district is eligible for a Basic Grant based on State expenditure levels, county poverty levels and number of eligible children in accordance with the Title I guidelines and regulations.
- B. Concentration Grants - The county may be eligible for a Concentration Grant based on the number of Title I eligible children in the county or on the county's poverty rate. The school district is eligible for the Concentration Grant if the county does not qualify for the grant and if the school districts where student poverty rates exceed those of the county where they live. Concentration Grants will be distributed to the county and/or the school district in accordance with all Title I guidelines and regulations.
- C. Target Grants - The school district is eligible to receive a Target Grant if it has at least ten formula children and if the number of low income children is at least five percent of the total school population, aged 5 to 17 years old. Target Grants will be distributed in accordance with the Title I guidelines and regulations.

Application Procedure

- A. The school district will submit an application and plan for Consolidated Grant funds to the New Jersey Department of Education for approval. The school district plan and application must describe:

1. Any additional high quality assessments, if any, other than those described in the State Plan, that the school district and the individual schools will use to;
 - a. Determine success in meeting the State's student performance standards;
 - b. Provide information on individual student progress;
 - c. Assist in diagnosis, teaching and learning in the classroom that will enable children served under the Title I to meet the State standards and attain success in the local curriculum; and
 - d. Determine that revisions are needed to Title I projects to facilitate the above.
 2. Indicators that will be used to provide information on individual student progress toward meeting the State performance standards and to aid in improving instruction;
 3. The professional development activities;
 4. Poverty criteria used to select eligible school attendance areas;
 5. How students most in need of services in non school-wide schools will be selected;
 6. How the school district will coordinate and integrate services provided with other educational services, federal programs and programs provided by other State agencies, at the school district or individual school level;
 7. Plans to provide for and include eligible children in private schools;
 8. How school improvement and corrective action will be carried out;
- B. The school district will develop the Title I plan in consultation with parent(s) or legal guardian(s) of children in schools served under Title I.

Program Requirement, Determination and Allocation of Funds

- A. Determination - Title I funds will be used only in eligible school attendance areas as designated in the Title I guidelines and regulations. In order for a school to be designated as an eligible school attendance area, for Title I purposes, the percentage of children from low-income families in the school attendance area must be at least as high as the percentage of children from low-income families in the school district as a whole.

- B. Ranking Order - The school district may rank its attendance areas by grade-span grouping or for the entire school district. If funds are insufficient to serve all eligible school attendance areas, the school district will:
1. Annually rank, without regard to grade-span, eligible school attendance areas in which the concentration of children from low income families exceeds 75% from highest to lowest according to the percentage of children from low income families; and
 2. Serve such eligible school attendance areas in rank order.
- C. Remaining Funds - If funds remain after serving these eligible school attendance areas, a school district will:
1. Annually rank such agency's remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and
 2. Serve such eligible school attendance areas in rank order either within each grade-span grouping or within the school district as a whole.
- D. Measures of Identification - The school district will use the best available measure for identifying children from low-income families to identify eligible school attendance areas, determine the ranking of each area and to determine allocations. This measure shall be the number of children ages five through seventeen in poverty counted in the most recent census date, the number of children eligible for free and reduced-price lunches under the National School Lunch Act, the number of children in families receiving assistance under the Aid to Families with Dependent Children program, the number of children eligible to receive medical assistance under the Medicaid program, or a composite of such indicators. This requirement is not applicable if the school district has a total enrollment of less than 1,000 children.
- E. Waiver for Desegregation Plan - The U.S. Secretary of Education may approve the school district's written request for a waiver of the eligible attendance area requirements in accordance with Title I guidelines and regulations.
- F. School District Discretion - In general the school district may:
1. Designate as eligible any school attendance area or school in which at least 35% of the children are from low income families;

2. Use Title I funds in a school that is not in an eligible school attendance area, if the percentage of children from low-income families enrolled in the school is equal to or greater than the percentage of such children in a participating school attendance area of such agency;
 3. Elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if:
 - a. The school meets the comparability requirements;
 - b. The school is receiving supplemental funds from other state or local sources; and
 - c. The funds expended from other sources are equal to or exceed the amount that would be provided under Title I.
 4. **SPECIAL RULE:** If a Local Educational Agency (LEA) chooses not to serve an eligible school attendance area, the number of children attending private elementary and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside receives Title I funds.
- G. Allocations: In general:
1. The school district will allocate Title I funds to eligible school attendance areas or eligible schools, in rank order, on the basis of the total number of children from low-income families in each area or school.
 2. The per-student amount of funds allocated to each school attendance area or school shall be at least 125% of the per student amount of funds the school district received for that year under the poverty criteria described by the school district's plan. This will not apply if the school district only serves schools in which the percentage of such children is 35% or greater.
 3. The school district may reduce the amount of funds allocated for a school attendance area or school by the amount of any supplemental state and local funds expended in that school attendance area or school for programs that meet the requirements for school-wide or target assistance schools.

4. The school district will reserve Title I funds as necessary to provide services comparable to those provided to children in schools funded with Title I funds to serve:
 - a. Where appropriate, eligible homeless children who do not attend participating schools, including providing educationally related support services to children in shelters;
 - b. Children in local institutions for neglected or delinquent children; and
 - c. Where appropriate, neglected and delinquent children in community day school programs.

- H. Children Enrolled in Private Schools - The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children. The school district will contact the private school in writing and consult with private school officials before the school district makes any decision that affects the private school children. This consultation shall include the following:
 1. Criteria for low income;
 2. How the children's needs will be identified;
 3. What services will be offered;
 4. How and where the services will be provided; and
 5. How the services will be assessed and the size and scope of equitable services to be provided to the eligible private school children and the proportion of funds allocated for such services.

The school district will keep records of the consultation with the private school officials and funds will be allocated to private schools in accordance with Title I guidelines and regulations.

- I. Coordination Requirements - The school district will provide the State Department of Education assurances that it will provide the maximum coordination between the Title I program, the regular school program and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, disabled children and Limited English Proficient (LEP) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I service, even if they arrive in the school year, are served.

- J. Application Procedures - The school district may apply for Title I funds under Basic Grants, Concentration Grants and Local Neglected or Delinquent (N or D) Grants either individually or cooperatively with other school districts in accordance with Title I guidelines and regulations.
- K. Submission of Application - The school district will submit its Title I application and supporting information in accordance with Title I guidelines and regulations.

The RTI Team shall consult the referring school staff member and any other school staff members to assess the effectiveness of the plan.
 - a. If the action plan is not achieving the identified outcomes, the plan shall be modified to achieve the outcomes, as appropriate. If the review indicates the student may have a disability, the student shall be referred to the CST.
 4. The RTI Team may review any Response to Intervention action plan throughout the school year.  - d. Not all impairments are disabilities.

16. “Qualified student with a disability” means a student with a disability at the preschool, elementary, or secondary level, who is: (1) of an age at which students without disabilities are provided educational services; (2) of an age at which it is mandatory under State law to provide educational services to students with disabilities; or (3) a student to whom a State is required to provide a free appropriate public education under the Individuals with Disabilities Education Act (IDEA).

 - a. That it is broadly construed in favor of expansive coverage, to the maximum extent permitted under the Act.

- b. That it does not demand extensive analysis.
 - c. That it substantially limits one major life activity, but not necessarily other major life activities.
 - d. That it may be episodic or in remission, as long as the disability would substantially limit a major life activity when active.
 - e. That it need not prevent, or significantly or severely restrict, an individual from performing a major life activity.
 - f. That it requires an individualized assessment which does not create an “inappropriately high level of limitation” and is based upon the conditions, manner, or duration under which the individual can perform the major life activity 42 U.S.C. 12102(4)(B).
 - g. That it generally will not require scientific, medical, or statistical evidence (although such evidence can be required where appropriate - evidence that can be considered may include statements or affidavits of affected individuals and school records).
 - h. That the determination is made without regard to ameliorative effects of mitigating measures, except for the use of ordinary eyeglasses or contact lenses intended to fully correct visual acuity or eliminate refractive error. Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.
 - i. That the effects of an impairment lasting or expected to last less than six months can be substantially limiting for establishing a disability under the first two prongs: “actual disability” or “record of”.
- B. District 504 Coordinator - 34 C.F.R. §104.7(a)
- 1. The District 504 Coordinator will be responsible for the initial evaluation of all allegations, reasonable accommodations (if required), and re-evaluations.

- b. Identification for special education services under IDEA and accommodations under Section 504 are not mutually exclusive.
- c. Students not otherwise eligible for special education programs and/or related services pursuant to N.J.A.C. 6A:14-1 et seq. may be referred to the District 504 Coordinator by the parent or staff member.
- d. The Board will provide reasonable accommodation(s) to students with disabilities notwithstanding any program and/or related services required pursuant to N.J.A.C. 6A:14-1 et seq.

D. Free Appropriate Public Education (FAPE) - 34 CFR §104.33

1. FAPE must be provided without cost to the student's parent, except for those fees imposed on a parent of a non-disabled student.
2. The district may place a student with a disability in or refer such student to a program other than one it operates as its means of carrying out the provisions of this Regulation.
 - a. The district will continue to maintain responsibility for ensuring the requirements of the Act are met in respect to any student with a disability so placed or referred.
 - b. The district will ensure adequate transportation to and from the program, provided at no greater cost than would be incurred by the parent if the student were placed in a program operated by the district.
 - (1) The administration will consider the proximity of any alternative setting to the student's home.

- (2) If a public or private residential placement is necessary to provide FAPE to a student with a disability, the placement, including non-medical care, room, and board, shall be provided at no cost to his/her parent.

E. Evaluation and Placement - 34 CFR §104.35

1. The Board will establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need special education and/or related services on the basis of disability.
 - a. Section 504 evaluations may encompass record and work sample review; direct observation in the natural setting; interviews with the student, parent, and school personnel; and/or administration of assessment measures. They do not include independent evaluations.
 - b. It may be determined that additional data is required, including the administration of formal standardized instruments and data on conditions in remission or episodic in nature. Tests and other evaluation materials must meet the following criteria:
 - (1) Validated for the specific purpose for which they are used and administered by trained personnel;
 - (2) Tailored to assess specific areas of educational need and not merely those designed to provide a single intelligence quotient; and
 - (3) Accurately reflect aptitude or achievement or whatever else the tests purport to measure, rather than the student's impaired sensory, manual, or speaking skills (unless the test is designed to measure these particular factors).
2. In interpreting evaluation data and in making placement decisions, the district will:
 - a. Draw information from a variety of sources, including, but not limited to: aptitude and achievement tests, medical evaluations, teacher recommendations, physical condition, social and cultural background, and adaptive behavior;

- b. Establish procedures to ensure that information obtained from all such sources is documented and carefully considered;
 - c. Ensure that placement decisions are made by a group of persons, including persons knowledgeable about the student, the meaning of the evaluation data, and placement options; and
 - d. Ensure that placement decisions are made in conformity with this Regulation and 34 CFR §104.34.
 3. The District 504 Coordinator will establish timelines for re-evaluations of students receiving reasonable accommodation(s). A parent may request a re-evaluation at any time upon written request to the District 504 Coordinator.
 4. Copies of requests for evaluation and related documents will be maintained in a designated Section 504 file folder placed in the student's cumulative record.
- F. Section 504 and Special Education
 1. A student who qualifies for Section 504 services may not qualify for special education under IDEA; likewise, a student who qualifies under IDEA may not qualify under Section 504.
 2. A referral for a Section 504 evaluation may be made concurrently with a pending special education evaluation. In such instances, the Section 504 evaluation should be conducted during the same timeline utilized for the special education assessment. Generally, the Section 504 evaluation should be conducted in less than sixty days.
 3. If a student is found eligible under Section 504 prior to the special education team's findings, a Section 504 Accommodation Plan will be developed pending the special education team's findings. If the student is then found eligible for special education, an Individualized Education Program (IEP) will be developed and the IEP team can incorporate into the IEP any accommodations/services provided in the Section 504 Accommodation Plan.
 4. A separate Section 504 team meeting will be convened when a student is identified as eligible for special education and no longer requires accommodations/services under Section 504.

5. When an IEP team determines a student is not eligible or no longer eligible for special education, there may be circumstances when a Section 504 referral for evaluation may be appropriate and should be considered. The IEP team may document the student is being referred for a Section 504 evaluation, and the eligibility evaluation shall be addressed in a separate Section 504 team meeting.
- G. Section 504 Accommodation Plan

The District 504 Coordinator will assist in organizing a team of individuals responsible for receiving referral documents; securing evaluation information; and determining eligibility and appropriate accommodations, related aids or services for eligible students with disabilities.  - a. Not all students needing medication administered by school staff will require a Section 504 Accommodation Plan. It is not necessary to qualify a student as having a disability that substantially limits a major life activity under Section 504 in order to provide a service that schools perform for all general education students.
 - b. A Section 504 referral with the potential for a subsequent Section 504 Accommodation Plan is appropriate when a student is found to have a disability that substantially limits a major life activity and needs medication administered on a systematic basis to receive equal access to the educational program.

Nonacademic and Extracurricular Services may include counseling, physical recreational athletics, transportation, health services, recreational activities, special interest groups or school clubs, and/or referrals to agencies which provide assistance to students with disabilities and student employment.
 2. The Board and administration will ensure that students with disabilities are not counseled toward more restrictive career objectives than are nondisabled students with similar interests and abilities.

3. The Board will provide to students with disabilities equal opportunity as afforded nondisabled students for participation in physical education courses, athletics, and similar programs and activities.
 - a. The district may offer students with disabilities physical education and athletic activities that are separate or different from those offered to nondisabled students only if the separation or differentiation is consistent with the requirements of 34 CFR §104.34 and only if no student with a disability is denied the opportunity to compete or to participate.
- I. Grievance Procedure - 34 CFR §104.7(b)
 1. This grievance procedure shall apply to a student with a disability alleging discrimination under the provisions of Section 504 of the Rehabilitation Act of 1973.
 2. The parent who believes his or her child has a valid basis for a grievance under Section 504 shall file an informal complaint in writing with the District 504 Coordinator stating the specific facts of the grievance and the alleged discriminatory act.
 3. The District 504 Coordinator will make reasonable efforts to resolve the matter informally by reviewing the grievance with appropriate staff including, but not limited to: the Principal, Child Study Team staff, and/or classroom teacher(s).
 4. The District 504 Coordinator will investigate and document the complaint including dates of meetings, dispositions, and date(s) of dispositions. The District 504 Coordinator will provide a written decision to the complainant within seven working days of the written complaint.
 5. If the complainant is not satisfied with the District 504 Coordinator's written decision, the complainant may appeal the decision in writing, setting out the circumstances that give rise to the alleged grievance. This written appeal must be filed with the District 504 Coordinator within three working days of the complainant's receipt of the written decision. The Board may, but is not required to, conduct a Board hearing on the appeal.
8. The complainant may request mediation and due process in accordance with N.J.A.C. 6A:14-2.6 and 2.7 if unsatisfied with the written decision of the Board. If specifically requested by the parent, the aforementioned N.J.A.C. 6A:14-2.6 and 2.7 grievance procedures must be followed.

B. Identification of Eligible English Language Learners (ELLs)

1. The Superintendent of Schools will designate a teaching staff member(s) who will determine the native language of each ELL at the time of enrollment of the student in the school district. The district will:
 - a. Maintain a census indicating all students identified whose native language is other than English; and
 - b. Develop a screening process, initiated by a home-language survey, to determine which students in Kindergarten to grade twelve, of those whose native language is other than English, must be tested to determine English language proficiency. The screening shall be conducted by a bilingual/ESL or other certified teacher, and shall be designed to distinguish students who are proficient English speakers and need no further testing.

2. The district shall determine the English language proficiency of all Kindergarten to grade twelve students who are not screened out and whose native language is other than English, by administering a Department of Education-approved English language proficiency test, assessing the level of reading in English, reviewing the previous academic performance of students, including their performance on standardized tests in English, and reviewing the input of teaching staff members responsible for the educational program for ELLs. Students who do not meet the New Jersey Department of Education standard on a Department-approved language proficiency test and who have at least one other indicator shall be considered ELLs. The district shall also use age-appropriate methodologies to identify preschool ELLs to determine their individual language development needs.
- C. Bilingual Programs for English Language Learners (ELLs)
1. All Kindergarten through grade twelve ELLs enrolled in the district pursuant to N.J.S.A. 18A:7F-46 will be provided with all required courses and support services outlined in a. through g. below to prepare ELLs to meet the New Jersey Student Learning Standards for high school graduation. This may include tutoring, after-school programs, summer programs, and remedial services as needed by ELLs. The district shall also provide appropriate instructional programs to eligible pre-school ELLs based on need according to the New Jersey Preschool Program Implementation Guidelines, 2015. The guidelines provide developmentally appropriate recommendations for good practice and are intended for school districts that provide preschool programs.
 - a. The Board of Education shall establish English language services designed to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program.
 - b. The Board of Education shall establish an ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district.
 - (1) An ESL curriculum that addresses the WIDA English language development standards shall be developed and adopted by the Board to address the instructional needs of ELLs.
 - (2) The ESL curriculum will be cross-referenced to the district's bilingual education and content area curricula to ensure that ESL instruction is correlated to all the content areas taught.

- c. The Board of Education shall establish bilingual education programs whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. The bilingual education programs shall:
- (1) Be designed to prepare ELLs to acquire sufficient English skills and content knowledge to meet the New Jersey Student Learning Standards. All ELLs participating in the bilingual programs shall also receive ESL instruction;
 - (2) Include a curriculum that addresses the New Jersey Student Learning Standards, the WIDA English language development standards, and the use of two languages. The bilingual education curriculum shall be adopted by the Board; and
 - (3) Include a full range of required courses and activities offered on the same basis and under the same rules that apply to all students within the school district.
- d. ELLs shall be provided with equitable instructional opportunities to participate in all non-academic courses necessary to meet the New Jersey Student Learning Standards, including comprehensive health and physical education, the visual and performing arts, and career awareness programs. The instructional opportunities shall be designed to assist ELLs to fully comprehend all subject matter and demonstrate their mastery of the content matter.
- e. The Board of Education shall offer sufficient courses and other relevant supplemental instructional opportunities in grades nine through twelve to enable ELLs to meet the New Jersey Student Learning Standards for graduation. When sufficient numbers of students are not available to form a bilingual class in a subject area, the Board shall develop plans in consultation with and approved by the New Jersey Department of Education to meet the needs of the students.
- f. The Board of Education shall design additional programs and services to meet the special needs of eligible ELLs and include, but not be limited to: remedial instruction through Title I programs; special education; school-to-work programs; computer training; and gifted and talented education services.

Dual-language bilingual education programs shall also enroll students whose primary language is English, and shall be designed to help students achieve proficiency in English and in a second language while mastering subject-matter skills. To the extent necessary, instruction shall be in all courses or subjects of study that allow students to meet all grade promotion and graduation standards. Where possible, classes in dual-language bilingual programs shall be comprised of approximately equal numbers of ELLs and of students whose native language is English.
2. The Board of Education may establish a program in bilingual education for any language classification with fewer than twenty students.

D. Waiver Process Provided by Statute

The school district may request a waiver from N.J.A.C. 6A:15-1.4(d) to establish annually an instructional program alternative with the approval of the Department of Education when there are twenty or more students eligible for the bilingual education program in Kindergarten through grade twelve, and the school district is able to demonstrate that it would be impractical to provide a full-time bilingual program due to age range, grade span, and/or geographic location of eligible students.

1. Instructional program alternatives shall be developed in consultation with and approved annually by the Department of Education after review of student enrollment and achievement data. All bilingual instructional program alternatives shall be designed to assist ELLs to develop sufficient English skills and subject-matter skills to meet the New Jersey Student Learning Standards.
2. The instructional program alternatives that shall be established include, but are not limited to: the bilingual part-time component; the bilingual resource program; the bilingual tutorial program; the sheltered English instruction program; and the high-intensity ESL program.

G. In-service Training

1. A plan shall be developed for in-service training for bilingual, ESL, and mainstream teachers; administrators who supervise bilingual/ESL programs; and administrators and any personnel who observe and evaluate teachers of ELLs. 2. Students enrolled in the bilingual, ESL, or English language services program shall be assessed annually using a Department of Education-approved English language proficiency test to determine their progress in achieving English language proficiency goals and readiness for exiting the program.

3. ELLs enrolled in the bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to function successfully in an English-only program. The process to determine the readiness or inability of the individual student to function successfully in the English-only program shall be initiated by the student's level of English proficiency as measured by a Department of Education-established standard on an English language proficiency test. The readiness of the student shall be further assessed on the basis of multiple indicators that shall include, at a minimum: classroom performance; the student's reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.
4. A parent may remove a student who is enrolled in a bilingual education program pursuant to provisions in N.J.S.A. 18A:35-22.1.

 - c. The recommendation for retesting shall be based on the teacher's judgment that the student is experiencing difficulties due to problems in using English as evidenced by the student's inability to: communicate effectively with peers and adults; understand directions given by the teacher; and/or comprehend basic verbal and written materials.
 - d. The student shall be tested using a different form of the test or a different language proficiency test than the one used to exit the student.
 - e. If the student scores below the State-established standard on the language proficiency test, the student shall be re-enrolled into the bilingual or ESL program.

6. When the review process for exiting a student from a bilingual, ESL, or English language services program has been completed, the district shall notify by mail the student's parent of the placement determination. If the parent or teaching staff member disagrees with the placement, he/she may appeal the placement decision in writing to the Superintendent or designee, who will provide a written explanation for the decision within seven working days of receiving the written appeal. The complainant may appeal this decision in writing to the Board of Education within seven calendar days of receiving the Superintendent's or designee's written explanation of the decision. The Board will review the appeal and respond in writing to the parent within forty-five calendar days of the Board's receipt of the parent's written appeal to the Board. - c. The student's level of English proficiency, how the level of English proficiency was assessed, and the student's academic level;
 - d. The method of instruction the school district will use to serve the student, including a description of other instruction methods available and how those methods differ in content, instructional goals, and the use of English and a native language, if applicable;

R 2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

Concussion Guidelines and Management Plan

The following procedures have been developed to aid in insuring that concussed athletes are identified, treated and referred appropriately, receive appropriate follow-up medical care and are fully recovered prior to returning to activity.

The athletic department, high school nurse and athletic trainer shall review this protocol annually. Any changes or modifications will be reviewed and given to athletic department staff, including coaches and other appropriate school personnel in writing.

All athletic coaches shall attend a yearly in-service meeting in which procedures for managing sports-related concussion are discussed.

Legislation (P.L. 2010, Chapter 94) (N.J.S.A. 18A:40-41.3) enacted on December 7th, 2010 requires each school district, charter, and non-public school that participates in interscholastic athletics to adopt by September 1, 2011, a policy concerning the prevention and treatment of sports-related concussions and other head injuries among student-athletes. The Center for Disease Control estimates that 300,000 concussions are sustained during sports-related activity in the United States. A concussion is a traumatic brain injury (TBI) caused by a direct or indirect blow to the head or body. In order to ensure the safety of student-athletes, it is imperative that athletes, coaches, and parents/guardians are educated about the nature and treatment of sports-related concussions and head injuries. Allowing a student-athlete to return to play before recovering from a concussion increases the chance of a more serious brain injury that can result in severe disability and/or death.

Management of Sports-Related Concussions

Medical management of sports-related concussion continues to evolve. Recently, there has been a significant amount of new research regarding sports-related concussions in high school athletes. Rutherford Board of Education has established this protocol to provide education about concussion for coaches, school personnel, parents, and athletes. This protocol outlines procedures for staff to follow in managing concussions, and outlines school policy as it pertains to return to play issues following a concussion.

Rutherford Board of Education seeks to provide a safe return to activity for all athletes following any injury, but particularly after a concussion. In order to effectively and consistently manage these injuries, procedures have been developed to aid in insuring that concussed athletes are identified, treated and referred appropriately, receive appropriate follow-up medical care and are fully recovered prior to returning to activity.

The athletic director, high school nurse, and athletic trainer shall review this protocol annually. Any changes or modifications will be reviewed and given to athletic department staff, including coaches and other appropriate school personnel in writing.

All athletic coaches shall attend a yearly in-service meeting in which procedures for managing sports-related concussion are discussed.

Recognition of Concussion

A concussion is a brain injury and all brain injuries are serious. They may be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a "ding" or a bump on the head can be serious. Concussions cannot be seen and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If a child/player reports any symptoms of concussion, or if the parent notices the symptoms or signs of concussion, seek medical attention right away.

Symptoms may include one or more of the following:

1. Headache.
2. Nausea/vomiting.
3. Balance problems or dizziness.
4. Double vision or changes in vision.
5. Sensitivity to light or sound/noise.
6. Feeling of sluggishness or fogginess.
7. Difficulty with concentration, short-term memory, and/or confusion.
8. Irritability or agitation.
9. Depression or anxiety.
10. Sleep disturbance.

Signs observed by teammates, parents and coaches include:

1. Appears dazed, stunned, or disoriented.
2. Forgets plays or demonstrates short-term memory difficulties (e.g. is unsure of the game, score, or opponent).
3. Exhibits difficulties with balance or coordination.
4. Answers questions slowly or inaccurately.
5. Loses consciousness.
6. Demonstrates behavior or personality changes.
7. Is unable to recall events prior to or after the hit.

Management and Referral Guidelines for All Staff

The following situations indicate a medical emergency and require activation of the Emergency Medical System:

1. Any athlete with a witnessed loss of consciousness (LOC) of any duration should be spine boarded and transported immediately to nearest emergency department via emergency vehicle.
2. Any athlete who has symptoms of a concussion, and who is not stable (i.e., condition is worsening), is to be transported immediately to the nearest emergency department via emergency vehicle.
3. An athlete who exhibits any of the following symptoms should be transported immediately to the nearest emergency department, via emergency vehicle.
4. Deterioration of neurological function.
5. Decreasing level of consciousness.
6. Decrease or irregularity in respirations.
7. Any signs or symptoms of associated injuries, spine or skull fracture, or bleeding.
8. Mental status changes: lethargy, difficulty maintaining an alert state of consciousness, confusion or agitation.
9. Seizure activity.

An athlete, who is symptomatic but stable, may be transported by his or her parents. The parents should be advised to contact the athlete's primary care provider, or seek care at the nearest emergency department, on the day of the injury.

Concussion Recognition

1. All coaches should become familiar with the signs and symptoms of concussion that are described above.
2. Annual in-service with coaching staff will occur in which procedures for managing sports-related concussion are discussed.
3. All coaches, school nurses, team physicians and athletic trainers must complete an interscholastic Head Injury Training Program. The above named shall complete the online "Concussion in Sports" training program or an equivalent education course. Additional programs may be utilized by the above named and may be completed by professionals of different medical knowledge and training.
4. Prior to participation, all parents and students shall sign acknowledgment of the signs and symptoms of concussions.

Remove from Activity

Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional. When possible, a neurological post-test shall be given within seventy-two hours of post-injury and prior to return to play.

Medical Evaluation Referral

The athletic trainer is responsible for notifying the athlete's parents of the injury. In the event the athletic trainer is unavailable, the coach will notify the parent.

1. Contact the parents to inform them of the injury. Depending on the injury, either an emergency vehicle will transport or parents will pick the athlete up at the event for transport.
2. A medical evaluation is required to begin the process of "Return to Play".

Follow-Up Care of the Student-Athlete

Responsibilities of the school nurse after notification of student's concussion:

The athlete will be instructed to report to the school nurse upon his or her return to school. At that point, the school nurse will:

1. Notify the student's guidance counselor and teachers of the injury immediately.
2. Notify the student's Physical Education teacher immediately that the athlete is restricted from all physical activity until cleared by his or her treating physician.

Return to Play (RTP) Procedures After Concussion

Return to activity and play is a medical decision. The athlete must meet all of the following criteria in order to progress to activity:

1. A physician must clear an athlete diagnosed with a concussion for return to activity. Written clearance must come from an athlete's primary care provider or a physician trained in the evaluation and management of concussions. An emergency room physician cannot clear the athlete to return to activity.
2. An athlete diagnosed with a concussion must be asymptomatic at rest (including mental exertion in school) for one week with no re-emergence of any signs or symptoms.

Once the above criteria are met, the athlete will be progressed back to full activity following the step-wise protocol detailed below. (The return to play protocol must be closely supervised by the Certified Athletic Trainer).

Progression is individualized, and will be determined on a case-by-case basis. Factors that may affect the rate of progression include: previous history of concussion, duration and type of symptoms, age of the athlete, and sport/activity in which the athlete participates. An athlete with a prior history of concussion, one who has had an extended duration of symptoms, or one who is participating in a collision or contact sport may be progressed more slowly.

Steps of Functional Protocol for Return-to-Play following a Concussion

1. No activity, complete physical and cognitive rest to achieve become symptom free. The objective of this step is recovery. (7 days symptom free - minimum) If no symptoms, next day advance to:
2. Light aerobic exercise, which includes walking, swimming or stationary cycling, keep the intensity < 70% maximum percentage heart rate; no resistance training. The objective of this step is increased heart rate. (Day 8 - minimum) If no symptoms, next day advance to:

3. Sport-specific exercise including skating, and/or running drills, no head impact activities. The objective of this step is to add movement. (Day 9 - minimum) If no symptoms, next day advance to:
4. Non-contact training drills involving progression to more complex training drills (e.g. passing drills). The student-athlete may initiate progressive resistive training. (Day 10 - minimum) If no symptoms, next day advance to:
5. Following medical clearance, participation in normal training activities. The objective of this step is to restore confidence and assess functional skills by the coaching staff. (Day 11 - minimum) If no symptoms, next day advance to:
6. Return to Play involving normal exertion or game activity. (Day 12 - minimum)

The athlete should spend a minimum of one day at each step (2. – 5. above) before advancing to the next step. If post-concussion symptoms occur at any step, the athlete must stop the activity and the treating physician must be contacted. Depending upon the specific type and severity of the symptoms, the athlete may be told to rest for twenty-four hours and then resume activity at a level one step below where he or she was when the symptoms occurred. If the athlete exhibits a re-emergence of any concussion signs or symptoms once they return to physical activity, he/she will be removed from activities and must return to their primary care physician or a physician trained in the evaluation and management of concussions.

Note:

- Continued post-concussive symptoms, prior concussion history, and any diagnostic testing results along with neurocognitive testing and physical exam, will be utilized by the team physician in establishing a timeline for an athlete's return to activity.
- It is important to note that this timeline could last over a period of days to weeks or months, or result in potential long-term medical disqualification from athletic participation.

6. Each IEP Team member is required to certify in writing whether the IEP Team report reflects his or her conclusions. In the event the IEP Team report does not reflect the IEP Team member's conclusion, the IEP Team member must submit a dissenting opinion in order to ensure the parent(s) is aware of dissenting opinions regarding the determination of eligibility for a specific learning disability.
7. The parent(s) must receive a copy of their child's evaluation report and any documentation leading to a determination of eligibility not less than ten calendar days prior to the eligibility conference in order to ensure the parent(s) has a reasonable amount of time to review documentation prior to an eligibility conference.

 - a. Removal for at least half of the school day shall be reported via the Electronic Violence and Vandalism Reporting System.
3. Each Principal or designee will ensure that a system is in place to track the number of days a student with disabilities has been removed for disciplinary reasons. Documentation will include:
 - a. Student's name;
 - b. The infraction;
 - c. Time suspended; and
 - d. The cumulative days suspended including removal for a portion of the school day which is counted proportionately.

4. When a student is suspended from transportation:

 - b. Suspension from transportation is counted as a day of removal if the student does not attend school.
 - c. If transportation is included in the student's IEP as a required related service, the school district shall provide alternate transportation during the period of suspension from the typical means of transportation.
 - d. Suspension from transportation may be counted as a day of absence rather than a day of removal if the district made available an alternate means of transportation and the student does not attend school.
5. When a student with a disability participates in an in-school suspension program, the Principal or designee shall ensure that participation in the program is not considered removal when determining whether a manifestation determination must be conducted if the program provides the following:
 - a. Opportunity for the student to participate and progress in the general curriculum,
 - b. Services and modifications specified in the student's IEP,
 - c. Interaction with peers who are not disabled to the extent they would have in the current placement, and
 - d. The student is counted as present for the time spent in the in-school suspension program.
6. When a series of short-term removals will accumulate to more than ten school days in the year:
 - a. The Principal/Vice Principal or designee and the case manager will consult to determine whether the removals create a change of placement according to N.J.A.C. 6A:14-2.8(c)2. Written documentation of the consultation between the school administration and the case manager shall be maintained by the case manager.

- b. If it is determined that there is no change in placement, the Principal/Vice Principal or designee, the case manager, and special education teacher will consult to determine the extent to which services are necessary to:
 - (1) Enable the student to participate and progress appropriately in the general education curriculum; and
 - (2) Advance appropriately toward achieving the goals set out in the student's IEP.
 - c. Written documentation of the consultation and services provided shall be maintained in the student's file.
7. When a disabled student is removed from his/her current placement for more than ten days and the removal does not constitute a change in placement, the case manager shall convene a meeting of the IEP Team and, as necessary or required, conduct a functional behavior assessment and review the behavioral intervention plan according to N.J.A.C. 6A:14 Appendix A, Individuals with Disabilities Education Act Amendments of 2004, 20 U.S.C. §1415(k). The IEP Team shall:
- a. Review the behavioral intervention plan and its implementation;
 - b. Determine if modifications are necessary; and
 - c. Modify the behavioral intervention plan and its implementation as appropriate. The plan will be modified to the extent necessary if at least one member of the team determines that modifications are necessary.

The case manager will document the date and the outcome of the meeting.

The documentation shall be placed in the student's file.

Procedures Regarding the Provision of a Free and Appropriate Public Education to Preschool Age Students with Disabilities

To ensure that preschoolers with disabilities who are not participating in an early intervention program have their initial IEP's in effect by their third birthday, a written request for an initial evaluation shall be forwarded to the district.

The following procedures will be followed:

1. A parent of a preschool-age student suspected of having a disability, who requests a Child Study Team (CST) evaluation by telephone, will be advised to submit a written request for an evaluation to the Preschool Coordinator or case manager.

 - b. A "Notice of Referral/Identification Meeting" will be sent to the parent(s);
 - c. The notice will contain "Parental Rights in Special Education" (PRISE) Booklet;
 - d. The meeting will be attended by the CST, including a speech language specialist, the parent(s), and a teacher who is knowledgeable about the district's program; and
 - e. A program shall be in place no later than ninety calendar days from the date of consent.

Procedures Regarding the Provision of a Free, Appropriate Public Education to Students with Disabilities Who Are Advancing From Grade to Grade

The case manager, through in-service training, shall ensure students with disabilities who are advancing from grade to grade with the support of specially designed services, continue to be eligible when as part of a reevaluation, the IEP Team determines the student continues to require specially designed services to progress in the general education curriculum and the use of functional assessment information supports the IEP Team's determination.

Procedures Involving Procedural Safeguards to Students Not Yet Eligible For Special Education

Disciplinary procedural safeguards will apply to students not yet eligible for special education. The parent and/or adult student may assert any of the protections of the law if the district had knowledge the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.

R 2464 GIFTED AND TALENTED STUDENTS

A. Kindergarten – Grade Two Enrichment for all Students

Students are monitored by their classroom teacher with a Teacher Evaluation Checklist. A student with a score of 36 is identified for future consideration. Students who earn scores of 36 or better in both Kindergarten and first grade, or one score of 36 or better in Kindergarten or first grade and are nominated by their second grade teacher, will be evaluated at the end of grade two for admittance into the Gifted and Talented Program.

B. Grades Three – Six

Students are evaluated at the end of the previous grade for admittance in grades three through six.

A student must meet two of the following criteria:

1. Teacher Assessments: Superior score on two of the four Scales for Rating Behavioral Characteristics of Superior Students: learning characteristics, motivational characteristics, creativity characteristics, leadership characteristics.
2. I.Q. of 130** or greater as measured by the Kaufman Brief Intelligence Test, CogAT, or equivalent instrument. *
3. I.Q. of 125-129** as measured by the Kaufman Brief Intelligence Test, CogAT, or equivalent instrument and the following:
 - a. For students tested at the end of grade two, no scores in the below proficient range and at least one score in the most superior range** on a district-selected assessment.
 - b. For students in grades three through six, no scores below the “met expectations/proficient” range and at least one score in the most superior range on a State-selected assessment. The margin of error will be considered.
4. For students tested at the end of grade two, scores in the most superior range** in both language arts literacy and mathematics on a district-selected assessment.
 - a. For students in grades three through six, scores in the most superior range in both language arts literacy and mathematics on State-selected assessment. The margin of error will be considered.

5. Score on the Torrance Test of Creative Thinking at or above the 85th percentile.**
6. CTY (Johns Hopkins): Score at or above the score listed for honors for the respective grades on testing sponsored by Johns Hopkins Talent Search.

* Alternate test for Non-English speaking students: A score at the 97th percentile on the Test of Non-Verbal Intelligence.

** This score is inclusive of the margin of error.

Re-evaluation:

Current students enrolled in the program must be re-evaluated if the student scores below proficiency levels in either language arts literacy or mathematics on State mandated testing. A current student in the program can also be re-evaluated if he/she is not meeting the performance expectations of the program or exhibiting poor academic performance in their regular classes. The Principal of the school will meet with the parents to make them aware of their child's poor academic performance. The final decision to remove a student from the Gifted and Talented Program during the school year will be made by the school Principal.

C. Grades Seven – Twelve

Students enter the Gifted and Talented Program through self-election by selecting from a variety of course offerings. A strong recommendation from a teacher, supervisor or guidance counselor accompanies the enrollment. Criteria are based on outstanding achievement, interest and/or talent. Such achievement/accomplishments must be collaborated by student performance and record.

Data from teachers, parents, administrators, and school counselors, as well as performance on current standardized assessments, will be periodically reviewed to determine if the student still meets the eligibility criteria for continuation in the Gifted and Talented Program.

- 3 Meeting expectations
- 2 Working toward expectations
- 1 Not meeting expectations

2. The report card grade will be recorded indicating the letter grade. The final grade on the report card will be recorded as a letter grade.
3. In addition to letter grades the following subjects: English Language Arts, Mathematics, Social Studies, and Science will also have standards-based grades using the following scale:
 - 4 Exceeding Grade Level Expectations
 - 3 Meeting Grade Level Expectations
 - 2 Approaching Grade Level Expectations
 - 1 Below Grade Level Expectations
 - N/A Not assessed at this time
4. Students/Parents have the right to see their grades, if they so request, at a time convenient to the teachers. Students are to be informed by their teachers of the grading system at the beginning of the school year.
5. A marking period grade may include, but not limited to, tests, quizzes, homework, projects, papers (ex. research), laboratory performance, preparedness, effort and class participation.
6. A marking period grade shall not include penalties for attendance, tardiness or behavior. Absences at approved school functions shall not count against a grade as long as the work which can be made up is made up within the appropriate amount of time.

C. Grading System Grades Seven through Twelve

It is the policy of the Board of Education that all grades be determined on the basis of fairness and nondiscrimination. It is the responsibility of the teacher to determine a grade for each student in his/her class to furnish reasons, supported by evidence, to substantiate any grade given.

The grading practices and policies in grades seven through twelve are as follows:

1. The grading system consists of twelve letter grades as follows:

| | | | | |
|----|----|----|----|---|
| A+ | B+ | C+ | D+ | F |
| A | B | C | D | |
| A- | B- | C- | | |

In equating daily/quarterly averages to the twelve-grade format, the following percentage equivalents shall apply in every department, but this does not preclude normal distribution of grades (curving of test results) in a particular set of tests to insure fairness to students as it applies to validity and reliability:

| | |
|--------------|----|
| 97 and above | A+ |
| 93-96 | A |
| 90-92 | A- |
| 87-89 | B+ |
| 83-86 | B |
| 80-82 | B- |
| 77-79 | C+ |
| 73-76 | C |
| 70-72 | C- |
| 67-69 | D+ |
| 63-66 | D |
| 53-62 | F |

The first number of the range is the minimum number to achieve the grade and the number averages shall not be rounded up.

2. The report card grade will be recorded in a numerical average and its equivalent letter.

Grading System

- The final grade for a course is determined by the numerical average of all quarter averages. The final grade on a report card grade will be recorded in a numerical average and its equivalent letter. A student must achieve a final numerical average of 63 or above to earn credit in a course.
- The following grade point average equivalents shall apply in determining the grade point average for class rank:

| | | | | | | | | | |
|----|-----|----|-----|----|-----|----|-----|----|-----|
| A+ | 4.3 | B+ | 3.3 | C+ | 2.3 | D+ | 1.3 | WF | 0.0 |
| A | 4.0 | B | 3.0 | C | 2.0 | D | 1.0 | WP | 1.0 |
| A- | 3.7 | B- | 2.7 | C- | 1.7 | F | 0.0 | NF | 0.0 |

- In grades nine through twelve, a student receiving three quarter grades of "F", one of which results in a final failure will be prohibited from attending remedial summer school for said course. A student with three or more F's may, however, attend summer school for said subject as a new course. One semester courses are not affected by this section of this regulation. A student who fails physical education with three F's may not attend a remedial summer school.

In grades nine through twelve, students may not "double up" on any more than one previously failed subject in any given school year.

Credits from an approved summer school or evening school will be accepted for credit recovery provided prior approval for attending said school was received from the high school guidance department. Online course credit for credit recovery will be accepted provided it is taken for a course previously failed and prior approval was received from the high school guidance department.

- Students have the right to see their grades, if they so request, at a time convenient to the teachers. Students are to be informed by their teachers of the grading system at the beginning of the course.
- All homework will be discussed, graded, or checked. Regular assignments in English, Science, Mathematics, Social Studies, Business, Foreign Language, and Health will count as no less than ten percent or more than fifteen percent of each marking period's grade.
- A quarter grade may include projects, papers (ex. research), laboratory performance, preparedness, effort, class participation and quarterly benchmarks.

To those ends, the appearance shall be informally conducted. This appearance provides a mechanism by which the nontenured teaching staff member, whose renewal has not been recommended by the Superintendent, can appeal to the Board, on which the Superintendent sits as a non-voting member pursuant to N.J.S.A. 18A:17-20. The proceeding of an informal appearance before the Board shall be conducted with the President of the Board presiding and the appearance shall not be an adversary proceeding.

Consistent with N.J.A.C. 6A:3-1.5(g), nothing in N.J.A.C. 6A:3-5.3 precludes the filing of a motion to dismiss in lieu of an answer to the charges, provided the motion is filed within the time allotted for the filing of an answer. Briefing on the motions shall be in the manner and within the time fixed by the Commissioner, or by the arbitrator if the motion is to be briefed following transmittal to an arbitrator.
 2. Upon written application by the person against whom charges are filed, the Commissioner may extend the time period for the filing of an answer upon a finding of good cause shown consistent with the provisions of N.J.S.A. 18A:6-16. Such application shall be received prior to the expiration of the fifteen-day answer period, or the ten-day answer period specified in N.J.A.C. 6A:3-5.1(c), and a copy shall be served upon the charging Board of Education or the State District Superintendent. The Board of Education or State District Superintendent shall promptly notify the Commissioner of any opposition to the request.
 - a. A request for extension that is received after the fifteen-day period allotted for an answer to tenure charges, or after the ten-day period allotted in N.J.A.C. 6A:3-5.1(c) will be considered only in the event of demonstrated emergency or other unforeseeable circumstance such that the request could not have been made within the requisite filing period.
 3. If no answer is filed within the requisite time period and no request for extension is made, or if the request is denied by the Commissioner, or the charged employee submits an answer or other responsive filing indicating the employee does not contest the charges, the charges shall be deemed admitted by the charged employee.

4. The provisions of N.J.A.C. 6A:3-5.3 shall not apply to employees of Charter Schools, who are governed by the provisions of N.J.A.C. 6A:11-6.
- E. Determination of Sufficiency and Transmittal for Hearing – N.J.A.C. 6A:3-5.5
1. Except as specified in N.J.A.C. 6A:3-5.1(c), within ten days of receipt of the charged party's answer or expiration of the time for its filing, the Commissioner shall determine whether such charge(s) are sufficient, if true, to warrant dismissal or reduction in salary. If the charges are determined insufficient, they shall be dismissed and the parties shall be notified accordingly. If the charges are determined sufficient, the matter shall be transmitted immediately to an arbitrator for further proceedings, unless the Commissioner retains the matter pursuant to N.J.A.C. 6A:3-1.12.
 - a. A notice of transmittal shall be issued to the parties by the Department of Education on the same date as the matter is transmitted to an arbitrator.
 2. Where a party to a tenure matter requests, the Commissioner may agree to hold the matter in abeyance at any time prior to transmittal to an arbitrator. Thereafter, requests to hold the matter in abeyance shall be directed to the arbitrator. Any request for abeyance, whether directed to the Commissioner or the arbitrator, shall be consistent with the intent of N.J.S.A. 18A:6-16 as amended by P.L. 1998, c.42.
- F. Withdrawal, Settlement, or Mooting of Tenure Charges – N.J.A.C. 6A:3-5.6

 - f. If the charged party is a teaching staff member, a showing the teaching staff member has been advised of the Commissioner's duty to refer tenure determinations resulting in loss of position to the State Board of Examiners for possible suspension or revocation of certificate.
2. A settlement agreement shall not propose terms that would restrict access to information or records deemed public by law or result in misrepresentation of the reason for an employee's separation from service. If tenure charges have been certified to the Commissioner by a Board of Education, any proposed settlement shall indicate, by signature of the Board Attorney or inclusion of a Board of Education resolution authorizing settlement, that the Board of Education has consented to the terms of the settlement.
 3. A proposed withdrawal or settlement of tenure charges shall be submitted to the Commissioner prior to transmittal of such charges to the arbitrator; thereafter, it shall be submitted to the arbitrator.
 4. If tenure proceedings against a teaching staff member are concluded prior to adjudication because the charged party has unilaterally resigned or retired, the Commissioner may refer the matter to the State Board of Examiners for action against the charged party's certificate as it deems appropriate, when such referral is warranted under the provisions governing resignation or retirement prior to conclusion of tenure charges as set forth in N.J.A.C. 6A:9B-4.3.
 5. If a proposed settlement requires the tenured employee to relinquish a certificate issued by the State Board of Examiners, upon approval of the settlement agreement, the Commissioner shall forward the matter to the State Board of Examiners for proceedings in accordance with N.J.A.C. 6A:9B-4.10.

R 3146 CONDUCT OF REDUCTION IN FORCE

A. Seniority Lists

In order to determine the teaching staff member(s) affected by a reduction in force, a seniority list will be prepared for each seniority category. The Superintendent's office will

1. Determine the category or categories of employment in which each teaching staff member has served by reference to positions held and qualifying certification.
2. Determine whether the member has earned tenure in the district and in the position in which the category falls, in accordance with N.J.S.A. 18A:28-6. Tenure is earned in the positions of Assistant Superintendent, School Business Administrator, Principal, Assistant Principal, Vice Principal, supervisor, educational services personnel, school nurse, and teacher.
3. Calculate length of service in each category within a tenure position in which the employee has earned tenure.
 - a. Length of service may be expressed in calendar months and days or in calendar years and portions of years, to two decimal places.
 - b. Length of service commences from the day on which the employee began service in the category and ends with the end of the current school year or, in the case of previously rified employees, the day on which the employee's district service was terminated.
4. Deduct from time of service in the category any periods of unpaid absence taken for any purpose other than study or research, except that the first thirty days, consecutive and aggregate, of such unpaid absence taken within any one school year will not be deducted.
5. Add periods of prior active military service, to a maximum of four years, to the member's length of service in the first category of district employment. Each full year of military service equals one year of seniority; a fraction of a year, ten months or longer, equals one year of seniority for a ten month employee.
6. Enter the total amount of service for the member's initial category of employment.

 4. If there are no positions within his/her seniority categories in the same tenure position to which the member may be transferred, the member shall be transferred to a position outside his/her seniority categories but within the same tenure position, provided the member is appropriately certified for the position and the position is held by a nontenured employee.
 5. If there are no positions to which he/she can be transferred by right of seniority or tenure in the same tenure position, the member shall revert in reverse chronological order to each seniority category and tenure position in which he/she was previously employed in the district, in accordance with the procedure set forth in B3 through B4 above.
 6. When there are no positions which the tenured member affected by a reduction in staff can claim over other tenured employees by superior seniority or over nontenured employees by tenure, he/she shall be dismissed, shall receive sixty days notice of such dismissal or pay in lieu thereof, and shall be placed on a preferred eligible list for each category in which he/she was employed by the district.

 - c. Tenured teachers shall be observed at least two times during each school year. Observations for all tenured teachers shall occur prior to the annual summary conference, which shall occur prior to the end of the academic school year.

- (1) If a tenured teacher was rated highly effective on his or her most recent summative evaluation and if both the teacher and the teacher's designated supervisor agree to use this option, one of the two required observations may be an observation of a Commissioner-approved activity other than a classroom lesson. The Department of Education shall post annually to its website a list of Commissioner-approved activities that may be observed in accordance with N.J.A.C. 6A:10-4.4.

R 3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND RESOURCES BY TEACHING STAFF MEMBERS

The school district provides computer equipment, computer services, and Internet access to its students and staff for educational purposes only. The purpose of providing technology resources is to improve learning and teaching through research, teacher training, collaboration, dissemination and the use of global communication resources. The “system administrators” referred to herein as employees of the school district who administer the school district computer network(s)/computers and the system administrators reserve the right to monitor all activity on network(s)/computer facilities/computers.

Because of the complex association between so many government agencies and computer network(s)/computers, teaching staff members must adhere to strict regulations. Regulations are provided here so that teaching staff members are aware of their responsibilities. The school district may modify these regulations at any time by publishing modified regulations on the network(s) and elsewhere.

Teaching staff members are responsible for good behavior on computer network(s)/computers. Communications on the computer network(s)/computers are often public in nature. Policies and Regulations governing teaching staff members behavior and communications apply. The school district’s network(s), Internet access and computers are provided to conduct research and as a tool for instruction and to communicate with others. Access to computer network services/computers is given to teaching staff members who are expected to act in a considerate, responsible and professional manner. Access is a privilege, not a right. Beyond the clarification of such standards, the district is not responsible for the actions of individuals utilizing the computer network(s)/computers who violate the policies and regulations of the Board.

Computer network(s)/computer storage areas shall be treated in the same manner as other school storage facilities. Computer network(s)/computer administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. Information Content and Uses of the System

Users agree not to publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane or sexually offensive to an average person, or which without the approval of the system

administrators, contains any advertising or any solicitation of other members to use goods or services. The user agrees not to use the facilities and capabilities of the system to conduct any non-school related business or solicit the performance of any activity which is prohibited by law or is non-educational.

While most of the content available on the Internet is innocuous and much of it a valuable educational resource, some objectionable material exists. The Board will provide student access to Internet resources only in supervised environments and has taken steps to lock out objectionable areas to the extent possible, but potential dangers remain. Teaching staff members are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material and are to supervise student use of computers and the Internet. The Board and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Teaching staff members should discipline students knowingly bringing such materials into the school environment in accordance with Board policies and regulations and inform students that such activities may result in termination of such students' accounts on the computer network(s) and their independent use of computers.

On-line Conduct

Any action by a teaching staff member or other user of the school district's computer network(s)/computers that is determined by a system administrator to constitute an inappropriate use of computer network(s)/computers resources or to improperly restrict or inhibit other members from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending member's account and other action in compliance with the Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material; nor shall a user encourage the use, sale, or distribution of controlled substances. Transmission of material, information or software in violation of any local, state or federal law is also prohibited and is a breach of the Consent and Waiver Agreement.

Users agree to indemnify the Rutherford School District and the system administrators for any losses, costs, or damages, including reasonable attorneys' fees incurred by the Board relating to, or arising out of any breach of this section by the user.

Computer network(s)/computer resources are to be used by the user for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries on the Network(s)

Software libraries on the network(s) are provided to teaching staff members as an educational resource. No teaching staff member may install, upload, or download software without the expressed consent of the system administrator. Any software having the purpose of damaging other members' accounts on the school district computer network(s)/computers (e.g., computer viruses) is specifically prohibited. The system administrators, at their sole discretion, reserve the rights to refuse posting of files and to remove files. The system administrators, at their sole discretion, further reserve the right to immediately limit usage or terminate the account or take other action consistent with the Board's policies and regulations of a member who misuses the software libraries.

Copyrighted Material

Copyrighted material must not be placed on any system connected to the network(s)/computers without the author's specific written permission. Only the owner(s) or persons they specifically authorize may upload copyrighted material to the system. Members may download copyrighted material for their own use in accordance with Policy and Regulation Nos. 2531, Copying Copyrighted Materials. Any member may also noncommercially redistribute a copyrighted program with the expressed written permission of the owner or authorized person. Permission must be specified in the document, on the system, or must be obtained directly from the author.

Public Posting Areas (Message Boards/Usenet Groups)

Usenet and Internet Relay Chat Room messages are posted from systems connected to the Internet around the world and the school district system administrators have no control of the content of messages posted from these other systems. To best utilize system resources, the system administrators will determine which Usenet groups are most applicable to the educational needs of the school district and will carry these groups on the school district computer network(s). The system administrators or the school administration, at their sole discretion, may remove messages posted locally that are deemed to be unacceptable or in violation of the Board policies and regulations. The system administrators or the school administration, at their sole discretion, further reserve the right to immediately terminate the account of a member who misuses the message boards or Usenet groups.

Real-time, Interactive, Communication Areas

The system administrators, at their sole discretion, reserve the right to monitor and immediately limit the use of the computer network(s)/computers or terminate the account of a member who misuses real-time conference features (talk/chat/Internet relay chat) etc.

Electronic Mail

Electronic mail (“E-mail”) is an electronic message sent by or to a member in correspondence with another person having Internet mail access. All messages sent and received on the school district computer network(s) must have an educational or administrative purpose and are subject to review. A sender of an E-mail message should expect the E-mail messages will be reviewed by the system administrators or the school administration. Messages received by the system are retained on the system until deleted by the recipient or for a maximum of thirty calendar days. A canceled account will not retain its E-mail. Members are expected to remove old messages within thirty calendar days or the system administrators may remove such messages. The system administrators may inspect the contents of E-mail sent by one member to an addressee, or disclose such contents to other than the sender or a recipient when required to do so by the Board policy, regulation or other laws and regulations of the State and Federal governments. The Board reserves the right to cooperate fully with local, state, or federal officials in any investigation concerning or relating to any E-mail transmitted on the school district computer network(s) or computers.

Disk Usage

The system administrators reserve the right to set quotas for disk usage on the system. A member who exceeds his/her quota of disk space will be advised to delete files to return to compliance with predetermined quotas. A member who remains in noncompliance of disk space quotas after seven school days of notification will have their files removed by a system administrator.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a member feels that he/she can identify a security problem on the computer network(s), the member must notify a system administrator. The member should not inform individuals other than the system administrators or other designated members of the school district staff of a security problem. Professional staff may allow individuals who are not members to access the system through the staff personal account as long as the staff person does not disclose the password of the account to the individuals and understands that the staff person assumes responsibility for the actions of individuals using his/her account. Members may not otherwise allow others to use their account and password. Passwords to the system should not be easily guessable by others, nor should they be words which could be found in a dictionary. Attempts to log in to the system using either another member's account or as a system administrator will result in termination of the account. Members should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any member identified as a security risk will have limitations placed on usage of the computer network(s)/computers or may be terminated as a user and be subject to other disciplinary action.

Vandalism

Vandalism will result in cancellation of system privileges and other disciplinary measures. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or any of the agencies or other network(s)/computers that are connected to the Internet backbone or of doing intentional damage to hardware or software on the system. This includes, but is not limited to, the uploading or creation of computer viruses.

Printing

The printing facilities of the computer network(s)/computers should be used judiciously. Printing for other than educational, or school related purposes is prohibited.

Violations

Violations of the Acceptable Use of Computer Network(s)/Computers and Resources may result in a loss of access as well as other disciplinary or legal action. Disciplinary action shall be taken as indicated in Policy and Regulation No. 3321, Teaching Staff Members, Acceptable Use of Computer Network(s)/Computers and Resources, Policy No. 3150, Teaching Staff Member Discipline, as well as possible legal action and reports to the legal authorities and entities.

Determination of Consequences for Violations

R 3362 SEXUAL HARASSMENT OF TEACHING STAFF MEMBERS COMPLAINT PROCEDURE

Sexual harassment of school staff members is prohibited by the Board of Education. The Superintendent and school district staff will use the following methods to investigate and resolve allegations of sexual harassment of school staff members.

A. Definitions

1. Gender-based Harassment - Gender-based harassment that includes acts of verbal, nonverbal, physical aggression, intimidation, or hostility based on gender, but not involving conduct of a sexual nature, may be a form of sex discrimination if it is sufficiently severe, persistent, or pervasive and directed at individuals because of their gender.
2. Hostile Environment Sexual Harassment - Sexual harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors or other favors, or other verbal, nonverbal or physical conduct of a sexual nature) by a school staff member that is sufficiently severe, persistent, or pervasive to limit another staff member's ability to participate in a workplace environment or activity, or to create a hostile or abusive workplace environment.
3. Quid Pro Quo Harassment - When a school staff member explicitly or implicitly conditions another school staff member's conditions of employment on the staff member's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the staff member resists and suffers the threatened harm or submits and thus avoids the threatened harm.

B. Grievance Procedure

The following Grievance Procedure shall be used for an allegation(s) of harassment of school staff members by other school staff members:

1. Reporting of Sexual Harassment Conduct
 - a. Any person with any information regarding actual and/or potential sexual harassment of a staff member must report the information to the school Building Principal, their immediate supervisor or the Affirmative Action Officer.

- b. The school district can learn of sexual harassment through other means such as from a witness to an incident, an anonymous letter, or telephone call.
 - c. A report to the school Building Principal or an immediate supervisor will be forwarded to the school district Affirmative Action Officer within one working day, even if the school Building Principal or immediate supervisor feels sexual harassment conduct was not present.
 - d. In the event the report alleges conduct by the Building Principal or the Affirmative Action Officer, the Superintendent will designate a school official to assume the Building Principal's or Affirmative Action Officer's responsibilities as outlined in Policy No. 3362 and this Regulation.
2. Affirmative Action Officer's Investigation
- a. Upon receipt of any report of potential sexual harassment conduct, the Affirmative Action Officer will begin an immediate investigation. The Affirmative Action Officer will promptly investigate all alleged complaints of sexual harassment, whether or not a formal grievance is filed and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed no more than ten working days after receiving notice.
 - b. When a school staff member provides information or complains about sexual harassment, the Affirmative Action Officer will initially discuss what actions the staff member is seeking in response to the harassment.
 - c. The Affirmative Action Officer's investigation may include, but is not limited to, interviews with all persons with potential knowledge of the alleged conduct, interviews with any staff member(s) who may have been sexually harassed in the past by the school staff member and any other reasonable methods to determine if sexual harassment conduct existed.
 - d. The Affirmative Action Officer may request a staff member involved in the investigation to assist in the investigation.

- e. The Affirmative Action Officer will provide a copy of Board Policy and Regulation No. 3362 to all persons who are interviewed with potential knowledge, upon request, and to any other person the Affirmative Action Officer feels would be served by a copy of such documents.
 - f. Any person interviewed by the Affirmative Action Officer may be provided an opportunity to present witnesses and other evidence.
 - g. The Affirmative Action Officer and/or Superintendent will contact law enforcement agencies if there is potential criminal conduct by any party.
 - h. The school district administration may take interim measures during an Affirmative Action Officer's investigation of a complaint.
 - i. The Affirmative Action Officer will consider particular issues of welcomeness based on the allegations.
3. Investigation Results
- a. Upon the conclusion of the investigation, but not later than ten working days after reported to the Affirmative Action Officer, the Affirmative Action Officer will prepare a summary of findings to the parties. At a minimum, this summary shall include the person(s) providing notice to the school district and the staff member(s) who was alleged to be sexually harassed.
 - b. The Affirmative Action Officer shall make a determination whether sexual harassment conduct was present.
 - c. If the Affirmative Action Officer concludes sexual harassment conduct was not, or is not present, the investigation is concluded.
 - d. If the Affirmative Action Officer determines that sexual harassment has occurred, the school district administration shall take reasonable and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.

- e. In the event the Affirmative Action Officer determines a hostile environment exists, the Superintendent shall take steps to eliminate the hostile environment. The school district may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the harassed staff member, dissemination of information, distribution of new policy statements or other steps to communicate the message that the Board does not tolerate harassment and will be responsive to any school staff member that reports such conduct.
 - f. In some situations, the school district may need to provide other services to the staff member that was harassed, if necessary, to address the effects of the harassment on that staff member. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed staff member's work performance, counseling and/or other measures that are appropriate to the situation.
 - g. The Superintendent will take steps to avoid any further sexual harassment and to prevent any retaliation against the staff member who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The Affirmative Action Officer will inform the sexually harassed staff member to report any subsequent problems and will make follow-up inquiries to see if there has been any new incidents or retaliation.
 - h. All sexual harassment grievances and accompanied investigation notes will be maintained in a confidential file by the Affirmative Action Officer.
4. Affirmative Action Officer's Investigation Appeal Process
- a. Any person found by the Affirmative Action Officer's investigation to be guilty of sexual harassment conduct, or any person who believes they were sexually harassed but not supported by the Affirmative Action Officer's investigation, may appeal to the Superintendent. The Superintendent will make his/her determination within ten working days of receiving the appeal.

- b. Any person who is not satisfied with the Superintendent's determination may appeal to the Board. The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent's determination.

C. Office Of Civil Rights (OCR) Case Resolution

Persons not satisfied with the resolution of an allegation of sexual harassment by school district officials or the Board may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

1. Any alleged victim of sexual harassment may appeal a decision of the Affirmative Action Officer, Superintendent, or the Board to the Office of Civil Rights (OCR).
2. Any person may report an allegation of sexual harassment to the OCR at any time. If the OCR is asked to investigate or otherwise resolve incidents of sexual harassment of school staff members, OCR will consider whether:
 - a. The school district has a policy prohibiting sexual harassment and a grievance procedure;
 - b. The school district appropriately investigated or otherwise responded to allegations of sexual harassment; and
 - c. The school district has taken immediate and appropriate corrective action responsive to Quid Pro Quo or Hostile Environment Harassment.

The Coordinator may also determine a date in the future for the staff member to return to work to assume temporary modified duties.
3. A medical review and examination by the workers' compensation physician may be required to continue a modified duty assignment beyond sixty calendar days.

The employee need not indicate the statute pursuant to which he/she will be taking the requested leave. However, the employee shall provide the Superintendent with enough information about the reason for the leave so that the Superintendent is able to determine under which statute, if any, the leave is taken. Once the Superintendent determines that the leave requested qualifies as family leave, the employee will be notified that the leave, if approved, will count against the employee's statutory family leave entitlement.

If an employee specifically requests family leave, he or she may be asked to sign a certification as a precondition to the granting of the leave request, which attests to the fact that the purpose of the leave qualifies as one of the purposes under either the State Family Leave Act or the Federal Family and Medical Leave Act. An employee who signs a false certification may be subject to discipline.

An employee desiring to take family leave to care for a child shall apply for said leave in writing to the Superintendent ninety calendar days before the leave is to commence. He/she must supply the Board with the day on which said leave is to commence and the date on which he/she expects to return to work. Said teacher may take family leave to care for a child within one year of the birth of a child or the placement of an adopted child.

In the case of a female employee who has given birth to a child, she may apply for a family leave to care for her child to commence subsequent to the presumptive period of disability (which is four weeks prior to and four weeks subsequent to the birth of her child). Before applying for disability leave or family leave, the employee must supply the Board with a physician's certificate which indicates the anticipated date of delivery.

Intermittent leave is leave which is taken in separate blocks of time. The leave periods could be for several hours, several days or several weeks. Examples of intermittent leave include leave taken on an occasional basis for medical appointments or leave taken for several days at a time for chemotherapy. Reduced leave is when an employee works fewer days in a week than what he/she normally works in a week.

The Board has the discretion to determine whether leave will be granted to an employee on an intermittent or reduced basis where the leave is requested to care for a child. However, employees are entitled to such leave where medically necessary for a family member's illness or for an employee's own illness.

Family and Child Rearing Leave

An employee desiring to take family leave to care for an ill family member, shall apply in writing to the Superintendent as early as possible considering the circumstances of the illness, but not less than thirty days prior to the date the leave is to commence. The application shall be supported by a physician's certification which states:

1. The date on which the serious health condition commenced.
2. The probable duration of the condition, and
3. The medical facts within the physician's knowledge, regarding the condition.

Applications for leave to commence less than thirty days from the date of the application, shall be considered by the Board on a case-by-case basis.

Family leave to care for a child and family leave to care for a family member will generally count against an employee's entitlement pursuant to both the State and Federal statute. However, family leave for an employee's own serious health condition counts only against the Federal entitlement. A request for family leave due to an employee's own illness must be supported by a physician's certificate which states:

1. The date on which the serious health condition commenced.
2. The probable duration of the condition, and
3. The medical facts within the physician's knowledge regarding the condition.

During an employee's leave, the Board may require that the employee report periodically to the Superintendent on the employee's intent to return to work. In addition, the Board may require the employee to sign a certification in which the employee attests to his/her intent to return to work. If, contrary to the certification, an employee does not return to work at the expiration of the leave, the Board may be entitled to recover the amount of the premium for the employee's health benefits during the leave. However, the Board is not entitled to recover the premium if the reason the employee did not return to work is the continuation, recurrence or onset of a serious health condition, or other circumstances beyond the employee's control.

To determine at what point an employee is entitled to family leave and how much family leave an employee is entitled to, the Superintendent shall use the following method:

1. An employee must have been employed for twelve months;
2. At most, an employee can take twelve weeks of leave in a twelve month period.

REGULATION

RUTHERFORD BOARD OF EDUCATION

R 3431.1/page 3 of 3

Family and Child Rearing Leave

3. If an employee wants twelve weeks leave starting September 1, then the Superintendent will examine the twelve months previous to November 30 to determine if any family leave was taken previously in that time period.
4. If none has been taken, the employee is entitled to the leave. If leave has been taken, the Superintendent must determine whether less than twelve weeks of leave was taken in that time period.
5. If less than twelve weeks of leave was taken, the employee is eligible for the difference between the amount of leave taken in that time period and twelve weeks. Therefore, if four weeks of leave was taken, the employee is entitled to take eight weeks of leave.

When family leave is granted it shall be unpaid leave. The only exception is when the family leave is requested due to an employee's own illness and the employee has accrued sick days. In such a situation, any accrued sick days shall be used during the employee's family leave. Employees are entitled to twelve weeks of medical benefits during a family leave. However, no other benefits will be provided to employees on family leave.

An employee who takes a family leave pursuant to this regulation shall be entitled to return to the position held prior to the leave or to any equivalent position of like seniority status, employment benefits, pay and other terms and conditions of employment. However, if a reduction in force occurs while the employee is on leave and the employee would have lost his/her job anyway, the employee is not entitled to be reinstated to his/her former position upon termination of the leave.

All benefits to which a teacher was entitled at the time his/her leave of absence commenced, including credits toward sabbatical eligibility, shall be restored upon his/her return.

The Board may, upon recommendation of the Superintendent grant a leave of absence without pay in addition to the twelve weeks required by law, pursuant to Board Policy No. 3431.1 to care for a child. Extensions or other adjustments to the duration of the childcare leave shall be at the discretion of the Board.

To be eligible for additional child care leave, a teacher must have been steadily employed on a contractual basis in the district for the full academic year prior to the year for which the child care leave is requested.

To be eligible for a salary increment, an employee must work at least half of the academic year in which the leave commenced.

1. Each nontenured support staff member shall be evaluated at least one time each school year.

3. Supervisors shall constructively point out performance deficiencies and offer assistance to nontenured support staff members in the improvement of professional skills.

B. Nonrenewal Recommendation

1. When a nontenured support staff member's performance does not meet the standards of the district, the support staff member's immediate supervisor shall recommend to the Superintendent, no later than April 1, that the support staff member should not be reemployed in the following school year.
2. The nontenured support staff member shall be informed by the Superintendent, in writing, that employment for the next succeeding school year will not be offered. This written notice shall be provided to the nontenured support staff member in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties.
3. A recommendation by the Superintendent for nonrenewal may be based upon the nontenured support staff member's evaluations, job performance, or any factor affecting his/her employment in this district.
4. A nontenured support staff member contract can only be renewed upon the Superintendent's recommendation and a majority vote of the full Board. The Board may not withhold its approval for arbitrary and capricious reasons.

C. Nonrenewal Action

1. The Superintendent will notify the Board members of the recommendation not to renew a nontenured support staff member's contract before notifying the support staff member of the recommendation to not renew. The Superintendent may notify the Board members of the recommendation not to renew the nontenured support staff member's contract and the reasons for the recommendation in a written notice to the Board. In the alternative, the Superintendent may notify the Board members of the recommendation not to renew a nontenured support staff member in executive session. Using this option, the Board will meet in executive session to review the Superintendent's recommendation(s) for nonrenewal of nontenured support staff members. Notice of the executive session shall be given in accordance with N.J.S.A. 10:4-13 and individual notice shall be given, not less than forty-eight hours in advance of the meeting, to those nontenured support staff members whose possible nonrenewal will be discussed at the meeting. If any such employee requests the discussion take place in public, the recommendation for his/her nonrenewal will be severed from any other nonrenewal recommendation and will be scheduled for discussion at a public meeting.
2. A nontenured support staff member not recommended for renewal by the Superintendent is deemed not renewed. A Board vote is not required on the Superintendent's recommendation(s) to not renew a nontenured support staff member's contract.

D. Notice of Nonrenewal

1. Notice of the Superintendent's decision not to renew shall be given to each nontenured support staff member not recommended for renewal in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. The Board may delegate the Superintendent or the Board Secretary to give the written notice of nonrenewal.
2. The nonrenewal notice shall be in writing and provided to the nontenured support staff member not recommended for renewal in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. If hand delivered, a record shall be made of the date on which delivery was made. If sent by mail, the notice shall be sent registered mail, return receipt requested, to the nontenured support staff member's address of record.

E. Request for Statement of Reasons

1. A nonrenewed support staff member will be given a written statement of the reasons for which he/she was not renewed provided the support staff member's request for a statement of reasons has been received by the Superintendent within fifteen calendar days after the support staff member has received written notice of his/her nonrenewal.
2. The statement of reasons for a nonrenewal will set forth, with as much particularity as possible, the precise reasons for the nonrenewal. Where the nonrenewal is based on performance deficiencies recorded in the employee's evaluations and the employee has been given a copy of those evaluations, the statement of reasons may incorporate the evaluations by reference.
3. The statement of reasons may be prepared by the Superintendent or the Board Secretary and shall be delivered to the employee who requested it within thirty calendar days after the receipt of the employee's request.

F. Nonrenewal Appearance

1. A support staff member who has requested a statement of reasons for his/her nonrenewal will be granted an informal appearance before the Board to discuss those reasons, provided that he/she had submitted to the Superintendent a written request for such an appearance no later than ten calendar days after the support staff member's receipt of the written statement of reasons.
2. A date for the informal appearance shall be scheduled within thirty calendar days from the support staff member's receipt of the Board's statement of reasons. The appearance shall be conducted at an executive session for which notice has been given in accordance with N.J.S.A. 10:4-13. The Board will determine a reasonable length of time to be devoted to the appearance, depending upon each instance's specific circumstances. The proceeding of an informal appearance before the Board may be conducted pursuant to N.J.A.C. 10:4-12(b)(8).
3. The support staff member requesting the appearance shall be given written notice, no later than forty-eight hours in advance of the meeting at which it is scheduled, of the date, time, place, and duration of the appearance.

4. The purpose of the appearance shall be to permit the nonrenewed support staff member to convince the members of the Board to offer reemployment. To those ends, the appearance shall be informally conducted. This appearance provides a mechanism by which the nontenured support staff member, whose renewal has not been recommended by the Superintendent, can appeal to the Board, on which the Superintendent sits as a non-voting member pursuant to N.J.S.A. 18A:17-20. The proceeding of an informal appearance before the Board shall be conducted with the President of the Board presiding and the appearance shall not be an adversary proceeding.
 5. The support staff member may be represented by an attorney or by one individual of his/her choosing. He/She may present witnesses to testify on his/her behalf. Witnesses do not need to present testimony under oath, and their statements may be recorded. The Board will hear witnesses and shall not cross-examine them. Witnesses will be called into the meeting to address the Board one at a time and shall be excused from the meeting after making their statements.
- G. Final Determination
1. A nontenured support staff member not recommended for renewal by the Superintendent is deemed not renewed. A Board vote is not required on the Superintendent's recommendation(s) to not renew a nontenured support staff member. However, after an informal appearance before the Board, the Superintendent may make a recommendation for reemployment to the voting members of the Board. The voting members of the Board, by a majority vote of the full Board in public session, must approve the reemployment based on the Superintendent's recommendation.
 2. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured support staff member reemployment after the informal appearance before the Board.
 3. The final determination will be delivered to the nontenured support staff member, in writing, no later than three days following the informal appearance. The Board may delegate the Superintendent or the Board Secretary to deliver the final determination.

The user agrees not to use the facilities and capabilities of the system to conduct any non-school related business or solicit the performance of any activity which is prohibited by law or is non-educational.

While most of the content available on the Internet is innocuous and much of it a valuable educational resource, some objectionable material exists. The Board will provide student access to Internet resources only in supervised environments and has taken steps to lock out objectionable areas to the extent possible, but potential dangers remain. Support staff members are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material and are to supervise student use of computers and the Internet. The Board and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Users agree to indemnify the Rutherford School District and the system administrators for any losses, costs, or damages, including reasonable attorneys' fees incurred by the Board relating to, or arising out of any breach of this section by the user.

Computer network(s)/computer resources are to be used by the user for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries on the Network(s)

No support staff member may install, upload, or download software without the expressed consent of the system administrator. Any software having the purpose of damaging other members' accounts on the school district computer network(s)/computers (e.g., computer

viruses) is specifically prohibited. The system administrators, at their sole discretion, reserve the rights to refuse posting of files and to remove files. The system administrators, at their sole discretion, further reserve the right to immediately limit usage or terminate the account or take other action consistent with the Board's policies and regulations of a member who misuses the software libraries.

Copyrighted Material

Copyrighted material must not be placed on any system connected to the network(s)/computers without the author's specific written permission. Public Posting Areas (Message Boards/Usenet Groups)

Usenet and Internet Relay Chat Room messages are posted from systems connected to the Internet around the world and the school district system administrators have no control of the content of messages posted from these other systems. To best utilize system resources, the system administrators will determine which Usenet groups are most applicable to the educational needs of the school district and will carry these groups on the school district computer network(s). The system administrators or the school administration, at their sole discretion, may remove messages posted locally that are deemed to be unacceptable or in violation of the Board policies and regulations. The system administrators or the school administration, at their sole discretion, further reserve the right to immediately terminate the account of a member who misuses the message boards or Usenet groups.

Real-time, Interactive, Communication Areas

The system administrators, at their sole discretion, reserve the right to monitor and immediately limit the use of the computer network(s)/computers or terminate the account of a member who misuses real-time conference features (talk/chat/Internet relay chat) etc.

Electronic Mail

to review. A sender of an E-mail message should expect the E-mail messages will be reviewed by the system administrators or the school administration. Messages received by the system are retained on the system until deleted by the recipient or for a maximum of thirty calendar days. A canceled account will not retain its E-mail. Members are expected to remove old messages within thirty calendar days or the system administrators may remove such messages. A member who exceeds his/her quota of disk space will be advised to delete files to return to compliance with predetermined quotas. A member who remains in noncompliance of disk space quotas after seven school days of notification will have their files removed by a system administrator.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a member feels that he/she can identify a security problem on the computer network(s), the member must notify a system administrator. The member should not inform individuals other than the system administrators or other designated members of the school district staff of a security problem. Professional staff may allow individuals who are not members to access the system through the staff personal account as long as the staff person does not disclose the password of the account to the individuals and understands that the staff person assumes responsibility for the actions of individuals using his/her account. Members may not otherwise allow others to use their account and password. Passwords to the system should not be easily guessable by others, nor should they be words which could be found in a dictionary. Attempts to log in to the system using either another member's account or as a system administrator will result in termination of the account. Members should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any member identified as a security risk will have limitations placed on usage of the computer network(s)/computers or may be terminated as a user and be subject to other disciplinary action.

Vandalism

Vandalism will result in cancellation of system privileges and other disciplinary measures. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or any of the agencies or other network(s)/computers that are connected to the Internet backbone or of doing intentional damage to hardware or software on the system. This includes, but is not limited to, the uploading or creation of computer viruses.

Printing

The printing facilities of the computer network(s)/computers should be used judiciously. Printing for other than educational, or school related purposes is prohibited.

Violations

Violations of the Acceptable Use of Computer Network(s)/Computers and Resources may result in a loss of access as well as other disciplinary or legal action. At a minimum, this summary shall include the person(s) providing notice to the school district and the staff member(s) who was alleged to be sexually harassed.
- b. The Affirmative Action Officer shall make a determination whether sexual harassment conduct was present.
- c. If the Affirmative Action Officer concludes sexual harassment conduct was not, or is not present, the investigation is concluded.
- d. If the Affirmative Action Officer determines that sexual harassment has occurred, the school district administration shall take reasonable and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.

- e. In the event the Affirmative Action Officer determines a hostile environment exists, the Superintendent shall take steps to eliminate the hostile environment. The school district may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the harassed staff member, dissemination of information, distribution of new policy statements or other steps to communicate the message that the Board does not tolerate harassment and will be responsive to any school staff member that reports such conduct.
 - f. In some situations, the school district may need to provide other services to the staff member that was harassed, if necessary, to address the effects of the harassment on that staff member. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed staff member's work performance, counseling and/or other measures that are appropriate to the situation.
 - g. The Superintendent will take steps to avoid any further sexual harassment and to prevent any retaliation against the staff member who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The Affirmative Action Officer will inform the sexually harassed staff member to report any subsequent problems and will make follow-up inquiries to see if there has been any new incidents or retaliation.
 - h. All sexual harassment grievances and accompanied investigation notes will be maintained in a confidential file by the Affirmative Action Officer.
4. Affirmative Action Officer's Investigation Appeal Process
- a. Any person found by the Affirmative Action Officer's investigation to be guilty of sexual harassment conduct, or any person who believes they were sexually harassed but not supported by the Affirmative Action Officer's investigation, may appeal to the Superintendent. The Superintendent will make his/her determination within ten working days of receiving the appeal.

- b. Any person who is not satisfied with the Superintendent's determination may appeal to the Board. The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent's determination.

C. Office Of Civil Rights (OCR) Case Resolution

Persons not satisfied with the resolution of an allegation of sexual harassment by school district officials or the Board may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

1. Any alleged victim of sexual harassment may appeal a decision of the Affirmative Action Officer, Superintendent, or the Board to the Office of Civil Rights (OCR).
2. Any person may report an allegation of sexual harassment to the OCR at any time. If the OCR is asked to investigate or otherwise resolve incidents of sexual harassment of school staff members, OCR will consider whether:
 - a. The school district has a policy prohibiting sexual harassment and a grievance procedure;
 - b. The school district appropriately investigated or otherwise responded to allegations of sexual harassment; and
 - c. The school district has taken immediate and appropriate corrective action responsive to Quid Pro Quo or Hostile Environment Harassment.

Modified Duty Early Return to Work
Program – Support Staff Members

R 4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – SUPPORT STAFF MEMBERS

The Modified Duty Early Return to Work Program shall be administered by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator.

A. Filing a Claim Report

1. A staff member must file a written Workers' Compensation Report if they have been injured in the performance of their job. This Report will be available in the main office and the nurse's office in each school building and in the Coordinator's office.
2. Upon sustaining an on-the-job injury, the staff member shall immediately report the injury to their immediate supervisor and report to the school nurse. If the injured staff member is not assigned to a school building with a school nurse, the school staff member shall immediately contact the Coordinator's office. The Coordinator, or designee, will direct the injured staff member to a school's main office, a school nurse, or the workers' compensation physician.
 - a. In the event the injury requires immediate medical treatment, the staff member may be directed to the workers' compensation physician or to the hospital emergency room. In this case, the Report shall be completed by the staff member whenever practical.
 - b. In the event the staff member gets injured when schools are closed or after business hours and the staff member believes the injury requires immediate medical treatment the staff member shall:
 - (1) Go to the hospital emergency room; and
 - (2) Notify their immediate supervisor as soon as possible after the injury.
 - c. In the event the injured staff member goes to the hospital emergency room when schools are closed, the staff member must report the injury to the Coordinator the next business day. The Coordinator may direct the injured staff member to a school nurse or to the workers' compensation physician. All future medical treatment for the injured staff member shall be scheduled through the Coordinator's office.

- d. In the event the staff member gets injured when schools are closed or after business hours and the staff member believes the injury does not require immediate medical treatment, the staff member shall:
 - (1) Immediately notify their immediate supervisor; and
 - (2) Notify the Coordinator's office the next business day.
 3. The Workers' Compensation Report shall be forwarded to the Coordinator's office as soon as it is completed by the injured staff member.
 - a. In the event the staff member requires a physician's examination and evaluation, the Coordinator's office will schedule the appointment with the workers' compensation physician's office and the staff member.
 4. Any staff member injured on-the-job and the injury causes the staff member to miss work time or prohibits the staff member from fulfilling all their job responsibilities must be examined by the workers' compensation physician. The Coordinator will authorize workers' compensation time off from work for a staff member injured on-the-job only after the staff member has been examined by the worker's compensation physician. The Coordinator may, upon certain circumstances, authorize workers' compensation time from work without requiring an examination by the workers' compensation physician.
 5. The Modified Duty Early Return to Work Policy will be attached to the Workers' Compensation Report and this Regulation will be provided to the injured staff member upon request.
- B. Physician's Workers' Compensation Examination and Evaluation
1. The Coordinator will provide the workers' compensation physician a job description and a list of required tasks for positions in the school district.
 2. Upon completing the medical examination and evaluation, the workers' compensation physician will prepare a report indicating the staff member's physical limitations, if any, that prevent the staff member from completing the staff member's job responsibilities. The workers' compensation physician's report will also include a diagnosis, to the best of the physician's ability, on the length of recovery for each limitation. The physician's report will be forwarded to the Coordinator.

3. The Coordinator will review the workers' compensation physician's report and follow-up with the workers' compensation physician and the staff member if the Coordinator needs more information to make a determination if modified duty is an option for the injured staff member.

C. Modified Duty Restriction

1. There is no permanent modified duty and all modified duty positions are temporary.
2. Upon reviewing the workers' compensation physician's report, the Coordinator will determine if temporary modified duty is appropriate for the staff member. The Coordinator may determine the staff member should be out of work until such time the staff member is able to return to work to assume all their job responsibilities. The Coordinator may also determine a date in the future for the staff member to return to work to assume temporary modified duties.
3. A medical review and examination by the workers' compensation physician may be required to continue a modified duty assignment beyond sixty calendar days.
4. The Board reserves the right to require a staff member returning from modified duty to submit to a physical examination before returning to their position to assume all the job responsibilities of their position.
5. There will be communications among the Coordinator, the injured staff member's supervisor, the staff member, the workers' compensation physician, and the workers' compensation insurance provider throughout the course of treatment and recovery of the injured staff member.
6. A tracking system will be established for documenting a staff member's status in the Modified Duty Program.

D. Assignment of Job Tasks

1. Assigning modified duty to staff members will be decided on a case-by-case basis.
2. Job tasks for staff members on modified duty will be determined and assigned within the limitations established and approved by the workers' compensation physician.

3. The injured staff member's immediate supervisor shall provide periodic status reports to the Coordinator for any staff member assigned modified duty.
 4. There is no restriction on the school district location or the type of modified duties assigned to a staff member provided it is consistent with the limitations detailed by the workers' compensation physician. These modified duties may be assigned to a full or partial day schedule depending on the staff member's limitations.
 5. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.
- E. Staff Member Requirements
1. Staff members shall perform the job tasks designated by the workers' compensation physician in the physician's report and assigned by the Coordinator. In the event these job tasks cause discomfort, the staff member shall discontinue the specific activity and inform their immediate supervisor. The immediate supervisor will report this information to the Coordinator, who will schedule a medical appointment for the staff member.
 2. Staff members are required to follow the Coordinator's directives regarding:
 - a. Job assignments and tasks;
 - b. Attending scheduled doctors' appointments; and
 - c. Completing and transmitting reports to and from the workers' compensation physician, their immediate supervisor, and the Coordinator's office.
- F. Compliance With Laws

The Modified Duty Early Return To Work Program shall be administered consistent with the applicable federal and State laws and in accordance with provisions of collective bargaining agreements within the district.

R 4431.1 FAMILY LEAVE

An employee who desires to take a leave of absence to care for a child, an ill family member, or for the employee's own illness, shall set forth his/her request in writing to the Superintendent. The employee need not indicate the statute pursuant to which he/she will be taking the requested leave. However, the employee shall provide the Superintendent with enough information about the reason for the leave so that the Superintendent is able to determine under which statute, if any, the leave is taken. Once the Superintendent determines that the leave requested qualifies as family leave, the employee will be notified that the leave, if approved, will count against the employee's statutory family leave entitlement.

If an employee specifically requests family leave, he or she may be asked to sign a certification as a precondition to the granting of the leave request, which attests to the fact that the purpose of the leave qualifies as one of the purposes under either the State Family Leave Act or the Federal Family and Medical Leave Act. An employee who signs a false certification may be subject to discipline.

An employee desiring to take family leave to care for a child shall apply for said leave in writing to the Superintendent ninety calendar days before the leave is to commence. He/she must supply the Board with the day on which said leave is to commence and the date on which he/she expects to return to work. Said employee may take family leave to care for a child within one year of the birth of a child or the placement of an adopted child.

In the case of a female employee who has given birth to a child, she may apply for a family leave to care for her child to commence subsequent to the presumptive period of disability (which is four weeks prior to and four weeks subsequent to the birth of her child). Before applying for disability leave or family leave, the employee must supply the Board with a physician's certificate which indicates the anticipated date of delivery.

Intermittent leave is leave which is taken in separate blocks of time. The leave periods could be for several hours, several days or several weeks. Examples of intermittent leave include leave taken on an occasional basis for medical appointments or leave taken for several days at a time for chemotherapy. Reduced leave is when an employee works fewer days in a week than what he/she normally works in a week.

The Board has the discretion to determine whether leave will be granted to an employee on an intermittent or reduced basis where the leave is requested to care for a child. However, employees are entitled to such leave where medically necessary for a family member's illness or for an employee's own illness.

An employee desiring to take family leave to care for an ill family member, shall apply in writing to the Superintendent as early as possible considering the circumstances of the illness, but not less than thirty days prior to the date the leave is to commence. The application shall be supported by a physician's certification which states:

1. The date on which the serious health condition commenced.
2. The probable duration of the condition, and
3. The medical facts within the physician's knowledge, regarding the condition.

Applications for leave to commence less than thirty days from the date of the application, shall be considered by the Board on a case-by-case basis.

Family leave to care for a child and family leave to care for a family member will generally count against an employee's entitlement pursuant to both the State and Federal statute. However, family leave for an employee's own serious health condition counts only against the Federal entitlement. A request for family leave due to an employee's own illness must be supported by a physician's certificate which states:

1. The date on which the serious health condition commenced.
2. The probable duration of the condition, and
3. The medical facts within the physician's knowledge regarding the condition.

During an employee's leave, the Board may require that the employee report periodically to the Superintendent on the employee's intent to return to work. In addition, the Board may require the employee to sign a certification in which the employee attests to his/her intent to return to work. If, contrary to the certification, an employee does not return to work at the expiration of the leave, the Board may be entitled to recover the amount of the premium for the employee's health benefits during the leave. However, the Board is not entitled to recover the premium if the reason the employee did not return to work is the continuation, recurrence or onset of a serious health condition, or other circumstances beyond the employee's control.

To determine at what point an employee is entitled to family leave and how much family leave an employee is entitled to, the Superintendent shall use the following method:

1. An employee must have been employed for twelve months;
2. At most, an employee can take twelve weeks of leave in a twelve month period.

Family Leave

3. If an employee wants twelve weeks leave starting September 1, then the Superintendent will examine the twelve months previous to November 30 to determine if any family leave was taken previously in that time period.
4. If none has been taken, the employee is entitled to the leave. If leave has been taken, the Superintendent must determine whether less than twelve weeks of leave was taken in that time period.
5. If less than twelve weeks of leave was taken, the employee is eligible for the difference between the amount of leave taken in that time period and twelve weeks. Therefore, if four weeks of leave was taken, the employee is entitled to take eight weeks of leave.

When family leave is granted it shall be unpaid leave. The only exception is when the family leave is requested due to an employee's own illness and the employee has accrued sick days. In such a situation, any accrued sick days shall be used during the employee's family leave. Employees are entitled to twelve weeks of medical benefits during a family leave. However, no other benefits will be provided to employees on family leave.

An employee who takes a family leave pursuant to this regulation shall be entitled to return to the position held prior to the leave or to any equivalent position of like seniority status, employment benefits, pay and other terms and conditions of employment. However, if a reduction in force occurs while the employee is on leave and the employee would have lost his/her job anyway, the employee is not entitled to be reinstated to his/her former position upon termination of the leave.

All benefits to which an employee was entitled at the time his/her leave of absence commenced, shall be restored upon his/her return.

To be eligible for a salary increment, an employee must work at least half of the academic year in which the leave commenced.

R 5111 ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

A. Definitions

1. "Affidavit student" means a student attending, or seeking to attend, school in a district pursuant to N.J.S.A. 18A:38-1.b and N.J.A.C 6A:22-3.2(a).
2. "Appeal" means contested case proceedings before the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.
3. "Applicant" means a parent, guardian, or a resident supporting an affidavit student who seeks to enroll a student in a school district; or an unaccompanied homeless youth or adult student who seeks to enroll in a school district.
4. "Commissioner" means the Commissioner of Education or his/her designee.
5. "Guardian" means a person to whom a court of competent jurisdiction has awarded guardianship or custody of a child, provided that a residential custody order shall entitle a child to attend school in the residential custodian's school district unless it can be proven that the child does not actually live with the custodian. "Guardian" also means the Department of Children and Families for purposes of N.J.S.A. 18A:38-1.e.

B. Eligibility to Attend School – Students Domiciled in the District

1. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district if the student is domiciled within the district:
 - a. A student is domiciled in the school district when he or she is living with a parent or guardian whose domicile is located within the school district.
 - (1) When a student's parents or guardians are domiciled within different school districts and there is no court order or written agreement between the parents designating the school district of attendance, the student's domicile is the school district of the parent or guardian with whom the student lives for the majority of the school year. This provision shall apply regardless of which parent has legal custody.

- (2) When a student's physical custody is shared on an equal-time, alternating week/month or other similar basis so the student is not living with one parent or guardian for a majority of the school year and there is no court order or written agreement between the parents designating the school district of attendance, the student's domicile is the present domicile of the parent or guardian with whom the student resided on the last school day prior to October 16 preceding the application date.
 - (a) When a student resided with both parents or guardians, or with neither parent or guardian, on the last school day prior to the preceding October 16, the student's domicile is the domicile of the parent or guardian with whom the parents or guardians indicate the student will be residing on the last school day prior to the ensuing October 16. When the parents or guardians do not designate or cannot agree upon the student's likely residence as of that date, or if on that date the student is not residing with the parent or guardian previously indicated, the student shall attend school in the school district of domicile of the parent or guardian with whom the student actually lives as of the last school day prior to October 16.
 - (b) When the domicile of the student with disabilities as defined in N.J.A.C. 6A:14 cannot be determined pursuant to N.J.A.C. 6A:22-3.1, nothing shall preclude an equitable determination of shared responsibility for the cost of such student's out-of-district placement.
- (3) When a student is living with a person other than a parent or guardian, nothing in N.J.A.C. 6A:22-3.1 is intended to limit the student's right to attend school in the parent or guardian's school district of domicile pursuant to the provisions of N.J.A.C. 6A:22.
- (4) No school district shall be required to provide transportation for a student residing outside the school district for all or part of the school year unless transportation is based upon the home of the parent or guardian domiciled within the school district or otherwise required by law.

- b. A student is domiciled in the school district when he or she has reached the age of eighteen or is emancipated from the care and custody of a parent or guardian and has established a domicile within the school district.
 - c. A student is domiciled in the school district when the student has come from outside the State and is living with a person domiciled in the school district who will be applying for guardianship of the student upon expiration of the six-month "waiting period" of State residency required pursuant to N.J.S.A. 2A:34-54 ("home state" definition) and 2A:34-65.a(1). However, a student may later be subject to removal proceedings if application for guardianship is not made within a reasonable period of time following expiration of the mandatory waiting period or if guardianship is applied for and denied.
 - d. A student is domiciled in the school district when his or her parent or guardian resides within the school district on an all-year-round basis for one year or more, notwithstanding the existence of a domicile elsewhere.
 - e. A student is domiciled in the school district if the Department of Children and Families is acting as the student's guardian and has placed the student in the school district.
2. When a student's dwelling is located within two or more school districts, or bears a mailing address that does not reflect the dwelling's physical location within a municipality, the school district of domicile for school attendance purposes shall be the municipality to which the majority of the dwelling's property tax is paid, or to which the majority of the dwelling's or unit's property tax is paid.
 - a. When property tax is paid in equal amounts to two or more municipalities, and there is no established assignment for students residing in the affected dwellings, the school district of domicile for school attendance purposes shall be determined through assessment of individual proofs as provided pursuant to N.J.A.C. 6A:22-3.4.
 - b. This provision shall not preclude the attendance of currently enrolled students who were permitted to attend the school district prior to December 17, 2001.

- c. When a student's parent or guardian elects to exercise such entitlement, nothing in N.J.A.C. 6A:22-3.1 shall exclude a student's right to attend the school district of domicile although the student is qualified to attend a different school district pursuant to N.J.S.A. 18A:38-1.b or the temporary residency (less than one year) provision of N.J.S.A. 18A:38-1.d.
 3. Notwithstanding the provisions of N.J.S.A. 18A:38-1 or any other section of law to the contrary, a child who is domiciled within the school district and resides with a parent or guardian who is a member of the New Jersey National Guard or a member of the reserve component of the armed forces of the United States who is ordered into active military service in any of the armed forces of the United States in a time of war or national emergency, shall be permitted to remain enrolled in the school district in which the child is domiciled at the time of the parent or guardian being ordered into active military service, regardless of where the child resides during the period of active duty. The school district shall not be responsible for providing transportation for the child if the child lives outside of the district. Following the return of the child's parent or guardian from active military service, the child's eligibility to remain enrolled in the school district pursuant to N.J.S.A. 38-3.1 shall cease at the end of the current school year unless the child is domiciled in the school district.
- C. Eligibility to Attend School – Other Students Eligible to Attend School
 1. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.b if that student is kept in the home of a person other than the student's parent or guardian, and the person is domiciled in the school district and is supporting the student without remuneration as if the student were his or her own child.
 - a. A student is not eligible to attend this school district pursuant to this provision unless:
 - (1) The student's parent or guardian has filed, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the student due to family or economic hardship and that the student is not residing with the other person solely for the purpose of receiving a free public education; and

- (2) The person keeping the student has filed, if so required by the Board of Education:
 - (a) A sworn statement that he or she is domiciled within the school district, is supporting the child without remuneration and intends to do so for a longer time than the school term, and will assume all personal obligations for the student pertaining to school requirements; and
 - (b) A copy of his or her lease if a tenant, a sworn landlord's statement if residing as a tenant without a written lease, or a mortgage or tax bill if an owner.
- b. A student shall not be deemed ineligible under this provision because required sworn statement(s) cannot be obtained when evidence is presented that the underlying requirements of the law are being met, notwithstanding the inability of the resident or student to obtain the sworn statement(s).
- c. A student shall not be deemed ineligible under this provision when evidence is presented that the student has no home or possibility of school attendance other than with a school district resident who is not the student's parent or guardian, but is acting as the sole caretaker and supporter of the student.
- d. A student shall not be deemed ineligible under this provision solely because a parent or guardian gives occasional gifts or makes limited contributions, financial or otherwise, toward the student's welfare provided the resident keeping the student receives from the parent or guardian no payment or other remuneration for regular maintenance of the student.
- e. Pursuant to N.J.S.A. 18A:38-1.c, any person who fraudulently allows a child of another person to use his or her residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of his or her child to a person in another school district commits a disorderly persons offense.

2. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.b if the student is kept in the home of a person domiciled in the school district, who is not the parent or guardian and the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency.
 - a. Eligibility under this provision shall cease at the end of the school year during which the parent or guardian returns from active military duty.
3. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.d if the student's parent or guardian temporarily resides within the school district and elects to have the student attend the school district of temporary residence, notwithstanding the existence of a domicile elsewhere.
 - a. When required by the Board of Education, the parent or guardian shall demonstrate the temporary residence is not solely for purposes of the student attending the school district of temporary residence;
 - b. When one of a student's parents or guardians temporarily resides in a school district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with N.J.A.C. 6A:22-3.1(a)1i. However, no student shall be eligible to attend school based upon a parent or guardian's temporary residence in a school district unless the parent or guardian demonstrates, if required by the Board of Education, the temporary residence is not solely for purposes of a student's attending the school district.
4. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.f if the student's parent or guardian moves to another school district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2, Education of Homeless Children.

5. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-2 if the student is placed by court order or by a society, agency, or institution in the home of a school district resident pursuant to N.J.S.A. 18A:38-2. As used in this section, "court order" shall not encompass orders of residential custody under which claims of entitlement to attend a school district are governed by provisions of N.J.S.A. 18A:38-1 and the applicable standards set forth in N.J.A.C. 6A:22.
6. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-3.b if the student previously resided in the school district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the student out of the school district. A school district admitting a student pursuant to N.J.S.A. 18A:38-3.b shall not be obligated for transportation costs.
7. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend the school district pursuant to N.J.S.A. 18A:38-7.7 et seq. if the student resides on Federal property within the State.
8. In accordance with N.J.S.A. 18A:38-1.1, a student who is not considered homeless under N.J.S.A. 18A:7B-12 and who moves to a new school district during the academic year as a result of a family crisis shall be permitted to remain enrolled in the original school district of residence for the remainder of the school year without the payment of tuition. A student attending an academic program during the summer, who is otherwise eligible except for the timing of the move, shall be permitted to remain in the school district for the remainder of the summer program if it is considered an extension of the preceding academic year.
 - a. For purposes of N.J.A.C. 6A:22-3.2(h) and Policy and Regulation 5111, "family crisis" shall include, but not be limited to:
 - (1) An instance of abuse such as domestic violence or sexual abuse;
 - (2) A disruption to the family unit caused by death of a parent or guardian; or

- (3) An unplanned displacement from the original residence such as fire, flood, hurricane, or other circumstances that render the residence uninhabitable.
 - b. Upon notification of the move by the parent or guardian, the original school district of residence shall allow the student to continue attendance and shall provide transportation services to and from the student's new domicile in accordance with N.J.S.A. 18A:39-1. The original school district of residence may request from the parent or guardian and may review supporting documentation about the reason(s) for the move; however, any such review shall not interrupt the student's continued enrollment in the school district and in the current school of attendance with the provision of transportation.
 - (1) Examples of documentation include, but are not limited to, newspaper articles, insurance claims, police or fire reports, notes from health professionals, custody agreements, or any other legal document.
 - c. If the parent or guardian or the relevant documentation indicates the child is homeless pursuant to N.J.S.A. 18A:7B-12, the school district liaison shall assume the coordination of enrollment procedures pursuant to N.J.A.C. 6A:17-2.5 and the student shall not be eligible for enrollment under N.J.S.A. 18A:38-1.1.
 - d. If the original school district of residence determines the situation does not meet the family crisis criteria outlined in 8.a. above, the Superintendent or designee shall notify the parent or guardian in writing. The notification shall inform the parent or guardian of his or her right to appeal the decision within twenty-one calendar days of his or her receipt of the notification, and shall state that if such appeal is denied, he or she may be assessed the costs for transportation provided to the new residence during the period of ineligible attendance. It shall also state whether the parent or guardian is required to withdraw the student by the end of the twenty-one day appeal period in the absence of an appeal.
 - (1) The parent or guardian may appeal by submitting the request in writing with supporting documentation to the Executive County Superintendent of the county in which the original school district of residence is situated.

- (2) Within thirty calendar days of receiving the request and documentation, the Executive County Superintendent shall issue a determination whether the situation meets the family crisis criteria set forth at 8.a. above. The original school district of residence shall continue to enroll the student and provide transportation to the current school of attendance in accordance with N.J.S.A. 18A:39-1 until the determination is issued.
 - (3) If the Executive County Superintendent determines the situation does not constitute a family crisis, the school district may submit to the Executive County Superintendent for approval the cost of transportation to the ineligible student's new domicile. The Executive County Superintendent shall certify the transportation costs to be assessed to the parent or guardian for the period of ineligible attendance.
- e. When the original school district of residence determines the situation constitutes a family crisis pursuant to N.J.S.A. 18A:38-1.1, the Superintendent or designee shall immediately notify the parent or guardian in writing.
 - (1) When the original school district of residence anticipates the need to apply for reimbursement of transportation costs, it shall send to the Executive County Superintendent a request and documentation of the family crisis for confirmation the situation meets the criteria set forth at 8.a. above.
 - (2) Within thirty days of receiving the school district's request and documentation, the Executive County Superintendent shall issue a determination of whether the situation meets the criteria for a family crisis. The original school district of residence shall continue to enroll the student and provide transportation to the current school of attendance in accordance with N.J.S.A. 18A:39-1 until the determination is issued, and shall not be reimbursed for additional transportation costs unless the Executive County Superintendent determines the situation is a family crisis or as directed by the Commissioner upon appeal.
- f. In providing transportation to students under N.J.S.A. 18A:38-1.1, the Board shall use the most efficient and cost-effective means available and in conformance with all laws governing student transportation.

- g. At the conclusion of the fiscal year in which the Executive County Superintendent has determined the situation constitutes a family crisis, the original school district of residence may apply to the Executive County Superintendent for a reimbursement of eligible costs for transportation services.
 - (1) Eligible costs shall include transportation for students who are required to be transported pursuant to N.J.S.A. 18A:39-1.
 - (2) The school district shall provide documentation of the transportation costs for the eligible student(s) to the Executive County Superintendent who shall review and forward the information to the Department's Office of School Facilities and Finance for reimbursement payment(s) to the school district.
 - (3) Payment to the school district shall be made in the subsequent fiscal year and shall equal the approved cost less the amount of transportation aid received for the student(s).
- h. Nothing in N.J.A.C. 6A:22-3.2 shall prevent the Board of Education from allowing a student to enroll without the payment of tuition pursuant to N.J.S.A. 18A:38-3.a.
- i. Nothing in N.J.A.C. 6A:22-3.2 shall prevent a parent or school district from appealing the Executive County Superintendent's decision(s) to the Commissioner in accordance with N.J.A.C. 6A:3-1.3. If the Commissioner of Education determines the situation is not a family crisis, his or her decision shall state which of the following shall pay the transportation costs incurred during the appeal process: the State, school district, or parent.

D. Housing and Immigration Status

- 1. A student's eligibility to attend school shall not be affected by the physical condition of an applicant's housing or his or her compliance with local housing ordinances or terms of lease.
- 2. Except as set forth in a. below, immigration/visa status shall not affect eligibility to attend school. Any student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, who is domiciled in the school district or otherwise eligible to attend school in the district pursuant to N.J.A.C. 6A:22-3.2 shall be enrolled without regard to, or inquiry concerning, immigration status.

- a. However, the provisions of N.J.S.A. 18A:38-1 and N.J.A.C. 6A:22 shall not apply to students who have obtained, or are seeking to obtain, a Certificate of Eligibility for Nonimmigrant Student Status (INS Form I-20) from the school district in order to apply to the INS for issuance of a visa for the purpose of limited study on a tuition basis in a United States public secondary school ("F-1" Visa).
- E. Nothing in Policy and Regulation 5111 or N.J.A.C. 6A:22 shall be construed to limit the discretion of the Board to admit nonresident students, or the ability of a nonresident student to attend school with or without payment of tuition, with the consent of the district Board pursuant to N.J.S.A. 18A:38-3.a.
- F. Proof of Eligibility
1. The Board of Education shall accept a combination of any of the following or similar forms of documentation from persons attempting to demonstrate a student's eligibility for enrollment in the school district:
 - a. Property tax bills; deeds; contracts of sale; leases; mortgages; signed letters from landlords; and other evidence of property ownership, tenancy, or residency;
 - b. Voter registrations; licenses; permits; financial account information; utility bills; delivery receipts; and other evidence of personal attachment to a particular location;
 - c. Court orders; State agency agreements; and other evidence of court or agency placements or directives;
 - d. Receipts; bills; cancelled checks; insurance claims or payments; and other evidence of expenditures demonstrating personal attachment to a particular location, or to support the student;
 - e. Medical reports; counselor or social worker assessments; employment documents; unemployment claims; benefit statements; and other evidence of circumstances demonstrating family or economic hardship, or temporary residency;
 - f. Affidavits, certifications and sworn attestations pertaining to statutory criteria for school attendance, from the parent, guardian, person keeping an "affidavit student," adult student, person(s) with whom a family is living, or others, as appropriate;
 - g. Documents pertaining to military status and assignment; and
 - h. Any other business record or document issued by a governmental entity.

2. The Board of Education may accept forms of documentation not listed above, and shall not exclude from consideration any documentation or information presented by an applicant.
 3. The Board of Education shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form or subset of documents without regard to other evidence presented.
 4. The Board of Education shall not condition enrollment on the receipt of information or documents protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school. They include, but are not limited to:
 - a. Income tax returns;
 - b. Documentation or information relating to citizenship or immigration/visa status, except as set forth in N.J.A.C. 6A:22-3.3(b);
 - c. Documentation or information relating to compliance with local housing ordinances or conditions of tenancy; and
 - d. Social security numbers.
 5. The Board of Education may consider, in a manner consistent with Federal law, documents or information referenced in 4. above, or pertinent parts thereof if voluntarily disclosed by the applicant. However, the Board of Education may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment.
 6. In the case of a dispute between the school district and the parents or guardians of a student in regard to a student's eligibility to enroll in the school district or to remain enrolled in the school district pursuant to the provisions of N.J.S.A. 18A:38-1, the school district may request from the New Jersey Motor Vehicle Commission the parent or guardian's name and address for use in verifying a student's eligibility for enrollment in the school district.
- G. Registration Forms and Procedures for Initial Assessment
1. The Board of Education shall use Commissioner-provided registration forms, or locally developed forms that:

- a. Are consistent with the forms provided by the Commissioner;
 - b. Do not seek information prohibited by N.J.A.C. 6A:22 or any other provision of statute or rule;
 - c. Summarize, for the applicant's reference, the criteria for attendance set forth in N.J.S.A. 18A:38-1, and specify the nature and form of any sworn statement(s) to be filed;
 - d. Clearly state the purpose for which the requested information is being sought in relation to the criteria; and
 - e. Notify applicants that an initial eligibility determination is subject to a more thorough review and evaluation, and that an assessment of tuition is possible if an initially admitted applicant is later found ineligible.
2. The Board of Education shall make available sufficient numbers of registration forms and trained registration staff to ensure prompt eligibility determinations and enrollment. Enrollment applications may be taken by appointment, but appointments shall be promptly scheduled and shall not unduly defer a student's attendance at school.
- a. If the school district uses separate forms for affidavit student applications rather than a single form for all types of enrollment, affidavit student forms shall comply in all respects with the provisions of G.1. above. When affidavit student forms are used, the school district shall provide them to any person attempting to register a student of whom he or she is not the parent or guardian, even if not specifically requested.
 - (1) The Board of Education or its agents shall not demand or suggest that guardianship or custody must be obtained before enrollment will be considered for a student living with a person other than the parent or guardian since such student may qualify as an affidavit student.
 - (2) The Board of Education or its agents shall not demand or suggest that an applicant seeking to enroll a student of whom the applicant has guardianship or custody produce affidavit student proofs.
 - b. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

3. Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials.
 - a. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.
 - b. When a student appears ineligible based on information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the school district's determination and intent to appeal to the Commissioner.
 - (1) An applicant whose student is enrolled pursuant to this provision shall be notified that the student will be removed without a hearing before the Board if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.
4. When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement that the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school, designated staff shall report to the school district of actual domicile or residence, or the Department of Children and Families, a potential instance of "neglect" for purposes of ensuring compliance with compulsory education laws, N.J.S.A. 9:6-1. Staff shall provide the school district or the Department of Children and Families with the student's name, the name(s) of the parent/guardian/resident, and the student's address to the extent known. Staff shall also indicate admission to the school district has been denied based on residency or domicile, and there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

5. Enrollment or attendance in the school district shall not be conditioned on advance payment of tuition in whole or part when enrollment is denied and an intent to appeal is indicated, or when enrollment is provisional and subject to further review or information.
 6. The Board of Education shall ensure the registration process identifies information suggesting an applicant may be homeless so procedures may be implemented in accordance with N.J.A.C. 6A:17-2 - Education of Homeless Children.
 7. Enrollment or attendance in the school district shall not be denied based upon absence of a certified copy of the student's birth certificate or other proof of his or her identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.
 8. Enrollment in the school district shall not be denied based upon absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.
 9. When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student's prior educational record. However, the applicant shall be advised the student's initial educational placement may be subject to revision upon the school district's receipt of records or further assessment of the student.
- H. Notice of Ineligibility
1. When a student is found ineligible to attend the school district pursuant to N.J.A.C. 6A:22 or the student's initial application is found to be deficient upon subsequent review or investigation, the school district shall immediately provide notice to the applicant that is consistent with Commissioner-provided sample form(s) and meets the requirements of N.J.A.C. 6A:22-4 et seq.
 - a. Notices shall be in writing; in English and in the native language of the applicant; issued by the Superintendent; and directed to the address at which the applicant claims to reside.
 2. Notices of ineligibility shall include:
 - a. In cases of denial, a clear description of the specific basis on which the determination of ineligibility was made:

- (1) The description shall be sufficient to allow the applicant to understand the basis for the decision and determine whether to appeal; and
 - (2) The description shall identify the specific subsection of N.J.S.A. 18A:38-1 under which the application was decided.
- b. In cases of provisional eligibility, a clear description of the missing documents or information that still must be provided before a final eligibility status can be attained under the applicable provision of N.J.S.A. 18A:38-1;
 - c. A clear statement of the applicant's right to appeal to the Commissioner of Education within twenty-one days of the notice date, along with an informational document provided by the Commissioner describing how to file an appeal;
 - d. A clear statement of the student's right to attend school for the twenty-one day period during which an appeal can be made to the Commissioner. It also shall state the student will not be permitted to attend school beyond the twenty-first day following the notice date if missing information is not provided or an appeal is not filed;
 - e. A clear statement of the student's right to continue attending school while an appeal to the Commissioner is pending;
 - f. A clear statement that, if an appeal is filed with the Commissioner and the applicant does not sustain the burden of demonstrating the student's right to attend the school district, or the applicant withdraws the appeal, fails to prosecute or abandons the appeal by any means other than settlement, the applicant may be assessed, by order of the Commissioner enforceable in Superior Court, tuition for any period of ineligible attendance, including the initial twenty-one day period and the period during which the appeal was pending before the Commissioner;
 - g. A clear statement of the approximate rate of tuition, pursuant to N.J.A.C. 6A:22-6.3, that an applicant may be assessed for the year at issue if the applicant does not prevail on appeal, or elects not to appeal:
 - (1) If removal is based on the student's move from the school district, the notice of ineligibility shall also provide information as to whether district Policy permits continued attendance, with or without tuition, for students who move from the school district during the school year.

- h. The name of a contact person in the school district who can assist in explaining the notice's contents; and
- i. When no appeal is filed, notice that the parent or guardian shall still comply with compulsory education laws. In the absence of a written statement from the parent or guardian that the student will be attending school in another school district or non-public school, or receiving instruction elsewhere than at a school, school district staff shall notify the school district of actual domicile/residence, or the Department of Children and Families, of a potential instance of "neglect" pursuant to N.J.S.A. 9:6-1. For purposes of facilitating enforcement of the State compulsory education requirement (N.J.S.A. 18A:38-25), staff shall provide the student's name, the name(s) of the parent/guardian/resident, address to the extent known, denial of admission based on residency or domicile, and absence of evidence of intent to attend school or receive instruction elsewhere.

I. Removal of Currently Enrolled Students

- 1. Nothing in N.J.A.C. 6A:22 and this Regulation shall preclude the Board of Education from identifying through further investigation or periodic requests for revalidation of eligibility, students enrolled in the school district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances, or newly discovered information.
- 2. When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board of Education for the student's removal.
 - a. The Superintendent shall issue a preliminary notice of ineligibility meeting the requirements of N.J.A.C. 6A:22-4.2. However, the notice shall also provide for a hearing before the Board of Education prior to a final decision on removal.
- 3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an "affidavit student," has been informed of his or her entitlement to a hearing before the Board of Education.
- 4. Once the hearing is held, or if the parent, guardian, adult student, or resident keeping an "affidavit student," does not respond within the designated time frame to the Superintendent's notice or appear for the hearing, the Board of Education shall make a prompt determination of the student's eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2.

5. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board of Education or a Board committee, at the discretion of the full Board. If the hearing is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. However, no student shall be removed except by vote of the Board of Education taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.
- J. Appeal to the Commissioner
1. An applicant may appeal to the Commissioner of Education a school district determination that a student is ineligible to attend its schools. Appeals shall be initiated by petition, which shall be filed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 and shall proceed as a contested case pursuant to N.J.A.C. 6A:3.
 - a. Pursuant to N.J.S.A. 18A:38-1.b(1), appeals of "affidavit student" ineligibility determinations shall be filed by the resident keeping the student.
- K. Assessment and Calculation of Tuition
1. If no appeal to the Commissioner is filed by the parent, guardian, adult student, or school district resident keeping an "affidavit" student following notice of an ineligibility determination, the Board of Education may assess tuition for up to one year of a student's ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner.
 - a. If the responsible party does not pay the tuition assessment, the Board of Education may petition the Commissioner pursuant to N.J.A.C. 6A:3 for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10 through recording, upon request of the Board of Education pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.
 2. If an appeal to the Commissioner is filed by the parent, guardian, adult student, or school district resident keeping an "affidavit" student and the petitioner does not sustain the burden of demonstrating the student's right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition for the period during which the hearing and decision on appeal were pending, and for up to one year of a student's ineligible attendance in a school district prior to the appeal's filing and including the twenty-one day period to file an appeal.

- a. Upon the Commissioner's finding that an appeal has been abandoned, the Board of Education may remove the student from school and seek tuition for up to one year of ineligible attendance pursuant to N.J.A.C. 6A:22-6.1(a) plus the period of ineligible attendance after the appeal was filed. If the record of the appeal includes a calculation reflecting the tuition rate(s) for the year(s) at issue, the per diem tuition rate for the current year and the date on which the student's ineligible attendance began, the Commissioner may order payment of tuition as part of his or her decision. In doing so, the Commissioner shall consider whether the ineligible attendance was due to the school district's error. If the record does not include such a calculation and the Board of Education has filed a counterclaim for tuition, the counterclaim shall proceed to a hearing notwithstanding that the petition has been abandoned.
 - b. An order of the Commissioner assessing tuition is enforceable through recording, upon request of the Board of Education pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division, in accordance with N.J.S.A. 2A:58-10.
3. Tuition assessed pursuant to the provisions of N.J.A.C. 6A:22-6 shall be calculated on a per-student basis for the period of a student's ineligible enrollment, up to one year, by applicable grade/program category and consistent with the provisions of N.J.A.C. 6A:23A-17.1. The individual student's record of daily attendance shall not affect the calculation.
 4. Nothing in N.J.A.C. 6A:22 shall preclude an equitable determination by the Board of Education or the Commissioner that tuition shall not be assessed for all or part of any period of a student's ineligible attendance in the school district when the particular circumstances of a matter so warrant. In making the determination, the Board of Education or Commissioner shall consider whether the ineligible attendance was due to the school district's error.

The homeless child shall be enrolled in the school district in which enrollment or continued enrollment is sought by the parent, pending resolution of the dispute or appeal.

4. Disputes and appeals involving the services provided to a homeless child with a disability shall be made pursuant to N.J.A.C. 6A:14.

R 5200 ATTENDANCE

A. Definitions

1. For the purposes of school attendance, a “day in session” shall be a day on which the school is open and students are under the guidance and direction of a teacher or teachers engaged in the teaching process. Days on which school is closed for such reasons as holidays, teachers’ institutes, and inclement weather shall not be considered as days in session.
2. A “school day” shall consist of not less than four hours, except that one continuous session of two and one-half hours may be considered a full day of Kindergarten.
3. “A day of attendance” shall be one in which the student is present for a full day under the guidance and direction of a teacher while school is in session.
 - a. Whenever over-crowded conditions make it necessary to hold two separate sessions with a different group of students in each session, a student attending for all of either session shall be regarded as having attended for the full day. An excused absence for any reason shall not be counted as a day of attendance in the school register.
4. A “half-day class” shall be considered the equivalent of a full day’s attendance only if in session for four hours or more, exclusive of recess periods or lunch periods.

B. Attendance Recording

1. A record of the attendance of all students on roll in a school register shall be kept each day that school is in session by a teacher or other authorized person. It shall be the duty of this person to keep the attendance records according to these rules and the specific instructions issued by the Commissioner of Education.
2. No student shall be recorded as present unless the school is in session and the student so recorded is under the guidance and direction of a teacher in the teaching process.
3. A student shall be recorded as absent in the school register when not in attendance at a session of the school while a member of the school, except students excused due to religious holidays who shall be recorded as excused.

4. A student shall be recorded as either present, absent, or excused for religious observance, every day the school is in session after the student enters until the date the student is transferred to another school, transferred to an individual home instruction record, or officially leaves the school system.
 5. The Commissioner shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis.
 6. The mere presence of a student at roll call shall not be regarded as sufficient attendance for compliance with N.J.A.C. 6A:32-8.3. In a school which is in session during both the forenoon and the afternoon, a student shall be present at least one hour during both the forenoon and the afternoon in order to be recorded as present for the full day. In a school which is in session during either the forenoon or the afternoon, a student shall be present at least two hours in the session in order to be recorded as present for the full day.
 7. A student not present in school because of his/her participation in an approved school activity, such as a field trip, meeting, cooperative education assignment, or athletic competition will be considered to be in attendance.
- C. Unexcused Absences That Count Toward Truancy/Excused Absences

 - a. The student shall file a written appeal to the Principal or designee within five school days of receiving notice of the action.  - b. The Principal or designee will respond in writing no later than seven school days after receiving the student's appeal.

An appeal to the Attendance Review Committee shall be considered to have exhausted the first two steps of the grievance procedure outlined in Policy 5710.

G. Attendance Records

1. Attendance records for the school district and each school will be maintained and attendance rates will be calculated as required by the New Jersey Department of Education. The school district will comply with all attendance requirements and any improvement plans as required by the Department of Education.

H. Student Attendance - High School

Absence from school restricts and inhibits the ability of the student to successfully complete the prescribed curriculum requirements. It also violates New Jersey State Law (N.J.S.A. 18A:38-25-6) requiring students to regularly attend school.

Every parent, guardian or other persons having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public schools of the district or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive instruction elsewhere than at school.

In keeping with the prevailing laws of the State, the Rutherford Board of Education recognizes and accepts its responsibility to provide a thorough and efficient education for all students within the district. Since diplomas awarded by the Rutherford Board of Education are based upon verification of student growth and development by course and by competency, it is the paramount obligation of parents and students to accept student responsibility to attend school as scheduled.

The Rutherford Board of Education will neither condone nor permit student absences from school for any reason not specified in the law, nor will the Board issue credit if maximum attendance for each student is not achieved.

Only those students who have successfully completed the requirements for graduation as approved by the Rutherford Board of Education and have met the attendance requirements shall be eligible for the Diploma and be permitted to participate in the graduation ceremony.

1. Absenteeism

Statistical evidence indicates that normal absenteeism for legitimate illness ranges between five and eight percent of the student body on a daily basis. The school curriculum is designed to adequately compensate for this level of absenteeism by providing all students the opportunity to make up the missed instruction.

All students and parents will be notified upon the student's entrance to the Rutherford School District of the attendance policy and will be urged to guardedly conserve the allowable number of absences for such unforeseen necessities as accidents or sudden illnesses. Special provisions are made for certified hospital stays and other illnesses requiring long recuperations. Written medical verification will be required and must be submitted immediately upon the student's return to school. Homebound instruction is also available and periods of time under homebound instruction are not considered absences for the purposes of this policy.

a. Loss of Course Credit Due to Excessive Absenteeism

Students missing over eighteen school days will not qualify for receipt of assigned credit.

It is the intention of this policy that eighteen absences per year will provide for normal illnesses. Those students who use their quota for other reasons will not be able to claim relief on the basis that they did not expect to become ill after using the absences for other purposes.

b. Absence Verification

School attendance is a basic responsibility of students and their parents. Students who shirk responsibility for learning by absenting themselves from school/class are clearly impeding and complicating the learning process.

Parents/guardians are responsible for notifying the school early in the day when a child will be absent and for informing the school of the reason for the absence. The Superintendent shall develop procedures for the attendance of students which:

- (1) Ensure a school session which is in conformity with requirements of the rules of the State Board of Education;
- (2) Identify potentially missing and/or abused students;
- (3) Govern the keeping of attendance records in accordance with rules of the State Board of Education at N.J.A.C. 6A:6-1.1 et seq. including students serving in- or out-of-school suspensions, or excluded for health and cleanliness reasons.

When students are absent for any time whatever, they must, upon return to school, present a written explanation signed by one parent to the Attendance Office or homeroom teacher. At times some illnesses are treated by a doctor and it may become necessary to substantiate these absences during an appeals hearing if it is invoked against a student. Therefore medical excuses must be submitted immediately upon return to school, where they will become a part of the student's permanent attendance record. The school will not honor retroactive medical excuses from doctors. According to the Age of Majority Law effective January 1, 1973, students eighteen years of age or older may sign their own absence excuses. This excuse should state the reason for and date(s) of absence. If there is any question regarding the written explanation, the teacher may refer the matter to the Assistant Principal.

c. Incomplete School Day

- (1) Students must arrive no later than 9:30 a.m. and leave no earlier than 1:30 p.m. to be counted present for a full day of school and three academic periods to be counted present for a half day of school.
- (2) Students with an abbreviated schedule (fifth year students) must be present for seventy-seven percent of their schedule to be counted present for a full day of school and for thirty-three percent of their schedule to be counted present for a half day of school.
- (3) Students leaving school prior to completion of their regularly scheduled day, except as provided under Section 2. below, will have their excuses reviewed by the administration.

d. Potentially Missing Children

- (1) If daily attendance records indicate a child is absent, and the parent/guardian has not called, a designated person shall attempt to contact them.
- (2) If no telephone contact can be made, the attendance officer shall investigate.

- (3) If the attendance officer cannot locate the child, he/she shall inform the Principal, who shall inform the appropriate local authorities.
- (4) If a child who was present in the morning is absent after lunch, the same procedure shall be followed.

e. Marking Missing Child's School Record

Whenever the Superintendent receives notice from the Missing Persons Unit that a child has been reported missing, he/she shall mark the child's records in such a way that whenever a copy of or information regarding the record is requested, district personnel will be aware that the record is that of a missing child. If a copy of a marked school record is requested, the Superintendent shall supply the record to the requester without alerting him/her to the fact that the record has been marked, according to provisions in code and statute on accessing student records (see Policy 8330 Student Records). After the Superintendent has complied with the request for copies of records or information, he/she shall immediately report the inquiry or any knowledge as to the whereabouts of the missing child to the Missing Persons Unit.

f. Removal from School Roll

- (1) Students missing four consecutive school days, who do not appear on home instruction, are not medically certified as incapacitated, and/or whose parents or guardians have not been accessible to contact from the school will be issued written notification to report back to school within five school days. Failure to do so could result in the removal of erring students from school rolls.
 - (a) Parents of students under the compulsory age shall be served a formal written notice to cause their children to attend school. Failure to comply with the provisions of the law may cause a parent to be deemed a disorderly person and be subjected to a fine. (N.J.S.A. 18:38-31)
 - (b) Students above the compulsory age, having been dropped from the rolls for not complying with the notice to return to school, may present a written petition to the Attendance Committee for re-admittance. Each case will be reviewed separately and each decision will be based upon the merits of the petition.

- (2) Students over sixteen years of age who miss more than thirty days of school, even though these days are non-consecutive, will be notified and dropped from the rolls. Notification will take the form of a personal conference with the parents(s), student, and Assistant Principal. Parents of those students under sixteen years of age shall be notified by the Attendance Office that credit for the course has been denied and the course must be audited for the remainder of the school year. Due process will be exercised to the fullest.

g. Unexcused Absences

Students who absent themselves from school without the knowledge of parents or guardians will be considered "truant" and may be suspended from school until a conference is held with the student, a parent, and the Assistant Principal.

The Board will report to appropriate authorities infractions of the law regarding the attendance of students below the age of sixteen. Repeated infractions by enrolled students over the age of sixteen may result in the suspension or expulsion of the student.

When a student fails to report to class or school accumulating up to four unexcused absences, the district shall:

- (1) Make a reasonable attempt to notify the student's parents/guardians of each unexcused absence the day of the unexcused absence;
- (2) Attempt to contact the parents/guardians by telephone, email and/or cellular phone to determine the cause of the unexcused absence.
- (3) Develop an action plan to assist the student to return to school and maintain regular attendance.

If contact through these means is unsuccessful the district may follow-up with another attempt to contact the parents/guardians or send a letter reporting the unexcused absence and requesting the parent/guardian to contact the school.

If at any time it is suspected that there is a potential of abuse, neglect and/or a student is potentially missing the district shall implement all procedures required by law including reporting protocols, notification of parents/guardians and cooperation with law enforcement and other authorities and agencies, as appropriate.

h. Persistent Absences

If the pattern of unexcused absences continues and five to nine unexcused absences are accumulated the district shall:

- (1) Make a reasonable attempt to notify the student's parents/guardians of each unexcused absence the day of the unexcused absence;
- (2) Attempt to contact the parents/guardians by telephone, email and/or cellular phone to determine the cause of the unexcused absence;
- (3) Conduct a follow-up investigation by contacting the student's parents/guardians in writing to determine the cause of each unexcused absence;
- (4) The Principal or his or her designee shall schedule a meeting with the parent/guardian and the student.

The purpose of this meeting shall be to evaluate the appropriateness of the action plan to assist the student to return to school and maintain regular attendance. The plan shall be reviewed and revised in coordination with the parent/guardian and may include the participation of the classroom teacher, school nurse, guidance counselor, Principal or other appropriate staff. The plan shall establish outcomes based upon the student's needs and specify the interventions for achieving the outcomes and supporting the student's return to school and regular attendance. That plan may include any or all of the following:

- (a) Referral or consultation with the building's Response to Intervention (RTI) team;

- (b) Testing, assessments or evaluations of the student's academic, behavioral and health needs;
- (c) The consideration of an alternate educational placement;
- (d) Referral to a community-based social and health provider agency or other community resource;
- (e) Referral to the court program designated by the New Jersey Administrative Office of the Courts;
- (f) The implementation of all required procedures for potential abuse, neglect or missing child including cooperation with law enforcement and other authorities and agencies, as appropriate.

i. Religious Observance

In accordance with statute, no student absent for religious observances of a day recognized by the Commissioner of Education or this Board of Education shall be charged with an absence, deprived of an award or eligibility/opportunity to compete for an award, or of the right to take an alternate to a test or examination missed through such absence.

2. Late Arrival and Early Dismissal

The Board recognizes that from time to time compelling circumstances will require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this district, the Board shall require that the school be notified in advance of such absences by written request of the student's parent/guardian, which shall state the reason for the tardiness or early dismissal. Justifiable reasons may include:

- a. Illnesses which manifested themselves after the student reported to school;
- b. Medical or dental appointments which cannot be scheduled outside of school hours;

- c. Driver's tests with verification of appointments;
- d. Emergencies sanctioned at the Principal's discretion;
- e. Interview for college entrance or employment.

3. Home Instruction

Home instruction may be initiated upon request by parents if the student is absent for ten consecutive days. A statement by a medical examiner giving a prognosis for the length of time a student will be absent and the nature of the illness must be filed in the Superintendent's office before home instruction may commence. Students on home instruction are considered present for attendance purposes.

4. Make-up Work

Although students are provided an opportunity to complete assignments missed due to absences, it would be unwise to suppose that they could compensate for the group interaction they missed in the learning activity of a total class meeting.

- (a) The rule of thumb for time allowed to make up work missed due to absence is equal to the total absences, except that the make-up period is not to exceed five days without the permission of the Principal or his/her delegate. Students have a responsibility to make up work missed.
- (b) Students choosing to be absent from classes without excuse (cut) or otherwise found to be truant may not make up work missed during these infractions and may be subject to suspension.
- (c) Students may complete assignments for time missed from school due to actions initiated by the authorities of the school (suspension, exclusion, etc.)

5. Course Credit

Students who have accrued more than eighteen absences but less than thirty absences are considered to be in a Non-Credit Status. The school maintains a consistent obligation requiring all students to be present in school in order that they may be taught. The Non-Credit Status is a condition predicated upon attendance and performance. Students in this category may participate in all school related activities.

(a) Requirements for Completion of Courses

Students in Non-Credit Status who remain in class throughout the regular school year may complete a course's requirements in a summer school if they do not exceed the maximum number of allowable absences thirty, and if said course is offered. (Summer school class sessions total sixty hours of instruction, thereby properly permitting the make-up of the lost time.) A student may take only two courses during any one summer session.

(b) Withdrawal from Course

Students in a Non-Credit Status who subsequently withdraw from school will have a Withdrawal Passing (WP) or Withdrawal Failure (WF) on their permanent records. Subjects from which students have withdrawn cannot be made up in a remedial summer school program.

6. Attendance Policy for Shared Time School

Due to unique circumstances which are relative to students who attend the shared-time vocational school known as Shared Time School, a special attendance policy will apply to the time spent at Shared Time School.

Any student who attends the Shared Time School in the a.m. or p.m. session and who accrues more than eighteen absences from the said program will be withdrawn from that program and thereby receive no credit or Shared Time School. When a student accrues the nineteen absences and is withdrawn from the program, said student will be permitted to attend his or her remaining classes at Rutherford High School. Said student may not return to the vocational school during that school year.

Those students who are dropped from Shared Time School prior to the completion of the first semester at Rutherford High School, may have their second semester schedules adjusted in order to begin second semester courses at Rutherford High School thereby ensuring a full day of classes.

Those students who are dropped from Shared Time School after the beginning of the second semester at Rutherford High School will attend Rutherford High School on a part-time basis and will not be able to avail themselves of courses or credits for the other half of the school day.

7. Appeals

The Board is cognizant of possible unforeseen factors which may create hardships relating to the operation of the attendance policy.

- (a) Appeals may be made for relief from any measure related to this policy.
- (b) Petition for a hearing must be presented to the Principal by a parent or guardian within five days of the receipt of any notice regarding student attendance and/or any action being taken thereon.
- (c) Petition will be heard by the Attendance Committee, which may excuse one or more absences for reasons of illness, hardship, or other extenuating circumstances. Academic standing, general behavior, and course standings will be weighted by the committee.
- (d) All Attendance Committee decisions will be based on a simple majority vote.
 - (1) The committee will be appointed by the Superintendent of Schools.
 - (2) The committee shall consist of the school Principal, Assistant Principal, one department chairperson, one guidance counselor, and one teacher.
- (e) Decisions of the Attendance Committee may be appealed to the Superintendent of Schools. Such appeals must be made in writing within seven days of receipt of the decision of the Attendance Committee.
- (f) Decisions of the Superintendent may be appealed to the Board of Education. Such appeals must be made in writing within ten days of receipt of the decision of the Superintendent.
- g. Decisions of the Board of Education may be appealed to the Commissioner of Education.

8. Record Keeping

- a. Reporting student absences is a primary responsibility of the school and shall be accomplished in the following manner:

- (1) Absences from school will be recorded in an appropriate manner in the student information system. Attendance recorded on report cards is an unofficial record of student absences.
- (2) The Attendance Office will mail a letter of notification to parents or guardians alerting them of the danger of the student's noncompliance with the attendance requirements. Letters will be mailed on the tenth and fifteenth absence. These letters are in addition to normal office procedures of random telephone calls checking on absences, reporting absences on report cards, and the use of progress reports.
- (3) Notification will be mailed to parents or guardians informing them of a student's Non-Credit Status. Copies will be forwarded to the student's guidance counselor and subject teachers.
- (4) Homeroom teachers will record the daily class attendance for each session as directed by the Attendance Office.
- (5) Every teacher will record the daily class attendance for each student in his or her grade book.

b. Other Procedures

- (1) Transfers from Rutherford High School to other districts during the school year will include notification of grades earned, promotion status, and an explanation of the policy regarding absences and grades.
- (2) Students who enter Rutherford High School after the opening of school shall have the number of absences prorated.

I. Student Attendance – Elementary School

Absence from school restricts and inhibits the ability of the student to successfully complete the prescribed curriculum requirements. It also violates New Jersey State Law (N.J.S.A. 18A:38-25-26) requiring students to regularly attend school.

Every parent, guardian or other persons having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public schools of the district or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive instruction elsewhere than at school.

In keeping with the prevailing laws of the State, the Rutherford Board of Education recognizes and accepts its responsibility to provide a thorough and efficient education for all students within the district. Since diplomas awarded by the Rutherford Board of Education are based upon verification of student growth and development by course and by competency, it is the paramount obligation of parents and students to accept student responsibility to attend school as scheduled.

The Rutherford Board of Education will neither condone nor permit student absences from school for any reason not specified in the law, nor will the Board issue credit if maximum attendance for each student is not achieved.

Only those students who have successfully completed the requirements for graduation as approved by the Rutherford Board of Education and have met the attendance requirements shall be eligible for the diploma and be permitted to participate in the graduation ceremony.

1. Absenteeism

Statistical evidence indicates that normal absenteeism for legitimate illness ranges between five and eight percent of the student body on a daily basis. The school curriculum is designed to adequately compensate for this level of absenteeism by providing all students the opportunity to make up the missed instruction.

All students and parents will be notified upon the student's entrance to the Rutherford School District of the attendance policy and will be urged to guardedly conserve the allowable number of absences for such unforeseen necessities as accidents or sudden illnesses. Special provisions are made for certified hospital stays and other illnesses requiring long recuperations. Written medical verification will be required and must be submitted immediately upon the student's return to school. Homebound instruction is also available and periods of time under homebound instruction are not considered absences for the purposes of this policy.

a. Loss of Course Credit Due to Excessive Absenteeism

Students missing over eighteen school days will not qualify for promotion.

It is the intention of this policy that eighteen absences per year will provide for normal illnesses. Those students who use their quota for other reasons will not be able to claim relief on the basis that they did not expect to become ill after using the absences for other purposes.

b. Absence Verification

School attendance is a basic responsibility of students and their parents. Students who shirk responsibility for learning by absenting themselves from school/class are clearly impeding and complicating the learning process.

Parents/guardians are responsible for notifying the school early in the day when a child will be absent and for informing the school of the reason for the absence. The Superintendent shall develop procedures for the attendance of students which:

- (1) Ensure a school session which is in conformity with requirements of the rules of the State Board of Education;
- (2) Identify potentially missing and/or abused students;
- (3) Govern the keeping of attendance records in accordance with rules of the State Board of Education at N.J.A.C. 6A:6-1.1 et seq. including students serving in- or out-of-school suspensions, or excluded for health and cleanliness reasons.

When students are absent for any time whatever, they must, upon return to school, present a written explanation signed by one parent to the homeroom teacher. If the student has been treated by a physician, the parent may submit a note from the physician to support the student's absence. Students may be sent home for written verification if they fail to present a note from their parent.

c. Incomplete School Day

- (1) Students must complete one hour per session to be counted present for that session.
- (2) Students leaving school prior to completion of their regularly scheduled day, except as provided under Section B. below, will have their excuses reviewed by the administration.

d. Potentially Missing Children

- (1) If daily attendance records indicate a child is absent, and the parent/guardian has not called, a designated person shall attempt to contact them.

- (2) If no telephone contact can be made, the attendance officer shall investigate.
- (3) If the attendance officer cannot locate the child, he/she shall inform the Principal, who shall inform the appropriate local authorities.
- (4) If a child who was present in the morning is absent after lunch, the same procedure shall be followed.

e. Marking Missing Child's School Record

Whenever the Superintendent receives notice from the Missing Persons Unit that a child has been reported missing, he/she shall mark the child's records in such a way that whenever a copy of or information regarding the record is requested, district personnel will be aware that the record is that of a missing child. If a copy of a marked school record is requested, the Superintendent shall supply the record to the requestor without alerting him/her to the fact that the record has been marked, according to provisions in code and statute on accessing student records (see Policy 8330 Student Records). After the Superintendent has complied with the request for copies of records or information, he/she shall immediately report the inquiry or any knowledge as to the whereabouts of the missing child to the Missing Persons Unit.

f. Removal from School Roll

- (1) Students missing four consecutive school days, who do not appear on home instruction, are not medically certified as incapacitated, and/or whose parents or guardians have not been accessible to contact from the school will be issued written notification to report back to school within five school days. Failure to do so could result in the removal of erring students from school rolls.
 - (a) Parents of students under the compulsory age shall be served a formal written notice to cause their children to attend school. Failure to comply with the provisions of the law may cause a parent to be deemed a disorderly person and be subjected to a fine. (N.J.S.A. 18:38-31)

- (b) Students above the compulsory age, having been dropped from the rolls for not complying with the notice to return to school, may present a written petition to the Attendance Committee for re-admittance. Each case will be reviewed separately and each decision will be based upon the merits of the petition.
- (2) Students over sixteen years of age who miss more than thirty days of school, even though these days are non-consecutive, will be notified and dropped from the rolls. Notification will take the form of a personal conference with the parents(s), student, and Assistant Principal. Parents of those students under sixteen years of age shall be notified by the Attendance Office that credit for the course has been denied and the course must be audited for the remainder of the school year. Due process will be exercised to the fullest.

g. Unexcused Absences

Students who absent themselves from school without the knowledge of parents or guardians will be considered "truant" and may be suspended from school until a conference is held with the student, a parent, and the Assistant Principal.

The Board will report to appropriate authorities infractions of the law regarding the attendance of students below the age of sixteen. Repeated infractions by enrolled students over the age of sixteen may result in the suspension or expulsion of the student.

When a student fails to report to class or school accumulating up to four unexcused absences, the district shall:

- (1) Make a reasonable attempt to notify the student's parents/guardians of each unexcused absence the day of the unexcused absence;
- (2) Attempt to contact the parents/guardians by telephone, email and/or cellular phone to determine the cause of the unexcused absence;
- (3) Develop an action plan to assist the student to return to school and maintain regular attendance.

If contact through these means is unsuccessful the district may follow-up with another attempt to contact the parents/guardians or send a letter reporting the unexcused absence and requesting the parent/guardian to contact the school.

If at any time it is suspected that there is a potential of abuse, neglect and/or a student is potentially missing the district shall implement all procedures required by law including reporting protocols, notification of parents/guardians and cooperation with law enforcement and other authorities and agencies, as appropriate.

h. Persistent Absences

If the pattern of unexcused absences continues and five to nine unexcused absences are accumulated the district shall:

- (1) Make a reasonable attempt to notify the student's parents/guardians of each unexcused absence the day of the unexcused absence;
- (2) Attempt to contact the parents/guardians by telephone, email and/or cellular phone to determine the cause of the unexcused absence;
- (3) Conduct a follow-up investigation by contacting the student's parents/guardians in writing to determine the cause of each unexcused absence;
- (4) The Principal or his or her designee shall schedule a meeting with the parent/guardian and the student.

The purpose of this meeting shall be to evaluate the appropriateness of the action plan to assist the student to return to school and maintain regular attendance. The plan shall be reviewed and revised in coordination with the parent/guardian and may include the participation of the classroom teacher, school nurse, guidance counselor, Principal or other appropriate staff. The plan shall establish outcomes based upon the student's needs and specify the interventions for achieving the outcomes and supporting the student's return to school and regular attendance. That plan may include any or all of the following:

- (a) Referral or consultation with the building's Response to Intervention (RTI) team;
- (b) Testing, assessments or evaluations of the student's academic, behavioral and health needs;
- (c) The consideration of an alternate educational placement;
- (d) Referral to a community-based social and health provider agency or other community resource;
- (e) Referral to the court program designated by the New Jersey Administrative Office of the Courts;
- (f) The implementation of all required procedures for potential abuse, neglect or missing child including cooperation with law enforcement and other authorities and agencies, as appropriate.

i. Religious Observance

In accordance with statute, no student absent for religious observances of a day recognized by the Commissioner of Education or this Board of Education shall be charged with an absence, deprived of an award or eligibility/opportunity to compete for an award, or of the right to take an alternate to a test or examination missed through such absence.

2. Late Arrival and Early Dismissal

The Board recognizes that from time to time compelling circumstances will require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this district, the Board shall require that the school be notified in advance of such absences by written request of the student's parent/guardian, which shall state the reason for the tardiness or early dismissal. - e. Interview for college entrance or employment.

3. Home Instruction

Home instruction may be initiated upon request by parents if the student is absent for ten consecutive days. A statement by a medical examiner giving a prognosis for the length of time a student will be absent and the nature of the illness must be filed in the Superintendent's office before home instruction may commence. Students on home instruction are considered present for attendance purposes.

4. Make-up Work

- c. Students may complete assignments for time missed from school due to actions initiated by the authorities of the school (suspension, exclusion, etc.)

5. Appeals

The Board is cognizant of possible unforeseen factors which may create hardships relating to the operation of the attendance policy.

- a. Appeals may be made for relief from any measure related to this policy.
 - b. Petition for a hearing must be presented to the Principal by a parent or guardian within five days of the receipt of any notice regarding student attendance and/or any action being taken thereon.
 - c. Petition will be heard by the Attendance Committee, which may excuse one or more absences for reasons of illness, hardship, or other extenuating circumstances. Academic standing, general behavior, and course standings will be weighed by the committee.

GRACE PERIODS:

- 4-day grace period: All vaccines doses administered less than or equal to four days before either the specified minimum age or dose spacing interval shall be counted as valid and shall not require revaccination in order to enter or remain in a school, pre-school or child care facility.

R 5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

A. Definitions

1. Anaphylaxis - A serious allergic reaction that is rapid in onset and may cause death.
2. Epinephrine (adrenaline) - A drug that can be successfully utilized to counteract anaphylaxis.
3. Food Allergy - A group of disorders characterized by immunologic responses to specific food proteins. In the United States, the most likely common allergens in adults and children are cow's milk, eggs, peanuts, wheat, soy, fish, shellfish, and nuts.
4. Individualized Emergency Healthcare Plan (IEHP) - A personalized healthcare plan written by the certified school nurse that specifies the delivery of accommodations and services needed by a student in the event of an emergency.
5. Individualized Healthcare Plan (IHP) - A plan written by the certified school nurse that details accommodations and/or nursing services to be provided to a student because of the student's medical condition based on medical orders written by a health care provider in the student's medical home.
6. School-Sponsored Function - Any activity, event, or program occurring on or off school grounds, whether during or outside of regular school hours, that is organized and/or supported by the school.

B. Policy and Regulation Development

1. Policy and Regulation 5331 address different allergens, varying ages and maturity levels of students, and the physical properties and organizational structures of schools in this school district. The components below were critical in developing Policy and Regulation 5331.
 - a. The school district nursing staff, in consultation with the school physician, if needed:
 - (1) Assessed the overall health needs of the student population at risk for anaphylaxis, particularly students with food allergies; and

- (2) Assessed current and relevant policies and/or protocols regarding the care of students with life-threatening allergies and identified areas in need of development or improvement.
2. Policy and Regulation 5331 were developed using a multidisciplinary team that included various school district administrators, teachers, and support staff members.
3. Additional factors need to be regarded at the secondary school level in order to provide the best care for food-allergic teens. The multidisciplinary team should consider the factors below when developing Policy and Regulation 5331 as it pertains to food-allergic teens.
 - a. Students move to different classrooms, frequently in larger buildings and campuses, presenting needs for updated avoidance strategies, epinephrine availability, and designated assistance.
 - b. Students may have open lunch periods and accompany friends to local eateries.
 - c. Students may have access to vending machines.
 - d. Certain classes give rise to new avoidance issues, e.g., chemistry/biology labs, home economics/culinary class, etc.
 - e. The number of off-site school-sponsored functions increases, e.g., travel, sometimes to other States and foreign countries; athletic games and competitions, sometimes in other towns; dances; etc.
 - f. Risk-taking behaviors frequently accompany the independence of adolescent years.
 - g. N.J.S.A. 18A:40-12.6 provides for a delegate for the emergency administration of epinephrine even when a student is able to self-administer life-saving medication. Although teenage students will more than likely be permitted to carry and self-administer emergency medications, those students are not to be expected to have complete responsibility for the administration of epinephrine. A severe allergic reaction can completely incapacitate a student and inhibit the ability to

self-administer emergency medication. Therefore, the school nurse or volunteer delegate shall be available during school and school-sponsored functions to administer epinephrine in an emergency in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(2).

4. The Principal and/or the school nurse will educate staff and the community regarding Policy and Regulation 5331; obtain feedback on the implementation and effectiveness of the Policy and Regulation; and annually review, evaluate, and update the Policy and Regulation, as needed or required by law.
- C. Prevention Measures
1. Considerations for the Cafeteria
- The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the cafeteria environment as safe as possible for food-allergic students. This process includes making determinations about serving foods with known allergens and identifying steps that can be taken to reduce the chance of accidental exposure. The steps may include:
- a. Training to food service personnel on food label reading and safe handling, as well as safe meal substitutions for food-allergic children.
 - b. Educating cafeteria staff and monitors about food-allergy management and make them aware of the students who have life-threatening food allergies.
 - c. Developing and implementing standard procedures for cleaning tables, chairs, and trays, particularly those designated as allergen-safe, after lunch periods using dedicated and disposable supplies to avoid cross contact.
 - d. When possible, sharing ingredient/allergen information for food provided by the school to students and parent(s) or legal guardian(s).
 - e. Making allergen-safe table(s) an available option for allergic students.
 - f. Considering allergen-full table(s) (i.e., all those eating peanut butter sit together).

- g. Discouraging students from sharing or trading food/snack items, drinks, straws, or utensils.
- h. Encouraging students to wash hands before and after eating.
- i. Considering the benefits and ramifications of serving and/or removing allergen-containing foods or removing a particular food item from the school menu.
- j. Making accommodations in the event a student cannot be in direct proximity to certain allergens that are being cooked/boiled/steamed.

2. Considerations for the Classroom

Provisions will be made to develop safeguards for the protection of food-allergic students in the classroom. The school nurse will work with the classroom teacher(s) so the teacher understands and is able to initiate the student's IEHP, as necessary.

- a. If possible, consider prohibiting the use or consumption of allergen-containing foods in the classroom.
- b. Conduct training for teachers, aides, volunteers, substitutes, and students about food allergies.
- c. Develop and implement a procedure that will alert substitute teachers to the presence of any students with food allergies and any accompanying instructions.
- d. Develop and implement a letter to parent(s) or legal guardian(s) of classmates of the food-allergic student (without identifying the student), particularly in lower grades, explaining any prohibitions on food in the classroom.
- e. Discourage the use of food allergens for classroom projects/activities, classroom celebrations, etc.
- f. Encourage the use of non-food items for all classroom events/activities, as a way to avoid the potential presence of major food allergens.

- g. Notify parent(s) or legal guardian(s) of classroom celebrations that involve food with particular attention to notification of parent(s) or legal guardian(s) of food-allergic children.
- h. Encourage students to wash hands before and after eating.
- i. Develop and implement standard procedures for cleaning desks, tables, and the general classroom area.

3. General Considerations for the School Environment

The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the school environment as safe as possible for the food-allergic student to include:

- a. Developing and implementing cleaning procedures for common areas (i.e., libraries, computer labs, music and art rooms, hallways, etc.).
- b. Developing and implementing guidelines for food fundraisers (i.e. bake sales, candy sales, etc.) that are held on school grounds.
- c. Avoiding the use of food products as displays or components of displays in hallways.
- d. Developing protocols for appropriate cleaning methods following events held at the school, which involve food.

4. Field Trips and Other School Functions

N.J.S.A. 18A:40-12.6 requires a nurse or delegate to be available during school and school-sponsored functions in the event of anaphylaxis. Students with food allergies should participate in all school activities and will not be excluded based on their condition. The appropriate school staff member(s) should:

- a. Communicate (with parent(s) or legal guardian(s) permission) relevant aspects of the IEHP to staff, as appropriate, for field trips, school-sponsored functions, and before- and after-school programs.
- b. Encourage long-term planning of field trips in order to ensure that food-allergic students receive needed services while away from school.

- c. Evaluate appropriateness of trips when considering the needs of students e.g., a trip to a dairy farm should not be scheduled for a class with a milk-allergic student.
- d. Encourage, but do not require, parent(s) or legal guardian(s) of food-allergic students to accompany their child on school trips.
- e. Implement the district's procedure for the emergency administration of medications.
- f. Implement the district's procedure for emergency staff communications on field trips.
- g. Inform parent(s) or legal guardian(s), when possible, of school events at which food will be served or used.

5. Bus Transportation

The district administrative staff and transportation personnel will consider the needs of students with life-threatening allergies while being transported to and from school and to school-sponsored activities. The appropriate school staff member(s) should:

- a. Advise bus drivers of the students that have food allergies, symptoms associated with food-allergic reactions, and how to respond appropriately.
- b. Assess the emergency communications systems on buses.
- c. Consider assigned bus seating i.e., students with food allergies can sit at the front of the bus or can be paired with a "bus buddy."
- d. Assess existing policies regarding food on buses.

6. Preparing for an Emergency

The Principal and school nurse will establish emergency protocols and procedures in advance of an emergency. These protocols and procedures should:

- a. Provide training for school personnel about life-threatening allergic conditions.

- b. Create a list of volunteer delegates trained by the nurse in the administration of epinephrine, and disseminate the list appropriately.
- c. Ensure that epinephrine is quickly and readily accessible in the event of an emergency. If appropriate, maintain a backup supply of the medication.
- d. Coordinate with local EMS on emergency response in the event of anaphylaxis.
- e. Consider conducting anaphylaxis drills as part of the district or school-wide emergency response plan.
- f. Ensure access to epinephrine and allergy-free foods when developing plans for fire drills, lockdowns, etc.
- g. Ensure that reliable communication devices are available in the event of an emergency.
- h. Adhere to Occupational Safety and Health Administration (OSHA) and Universal Precautions Guidelines for disposal of epinephrine auto-injectors after use.

7. Sensitivity and Bullying

A food-allergic student may become victim to threats of bullying related to his/her condition. N.J.A.C. 6A:16-7.9 requires each Board of Education to develop, adopt, and implement a policy prohibiting harassment, intimidation, or bullying on school grounds, including on a school bus or at a school-sponsored function, pursuant to N.J.S.A. 18A:37-15. The appropriate school staff member(s) should:

- a. Remind students and staff that bullying or teasing food-allergic students will not be tolerated and violators should be disciplined appropriately.
- b. Offer professional development for faculty and staff regarding confidentiality to prevent open discussion about the health of specific students.
- c. Discourage needless labeling of food-allergic students in front of others. A food-allergic student should not be referred to as “the peanut kid,” “the bee kid” or any other name related to the student’s condition.

D. Roles and Responsibilities for Managing Food Allergies

The risk of accidental exposure to foods can be reduced in the school setting if schools, students, parent(s) or legal guardian(s), and physicians work together to minimize risks of exposure to allergens and provide a safe educational environment for food-allergic students.

1. Family's Role

- a. Notify the school of the student's allergies.
- b. Work with the school team to develop a plan that accommodates the student's needs throughout the school, including the classroom, the cafeteria, after-care programs, during school-sponsored activities, and on the school bus, as well as an IEHP.
- c. Provide written medical documentation, instructions, and medications as directed by a physician, using the Food Allergy Action Plan as a guide. Include a photo of the child on written form.
- d. Provide properly labeled medications and promptly replace medications after use or upon expiration.
- e. Educate the child in the self-management of their food allergy including: safe and unsafe foods; strategies for avoiding exposure to unsafe foods; symptoms of allergic reactions; how and when to tell an adult they may be having an allergy-related problem; and how to read food labels (age appropriate).
- f. Review policies and procedures with the school staff, the child's physician, and the child (if age appropriate) after a reaction has occurred.
- g. Provide current emergency contact information and update regularly.

2. School's Role

- a. Review the health records submitted by parent(s) or legal guardian(s) and physicians.

- b. Identify a core team including the school nurse, teacher, Principal, and school food service and nutrition manager/director to work with parent(s) or legal guardian(s) and the student (age appropriate) to establish an IEHP. Changes to the IEHP that promote food allergy management should be made with core team participation.
- c. Assure that all staff who interact with the student on a regular basis understand food allergies, can recognize symptoms, know what to do in an emergency, and work with other school staff to eliminate the use of food allergens in the allergic student's meals, educational tools, arts and crafts projects, or incentives.
- d. Coordinate with the school nurse to ensure medications are appropriately stored and ensure an emergency kit is available that contains a physician's standing order for epinephrine. Epinephrine should be kept in a secure but unlocked location that is easily accessible to delegated school personnel.
- e. Students who are permitted to self-administer should be permitted to carry their own epinephrine in accordance with State regulations and district policy.
- f. Designate school personnel who volunteer to administer epinephrine in an emergency.
- g. Be prepared to handle a reaction and ensure there is a staff member available who is properly trained to administer medications during the school day, regardless of time or location.
- h. Review policies and prevention plans with the core team members, parent(s) or legal guardian(s), student (age appropriate), and physician after a reaction has occurred.
- i. Work with the transportation administrator to insure that school bus drivers receive training that includes symptom awareness and what to do if a reaction occurs and assess the means by which a bus driver can communicate during an emergency, including proper devices and equipment.

- j. Discuss field trips with the family of the food-allergic child to decide appropriate strategies for managing the food allergy.
 - k. Follow Federal and/or State laws and regulations regarding sharing medical information about the student.
 - l. Take threats or harassment against an allergic child seriously.
3. Student's Role
- a. Students should not trade food with others.
 - b. Students should not eat anything with unknown ingredients or known to contain any allergens.
 - c. Students should be proactive in the care and management of their food allergies and reactions based on their developmental level.
 - d. Students should notify an adult immediately if they eat something they believe may contain the food to which they are allergic.

 3. The Principal will inform the student's parent, in a conference if possible, of the signs demonstrated by the student and of the district's concern and seek parental approval of the student's evaluation. In the event parental abuse or neglect is suspected, the Principal or the employee who forms the suspicion will immediately so inform the Department of Children and Families, Division of Child Protection and Permanency in accordance with Policy 8462.
 4. If the threat of suicide is immediate and serious, the Principal may appoint teaching staff members and/or Child Study Team members to a suicide intervention team, which shall determine the potential of the threat by directly questioning the student, without mincing words, about:
 - a. Whether any suicide plans have been made, how detailed the plans are, and whether any preliminary actions have been taken,
 - b. The student's feelings of hopelessness and the length of time the student has had such feelings,
 - c. The student's thoughts of suicide and how persistent and strong those thoughts are, and
 - d. Whether the student has considered alternative courses of action to resolve his/her problems.
 5. After gathering information, the suicide intervention team shall determine the life-threatening risk of the situation based on the student's signs of possible suicide (paragraph A1) and the student's responses to questioning.

6. If it is determined that a substantial risk of suicide exists, the Suicide Intervention Team shall:
 - a. Assign staff members as required to assure that the student is never out of the presence of an adult who has been fully informed that the student may be in danger of self-destruction,
 - b. Refer the student to the Child Study Team for comprehensive evaluation,

 7. A member of the Suicide Intervention Team will be appointed to follow up on the student's progress and to determine whether the student's parent has consulted a mental health professional or agency. Follow up reports will be made to the Principal.
 8. If the student's parent does not sign the release of information form or does not cooperate in a comprehensive Child Study Team evaluation or does not seek treatment for the student, the Principal shall inform the Department of Children and Families, Division of Child Protection and Permanency.
- C. Response to Suicide Attempt
1. Any attempted suicide, whether or not on school premises or during the school day, must be reported immediately to the Principal.

6. Students will be provided with accurate information and will be given the opportunity to discuss their feelings of loss and their memories of the victim, both good and bad, without penalty.
7. All school personnel shall be especially alert to signs of contemplated suicide among the victim's peers.
8. Teaching staff members, under the direction of the Principal, shall attempt to prevent social contagion by:
 - a. Preventing glorification or romanticization of the suicide,
 - b. Helping students recognize that suicide is irreversible and permanent and does not truly resolve problems,
 - c. Encouraging students to ask probing questions when a fellow student suggests suicide and to report such suggestions to a teaching staff member, and
 - d. Discussing ways of handling depression and anxiety without resort to self-destruction.
9. Students who were close to the victim, and their parents, shall be offered special counseling services and notified of available community mental health services.

R 5751 SEXUAL HARASSMENT OF STUDENTS

Sexual harassment of students is prohibited by the Board of Education. The Superintendent and school district staff will use the following methods to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students (peers), or third parties.

A. Definitions

1. Quid Pro Quo Harassment - When a school employee explicitly or implicitly conditions a student's participation in an educational program or activity or bases an educational decision on the student's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile Environment Sexual Harassment - Sexual harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.
3. Notice - The school district has notice if it actually "knew, or in the exercise of reasonable care, should have known" about the harassment. If an agent or responsible employee of the school district received notice, the school district is deemed to have notice. The school district may receive notice in many different ways:
 - a. A student may have filed a grievance or complained to a teacher about fellow students harassing him/her.
 - b. A student, parent, or other student may have contacted other appropriate school personnel.
 - c. An agent or a responsible employee of the school district may have witnessed the harassment.

- d. The school district may obtain information in an indirect manner such as staff, community members, newspapers, etc.
4. Constructive Notice - A school district will be in violation if the school district has “constructive notice” of a sexually hostile environment and fails to take immediate and appropriate corrective action. Constructive notice exists if the school district “should have” known about the harassment and if the school district would have found out about the harassment through a “reasonable diligent inquiry.”
5. Gender-based Harassment - Gender-based harassment that includes acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on gender, but not involving conduct of a sexual nature, may be a form of sex discrimination if it is sufficiently severe, persistent, or pervasive and directed at individuals because of their gender.
6. Title IX of the Education Amendments of 1972 - Title IX applies to all public school districts that receive federal funds and protects students in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school at another location, or elsewhere. Title IX protects any “person” from sex discrimination; accordingly both male and female students are protected from sexual harassment engaged in by school district employees, other students, or third parties. Title IX prohibits sexual harassment regardless of the gender of the harasser even if the harasser and the student being harassed are members of the same gender. Although Title IX does not specifically prohibit discrimination on the basis of sexual orientation, sexual harassment directed at gay or lesbian students may constitute sexual harassment as prohibited by Title IX. Harassing conduct of a sexual nature directed toward gay or lesbian students may create a sexually hostile environment and therefore be prohibited under Title IX.
7. Grievance Procedure - The grievance procedure provides for prompt and equitable resolution of discrimination complaints, including complaints of sexual harassment. The grievance procedure provides the school district with a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.
8. Office Of Civil Rights (OCR) - The OCR of the United States Department of Education has federal government’s enforcement authority of Title IX.

9. Unwelcomeness - In order to be actionable as harassment, sexual conduct must be unwelcomed. Conduct is unwelcomed if the student did not request or invite it and “regarded the conduct as undesirable or offensive.” The school district will be concerned about the issue of welcomeness if the harasser is in a position of authority.
10. Acquiescence - Acquiescence in the conduct or the failure to complain does not always mean the conduct was welcome. The fact that a student may have accepted the conduct does not mean that he/she welcomed it. The fact that a student willingly participated in conduct on one occasion does not prevent him/her from indicating that the same conduct has become unwelcome on a subsequent occasion. On the other hand, if a student actively participates in sexual banter and discussions and gives no indication he/she objects, then the evidence generally will not support a conclusion that the conduct was unwelcomed.
11. Sufficiently Severe, Persistent, or Pervasive Conduct - In determining whether conduct is sufficiently severe, persistent, or pervasive, the conduct should be considered from a subjective and objective perspective. In making this determination, all relevant circumstances should be considered:
 - a. The degree to which the conduct affected one or more students’ behavior. The conduct must have limited a student’s ability to participate in or benefit from his/her education or altered the conditions of the students educational environment.
 - b. The type, frequency, and duration of the conduct.
 - c. The identity of and relationship between the alleged harasser and the subject or subjects of the harassment.
 - d. The number of individuals involved.
 - e. The age and gender of the alleged harasser and the subject or subjects of the harassment.
 - f. The size of the school, location of the incidents, and context in which they occurred.
 - g. Other incidents at the school.
 - h. Incidents of gender-based, but non-sexual harassment.

B. Grievance Procedure

The following Grievance Procedure shall be used for an allegation(s) of Harassment of Students by School Employees, Other Students, or Third Parties:

1. Reporting of Sexual Harassment Conduct

- a. Any person with any information regarding actual and/or potential sexual harassment of a student by any school employee, other students, or third parties must report the information to the school Building Principal, their immediate supervisor or the Affirmative Action Officer.
 - (1) If the Building Principal deems it appropriate, he/she may immediately notify the parent(s) or legal guardian(s) of the alleged harasser(s) or alleged victim(s) upon receipt of any information prior to notifying the Affirmative Action Officer.
 - (2) The Building Principal will not disclose the name(s) of the alleged harasser(s) or alleged victim(s) to the other party.
- b. The school district can learn of sexual harassment through other means such as from a witness to an incident, an anonymous letter or telephone call.
- c. Nothing in the Policy and Regulation on Student Sexual Harassment shall preclude the Building Principal, or designee, from complying with the provisions of Policy No. 5600 - Student Discipline in order to maintain the health, safety and welfare of staff and/or students.
- d. A report from the school Building Principal or an immediate supervisor will be forwarded to the school district Affirmative Action Officer within one working day, even if the school Building Principal or immediate supervisor feels sexual harassment conduct was not present.
- e. Upon receipt of an allegation and/or report, the Affirmative Action Officer shall immediately notify the parent(s) or legal guardian(s) of any alleged harasser(s) and victim(s) for which a report has been filed even if the Building Principal has previously notified the parent(s) or legal guardian(s).

- f. The Affirmative Action Officer shall notify the parent(s) or legal guardian(s) of all involved students and any other involved individuals of the process to be followed in investigating a report or complaint.

2. Affirmative Action Officer's Investigation

- a. Upon receipt of any report of potential sexual harassment conduct, the Affirmative Action Officer will begin an immediate investigation. The Affirmative Action Officer will promptly investigate all alleged complaints of sexual harassment, whether or not a formal grievance is filed and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed no more than ten working days after receiving notice.
- b. When a student or the parent(s) or legal guardian(s) of a student provides information or complains about sexual harassment of the student, the Affirmative Action Officer will initially discuss what actions the student or parent(s) or legal guardian(s) is seeking in response to the harassment.
- c. The Affirmative Action Officer's investigation may include, but is not limited to, interviews with all persons with potential knowledge of the alleged conduct, interviews with any students who may have been sexually harassed by any school employee, other students, or third parties and any other reasonable methods to determine if sexual harassment conduct existed.
- d. The Affirmative Action Officer will request, if relevant to an investigation, the parent(s) or legal guardian(s) of any student involved in the investigation to assist in the investigation to determine if sexual harassment conduct exist(ed).
- e. The Affirmative Action Officer will provide a copy of the Board Policy and Regulation to all persons who are interviewed with potential knowledge and to any other person the Affirmative Action Officer feels would be served by a copy of such documents.
- f. The Affirmative Action Officer will explain the avenues for formal and informal action, including a description of the grievance procedure that is available for sexual harassment complaints and an explanation on how the procedure works.

- g. Any person interviewed by the Affirmative Action Officer may be provided an opportunity to present witnesses and other evidence.
- h. The Affirmative Action Officer and/or Superintendent may contact law enforcement agencies if there is potential criminal conduct by any party.
- i. The school district administrators may take interim measures during an Affirmative Action Officer's investigation of a complaint in order to alleviate any conditions which prohibits the student from assisting in the investigation.
- j. If elementary or middle school students are involved, it may become necessary to determine the degree to which they are able to recognize that certain sexual conduct is conduct to which they can or should reasonably object and the degree to which they can articulate an objection. The Affirmative Action Officer will consider the age of the student, the nature of the conduct involved, and other relevant factors in determining whether a student had the capacity to welcome sexual conduct.
- k. The Affirmative Action Officer will consider particular issues of welcomeness if the alleged harassment relates to alleged "consensual" sexual relationships between a school employee and a student.
 - (1) If elementary or middle school (grades K-8) students are involved, welcomeness will not be an issue. Sexual conduct between a school employee and an elementary student will not be viewed as consensual.
 - (2) If secondary (grades 9-12) students are involved, there is a strong presumption that sexual conduct between a school employee and a secondary student is not consensual.
 - (3) In cases involving older secondary and post-secondary students and older secondary and post-secondary special education students, the Affirmative Action Officer will consider the following to determine whether a school employee's sexual advances or other sexual conduct could be considered welcome:
 - (a) The nature of the conduct and the relationship of the school employee to the student, including the degree of influence, authority, or control the employee has over the student.

- (b) Whether the student was legally or practically unable to consent to the sexual conduct in question.
1. If there is a dispute about whether harassment occurred or whether it was welcome (in a case which it is appropriate to consider whether the conduct could be welcome) determinations should be based on the totality of the circumstances. The following types of information may be helpful in resolving the dispute:
 - (1) Statements made by any witnesses to the alleged incident.
 - (2) Evidence about the relative credibility of the alleged harassed student and the alleged harasser.
 - (3) Evidence that the alleged harasser has been found to have harassed others may support the credibility of the student claiming harassment.
 - (4) Evidence of the allegedly harassed student's reaction or behavior after the alleged harassment.
 - (5) Evidence about whether the student claiming harassment filed a complaint or took other action to protest the conduct soon after the alleged incident occurred.
 - (6) Other contemporaneous evidence such as did the student write about the conduct and his/her reaction to it soon after it happened in diary or letter and/or tell friends or relatives.
- m. The scope of a reasonable response also may depend upon whether a student, or parent(s) or legal guardian(s) reporting harassment asks that the student's name not be disclosed to the harasser or that nothing be done about the harassment. The Affirmative Action Officer:
 - (1) Will provide an overview of harassment policy [and Title IX if applicable] to the student, parent(s) or legal guardian(s) guardian which shall include the prohibition of retaliation. In the event the student, parent(s) or legal guardian(s) request the student's name remain confidential, the Affirmative Action Officer will inform the student, parent(s) or legal guardian(s) that the request may limit the school district's ability to respond.

- (2) Will evaluate the confidentiality request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students. The factors to be considered shall be the seriousness of the alleged harassment, the age of the student harassed, whether there have been any other complaints or reports against the alleged harasser. And the rights of the accused individual to receive information about the accuser and the allegations if a formal proceeding with sanctions may result.
- (3) May use other means available to address the harassment. Steps that may be taken to limit the effects of the alleged harassment and prevent its reoccurrence without initiating a formal complaint and revealing the identity of the complainant. These steps may require sexual harassment training at the site where the problem occurred, taking a student survey concerning any harassment problems that may exist, or other systematic measures where the alleged harassment occurred.
- (4) By conducting a limited investigation without revealing the name of the student sexually harassed, may be able to learn about or confirm a pattern of harassment based on claims of different students that were harassed by the same individual. The Affirmative Action Officer may place an individual on notice of allegation of harassing behavior and counsel appropriately without revealing, even indirectly, the identity of the student who notified the school district.

3. Investigation Results

- a. Upon the conclusion of the investigation, but not later than ten working days after reported, the Affirmative Action Officer will prepare a summary of findings to the parties. At the least this shall include the person(s) providing notice to the school district and the student(s) who were alleged to be sexually harassed.
- b. The Affirmative Action Officer shall make a determination whether sexual harassment conduct was present.
- c. If the Affirmative Action Officer concludes sexual harassment conduct was not, or is not present, the investigation is concluded.

- d. If the Affirmative Action Officer determines that sexual harassment has occurred, the school district administrators and staff shall take reasonable, age-appropriate, and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action, as specified in student and/or staff discipline policies and regulations. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.
- e. In the event the Affirmative Action Officer determines a hostile environment exists, the school district administrators and staff shall take steps to eliminate the hostile environment. The school district administrators may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the harassed student, dissemination of information, distribution of new policy statements or other steps to communicate the message that the Board does not tolerate harassment and will be responsive to any student that reports such conduct.
- f. In some situations, the school district administrators may need to provide other services to the student that was harassed if necessary to address the effects of the harassment on that student. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed student's work, re-taking a course with a different instructor, tutoring and/or other measures that are appropriate to the situation.
- g. The school district administrators will take steps to avoid any further sexual harassment and to prevent any retaliation against the student who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The Affirmative Action Officer will inform the sexually harassed student and his/her parent how to report any subsequent problems and make follow-up inquiries to see if there has been any new incidents or retaliation.
- h. All sexual harassment grievances and accompanied investigation notes will be maintained in a confidential file by the Affirmative Action Officer.

4. Affirmative Action Officer's Investigation Appeal Process
 - a. Any person found by the Affirmative Action Officer's investigation to be guilty of sexual harassment conduct, or any student who believes they were sexually harassed but not supported by the Affirmative Action Officer's investigation, may appeal to the Superintendent. The Superintendent will make his/her determination within ten working days of receiving the appeal.
 - b. Any person who is not satisfied with the Superintendent's determination may appeal to the Board. The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent's determination.

- C. Office Of Civil Rights (OCR) Case Resolution

Parents or students not satisfied with the resolution of an allegation of sexual harassment by the school district officials or the Board may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

 1. Any alleged victim of sexual harassment may appeal a decision of the Affirmative Action Officer, Superintendent, or the Board to the Office of Civil Rights (OCR).
 2. Any person may report an allegation of sexual harassment to the OCR at any time. If the OCR is asked to investigate or otherwise resolve incidents of sexual harassment of students, including incidents caused by employees, other students, or third parties, OCR will consider whether:
 - a. The school district has a policy prohibiting sex discrimination under Title IX and an effective Title IX grievance procedure;
 - b. The school district appropriately investigated or otherwise responded to allegations of sexual harassment; and
 - c. The school district has taken immediate and appropriate corrective action responsive to Quid Pro Quo or Hostile Environment Harassment.

This shall apply in cases in which the school district was in violation of Title IX, as well as those in which there has been no violation of Title IX.

B. Projection of Available SEMI Reimbursement

1. As part of the annual budget information, the New Jersey Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI. The projection shall be based on the following:

- a. Number of Medicaid eligible students;
 - b. Assumption of twenty services per eligible students per year;
 - c. One IEP meeting per eligible student per year; and
 - d. Applicable SEMI reimbursement rates.
2. Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection of available SEMI reimbursement. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.
- C. SEMI Program Requirements
1. The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible students. Districts shall enter all students following their evaluations into the third-party system to identify the district's universe of eligible students. This can be done without parental consent.
 2. Districts participating in the SEMI reimbursement program shall comply with program requirements as follows:
 - a. The school district shall implement Policy and Regulation 6111 concerning the effective and efficient administration of the SEMI reimbursement program consistent with the requirements of N.J.A.C. 6A:23A-5.3.
 - b. Any service submitted to Medicaid for reimbursement shall be rendered by a Medicaid qualified practitioner, or rendered by a provider under the supervision of a Medicaid qualified practitioner. The following outlines the required documentation for each related service provider:
 - (1) Nurses – copy of license (DOE certification is not required for SEMI);
 - (2) Occupational Therapist – copy of license and DOE certification;

- (3) Physical Therapist – copy of license and DOE certification;
 - (4) Psychologist – copy of DOE certification;
 - (5) Social Worker – copy of DOE certification; and
 - (6) Speech Therapist – copy of DOE certification and American Speech-Language-Hearing Association (ASHA) Certification or Copy of DOE certification and past or present license (on or after January 1, 1993); or copy of DOE certification and documentation that the equivalent educational requirements and work experience necessary for ASHA certification have been met.
3. Practitioners who are not Medicaid qualified can deliver services under the direction of Medicaid qualified practitioners. These include certified occupational therapist assistants (COTAs), physical therapist assistants (PTAs) and speech correctionists.
4. Any direct therapy or other related service shall be prescribed in the related services section of the student’s IEP prior to submitting a claim to Medicaid for reimbursement. Delivery of nursing services and dispensing of medication must be referenced in the IEP and supported by physicians’ orders or prescriptions. These documents must be maintained on file. The supporting documentation to be maintained by the school district shall be the cover/signature page, related services section of the IEP, therapy logs, and the evaluations and assessments conducted by the Medicaid-qualified practitioners.
5. Entities where the school district has placed SEMI eligible students shall take steps to enable school districts to maximize participation, including either logging the eligible services provided directly through the vendor or the sending school district, as mutually agreed upon with the school district, and obtaining SEMI provider qualification certifications. Every out-of-district placement must provide copies of SEMI provider qualifications, certifications and licenses. This provision applies to the following out-of-district placement options:
 - a. Approved private schools for students with disabilities;
 - b. Educational services commissions;
 - c. Jointure commissions;
 - d. Vocational half-time programs;
 - e. Department of Education Regional Day Schools; and
 - f. Special Service School Districts.

6. All supporting documentation for a Medicaid claim shall be maintained on file and available for audit or State review for at least seven years from the date of service. Supporting documentation shall include provider certification (current and historical for each provider), provider service logs, licenses and certifications, physician authorizations for nursing services, parental consent forms, attendance records, and copies of the student's IEP.
- D. SEMI Action Plan
1. A school district that has less than ninety percent participation of SEMI eligible students in the prebudget year or that has failed to comply with all program requirements set forth in C. above shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission.
 2. The SEMI action plan shall include the following components:
 - a. Procedures for obtaining parental consent forms including the Parental Consent Best Practices which are available from the New Jersey Department of Education.
 - b. Establishment of a benchmark for the 2008-2009 school year or for the first year the district does not have an approved waiver pursuant to the provisions of N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for obtaining maximum participation of all SEMI eligible students by the start of the subsequent school year:
 - (1) The benchmarks for the 2008-2009 school year or for the first year that the district does not have an approved waiver pursuant to N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for achieving maximum participation shall at a minimum close the gap between current participation and maximum participation by fifty percent by the beginning of the subsequent school year; and
 - (2) The benchmarks shall be based on the percentage of parental consent forms collected from eligible students. The number of parental consent forms shall reflect one parental consent form for each eligible student. This should include documentation of parental refusal to give consent.

- c. Procedures to ensure that all IEP meetings are documented in the third-party administrator's system. IEPs are only claimable if a Medicaid qualified practitioner is present.
 - d. Procedures to ensure that all SEMI eligible services, including services provided by entities where the school district has placed SEMI eligible students, are documented in the third-party administrator's system.
 - e. Procedures to ensure that a valid IEP is on file and the IEP date is on file in the third-party administrator's system for each SEMI eligible student for whom parental consent has been obtained.
 - f. Procedures to ensure that service providers used by the school district and entities where the school district has placed SEMI eligible students have valid licenses and certifications documenting SEMI provider qualifications on file in the third-party administrator's system.
- E. Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate they fully implemented their New Jersey Department of Education approved SEMI action plan required above shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

R 6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The State of New Jersey and school districts must assure certain Federal and other grant funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government. In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures outlined in this Regulation are to be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under Titles I, II-A, II-D, III, III Immigrant, IV and V of the No Child Left Behind Act (NCLB), the Individuals with Disabilities Education Act (IDEA), and the Carl D. Perkins Career and Technical Education Improvement Act of 2006 shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

A. Definitions

1. "Cost objective" means a function, organizational subdivision, contract, grant, or other activity for which cost data are needed and for which costs are incurred.
2. "Grant" means an award of financial assistance by the Federal government to the State of New Jersey, Department of Education or funds NJDOE receives from the State legislature to be awarded to eligible subgrantees.
3. "Grantee" means the State of New Jersey, Department of Education, to which a grant is awarded by the Federal government.
4. "Subgrant" means an award of financial assistance to an eligible subgrantee, in this case, awards by the State of New Jersey, Department of Education to local education agencies or other eligible entities.
5. "Subgrantee" means the local education agency, school district, or other legal entity to which a subgrant is awarded and which is accountable to the State of New Jersey, Department of Education for the use of funds provided.

B. Procedures

1. Functionality
 - a. The School Business Administrator/Board Secretary or designee will submit reimbursement requests using the payment functionality of the EWEG system.

- b. The payment functionality will be enabled upon final NJDOE approval of the subgrant application through the EWEG system.
2. Submission of Reimbursement Requests
 - a. The School Business Administrator/Board Secretary or designee will make reimbursement requests for individual titles and awards. Therefore, reimbursement requests for NCLB will be made for each individual title. Reimbursement requests for IDEA must be made separately for Basic and Preschool as well as for the Perkins Secondary and Perkins Post-Secondary grant funds. Only one reimbursement request per month may be submitted for an individual title or award.
 - b. Reimbursement requests may only be for expenditures that have already occurred or will occur by the last calendar day of the month in which the request is made. The following examples are based upon the schedule in Section C. below.
 - (1) The school district has ordered and received supplies and has paid the vendor. The school district may request reimbursement.
 - (2) The school district has ordered and received equipment but has not yet paid the vendor. The school district expects payment to be made on the last day of the month, following the monthly Board meeting. The school district may request reimbursement.
 - (3) The school district makes salary payments on the fifteenth and last day of each month. In a given month, the school district may request reimbursement for payroll expenditures actually made during the month and for the payroll scheduled for the last day of the month. The school district may not request reimbursement in anticipation of subsequent pay dates in the following month.
 - (4) The school district is responsible for payment of health benefits to its provider on a quarterly basis. The subgrantee may request reimbursement prospectively if payment to the provider will be made during the calendar month in which reimbursement is requested.

- (5) The school district is responsible for reimbursing the State of New Jersey for pension and social security payments made on behalf of employees paid with Federal funds. For members of the Teachers' Pension and Annuity Fund (TPAF), school districts shall reimburse the State no later than November. The request for reimbursement for pension and social security contributions for members of TPAF should be made at the time the school district will make payment to the State. For members of the Public Employees Retirement System or other State pension systems, the school district should request reimbursement at the time payments are due to the State for pension contributions and to the Internal Revenue Service for Social Security contributions. The school district should not include fringe benefit calculations in their regular salary reimbursement requests.
- c. The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures by the last calendar day of the month in which the request is made. The submission of a reimbursement request also constitutes a certification that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.
- d. Reimbursement requests must be in accordance with approved grant applications.
 - (1) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created.
 - (2) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award or \$50,000 for IDEA, Perkins, and NCLB (per title), whichever is less. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

C. Processing Timelines

1. Reimbursement requests may be submitted at any time after the subgrant has received final NJDOE approval. No more than one reimbursement request may be submitted per month for any one subgrant. Reimbursement may be made for expenditures that have already occurred or will occur by the last calendar day of the month in which the request is submitted.
2. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

D. Content of Reimbursement Requests

1. Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed.
 - a. Example - \$8,750 is being requested in the 100 function code. The description is "salaries and instructional supplies."
2. Expenditures must be supported by documentation at the school district level. This documentation should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request.
3. Documentation for salary expenditures is subject to the requirements of the applicable Federal Office of Management and Budget Circular: A-21, "Cost Principles for Educational Institutions;" A-87, "Cost Principles for State, Local, and Indian Tribal Governments;" A-122, "Cost Principles for Non-Profit Organizations;" and Education Department General Administrative Regulations (EDGAR). Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

- E. Review and Approval of Reimbursement Requests
1. NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria, including but not limited to the following:
 - a. Adequate description of the expenditures is provided;
 - b. No new budget category has been created; and
 - c. The reimbursement request does not exceed the allowable threshold for an amendment as a result of cumulative transfers among expenditure categories.
 2. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system.
 3. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives. Approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended according to the requirements of the CMIA.

- (1) The existence of any of the indicators of prior negative experience set forth in this section shall not require that a bidder be disqualified. In each instance, the decision to disqualify shall be made within the discretion of the Board and shall be rendered in the best interests of the Board.
 - (2) All mitigating factors shall be considered in determining the seriousness of the prior negative experience and in deciding whether disqualification is warranted.
 - (3) The bidder shall be furnished by the Board with a written notice:
 - (a) Stating that a disqualification is being considered;
 - (b) Setting forth the reason for the disqualification; and
 - (c) Indicating that the bidder shall be accorded an opportunity for a hearing before the Board if the bidder so requests within a stated period of time. At the hearing, the bidder shall show good cause why the bidder should not be disqualified by presenting documents and testimony. If the Board determines that good cause has not been shown by the bidder, it may vote to find the bidder lacking in responsibility and, thus, disqualified.
 - (4) Disqualification shall be for a reasonable, defined period of time which shall not exceed five years.
 - (5) A disqualification, other than a disqualification pursuant to which a Board is prohibited by law from entering into a contract with a bidder, may be voided or the period thereof may be reduced, in the discretion of the Board, upon the submission of a good faith

application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as reversal of a judgment, or actual change of ownership, management or control of the bidder.

- (6) An opportunity for a hearing need not be offered to a bidder whose disqualification is based on its suspension or debarment by an agency or department of the executive branch of the State of New Jersey. The term of such a disqualification shall be concurrent with the term of the suspension or debarment by the State agency or department.

The Board shall pass a resolution authorizing the use of competitive contracting each time specialized goods or services are desired to be competitively contracted. If the desired goods or services have previously been contracted for using the competitive contracting process then the original resolution of the Board will suffice. Competitive contracting may only be used for the following purposes:

1. The purchase or licensing of proprietary computer software designed for Board purposes, which may include hardware intended for use with the proprietary software, but not for general purpose computer hardware or software;

Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

C. Requests for Proposals

1. The purchasing agent will prepare request for proposal documentation, which will include:
 - a. All requirements deemed appropriate and necessary to allow for full and free competition between vendors;
 - b. Information necessary for potential vendors to submit a proposal; and
 - c. A methodology by which the Board will evaluate and rank proposals received from vendors.
2. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking, which will include technical, management, and cost related criteria, and may include a weighting of criteria. This methodology will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors.
 - a. When an evaluation methodology uses a weighting of criteria, at the option of the Board the weighting to be accorded to each criterion may be disclosed to vendors prior to receipt of the proposals.
 - b. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4(a).
3. At no time during the proposal solicitation process will the purchasing agent convey information, including price, to any potential vendor which could confer an unfair advantage upon that vendor over any other potential vendor. If a purchasing agent desires to change proposal documentation, the purchasing agent will notify only those potential vendors who received the proposal documentation of any and all changes in writing and all existing documentation will be changed appropriately.
4. All proposals and contracts will be subject to the provisions of section 1 of P.L.1977, c.33 (C.52:25-24.2) requiring submission of a statement of corporate ownership and the provisions of P.L.1975, c.127 (C.10:5-31 et seq.) concerning equal employment opportunity and affirmative action.

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals.
 - b. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract.

- c. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals.
 - d. When requested by such employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available.
 - e. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.
4. Evaluation of Requests for Proposals
- a. The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report in accordance with N.J.S.A. 18A:18A-4.5d evaluating and recommending the award of a contract or contracts. The report will:

The report will be made available to the public at least forty-eight hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

5. Award of Contract

The report prepared pursuant to N.J.S.A. 18A:18A-4.5d of this section will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

9. Notwithstanding 8. above, the Board of Education or Board of School Estimate, as appropriate, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in 2. above. The Board of Education or Board of School Estimate, as appropriate, may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1 only upon receipt of written approval of the Commissioner. To obtain the Commissioner's approval, the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

10. The Board of Education shall administer and account for the capital reserve account as follows:
 - a. The Board shall establish and maintain the capital reserve account in accordance with Generally Accepted Accounting Principles (GAAP), and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq.;

 - c. The Board shall transfer to the capital projects account, and account for separately with the corresponding grant, any funds withdrawn for the local share of a school facilities project that is not using school bonds or loan bonds for all or part of the local share that received a grant pursuant to N.J.S.A. 18A:7G-15.  - (1) Anticipate as miscellaneous income any investment income included in the original annual general fund budget certified for taxes; and
 - (2) Include any investment earnings in the maximum amount of capital reserve permitted in 7. above.

The Board of Education shall record a capital reserve account on the annual audit's general fund balance sheet as follows:
 - (1) Debit: Capital Reserve Account; and
 - (2) Credit: Reserved Fund Balance--Capital Reserve Account.
- 11. Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited.
 - a. If the original purpose is outside the scope of the Board's approved LRFP, the Board of Education shall account for such funds separately in the capital reserve fund and appropriate the funds as revenue for such purposes in the annual budget certified for taxes. The Board of Education shall restore to the capital reserve account for use pursuant to N.J.A.C. 6A:23A-14 any unexpended capital outlay appropriations up to the amount of such capital reserve funds appropriated.  - b. If the original purpose is within the scope of the school district's approved LRFP, the Board of Education shall make withdrawals pursuant to 8. above, except that if voter, Board of School Estimate or Capital Project Review Board, as appropriate, approval of excess costs or another capital project was obtained when the funds were deposited into the capital reserve account, the Board, by such approval, shall be deemed to have satisfied the requirement for approval of excess costs or other capital projects in 8.b. above.
- B. Maintenance Reserve Account
 - 1. The Board of Education shall establish, by resolution, a maintenance reserve account to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance.

 3. The Board of Education or Board of School Estimate, as appropriate, may increase the balance in the maintenance reserve account by appropriating funds in the annual general fund budget certified for taxes.
 4. The Board of Education or Board of School Estimate, as appropriate, may by resolution withdraw such funds from the maintenance reserve account and appropriate into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4.
 - a. Funds withdrawn from the maintenance reserve account are restricted to required maintenance appropriations. The Board of Education or Board of School Estimate, as appropriate, shall not transfer such funds to any other line-item account.
 5. In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.
 6. The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education.
 7. The Board of Education shall ensure that the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.
- C. Supplementation of Capital Reserve and Maintenance Reserve Accounts
1. The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end for withdrawal in subsequent school years. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.

2. The Board of Education or Board of School Estimate, as appropriate, may supplement a maintenance reserve account through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end, for withdrawal in subsequent school years. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.
- D. Establishment of Other Reserve Accounts
1. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution establish the following reserve accounts:
 - a. Current Expense Emergency Reserve Account.
 - (1) The funds in the reserve shall be used to finance unanticipated general fund current expense costs required for T&E. For the purpose of the emergency reserve account "unanticipated" shall mean reasonably unforeseeable and shall not include additional costs caused by poor planning or error.
 - (2) The account shall not exceed \$250,000 or one percent of the school district's general fund budget as certified for taxes up to a maximum of \$1,000,000, whichever is greater.
 - (3) The Board of Education may appropriate funds to establish or supplement the reserve in the school district's annual budget or through a transfer by Board resolution of any unanticipated revenue and/or unexpended line-item appropriation amounts anticipated at year end. Any such transfer resolution shall be adopted by the Board no earlier than June 1 and no later than June 30 of the respective school year.
 - (4) Withdrawals from the reserve shall require the approval of the Commissioner unless the withdrawal is necessary to meet an increase in total health care costs in excess of four percent, for which the district did not receive an automatic adjustment for health care costs pursuant to N.J.A.C. 6A:23A-11.4. Total health care costs include medical insurance and prescription drug insurance costs.

- b. Debt service reserve account in the debt service fund for proceeds from the sale of school district property. For the purposes of the debt service reserve account "property" shall mean land, buildings, and other property that was incidental to the sale of land or a building. The funds in the reserve shall be used by the district first to reduce the outstanding principal amount at the earliest call date or to annually reduce the debt service principal payments. The funds may be used for any outstanding debt obligation or debt obligations of the school district. The reserve shall be liquidated within the lesser of five years from its inception or the remaining term on the obligations. Any remaining balance shall be used for tax relief.
- c. Tuition adjustment reserve account in the general fund for up to ten percent of the estimated tuition cost in the contract year for an anticipated tuition adjustment in the third year following the contract year. In such case, the Board of Education shall:
 - (1) Establish the tuition adjustment reserve account at June 30 by Board resolution;
 - (2) Make full appropriation of the reserve for the tuition adjustment in the third year following the contract year;
 - (3) Exclude from the cap calculation the budgeted fund balance and appropriation of the tuition adjustment reserve in the third year following the contract year for such tuition adjustments; and
 - (4) Transfer to the general fund, by Board resolution, any interest earned on the investments in a tuition adjustment reserve account on an annual basis. Such transfer may be made on a more frequent basis at the discretion of the Board of Education.

E. Reserve Accounts Recorded in Accordance with GAAP

- 1. All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.

 - c. “Liquid, flammable” means any liquid having a flashpoint below 100°F (37.8°C) except any mixture having components with flashpoints of 100°F (37.8°C) or higher, the total of which make up 99 percent or more of the total volume of the mixture.

- d. “Solid, flammable” means a solid, other than a blasting agent or explosive as defined in § 1910.109(a), that is liable to cause fire through friction, absorption of moisture, spontaneous chemical change, or retained heat from manufacturing or processing, or which can be ignited readily and when ignited burns so vigorously and persistently as to create a serious hazard. A chemical shall be considered to be a flammable solid if, when tested by the method described in 16 CFR 1500.44, it ignites and burns with a self-sustained flame at a rate greater than one-tenth of an inch per second along its major axis.
12. “Flashpoint” means the minimum temperature at which a liquid gives off a vapor in sufficient concentration to ignite when tested as follows:
- a. Tagliabue Closed Tester (See American National Standard Method of Test for Flash Point by Tagliabue Closed Tester, Z11.24-1979 (ASTM D 56-79)) for liquids with a viscosity of less than 45 Saybolt Universal Seconds (SUS) at 100°F (37.8°C) that do not contain suspended solids and do not have a tendency to form a surface film under test; or

Organic peroxides, which undergo autoaccelerating thermal decomposition, are excluded from any of the flashpoint determination methods specified above.

13. “Hazardous chemical” means a chemical for which there is statistically significant evidence based on at least one study conducted in accordance with established scientific principles that acute or chronic health effects may occur in exposed employees. The term "health hazard" includes chemicals which are carcinogens, toxic or highly toxic agents, reproductive toxins, irritants, corrosives, sensitizers, hepatotoxins, nephrotoxins, neurotoxins, agents which act on the hematopoietic systems, and agents which damage the lungs, skin, eyes, or mucous membranes.

"Laboratory-type hood" means a device located in a laboratory, enclosure on five sides with a movable sash or fixed partial enclosed on the remaining side; constructed and maintained to draw air from the laboratory and to prevent or minimize the escape of air contaminants into the laboratory; and allows chemical manipulations to be conducted in the enclosure without insertion of any portion of the employee's body other than hands and arms.

Walk-in hoods with adjustable sashes meet the above definition provided that the sashes are adjusted during use so that the airflow and the exhaust of air contaminants are not compromised and employees do not work inside the enclosure during the release of airborne hazardous chemicals.

17. "Laboratory use of hazardous chemicals" means handling or use of such chemicals in which all of the following conditions are met:
 - a. Chemical manipulations are carried out on a "laboratory scale";
 - b. Multiple chemical procedures or chemicals are used;

 - d. "Protective laboratory practices and equipment" are available and in common use to minimize the potential for employee exposure to hazardous chemicals.

18. "Medical consultation" means a consultation which takes place between an employee and a licensed physician for the purpose of determining what medical examinations or procedures, if any, are appropriate in cases where a significant exposure to a hazardous chemical may have taken place.
19. "Organic peroxide" means an organic compound that contains the bivalent -O-O- structure and which may be considered to be a structural derivative of hydrogen peroxide where one or both of the hydrogen atoms has been replaced by an organic radical.
20. "Oxidizer" means a chemical other than a blasting agent or explosive as defined in § 1910.109(a), that initiates or promotes combustion in other materials, thereby causing fire either of itself or through the release of oxygen or other gases.

24. "Select carcinogen" means any substance which meets one of the following criteria:
 - a. It is regulated by OSHA as a carcinogen; or
 - b. It is listed under the category, "known to be carcinogens," in the Annual Report on Carcinogens published by the National Toxicology Program (NTP) (latest edition); or

The information shall be provided at the time of the employees initial assignment to the work area and whenever new exposure situations arise. Refresher information shall be provided as the situation with regard to hazardous chemicals changes. Employees shall be informed of (1) the contents of federal standards relating to hazardous chemicals; (2) the location and availability of the chemical hygiene plan; (3) the permissible exposure limits as established by OSHA; (4) signs and symptoms associated with exposure to hazardous chemicals used in the laboratory and (5) the location and availability of known references on the hazards, safe handling, storage and disposal of hazardous chemicals.

2. Where exposure monitoring reveals an exposure level routinely above the action level (or in the absence of an action level, the PEL) for an OSHA regulated substance for which there are exposure monitoring and medical surveillance requirements, medical surveillance shall be established for the affected employee as prescribed by the particular standard.

3. Whenever an event takes place in the work area such as a spill, leak, explosion or other occurrence resulting in the likelihood of a hazardous exposure, the affected employee shall be provided an opportunity for a medical consultation. Such consultation shall be for the purpose of determining the need for a medical examination.

F. Information Provided to the Physician

The employer shall provide the following information to the physician:

1. The identity of the hazardous chemical(s) to which the employee may have been exposed;
2. A description of the conditions under which the exposure occurred including quantitative exposure data, if available; and

G. Physician's Written Opinion Shall Include:

1. Any recommendation for further medical follow-up;
2. The results of the medical examination and any associated tests;
3. Any medical condition which may be revealed in the course of the examination which may place the employee at increased risk as a result of exposure to a hazardous chemical found in the workplace; and
4. A statement that the employee has been informed by the physician of the results of the consultation or medical examination and any medical condition that may require further examination or treatment.

H. Hazard Identification

With respect to labels and material data sheets, the Board shall (1) ensure that labels on incoming containers of hazardous materials are not removed or defaced; (2) maintain material safety data sheets and ensure they are available to employees, and (3) comply with federal regulations with regard to chemical substances produced within the laboratory, assuming that if a substance is produced whose composition is not known that it will be assumed it is hazardous.

I. Use of Respirators

Where respirators are required to maintain exposure below permissible limits, they will be provided to the employee at no cost and will comply with the requirements of 29 CFR 1910.134.

J. Recordkeeping

The Superintendent or designee shall establish and maintain for each employee exposed to hazardous chemicals an accurate record of any measurements taken to monitor employee exposures and any medical consultation and examinations including tests or written opinions required by federal standards. The Board shall assure that records are kept, transferred and made available in accordance with 29 CFR 1910.1020.

Nevertheless, the EPA and DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.”

After the beginning of each school year, the IPMC, in conjunction with the Building Principal(s), shall provide this notice to each new staff member who is employed during the school year and to the parent(s) or legal guardian(s) of each new student enrolled during the school year.

D. Permitted Use of Certain Pesticides; Notice

If it is determined that a pesticide, other than a low impact pesticide, must be used on school property, the pesticide may be used only in accordance with the requirements of N.J.S.A. 13:1F-25.

1. The Principal, upon prior notice from the IPMC, shall provide notice to a parent or legal guardian of each student enrolled at the school and each staff member of the school, at least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property. The notice shall include:

 3. If the date of the application of the pesticide must be extended beyond the period required for notice under this section, the Board shall reissue the notice required under D.1. above for the new date of application.
- E. Posting of Sign Prior to Use of Certain Pesticides

At least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property, the IPMC shall post a sign that provides notice of the application of the pesticide in a prominent place that is in or adjacent to the location to be treated and at each entrance to the building or school ground to be treated.

In the case of outdoor pesticide applications, each sign shall include three dates, in chronological order, on which the outdoor pesticide application may take place if the preceding date is canceled due to weather. A sign shall be posted after an outdoor pesticide application in accordance with 1, 2 and 3 above.

The requirement imposed pursuant to this section shall be in addition to any requirements imposed pursuant to the “Pesticide Control Act of 1971,” P.L. 1971, c.176 (C.13:1F-1 et seq.), and any rules or regulations adopted pursuant thereto.

F. Applicability of Notice and Posting Requirements

The provisions of Sections D and E of this Regulation shall apply if any person applies a pesticide, other than a low impact pesticide, on school property, including a custodian, staff member, or commercial applicator. These provisions shall apply to a school during the school year, and during holidays and the summer months, only if the school is in use by children during those periods. During those periods, notices shall be provided to all staff members and the parents or legal guardians of the students that are using the school in an authorized manner.

G. Emergency Use of Certain Pesticides

A pesticide, other than a low impact pesticide, may be applied on school property in response to an emergency, without complying with the provisions of Sections D and E of this Regulation, provided the following requirements are met:

1. The Building Principal shall, upon prior notice from the IPMC and within twenty-four hours after the application or on the morning of the next school day, provide to each parent or legal guardian of students enrolled at the school, and staff members of the school, notice of the application of the pesticide for emergency pest control that includes:
 - a. The information required for a notice under Section D of this Regulation;
 - b. A description of the problem and the factors that qualified the problem as an emergency that threatened the health or safety of a student or staff member; and

- c. If necessary, a description of the steps that will be taken in the future to avoid emergency application of a pesticide pursuant to this section.

The district may provide notice required in G.1. above by:

1. Written notice sent home with the student and provided to the staff members;
2. A telephone call;
3. Direct contact; or
4. Electronic mail.

When a pesticide is applied pursuant to this section, the IPMC shall post a sign warning of the pesticide application at the time of the application of the pesticide in accordance with the provisions of Section E of this Regulation.

If there is an application of a pesticide pursuant to this section, the IPMC shall modify the School Integrated Pest Management Plan of the school district if necessary, to minimize the future emergency applications of pesticides under this section.

A pesticide, other than a low impact pesticide, shall not be applied on school property where students are expected to be present for academic instruction or for organized extra-curricular activities prior to the time prescribed for re-entry to the application site by the United States Environmental Protection Agency on the pesticide label, except that if no specific numerical re-entry time is prescribed on a pesticide label, such a pesticide, other than a low impact pesticide, shall not be applied on school property where students are expected to be present for academic instruction or for organized extra-curricular activities within seven hours of the application.

A pesticide, other than a low impact pesticide, shall not be applied in a school building when students are present. Students may not be present in an untreated portion of a school building being treated unless the area being treated with a pesticide, other than a low impact pesticide, is served by a separate ventilation system and is separated from the untreated area by smoke or fire doors.

A low impact pesticide may be applied in areas of a school building where students will not contact treated areas until sufficient time is allowed for the substance to dry or settle, or after the period of time prescribed for re-entry or for ventilation requirements on the pesticide label has elapsed.

The requirements of this section shall not apply when pesticides are applied on school property for student instructional purposes or by public health officials during the normal course of their duties.

H. Immunity From Liability of Commercial Pesticide Applicator

A commercial pesticide applicator shall not be liable to any person for damages resulting from the application of a pesticide at a school if the damages are solely due to the failure of the IPMC to provide the notice required prior to the application of a pesticide pursuant to the provisions of sections 7, 8, 9, or 10 of P.L. 2002, c.117 (C.13:1F-25, C.13:1F-26, C.13:1F-27 or C.13:1F-28).

I. Development, Availability of Form for Certifying Compliance

1. Notwithstanding the provisions of N.J.S.A 47:1A:1 et seq., where it appears the record or records which are sought to be inspected, copied, or examined shall pertain to an investigation in progress by the Board and/or administration:

- a. The right to inspection, copying and/or examination may be denied if the inspection, copying or publication of such record or records will be inimical/detrimental to the public interest. This provision will not be construed to prohibit the Board and/or custodian from opening such record or records if not otherwise prohibited by law or to prohibit access to a record that was open for public inspection, examination, or copying before the investigation commenced; and
 - b. If the Board, during the course of an investigation, obtains from another public agency a government record that was open for public inspection, examination or copying before the investigation commenced, the Board will provide the other agency with sufficient access to the record to allow the other agency to comply with requests made pursuant to N.J.S.A. 47:1A-1 et seq.
2. Notwithstanding the provisions of N.J.S.A. 47:1A-1 et seq., the information concerning a criminal investigation will be available to the public in accordance with N.J.S.A. 47:1A-3.b.
- D. Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)
1. The custodian will permit the government record to be inspected, examined, and copied by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-5.a.
 2. Prior to allowing access to any government record, the custodian will redact from that record any information which discloses the social security number, credit card number, unlisted telephone number, or driver license number of any person, except:
 - a. If the record is being used by any government agency, including any court or law enforcement agency, in carrying out its functions, or any private person or entity acting on behalf thereof, or any private person or entity seeking to enforce payment of court-ordered child support;

 - d. Where an agency can demonstrate an emergent need, a regulation that limits access to government records shall not be retroactive in effect or applied to deny a request for access to a government record that is pending before the agency, the council or a court at the time of the adoption of the regulation.
- E. Copy Purchase (N.J.S.A. 47:1A-5 et seq.)
- 1. The custodian shall charge the requestor a fee for a copy or copies of a government record in accordance with the provisions of N.J.S.A. 47:1A-5.b. Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger.
 - a. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the school district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c. and E.2. below.
 - b. The calculation of actual costs shall be as follows:
 - (1) The custodian should contact the school district's supplier(s) to determine the cost of paper and toner. A supplier is wherever the district obtains copying materials such as paper and toner.
 - (2) The custodian should calculate or contact the copying company to determine the school district's annual school year copying volume. This volume shall not only include copies pertaining to OPRA requests, but shall include all copying on all copy machines in the district for all purposes.

- (3) The custodian should contact the copying company to determine the average paper life of one toner/ink cartridge (i.e. how many pieces of paper the ink or toner should be able to copy).
 - (4) The custodian shall maintain documentation of all information provided by the copying company or office supplier (i.e. contracts or correspondence from purchasing agent or copying company) regarding this calculation.
 - (5) The actual calculation is the total cost of paper purchased for one school year plus the total cost of toner purchased for one school year divided by the annual copying volume. This calculation can be averaged for all copy machines in the district that produce letter and legal copies.
 - (6) Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately.
- c. If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. and E.1. above, the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.
 - d. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.
2. Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this Regulation is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

3. A custodian shall permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium.
4. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.
5. Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.
6. The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the public agency. The form will provide:
 - a. Space for the name, address, and phone number of the requestor and a brief description of the government record sought;
 - b. Space for the custodian to indicate which record will be made available, when the record will be available, and the fees to be charged;
 - c. Specific directions and procedures for requesting a record;
 - d. A statement as to whether prepayment of fees or a deposit is required;
 - e. The time period within which the school district is required by N.J.S.A. 47:1A-1 et seq. to make the record available;
 - f. A statement of the requestor's right to challenge a decision to deny access and the procedure for filing an appeal;
 - g. Space for the custodian to list reasons if a request is denied in whole or in part;

- h. Space for the requestor to sign and date the form; and
 - i. Space for the custodian to sign and date the form if the request is fulfilled or denied.
- 7. The custodian will require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the information thus requested will cost in excess of \$5.00 to reproduce.
- 8. Request for access to a government record shall be in writing and hand-delivered or mailed to the custodian.
- 9. The custodian will promptly comply with a request to inspect, examine, copy, or provide a copy of a government record.
- 10. If the custodian is unable to comply with a request for access, the custodian will indicate the specific basis therefore on the request form and promptly return it to the requestor.
- 11. The custodian will sign and date the form and provide the requestor with a copy thereof.
- 12. If the custodian asserts that part of a particular record is exempt from public access pursuant to N.J.S.A. 47:1A-1 et seq. the custodian will delete or excise from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record.
- 13. If the government record requested is temporarily unavailable because it is in use or in storage, the custodian will advise the requestor and will make arrangements to promptly make available a copy of the record.
- 14. If a request for access to a government record would substantially disrupt school district operations, the custodian may deny access to the record after attempting to reach a reasonable solution with the requestor that accommodates the interests of the requestor and the district.
- 15. Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

16. Unless a shorter time period is otherwise provided by statute, regulation, or executive order, the custodian will grant access to a government record or deny a request for access to a government record as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.
 - a. In the event the custodian fails to respond within seven business days after receiving a request, the failure to respond will be deemed a denial of the request, unless the requestor has elected not to provide a name, address or telephone number, or other means of contacting the requestor.
 - b. If the requestor has elected not to provide a name, address, or telephone number, or other means of contacting the requestor, the custodian will not be required to respond until the requestor reappears before the custodian seeking a response to the original request.
 - c. If the government record is in storage or archived, the requestor will be so advised within seven business days after the custodian receives the request. The requestor will be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied.
 17. A custodian will post prominently in public view in the part or parts of the office or offices of the custodian that are open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.
- F. Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)
1. A person who is denied access to a government record by the custodian, at the option of the requestor, may:
 - a. Institute a proceeding to challenge the custodian's decision by filing an action in Superior Court; or
 - b. In lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to section 8 of P.L.2001, c. 404 (C.47:1A-7).

2. The right to institute any proceeding under N.J.S.A. 47:1A-6 will be solely that of the requestor. Any such proceeding shall proceed in a summary or expedited manner. The Board will have the burden of proving that the denial of access is authorized by law. If it is determined that access has been improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee.

G. Government Records Council (N.J.S.A. 47:1A-7)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

H. Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. shall be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

I. Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

1. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public record or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.
2. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public record or government record.

1. “Access” means the right to view, make notes, and/or reproduce a student record.
2. “Adult student” means a person who is at least eighteen years of age, or is attending an institution of postsecondary education, or is an emancipated minor.
3. “Mandated student records” means student records that school districts compile pursuant to State statute, regulation, or authorized administrative directive.
4. “Parent” means the natural or adoptive parent, legal guardian, surrogate appointed according to N.J.A.C. 6A:14-2.2, or a person acting in place of a parent (such as a grandparent or stepparent with whom the student lives or a person legally responsible for the student’s welfare). Unless parental rights have been terminated by a court of appropriate jurisdiction, the parent retains all rights under N.J.A.C. 6A:32. In addition, a foster parent may act as a parent under the provisions of N.J.A.C. 6A:32 if the parent’s authority to make educational decisions on the student’s behalf has been terminated by a court of appropriate jurisdiction.
5. “Permitted student records” means records that the Board of Education has authorized, by resolution adopted at a regular public meeting, to be collected to promote the educational welfare of students.
6. “Student record” means information related to an individual student gathered within or outside the school district and maintained within the school district regardless of the physical form in which it is maintained. Essential in this definition is the idea that any information that is maintained for the purpose of second-party review is considered a student record. Therefore, information recorded by certified school personnel solely as a memory aid and not for the use of a second party is excluded from this definition.
7. “Student information directory” means a publication of the Board of Education that includes information relating to a student. It shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. B. General Considerations (N.J.A.C. 6A:32-7.1)

1. The Board of Education shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1. et seq.
2. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record.
3. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.
4. A non-adult student may assert rights of access only through his or her parents. However, nothing in N.J.A.C. 6A:32-7 et seq. or in Policy or Regulation 8330 shall be construed to prohibit certified school personnel from disclosing at their discretion student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.
5. The parent or adult student shall have access to their own records and have access to or be specifically informed about only that portion of another student's record that contains information about his or her own child or himself or herself.
6. The Superintendent or designee shall require all permitted student records of currently enrolled students to be reviewed annually by certified school personnel to determine the education relevance of the material contained therein. The reviewer shall cause data no longer descriptive of the student or educational program to be deleted from the records except that prior notice shall be given for classified students in accordance with N.J.A.C. 6A:14, Special Education. Such information shall be disposed of and not be recorded elsewhere. No record of any such deletion shall be made.
7. No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

8. When the parent's or adult student's dominant language is not English or the parent or adult student is deaf, the school district shall provide interpretation of the student records in the dominant language of the parents or adult student.
 9. Student health records shall be maintained separately from other student records and handled, according to the requirements of N.J.A.C. 6A:32-7.1 et seq., until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record.
- C. School Contact Directory for Official Use (N.J.A.C. 6A:32-7.2)
1. The Board of Education shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory.
 - a. School personnel shall provide information from the school contact directory for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question.
 - b. Upon request from a court, other judicial agency, law enforcement agency, or medical service provider currently providing services to the student in question, school personnel shall promptly verify the enrollment of a student and provide the requester with all information about that student that is contained in the school contact directory for official use.
 2. To exclude any information from the school contact directory for official use, the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

 - a. One or more exits may be designated as “blocked” so that students are required to use alternative evacuation routes.
 - b. A fire drill may be designated as a “smoke drill” so that students learn to avoid the hazards of smoke by walking in a low or crouching position (not a crawling position).

R 8465 HATE CRIMES AND BIAS-RELATED ACTS

A. Definitions

1. A hate crime is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, gender, disability, religion, sexual orientation, or ethnicity.
2. A bias-related act is an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial, gender, disability, religion, sexual orientation, or ethnic prejudice. A bias-related act need not involve an act that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

B. Procedure For Reporting Hate Crimes

1. A school employee will notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
 - a. A hate crime has been committed or is about to be committed on school property; or
 - b. A hate crime has been or is about to be committed by any student, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours; or
 - c. That a student enrolled in the school has been or is about to become the victim of a hate crime, whether committed on school property or during school hours.
2. The Building Principal will notify the Superintendent, the Rutherford Police Department and Bias Incident Officer for the county prosecutor's office.
3. The Principal and the Superintendent shall notify the Rutherford Police Department and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a student or there is otherwise reason to believe that a life has been or will be threatened.

C. Procedure For Reporting Bias Incidents

1. A school employee should immediately notify the Building Principal whenever the school employee, in the course of his/her employment, develops reason to believe that:
 - a. A bias-related act has been committed or is about to be committed on school property; or
 - b. A bias-related act has been or is about to be committed by any student, whether on or off school property and whether or not such bias-related act was or is to be committed during school hours.
2. The Building Principal will notify the Superintendent and the Rutherford Police Department.
3. In deciding whether to refer the matter of a bias-related act to the Rutherford Police Department or the county prosecutor's office, the Building Principal and the Superintendent, should consider:
 - a. The nature and seriousness of the conduct; and
 - b. The risk that the conduct posed to the health, safety and well-being of any student, school employee or member of the general public.
4. The Building Principal will consult with the Superintendent and should consider:
 - a. That the police department or the county prosecutor's office may possess, or have access to, other information that could put the suspected bias-related act in proper context, which could shed light on the motivation for the act or some other unsolved hate crime; and
 - b. The possibility that the suspected incident could escalate or result in some form of retaliation that might occur within or outside school property.

D. Nature of Referral

1. The mandatory referral for suspected or committed hate crimes and the presumptive referral for suspected or committed bias-related acts as described in the regulation is only a request to the law enforcement agencies to conduct an investigation and is nothing more than the transmittal of information which may be pertinent to any such law enforcement investigation.

2. Any referral in accordance with this regulation is not an accusation or formal charge.
 3. Any referral pursuant to this regulation is predicated on the basis of reasonable suspicion, which is less than probable cause, less than the proof sufficient to sustain an adjudication of delinquency or a finding of guilt in a court of law and less than the proof sufficient to justify the imposition of school discipline.
 4. All doubts by school officials should be resolved in favor of referring a matter to the Rutherford Police Department or the county prosecutor's office.
- E. Concurrent Jurisdiction
1. Unless the Rutherford Police Department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.
 2. The school officials will discontinue the in-school investigation if the Rutherford Police Department or the county prosecutor's office believe the school investigation could jeopardize an on-going law enforcement investigation or otherwise endanger the public safety.
- F. Preservation of Evidence
1. School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the Rutherford Police Department or the county prosecutor's office.
 2. The school officials, when feasible, will cover or conceal such evidence until the arrival of the Rutherford Police Department or county prosecutor's office in a manner designed to minimize the harm and continued exposure to students by such evidence, but that will not permanently damage or destroy such evidence or otherwise limit its utility in an ongoing investigation or prosecution.
 3. The Rutherford Police Department and/or the county prosecutor's office will photograph or otherwise document the location and content of any such graffiti or other bias-based evidence as soon as possible, so that the graffiti or other evidence may be removed or eliminated at the school district's earliest opportunity.

R 9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS

Home schooling is an educational program provided at home, usually by the parent, legal guardian, or other person having custody and control of the child. Children are taught using their own curriculum or published home school curriculum. The Board of Education recognizes that home schooling is an option under the compulsory education law.

For the purpose of this Regulation, “parent” shall mean parent, legal guardian, and other person having custody and control of a child between the ages of six and sixteen.

A. Legal Requirement for Compulsory Attendance

1. N.J.S.A. 18A:38-25 requires all children between the ages of six to sixteen years to attend the public schools or a day school in which there is given instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
2. The parent of a child that is home schooled is responsible to ensure their child receives instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
3. In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school.
4. If the Superintendent makes a report, the parent of a student receiving instruction elsewhere other than school may, but is not required to, notify the Superintendent of their child’s educational program status.
5. A parent of a home schooled child is not required to seek approval from the district or to submit materials to the Superintendent in order to permit it to make a determination as to the equivalency of the instruction.
6. The New Jersey Department of Education encourages a parent to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

B. Truancy/Violations of Compelling Attendance

1. When a Superintendent and Board believe a person is not complying with the compulsory education law (N.J.S.A. 18A:38-25 et seq.) they must initiate truancy proceedings in municipal court where a parent may be found guilty of a disorderly persons offense and fined in accordance with N.J.S.A. 18A:38-27 and N.J.S.A. 18A:38-31.
2. If the parent is challenged in court by the Superintendent or Board, the district must demonstrate the child is not receiving an education in accordance with N.J.S.A. 18A:38-25.

C. District Requirements for Home Schooled Students

1. The Board is not required by law to allow a child educated elsewhere than at school to participate in the regular school curriculum or in extra-curricular or sports activities unless specifically provided in Board Policy, or required by Federal law, or State statute or administrative code.
2. A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

D. Students With Disabilities

1. Any written request from a parent of a home schooled child for a special education evaluation of their child will be reviewed in a meeting of the Child Study Team (CST), the parent, and the regular education teacher in accordance with the provisions of N.J.A.C. 6A:14-2.3. At this meeting, the current information about the child shall be reviewed to determine whether an evaluation is warranted.
 - a. If an evaluation is warranted, another determination shall be made regarding the assessment procedures. Written notice of the determinations shall be provided to the parent. Once the assessments are completed, a meeting in accordance with N.J.A.C. 6A:14-2.3 shall be held to determine whether the child is eligible for special education and related services.
 - b. If the child is eligible for special education and related services, the CST will determine a classification category and develop an Individualized Education Program (IEP) in accordance with N.J.A.C. 6A:14-3.7. If the child is eligible for special education and related services, the district shall make a free, appropriate public education available only if the child enrolls in the district.

 - a. The Principal or designee shall immediately notify the Superintendent or designee who shall notify the Police Department.
 - b. The school employee, Principal or designee shall safeguard the substance or paraphernalia against further use or destruction and shall secure the substance or paraphernalia until such time as the substance or paraphernalia can be turned over to the appropriate law enforcement officials.

 - (2) The identity of any student or staff member believed to have been in possession of the substance or paraphernalia.
- d. The Principal will not disclose the identity of any student or staff member who on his or her own initiative turned over the substance or paraphernalia to a school employee, provided that there is reason to believe that the student or staff member was involved with the substance or paraphernalia for the purpose of personal use, not distribution activities, and further provided that the student or staff member agrees to participate in an appropriate treatment or counseling program.

An admission by a student or staff member in response to questioning initiated by the Principal or teaching staff member, or following the discovery of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia by the Principal or teaching staff member will not constitute a voluntary self-initiated request for counseling and treatment.

2. Whenever a school employee seizes or comes upon any firearm or dangerous weapon, school officials will:

2. Nothing in this Regulation shall be construed in any way to authorize or require the transmittal of any information or records which are in the possession of a substance abuse counseling or treatment program.

The Principal will not disclose any information, including the student's or staff member's identity or information about illegal activity, where such information was learned in the course of or as a result of services provided through the local district's comprehensive alcohol and other drug abuse program.
4. Nothing in this Regulation shall be construed to preclude the disclosure of information about illegal activity that was learned by any school employee outside of the local district's comprehensive alcohol and other drug abuse program.

R 9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

A. Definitions

1. Tier One Offender - An offender that is a “low risk of re-offense”, thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
2. Tier Two Offender - An offender who is a “moderate risk of re-offense”, thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
3. Tier Three Offender - An offender who is a “high risk of re-offense” in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.
4. Likely To Encounter - Law enforcement agencies, community organizations or members of the community who are in a location or in close geographic proximity to a location which the offender visits or can be presumed to visit on a regular basis.
5. Fair Chance to Encounter - The types of interaction which ordinarily occur at that location and other attendant circumstances demonstrate that contact with the offender is reasonably certain.

B. Notification To School District From the Law Enforcement Agency/County Prosecutor’s Office

1. The Superintendent and the Building Principal(s) of the targeted schools will be notified by the Prosecutor’s Office, without the need to register to be notified, for all sex offenders classified as Tier Two or Tier Three Offenders. Local law enforcement agencies and/or the County Prosecutor’s Office will determine there is a “fair chance to encounter” the offender in determining community notification. In any event the Superintendent and the Building Principal(s) will be notified for all Tier Two and Tier Three Offenders.

2. The Building Principal(s) are entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.
 3. The County Prosecutor's Office determines the specific schools, community organizations and residences to receive notification.
 4. The County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted.
- C. School District Procedure Upon Notification From the Law Enforcement Agency/County Prosecutor's Office
1. The Building Principal(s) will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Building Principal will take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist staff members in the protection of their charges, not to provide notification to the community at large.
 2. The Building Principal, in conjunction with the appropriate law enforcement agency and the County Prosecutor's Office will provide information, along with appropriate advice regarding the safeguarding of the school's children.
 3. All school district staff are prohibited from releasing any of this information to the public at large. All inquiries from community members, non-affected school staff, all parent(s) or legal guardian(s) and other members of the general public shall be directed to the appropriate law enforcement agency and/or the County Prosecutor's Office.
